Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION

To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION

Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING

We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

REGULATORY

All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES

Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES

Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES

Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD

Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS

Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

INDOOR AIR QUALITY

Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818 - GreenGuard Indoor Air Quality certification.

Lifetime Warranty

JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

Exceptions to Warranty:

12 Years (from date of purchase)

- Wood Seating
- Seating Controls
- Veneer Surfaces
- Laminate Surfaces
- Pneumatic Cylinders

5 Years (from date of purchase)

- Glides · Casters · Task Lights
- Mesh/Knit Material · Foam
- Florette Plastic Frame Chairs
- Electrical Components
- Electric Height Adjustable Bases

This Warranty Does Not Cover:

- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control.
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions.
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

Unique Characteristic of Natural Woods and Veneers

JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown in diagram

Quarter Sliced as shown in diagram

Double Cut as shown in diagram

Rift Cut as shown in diagram

Double Cut

The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Laminates (Veneer Series)

An alternative HPL (Higher Pressure Laminate) laminate work surface can be specified on most of our casegood product lines. The specification pages will also list the available coordinating finishes.

Laminate Series

JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops are HPL (High Pressure Laminate) or TFL (Thermal Fused Laminate). TFL is used on the product's chassis.

Please reference the featured highlights of each product line to identify the species, grain patterns, finishes for that product series

Finish - Top Coat

To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains

A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching

Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **\$372 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Samples

Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Pricing

Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

Orders

Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI

225 Clay Street

Jasper, IN 47546

Fax – 812-482-1548

Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications

While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments

All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the order was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Quickship

Items indicated with a Quickship symbol  ship within 10 business days of receipt of a clean, credit approved purchase order. Product for up to 20 offices, 20 tables, or 40 seats can be selected from the Boston, Bourne, Brogan, Connect, Corbin, Flux, Garvey R5, Gatsby, Harbor, Indie, Madison, Moto, Newton, Proxy, Protocol, Ria, Ramona, Sosa, Tyler, Vision or Ziva series. See individual product pages for those models available on quickship. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified. Changes and cancellations to Quickship orders are not allowed under any circumstances.

Delivery

Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate **75 foot trucks**. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does **not** include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

Standard Delivery Time

Between 8AM and 3PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

Cancellations and Changes

All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

No Touch Freight

Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

On-Site Deliveries

Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

Detention Fees

- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads
- *Detention fees apply after allotted unloading time and will be at buyer's expense.

Fees

Orders of less than \$1,000 net \$90 net per order
 Weekday deliveries outside of standard delivery times \$300
 Weekend deliveries (Saturday or Sunday) \$600
 Liftgate Deliveries. \$500 minimum 7% of net price
 Driver Assist \$90
 Jobsite Non-Dock Delivery \$150 per truck
 Inside Delivery (first floor inside only) - no installation
 or carton removal. \$250 minimum 7% of net price
 NO RESIDENTIAL DELIVERIES

Warehouse/Storage Fees

Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

Please be Advised

- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liability policy.

Freight Damage

JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact the carrier immediately to file a claim. In the event of concealed damage, notify the carrier and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs

JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Returns

No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. Any authorized return not due to damage or defect will be assessed a 45% restocking fee and all return freight charges must be prepaid. Additional restocking fees may apply for any modification, special or custom built product.

Liability for defective merchandise shall be limited to replacement or repair.

Under no circumstance can we accept COD (Cash On Delivery) returns. Any such shipment will be refused.

Replacement Parts

Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Fire Retardancy

All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)

JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **\$69 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples - representing worst case scenarios of upholstered units - to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Flame Spread

All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

- Solid Wood - Class C
- Topcoats - Class A
- Carded Fabric - Class A
- Composite Panels - Class C
- Laminate - Class B

Plastics - According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

Textile Carded Programs

JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics, Camira and Cortina Leather. Please refer to our website for our standard patterns, along with the current grade.

<https://www.jsifurniture.com/finishes-and-materials/textiles>

Textile Grade-In Programs

For the convenience of our specifiers, we offer an extensive graded in program. Please reference our website for the most up to date information on our graded in program.

