Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION

To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION

Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING

We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

REGULATORY

All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES

Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES

Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES

Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD

Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS

Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

INDOOR AIR QUALITY

Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818 - GreenGuard Indoor Air Quality certification.

Lifetime Warranty

JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

Exceptions to Warranty:

12 Years (from date of purchase)

- Wood Seating
- Seating Controls
- Veneer Surfaces
- Laminate Surfaces
- Pneumatic Cylinders

5 Years (from date of purchase)

- Glides
- Casters
- Task Lights
- Mesh/Knit Material
- Foam
- Florette Plastic Frame Chairs
- Electrical Components
- Electric Height Adjustable Bases

This Warranty Does Not Cover:

- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control.
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions.
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

Unique Characteristic of Natural Woods and Veneers

JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

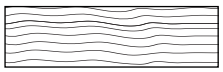

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown in diagram

Quarter Sliced as shown in diagram

Double Cut as shown in diagram

Double Cut

The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Please reference the featured highlights of each product line to identify the species and grain patterns available for that product.

Laminates (Veneer Series)

HPL (Higher Pressure Laminate) laminates can be specified on some of our work surface tops in most of our product lines. Refer to the specification pages for each series. The specification pages will also list the available coordinating finishes.

Laminate Series

JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops can be specified in either HPL or TFL (Thermally Fused Laminate). TFL is used on the product's chassis. Please reference the featured highlights of each product for additional details.

Finish - Top Coat

To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains

A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching

Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **$332 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Samples
Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Email – customerservice@jaspergroup.us.com

Pricing
Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

Orders
Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI
225 Clay Street
Jasper, IN 47546
Fax – 812-482-1548
Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications
While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments
All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the oder was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Quickship
Items indicated with a Quickship symbol NOW! ship within 10 business days of receipt of a clean, credit approved purchase order. Product for up to 20 offices or 20 tables can be selected from the Brogan, Finale, Flux or Vision series. See individual product pages for those models available on quickship. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified. Changes and cancellations to Quickship orders are not allowed under any circumstances.

Delivery
Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate **75 foot trucks**. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does **not** include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

Standard Delivery Time
Between 8AM and 3PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

Cancellations and Changes
All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

No Touch Freight
Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

Detention Fees
- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads

*Detention fees apply after allotted unloading time and will be at buyer's expense.

On-Site Deliveries
Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

Residential Deliveries
Our freight policy prohibits the delivery of freight to a residential property.

Fees

Orders of less than $1,000 net . . . . . $78 net per order
Weekday deliveries outside of standard delivery times $250
Weekend deliveries (Saturday or Sunday) $500
Liftgate Deliveries. . . . . $100 minimum 5% of net price
Driver Assist $75
Jobsite Non-Dock Delivery $100
Inside Delivery (first floor inside only) - no installation
or carton removal. . . . . $125 minimum 5% of net price

Warehouse/Storage Fees

Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

Please be Advised

- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special . crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liablity policy.

Freight Damage

JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact the carrier immediately to file a claim. In the event of concealed damage, notify the carrier and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs

JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Returns

No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. Any authorized return not due to damage or defect will be accessed a 45% restocking fee and all return freight charges must be prepaid. Additional restocking fees may apply for any modification, special or custom built product.

Liability for defective merchandise shall be limited to replacement or repair.

Under no circumstance can we accept COD (Cash On Delivery) returns. Any such shipment will be refused.

Replacement Parts

Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

Care of Frosted Glass
Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

Tempered Glass Information
JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of "cubes" rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or "inclusion" that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as "spontaneous" breakage but is a very isolated occurrence in the glass industry.

Care of Dry Erase Boards
Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufactures cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

Care of Solid Surface
Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

Fire Retardancy
All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)
JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **$69 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples - representing worst case scenarios of upholstered units - to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Flame Spread
All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

Solid Wood - Class C
Topcoats - Class A
Carded Fabric - Class A
Composite Panels - Class C
Laminate - Class B

Plastics - According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

Textile Carded Programs

JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics and Cortina Leather. Please refer to the respective pages in this pricer for each of these partners. Scan the QR codes on the back of the swatch card for latest grades and other information.

Textile Grade-In Programs

For the convenience of our specifiers, we have graded in the following suppliers:

Arc Com www.arc-com.com
Designtex www.designtex.com
Maharam www.maharam.com
Mayer www.mayerfabrics.com
Momentum www.themomgroup.com
Spradling www.spradlingvinyl.com
Stinson www.cfstinson.com
Ultrafabrics www.ultrafabricsllc.com
Cortina Leather www.cortinaleathers.com

For memo samples, contact textile suppliers.

Please contact Customer Service for pricing grades on textiles and leathers not listed.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

COM/COL Address

JSI
Attn: COM/COL Department
201 East Martin Street
Receiving B, Docks 71
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

Large Repeats and Striped Fabrics

JSI does not recommend large fabric repeats or striped fabrics on large curved lounge sections. The geometry prevents matching the patterns at the seams.

Contact Customer Service with questions or for suggestions on how to achieve the aesthetics you desire.

Tips: use contrasting fabric
request fabric pattern not be matched
run fabric railroaded

General COM Fabric/COL Hide Policy

(See next page for COM/COL Approval Policy for JSI Seating)

Refer to the COM/COL Price Columns for list prices.

