**Important Upholstery Information**

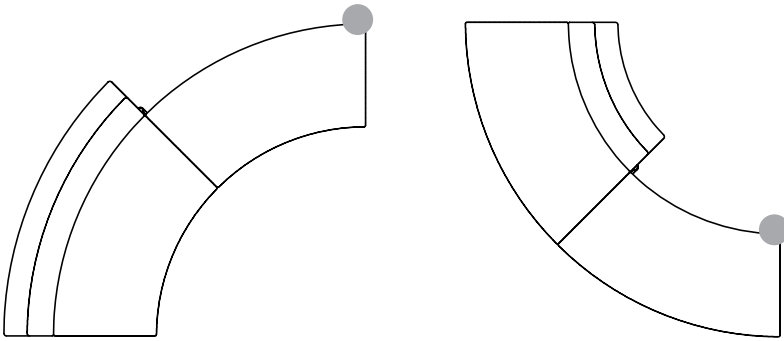

To reduce the number of seams and to achieve a clean look, **Railroaded** off the roll application is standard for Ziva. Line art and pricing for Ziva reflects railroaded fabric. **Due to the size of Ziva and minimal seams, patterned fabrics with the nap (side to side), and leather are not recommended.**

JSI strives to achieve customer satisfaction, therefore requests for patterned fabrics, with a nap application, and leather will be reviewed on a case by case basis. Fill out the sample form on the next page and contact Customer Service. Additional fabric yardage may be required and will be the customer's responsibility. The customer may also be asked to approve additional seaming. Other additional charges may apply. If a patterned fabric is specified, JSI does not guarantee matching at seams.

**Standard Seaming**

The back and seat are upholstered separately and therefore will have no joining seams, only tailoring seams as per the product design. Shown below are examples of seams required to join the fabric on the seat and surround. (marked with a ●)

The seat seam is hidden on freestanding and modular units with full backs. Partial back modular units have seaming on the bench section on the same side as the back.

Benches (freestanding and modular) and ottomans have tailoring seams to align with the feet on the seat platform.

Privacy Surround will have a fabric joining seam on the front band of surround.

**Seating Material Options**

This form must accompany order when specifying contrasting or complementary upholstery.

**Call for yardage and pricing.**

Area (a), (b) and (c) are upholstery and can be specified in contrasting fabric. Legs and handle are a die-cast zinc with a matte chrome finish.
