

Recommended Tools

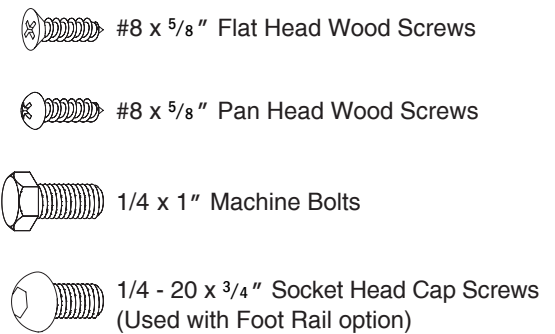

Wall Dependent Layered Table with Bookshelf

Package Contents

Hardware Used

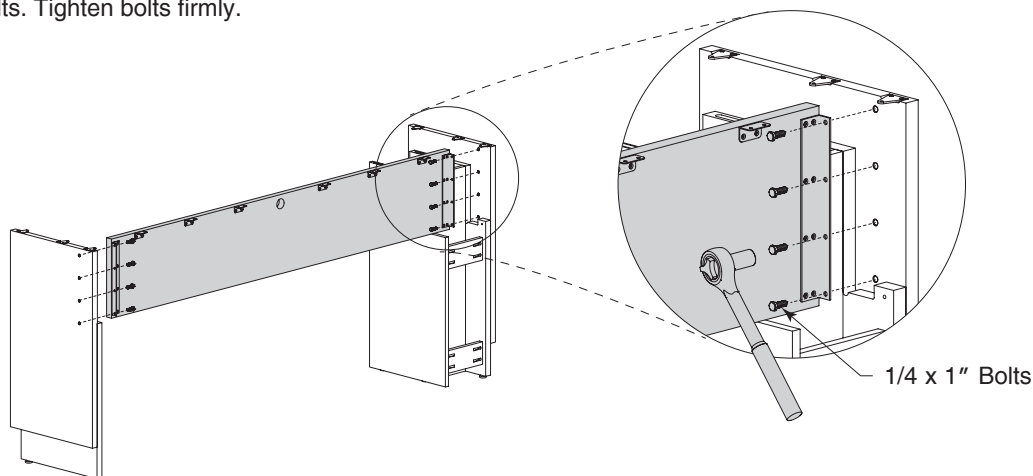

Step 1

Attach Stretcher Rail to End Panels

- Stand End Panels upright and attach Stretcher Rail using 1/4" bolts. Tighten bolts firmly.

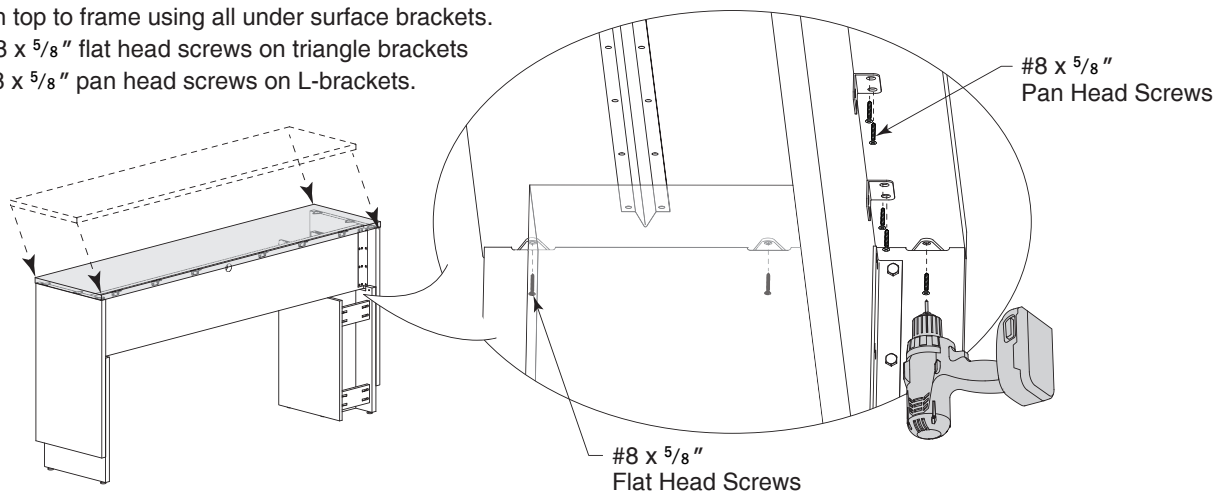

Note: Two people are recommended for assembly.