All yardage requirements for COM are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching. Refer to the COM Repeat Guide found at the bottom of this page to estimate the needed yardage.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:
+ approval of COM/COL to be used on any JSI seating
(see policy on the next page)
+ fabric repeats greater that 3"
+ fabric less than 54" wide
+ leather hides smaller than 50 square feet
+ special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:
+ model number and quantity of the product the COM/COL will be applied
+ COM/COL textile supplier's name
+ name of pattern and color of the textile
+ any special application request

Customer Service will check the database to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.
(see the next page COM/COL approval process)

JSI takes no responsibility when additional materials must be ordered.

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

COM Fabric Repeat Guide

Roll Width	Plain Fabric	1" - 5" Repeat	6"- 10" Repeat	11"- 15" Repeat	16"- 20" Repeat	21"- 30" Repeat	31" - 40" Repeat	41"- 50" Repeat

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could effect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

CET Designer, by Configura is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality - supporting every step of the sales process

ProjectMatrix, Inc. offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our JSI Casegood and Seating product lines. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website **jsifurniture.com** provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

Product Modifications
We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

Acceptance, Modification, Assignment
By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment
Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees
Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less that 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies
The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency
Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

GSA Terms and Conditions

Limitation of Liability
The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience cause by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances
Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

Security Agreement
The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact march to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation
The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

GSA Terms and Conditions

Security Agreement
The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. Specification information shown at right.

Vision Product Information

Veneer

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Vision product line. To attain a pleasing, symmetrical pattern, all cherry, maple, walnut veneers in Vision are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

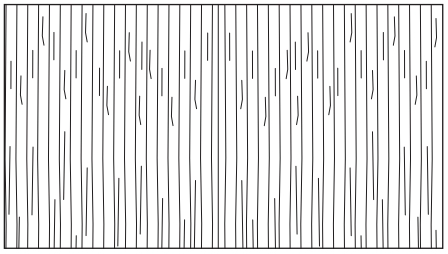

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Vision is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Vision product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern. The diagram below show the tight pattern used on Vision.

Visions species available on the NOW! quickship program include Cherry, Walnut and the following Double Cut veneers: Graphite (GRH), Khaki (KHK) and Studio Teak (STU).

WorkSurface Construction

Flat Cut veneer worksurfaces have a 5-ply balanced construction, Double Cut veneer and Coordinating HPL are 3-ply. The tops are 1 3⁄16″ thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern with finish wood edges, see page 46 for available laminate options.

Case Construction

Outside panels are ¾″ and joined together with dowels reinforced with screws, and metal fasteners for increased stability. Tops are secured to the chassis screws through pre-bored stretcher rails and pocket holes.

Cabinet doors have 110˚ swing hinges to allow adequate access into the interior of the cabinet.

Finish - Stain/Colors

We offer a variety of wood stains on Vision. Please see the chart below. Samples are available upon request.

CH1 Cherry *Flat Cut Veneer*

BRL	Barley	EAR	Earthy
BBM	Bourbon Medium	HRV	Harvest
BRM	Brighton Medium	LGC	Legacy
CLA	Classic	PRL	Praline
CLL	Collectors	SAF	Saffron

DC1 Double Cut Veneer *Eased Edge Only*

COF	Coffee	GRH	Graphite
CRM	Cremello	KHK	Khaki
FOS	Fossil	STU	Studio Teak

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 5. There is a one time charge of $332 list per order.

Wood Species Change

For species changes contact customer service for a quote.

Vision Product Information

Laminate Tops on Veneer Units
Work surface only, no additional upcharge if Vision's coordinating wood grain laminate with finished wood edges is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

CH1 Cherry *Flat Cut Veneer*

CLL Collectors
HRV Harvest
PRL Praline

WA1 Walnut *Flat Cut Veneer*

MCH Mocha
NTO Night Owl
SIE Sienna
TRF Truffle

Wood Drawers
Four corner dovetailed wood drawers must be specified at the time of order placement. There is a 10% upcharge added to the list of each item.

Vision Product Information

Laminates
Vision Laminate features TFL (thermally fused laminate) chassis and components. *Main Worksurfaces** are available in a HPL (high pressure laminate) or in the TFL surface.

Edges of the worksurface are impact resistant (PVC) on TFL and HPL tops. The laminate is offered in 16 wood grain patterns and 5 solid colors. The wood grain laminate features an embossed grain to hide finger prints and light scratches. The solid laminate is smooth to the touch with a semi-matte finish. All Vision Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Vision product.

TFL - HPL *Wood Grain Pattern Laminates*

AGA	Aged Ash	GRH	Graphite
ALL	Ale Light	HGL	High Line
BLO	Blonde Echo	OAT	Oatmeal Cookie
BOL	Bourbon Light	PIN	Pinnacle Walnut
BZW	Brazilwood	STU	Studio Teak
BGL	Brighton Light	VIN	Vintage
CLL	Collectors	WLH	Walnut Heights
FLO	Florence Walnut	WEA	Weathered Ash

TFL - HPL *Solid Laminates*

ALB	Alabaster	SHD	Shadow
BBL	Bridal Blanco	SLG	Slate Grey
DWH	Designer White		

Laminates available on the NOW! quickship program include the following: Aged Ash (AGA), Ale Light (ALL), Bourbon Light (BOL), Brighton Light (BGL), Collectors (CLL), Designer White (DWH), Florence Walnut (FLO), Graphite (GRH), Pinnacle Walnut (PIN), Slate Grey (SLG), Studio Teak (STU), Vintage (VIN) and Walnut Heights (WLH).

