

Recommended Tools

Adjustable Table Top Location

Hardware Used

#8 x 7/8" Flat Head Wood Screws

5/16" x 1 1/4" Hex Head Bolts,
Flat Washers & Lock Washers

Note: The mounting plate will be shipped fastened to the table top in either center or offset location. To change the mounting plate/table top location, please follow Step 1. If the mounting plate is in desired location please proceed to Step 2.

Step 1Center Mount

- Carefully lay top upside down on a flat smooth surface.
- Align mounting plate to the set of pre-bored holes which centers the mounting plate to the top. (See below)
- Fasten mounting plate to top using eight (8) #10 x 7/8" flat head wood screws.

Step 1Offset Mount

- Carefully lay top upside down on a flat smooth surface.
- Align mounting plate to the set of pre-bored holes which will offset the mounting plate to the table top. (See below)
- Fasten mounting plate to top using eight (8) #10 x 7/8" flat head wood screws.

Notice To Installers: Failure to comply with installation instructions will compromise the safety, durability and performance of this product, which may risk injury to the user of this product and/or diminish the product life cycle. Jasper Group assumes no liability in these instances.

Step 2

- Place top onto table column aligning the four mounting holes. Using wrench, firmly secure top to base using four (4) bolts, flat and lock washers.