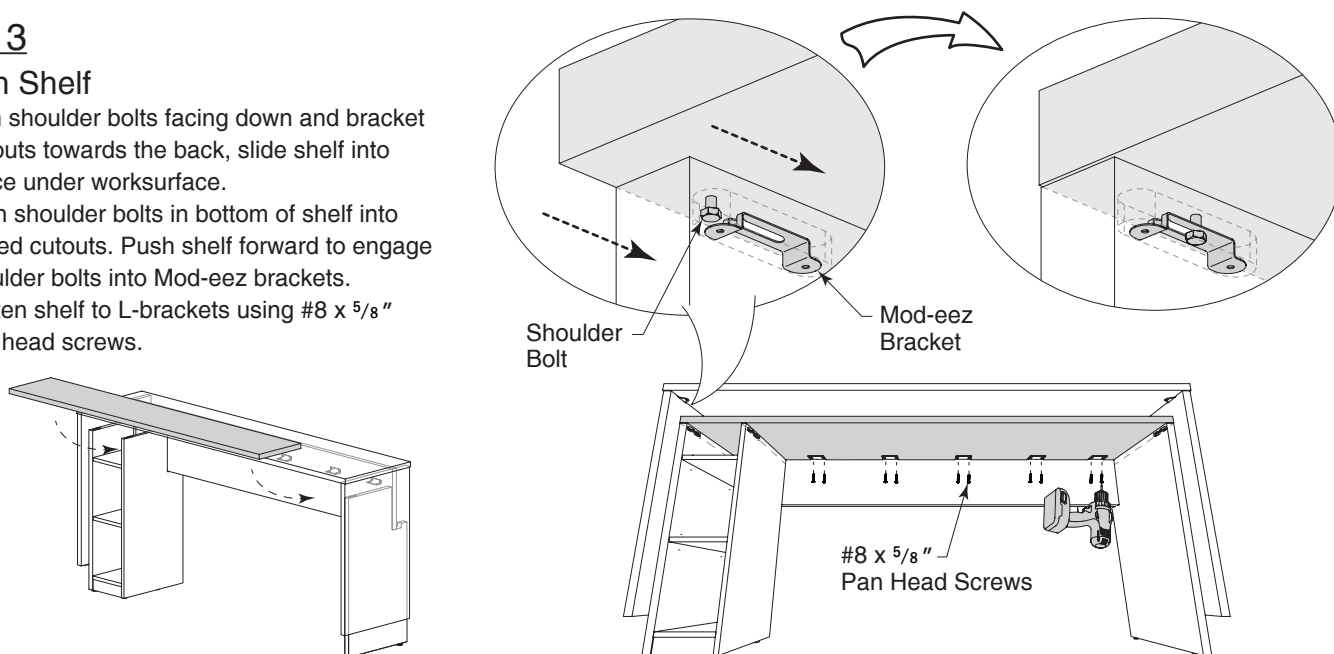

Notice To Installers: Failure to comply with installation instructions will compromise the safety, durability and performance of this product, which may risk injury to the user of this product and/or diminish the product life cycle. Jasper Group assumes no liability in these instances.

Step 2**Attach Worksurface to Frame**

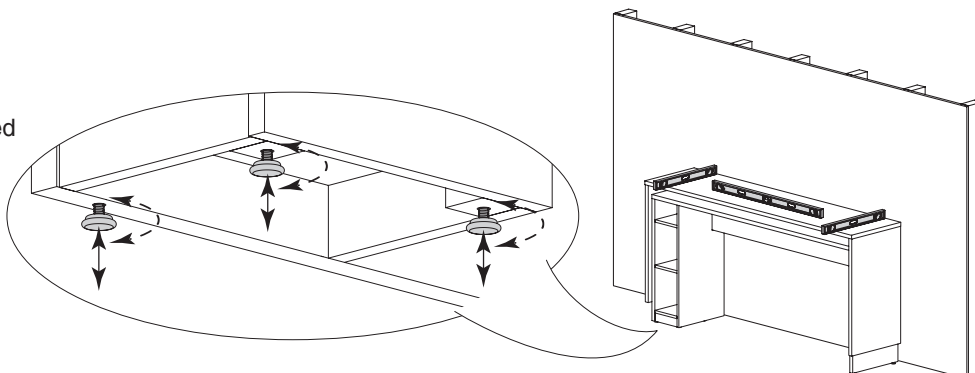

- Place worksurface onto frame. Align edges accordingly.
- Fasten top to frame using all under surface brackets. Use $\#8 \times \frac{5}{8}$ " flat head screws on triangle brackets and $\#8 \times \frac{5}{8}$ " pan head screws on L-brackets.

**Wall Dependent Layered Table with Bookshelf (continued)****Step 3****Attach Shelf**

- With shoulder bolts facing down and bracket cutouts towards the back, slide shelf into place under worksurface.
- Align shoulder bolts in bottom of shelf into slotted cutouts. Push shelf forward to engage shoulder bolts into Mod-eez brackets.
- Fasten shelf to L-brackets using $\#8 \times \frac{5}{8}$ " pan head screws.

**Step 4****Level Table**

- Position table against wall in desired location. Level front-to-back and side-to-side by rotating adjustable glides.