WorkSurfaces
Laminate worksurfaces have a 3-ply balanced construction. Tops are 1 3⁄16" thick with coordinating PVC edges. Primary worksurfaces feature 3mm PVC edges on the approach and user sides. Some laminates have a choice of 3 edge profiles, see page 51. *Main Worksurfaces** are offered in TFL or HPL.

Bridge, return, credenza worksurfaces are profiled with a 3mm PVC edge on the user side only. Remaining edges are banded with 1mm PVC which creates a seamless appearance when units are mated end-to-end or back-to-back.

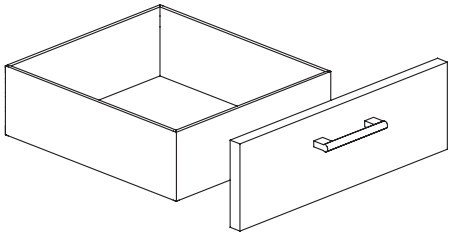

TFL features on *Main Worksurfaces**
- fused to the 45 pound density substrate of the top for a durable surface
- tops are laminated on both sides
- available in all the wood grain and solid patterns

HPL features on *Main Worksurfaces**
- bonded layers created a higher impact, scratch and wear resistant surface than TFL or veneer
- tops are 3-ply balanced construction
- matched to the TFL wood grain and solid patterns

**Main Worksurfaces include tops on desks, standard height credenzas, returns, bridges and transaction tops. Refer to pricing pages to confirm availability.*

Case Construction
Panels for chassis consist of a ¾" thick substrate with TFL surfaces and PVC bands on exposed edges. Pedestals and cabinets are constructed with dowels reinforced with screws, and metal fasteners for increased stability. Tops are secured to the chassis with screws through pre-bored stretcher rails and pocket holes.

Drawers
The unidirectional V- Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The ½" thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box. Optional four corner dovetailed wood drawers are available on veneer units. Specify and add 10% per unit.

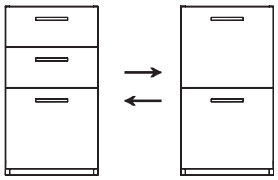

Drawer Suspension
High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

Filing Hardware
All file drawers are constructed with a custom designed filing system for hanging folders. Filing diagrams on pages 63-72.

Locking
All desks, returns, credenzas, bench height credenzas, lateral files and storage towers offer optional pedestal front locking to provide maximum security and flexibility in configuration. Up-charge applies.

When locks are ordered, units are shipped randomly keyed. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Pedestal Configuration Change
Single pedestal desks have one box/box/file pedestal. Double pedestal desks have a box/box/file pedestal on the left side and file/file pedestal on the right side. Returns are configured with either file/file or box/box/file pedestals. Credenzas are configured with file/file pedestals.

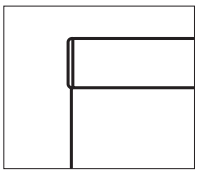

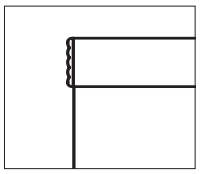

Drawer configurations can be changed from either a box/box/file or a file/file configuration, on units 30"h, but must be specified at the time of order. An additional $178 upcharge per pedestal needs to be added to the list price of the unit. *(Must keep the same pedestal depth.)*

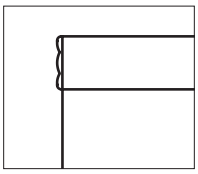

Special Construction
Vision offers large offering to create many types of configuration. Contact Customer Service if you are having trouble with finding the right units to complete the desired configuration. Requests need to be approved by JSI engineering.

