# PROMINENT. SMART. VERSATILE.

Vision's private office, collaborative and open plan solutions offer endless possibilities.  
Fall in love with the clean lines and contemporary veneers of this sophisticated office collection.

*forward* THINKING.

## TAKE CHARGE.

Vision supports the varied requirements of a modern office. Modesty panels, wire management solutions and surface power keep work productive and attuned to everyday needs.

## MAKE A STATEMENT.

A contemporary desk of classic proportions coupled with a freestanding storage wall provides the perfect platform for executive decision making. Add an accessory rail or an adjustable height surface to enhance work flow.

*without* LIMITS.

Create fresh and open collaborative team environments that are as much a value as they are valuable.  
Vision storage opportunities are endless with open shelving, cubbies, sliding door overheads, wardrobes and filing options.

## IMPRESS THE TEAM.

A knife edge on a Vision conference table gives modern appeal to any meeting room. Timeless veneers provide character while power units and rectangular bases provide practical functionality.

TOGETHER  
OR SEPARATE.

Back-to-back stations with a shared central activity hub are designed for immediate team engagements. For private tasking, acrylic screens keep work focused while defining individual spaces.

**layered storage**  
Combine vertical and horizontal storage elements, keeping everything aligned with flexible mounting systems.

**wire management**  
Keep cords organized and out of sight with concealed wire managers and conveniently located grommets.
