## HOOD INSTALL

### STEP 2:

- Place hood on top of screen
- Align holes in the “H-Brackets” on the hood with the holes in the screen (where the connector bolts had been removed)

### Recommended tools

4MM ALLEN WRENCH  
5MM ALLEN WRENCH

### Hardware enclosed

**NOTE: all screws provided must be installed for proper installation and compliance with product warranty.**

### STEP 3:

- Insert the connector bolts thru each side of the “H-Bracket” and start threading the bolts by hand until all 4 sets are started.
- Snug down the bolts using the 4mm and 5mm allen wrenches. **DO NOT OVER TORQUE.** There will a slight amount of play between the bolt heads and the bracket to prevent damage to the bracket finish.
- Properly level unit using leveling glides
- Install complete.