Vision Product Information

Wire Management

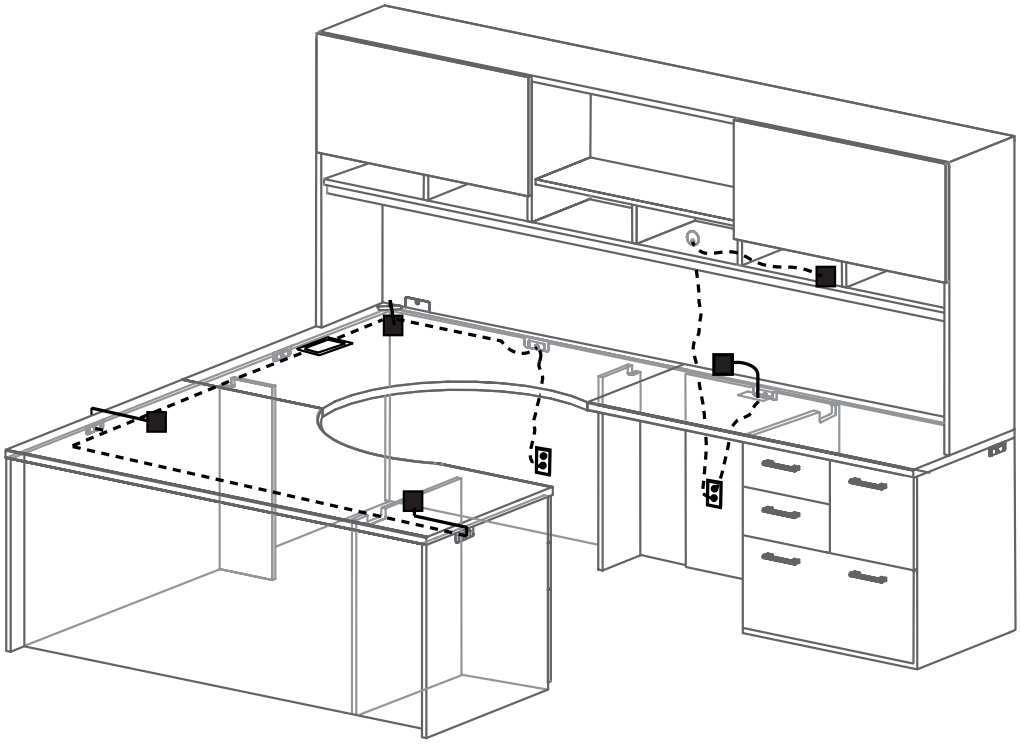

Wiring can move freely from unit to unit and out to the building power/ data through numerous grommet options.

Optional top grommets are offered in key locations on desks, bridges, returns, credenzas and corner units.

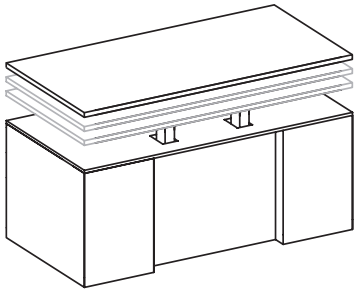

Pedestal desks, credenzas, corners units, bridge panels, return modesty panels and end panels offer optional chassis grommets.

The end panel grommet opening is 4” wide by 1 7/16” high with a bezel trim secured to the panel with a friction side cap.

Refer to the accessory section for additional technology and accessory items. (see page 266)

Vision Product Information

ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Vision. ERGO can only be specified in a HPL (high pressured laminate) or Veneer.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge, or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A ¾" thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds ¾" to the standard height of the desk and the installation will decrease knee space depth by 8".

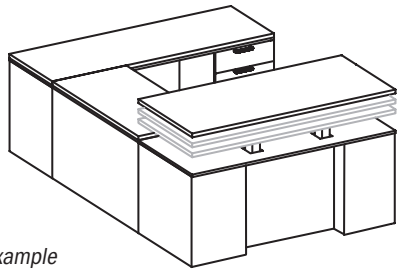

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a ¾" sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 ¾", to a standing height of 49 ¾", a range of 19 ½".

NOTE: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

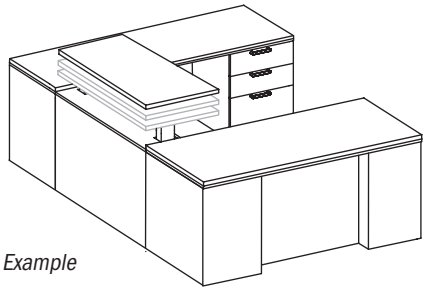

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the normal fifteen (15) year warranty.

Example

VST3672LD (with ERGO option) add $3,780 to list
VST2448EB (with ERGO ADJACENT option) add $415 to list
VST2472RC (with ERGO ADJACENT option) add $509 to list

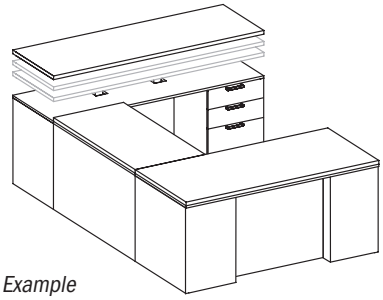

VSV3672LD (with ERGO option) add $4,223 to list
VSV2448EB (with ERGO ADJACENT option) add $542 to list
VSV2472RC (with ERGO ADJACENT option) add $635 to list

Example

VST3672LD (with ERGO ADJACENT option) add $509 to list
VST2448EB (with ERGO option) add $3,780 to list
VST2472RC (with ERGO ADJACENT option) add $509 to list

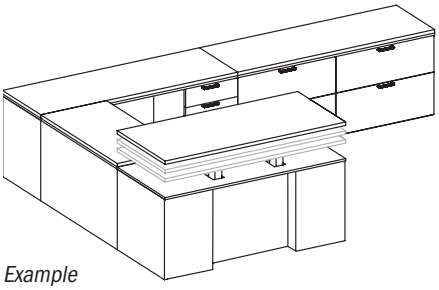

VSV3672LD (with ERGO ADJACENT option) add $635 to list
VSV2448E (with ERGO option) add $4,223 to list
VSV2472RC (with ERGO ADJACENT option) add $635 to list