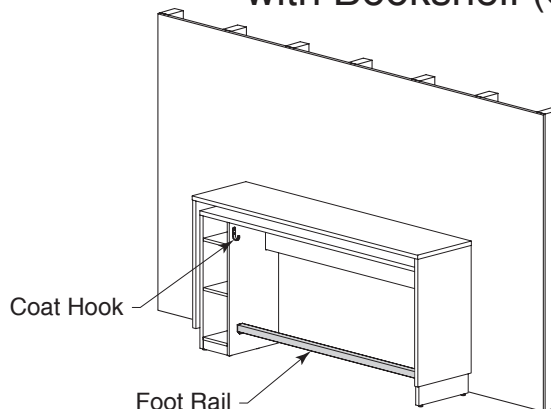

Notice To Installers: Failure to comply with installation instructions will compromise the safety, durability and performance of this product, which may risk injury to the user of this product and/or diminish the product life cycle. Jasper Group assumes no liability in these instances.

Table Options

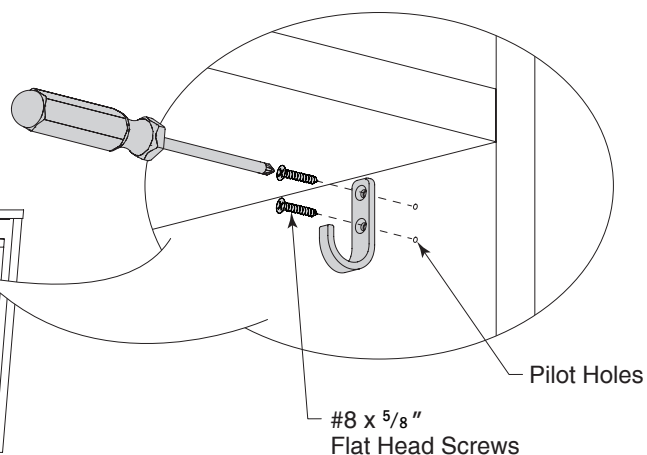

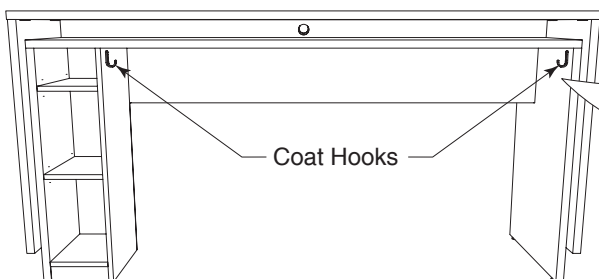

Wall Dependent Layered Table with Bookshelf (Options)

Coat Hook

Attach Coat Hooks to End Panels

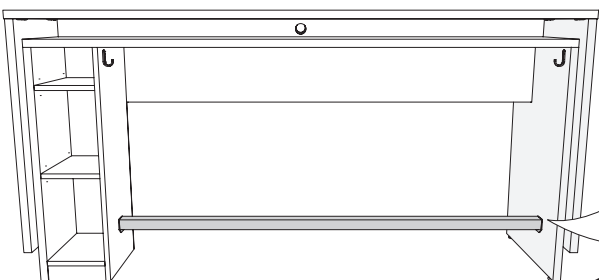

- Pilot holes have been factory pre-drilled for the two coat hook locations. Use these holes and #8 x 5/8" flat head screws to attach hooks to end panels.

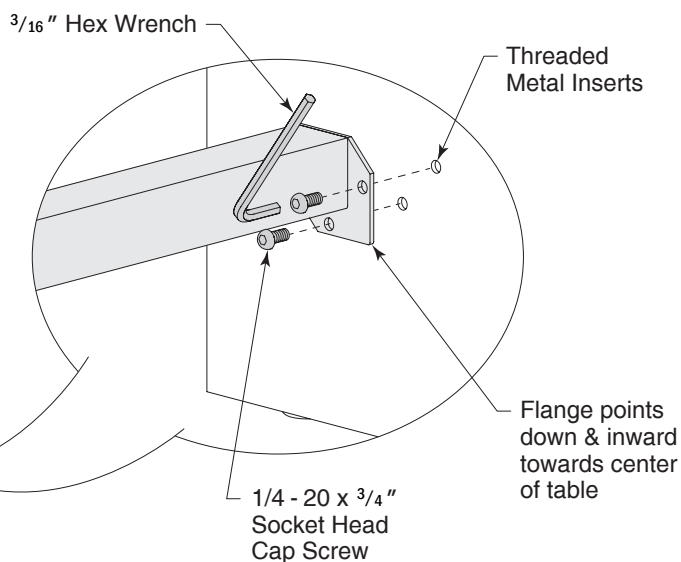

Foot Rail

Attach Foot Rail to End Panels

- Locate foot rail holes towards the bottom of end panels.
- Carefully slide foot rail into place between end panels.
Note: Bottom of end panel may need to be pulled out slightly as not to scratch/mar inside surfaces.
- Fasten using 1/4 - 20 x 3/4" Socket Head Cap Screws.

Slightly pull bottom of end panel outward in order to slide foot rail into place without marring surfaces

Notice To Installers: Failure to comply with installation instructions will compromise the safety, durability and performance of this product, which may risk injury to the user of this product and/or diminish the product life cycle. Jasper Group assumes no liability in these instances.
