executive & conference swivel seating

protocol

**elegance and flexibility**

Protocol is a management, executive and conference chair that brings elegant lines and graceful curves to the work place. Beneath the stylish exterior is a working chair that embodies comfort and flexibility. Sophisticated back, tilt and arm options create varied looks to sync with workspaces of all kinds.

protocol

**a blend of traditional and contemporary**

Offered in both management and executive heights, Protocol seating is ideal for office and conference environments. With several arm styles and a complementing wood crown detail, the unique design of the chair crosses the spectrum from traditional to contemporary. A preset height adjustment option is perfect for high visibility conference rooms.