Example

VST3672LD (with ERGO ADJACENT option) add $509 to list
VST2448EB (with ERGO ADJACENT option) add $415 to list
VST2472RC (with ERGO option) add $3,780 to list

VSV3672LD (with ERGO ADJACENT option) add $635 to list
VSV2448EB (with ERGO ADJACENT option) add $542 to list
VSV2472RC (with ERGO option) add $4,223 to list

Example

VST3672LD (with ERGO option) add $3,780 to list
VST2448EB (with ERGO ADJACENT option) add $415 to list
VST2472RC (with ERGO ADJACENT option) add $509 to list
VST2472LFC (with ERGO ADJACENT option) add $509 to list

VSV3672LD (with ERGO option) add $4,223 to list
VSV2448EB (with ERGO ADJACENT option) add $542 to list
VSV2472RC (with ERGO ADJACENT option) add $635 to list
VSV2472LFC (with ERGO ADJACENT option) add $635 to list

Vision Product Information

Availability of Vision HPL Laminate or Veneer Units with the ERGO Mechanism

The following models are available, in HPL or Veneer**,** with the ERGO Adjustable Work Height Mechanism.

Freestanding Units - Units below do not require adjacent products; select ERGO option for HPL Laminate add $3,780 or Veneer add $4,223 to the list price.

Vision Product Information

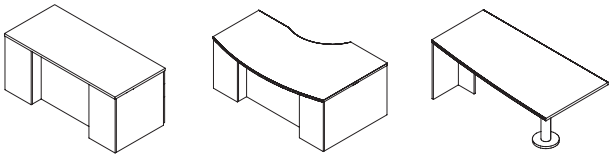

Layouts

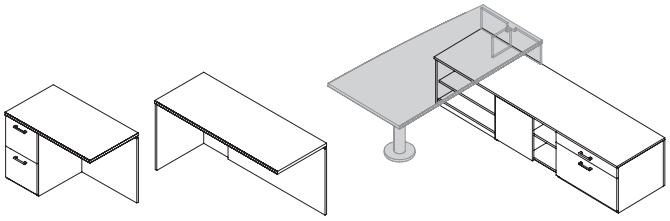

Vision can be configured in many different ways to achieve the perfect layout.

Easily Specified Layout

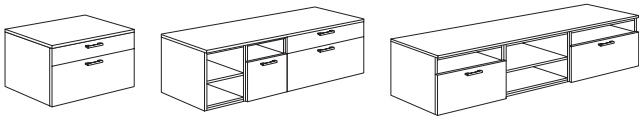

1 Primary Worksurfaces are available in traditional desks with pedestals or peninsula worksurfaces with a variety of shapes. The pedestal desks have optional surface and chassis grommets for wire management.

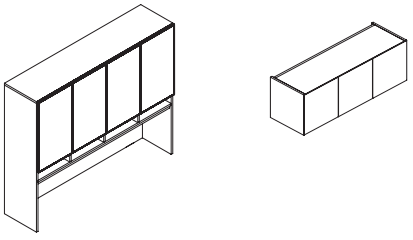

2 Side Worksurfaces can be corner shell returns, bench height credenzas, pedestal returns, and adjustable tables. Peninsula desks with bench height support can be specified to work with the bench height credenzas.

3 Bench Height Credenzas. Vision offers a wide range of modular components. Modular groups of bench height credenzas can be specified to create unique configurations. Seat cushions are ordered separately from the credenza and allow customers to choose the fabrics.

4 Overhead Storage Cabinets. Traditional style overheads are available along with wall mounted overheads. Both are available in two heights. Wall mounted overheads can provide a light scale solution.

Vision Product Information

Product Features and Options

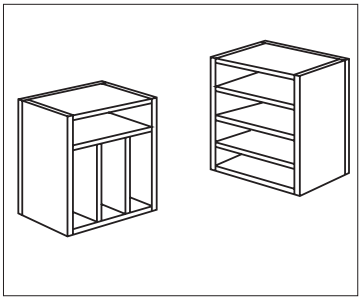

Trim Modesty Panels
- Mounts in front of existing modesty panel
- Mounts to the underside of the top
- Acrylic Panel - Frosted
- Stainless Steel Puck Style attachment
- Field installed

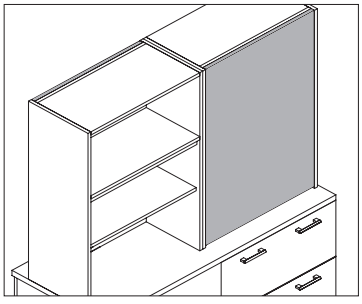

Aluminum Accessory Rail
- Anodized Aluminum finish
- Accessory Tools (see page 186)
  - Upright Tray
  - Small Tray
  - Pencil Tray
  - Paper Tray
  - File Hanger

Privacy Screens
- Mounts to the top of the worksurface
- Acrylic Panel - Frosted
- Attachment hardware is included
- Field installed

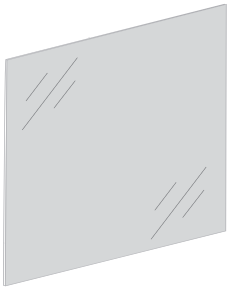

Paper Sorters
- Can provide support for transaction worksurfaces
- Use under overhead cabinet storage overhead cabinets without cubbies
- Field configured - horizontal shelf and vertical shelves or all horizontal shelves

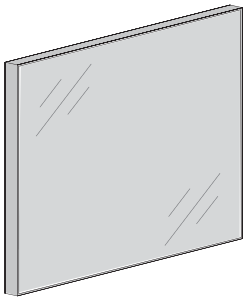

Fabric Back Panel
- excellent solution for open plan or room dividers
- tackable surface
- COM or JSI fabric program available

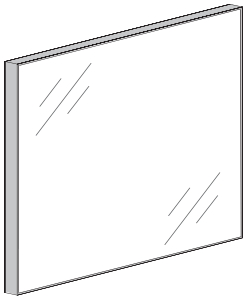

Glass Door Options for Overhead Cabinets, Storage Towers, and Wall Mounted Cabinets

Frosted
Frameless
(Frosted glass with acid etched back)

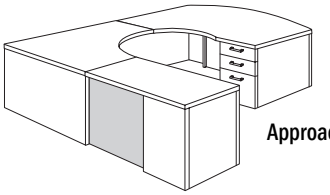

Frosted
Aluminum Frame
(Frosted glass with acid etched back)

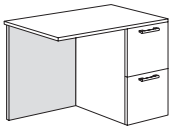

White Back Painted
Aluminum Frame
(Glossy low iron white back painted glass)

- push botton control pad mounted right or left
- 120″ power cord
- specify Matte Black (MBK), Arctic Silver (STS) or White (WH) base finish
- ships KD
- casters available, order AHCAST separately
- preset control available, order AH-3PDC separately

Adjustable Height Base for Table Desk - Extended Range	24	41-68	Adj	78	3	**AH24-4168-2TE**	**$947**

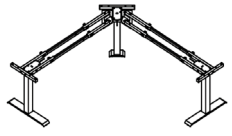

- 22⅞″ to 48⅞″ height adjustment
- maximum weight rating 140 lbs. (evenly distributed load)
- push button control pad mounted right or left
- key pad features height display with three memory settings
- display will reference position to the nearest ½″
- 120″ power cord
- specify Matte Black (MBK), Arctic Silver (STS) or White (WH) base finish
- ships KD
- casters available, order AHCAST separately

Adjustable Height Base for Corner and L-Unit - Standard Range	24	54-72	Adj	72	7	**AH24-5472-3TS**	**$1,349**

- 27¾″ to 47¾″ height adjustment
- maximum weight rating 140 lbs. (evenly distributed load)
- push botton control pad mounted right or left
- 120″ power cord
- specify Matte Black (MBK), Arctic Silver (STS) or White (WH) base finish
- ships KD
- preset control available, order AH-3PDC separately

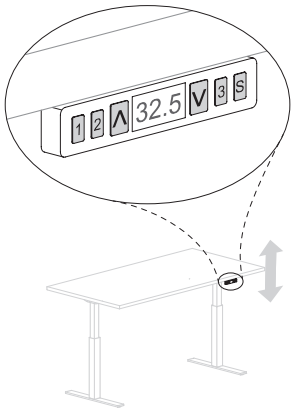

Adjustable Height Base for Corner and L-Unit - Extended Range	24	54-72	Adj	79	7	**AH24-5472-3TE**	**$1,538**

- 22⅞″ to 48⅞″ height adjustment
- maximum weight rating 140 lbs. (evenly distributed load)
- push button control pad mounted right or left
- key pad features height display with three memory settings
- display will reference position to the nearest ½″
- 120″ power cord
- specify Matte Black (MBK), Arctic Silver (STS) or White (WH) base finish
- ships KD

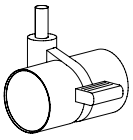

Specification information shown at right.

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
3 Preset Digital Control Upgrade for Standard Range Bases				1	1	**AH-3PDC**	**$52**

- use with standard range bases for preset capability

Caster Kit				1	1	**AHCAST**	**$63**

- two locking and two non-locking
- add 1½" to table height
- can be used with 2 leg height adjustable bases

To Order, Specify:

- top edge profile on user side
- long grain direction for 66″w
- short grain direction for 54″ and 60″w
- top grommet available, specify location, and add $43 list for standard and $99 list for custom
- chassis grommet available, specify and add $37 list
- modular pedestals available; see pages 142-144
- use 20"d pedestals with 24"d shell
- adding modular pedestals could block grommets

To Order, Specify:

❶ Model Number

Laminate - VST

❷ Worksurface Material (see page 45)
a.) TFL
b.) HPL
❸ Laminate Color (see page 51)
a.) Worksurface Color
b.) Chassis Color
c.) Drawer Color

Veneer - VSV

❷ Wood Species - Cherry (CH1), Maple (MA1) Walnut (WA1) or Double Cut (DC1) (see page 46)
❸ Finish Color (see page 46)

❹ Edge Profile (see page 51)
❺ Pull Style and Color (see page 51)
❻ Optional Grommet Location & Color - Matte Black (MBK) or Stardust Silver (STS) (see page 52)
❼ Other Product Options (see page 47)
❽ Accessories (see page 266)
❾ Power and Data Options (see page 266)

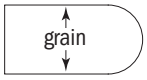

When ordering Quick-ship products, place a "Q" in front of model number.
Example: QVST3072DD

Additional sizes for this product continue on the next page.

- top edge profile on user side
- long grain direction
- top grommet available, specify location, and add $43 list for standard and $99 list for custom
- chassis grommet available, specify and add $37 list
- modular pedestals available; see pages 142-144
- use 20"d pedestals with 24"d shell, 18"d pedestals use with 20"d shells
- adding modular pedestals could block grommets

To Order, Specify:

❶ Model Number — Laminate - VST / Veneer - VSV

❷ Worksurface Material (see page 45)
- a.) TFL
- b.) HPL

❸ Laminate Color (see page 51)
- a.) Worksurface Color
- b.) Chassis Color
- c.) Drawer Color

❷ Wood Species - Cherry (CH1), Maple (MA1) Walnut (WA1) or Double Cut (DC1) (see page 46)

❸ Finish Color (see page 46)

❹ Edge Profile (see page 51)

❺ Pull Style and Color (see page 51)

❻ Optional Grommet Location & Color - Matte Black (MBK) or Stardust Silver (STS) (see page 52)

❼ Other Product Options (see page 47)

❽ Accessories (see page 266)

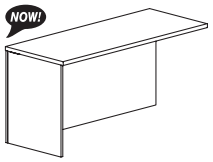

❾ Power and Data Options (see page 266)

When ordering Quick-ship products, place a "Q" in front of model number.

- 3.0 USB coupler
- 10 foot cord
- male to female connection
- for use in EC9, EC10, EC13 and EC15
- data transfer port - no USB charging capability
- data transfer speed up to 5gbs/sec
- uses data adapter kit HH adapter plate

To Order, Specify:
❶ Model Number
❷ Color

Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

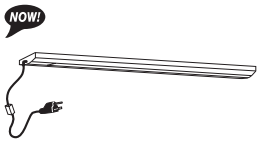

Included with EC10

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.

Vision Laminate Conference Product Information

Vision Laminate Conference Product Information

Laminates
Vision Laminate features TFL (thermally fused laminate) chassis and components. Worksurfaces are available in a HPL (high pressure laminate) or in the TFL surface, when indicated by the pricing column.

Edges of the worksurface are impact resistant (PVC) on TFL and HPL tops. The laminate is offered in 16 wood grain patterns and 5 solid colors. The wood grain laminate features an embossed grain to hide finger prints and light scratches. The solid laminate is smooth to the touch with a semi-matte finish. All Vision Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Vision product.

TFL - HPL ***Wood Grain Pattern Laminates***

AGA	Aged Ash	GRH	Graphite
ALL	Ale Light	HGL	High Line
BLO	Blonde Echo	OAT	Oatmeal Cookie
BOL	Bourbon Light	PIN	Pinnacle Walnut
BZW	Brazilwood	STU	Studio Teak
BGL	Brighton Light	VIN	Vintage
CLL	Collectors	WLH	Walnut Heights
FLO	Florence Walnut	WEA	Weathered Ash

TFL - HPL ***Solid Laminates***

ALB	Alabaster	SHD	Shadow
BBL	Bridal Blanco	SLG	Slate Grey
DWH	Designer White		

Laminates available on the NOW! quickship program include the following: Aged Ash (AGA), Ale Light (ALL), Bourbon Light (BOL), Brighton Light (BGL), Collectors (CLL), Designer White (DWH), Florence Walnut (FLO), Graphite (GRH), Pinnacle Walnut (PIN), Slate Grey (SLG), Studio Teak (STU), Vintage (VIN) and Walnut Heights (WLH).

Top Surfaces *(Conference Tops and Credenza Tops)*
Tops have a 3-ply balanced construction. Tops are 1-3⁄16″ thick with coordinating PVC edges.

Conference Tops feature 3mm PVC edges on all sides and are available in HPL only.

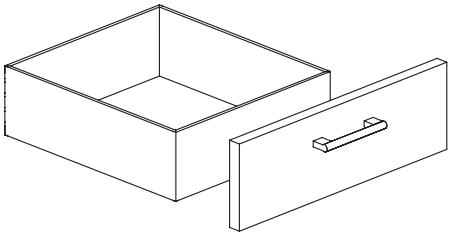

Credenza Tops feature 3mm PVC edges on the user side only. Remaining edges are banded with 1mm PVC which allows for a seamless appearance when units are mated end-to-end or back-to-back. Some laminates have a choice of 3 edge profiles, see the next page.

TFL features on *Conference Top Surfaces**
- fused to the 45 pound density substrate of the top for a durable surface tops are laminated on both sides
- available in all the wood grain and solid patterns

HPL features on *Conference Top Surfaces**
- bonded layers created a higher impact, scratch and wear resistant surface than TFL or veneer
- tops are 3-ply balanced construction
- matched to the TFL wood grain and solid patterns

Case Construction
Panels for chassis consist of a ¾″ thick substrate with TFL surfaces and PVC bands on exposed edges. Pedestals and cabinets are constructed with dowels reinforced with screws, and metal fasteners for increased stability.
Leveling glides are installed into the panels to prevent tear-outs.

Drawers
The unidirectional V- Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The ½″ thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box.

Drawer Suspension
High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

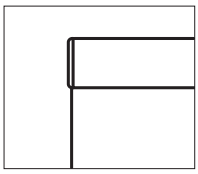

Locking
All free standing credenzas, and bench height credenza offer optional pedestal front locking to provide maximum security and flexibility in configuration. Upcharge applies.

When locks are ordered, units are shipped randomly keyed. Key alike units are available upon request for no additional charges. Removable cores for in-field
re-keying are standard.

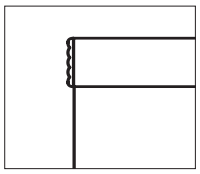

Special Construction and Sizes
Vision Laminate offers large offering of top sizes and shapes. Contact Customer Service if you are having trouble with finding the table to complete the desired configuration. Special request may be denied because of material limitations.

Vision Conference Product Information

Vision Veneer Conference Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Vision Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple, walnut veneers in Vision Veneer are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

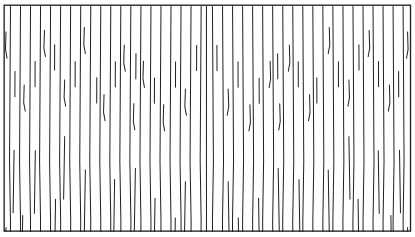

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Vision Veneer is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Vision Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern. The diagram below show the tight pattern used on Vision Veneer. Use the appropriate pricing column when specifying Double Cut veneer.

Solid painted finishes on MDF are also offered to provide an accent to the Vision Veneer product.

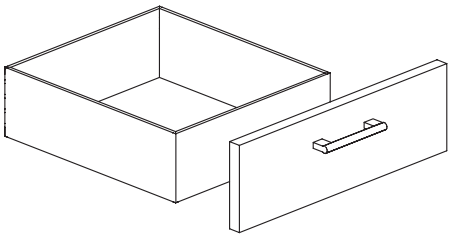

Vision Veneer species available on the NOW! quickship program include Cherry, Walnut and the following Double Cut veneers: Graphite (GRH), Khaki (KHK) and Studio Teak (STU).

Work Surface Construction
Tops are 5-ply balanced construction, 1 3⁄16″ thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern with finish wood edges.

Case Construction
Outside panels are ¾″ and joined together with dowels reinforced with screws, and metal fasteners for increased stability. Tops are secured to the chassis with screws through pre-bored stretcher rails and pocket holes.

Cabinet doors have 110˚ swing hinges to allow adequate access into the interior of the cabinet.

Drawers
The unidirectional V- Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The ½″ thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box.

Optional four corner dovetailed wood drawers are available. Specify and add 10% per unit.

Drawer Suspension
High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

Locking
All free standing credenzas, and bench height credenza offer optional pedestal locking.

When locks are ordered, units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Vision Veneer Conference Product Information

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Vision Veneer. Please see the chart below. Samples are available upon request.

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Special Finishes
Special finishes can be requested by following the instruction in the general introduction section, page 3. There is a one time charge of $332 list per order.

Product Modification

Laminate Tops
Work surface only, no additional upcharge if Vision Veneer's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Collectors	*Mocha*
Harvest	*Night Owl*
Praline	*Sienna*
	Truffle

Oak Veneer
Upon request veneer can be changed from the standard offering to oak plain sliced veneer with an additional 40% upcharge to the list of each item.

Wood Drawers
Four corner dovetailed wood drawers must be specified at the time of order placement. There is a 10% upcharge added to the list of each item.

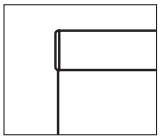

Special Construction
Vision Veneer offers large offering to create many types of configuration. Contact Customer Service if you are having trouble with finding the right units to complete the desired configuration. Requests need to be approved by JSI engineering.

Standard EC Unit Locations

JSI

Standard Power and Data Unit Locations

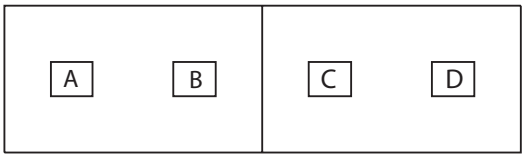

One Piece Table Top

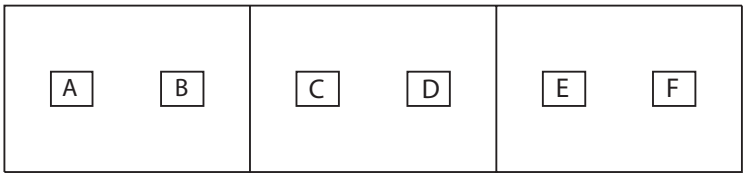

Round Top

Buffet Credenza

Two Piece Table Top

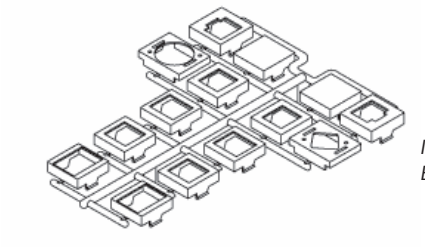

Three Piece Table Top

- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

Included with EC9, EC10, EC13, EC15, TCP110 and CC9CNE1-0708.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.