<https://www.jsifurniture.com/resources/textile-partner-info/overview/>

For additional specifications on the pattern or to order memo samples, please contact the textile suppliers directly:

Arc Com www.arc-com.com

Camira www.camirafabrics.com

Designtex www.designtex.com

Maharam www.maharam.com

Mayer www.mayerfabrics.com

Momentum www.themomgroup.com

Spradling www.spradlingvinyl.com

Stinson www.cfstinson.com

Ultrafabrics www.ultrafabricsllc.com

Cortina Leather www.cortinaleathers.com

Any textile not graded in or pre-approved for COM/COL will require application test approval prior to order entry and shipment of fabric or leather to JSI. For current JSI grades and application status by series login in to [MyJSIPortal Fabrics](#) on jsi.furniture.com or contact customer service.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

COM/COL Address

JSI
Attn: COM/COL Department
Receiving B
Dock 71
201 East Martin St.
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

General COM Fabric/COL Hide Policy

Refer to the COM/COL Price Columns for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:

- + approval of COM/COL to be used (see policy on the next page)
- + fabric repeats greater than 3"
- + fabric less than 54" wide
- + leather hides smaller than 50 square feet
- + special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:

- + model number and quantity of the product the COM/COL will be applied
- + COM/COL textile supplier's name
- + name of pattern and color of the textile
- + any special application request

Customer Service will check the database to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.

JSI takes no responsibility when additional materials must be ordered.

COM Fabric Repeat Guide

Roll Width	Plain Fabric	1" - 5" Repeat	6" - 10" Repeat	11" - 15" Repeat	16" - 20" Repeat	21" - 30" Repeat	31" - 40" Repeat	41" - 50" Repeat
54"	0%	10%	15%	20%	25%	30%	40%	50%
53" to 51"	15%	20%	25%	30%	35%	40%	50%	60%
50" to 48"	30%	35%	40%	45%	50%	55%	70%	90%
47" to 36"	60%	65%	70%	75%	80%	85%	100%	120%

The percentage represents the additional fabric yardage that needs to be added to the COM yardage. Contact Customer Service for repeats greater than 50".

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

COM Fabric/COL Hide Process for JSI Seating

General COM Fabric and COL Hide Policy also apply.

JSI will approve or disapprove COM/COL on all products. An approval of a textile from JSI makes no claim that performance, durability or tailoring of COM/COL will result in satisfactory upholstery. Every effort will be made to meet customer's expectation, but fabrics/leathers have unforeseen inherent characteristics that may limit JSI's ability to deliver a well tailored product.

Approval COM Textile/COL Hide Process for Seating

Follow the Steps Below:

1. Send a Memo Sample of the COM/COL (recommended memo be at least 4" x 4")

JSI
Attn: COM/COL Approval Department
201 East Martin Street
Receiving B, Dock 71
Orleans, IN 47452

2. Call our Customer Service Department at 812-482-3204 to request an electronic version of approval form.

Please send sample to:
JSI
Attn: COM/COL Approval Depart.
201 East Martin St.
Receiving B, Dock 71
Orleans, IN 47452

Please forward a copy of this form
to your JSI CSR for record keeping

Guide Order Form for COM and COL

① **Order Information:**

Quote #: _____ Purchase Order #: _____
Customer Service: _____
Dealer Name/Project Name: _____
Contact: _____
Address: _____
Phone: _____ Email: _____
Model Number(s) Receiving COM / COL: _____

② **Select off the bolt application:** *(Check one of the boxes)*

Attach sample here.

JSI will review and test as needed all requests. You will be notified as soon as results are documented by our review personnel. JSI reserves the right to reject any COM/COL on our products. We will provide COM/COL explanation of any unapproved textile whenever possible.

Custom Options

Wood and Metal Laser Cut Backs

Many of our seating models are available with custom wood engraving or laser cut backs. University seals, logos, unique designs, or any type of graphic can be designed into the seating back for a custom creation. Copyright approval may be required. Consult JSI Customer Service for pricing and artwork specifications. Artwork must be submitted as a JPG or PDF file.

Wood Laser Engraving and Cut Outs General Pricing

* must order plain back when choosing these options

For Artwork 4" x 4" or Less	\$56 list per chair
For Artwork Less than 6" x 6"	\$99 list per chair
For Artwork Larger than 6" x 6"	Call For Pricing

For orders fewer than 50 pieces, add \$153 list per design, per order. This pricing reflects etching (leaving the wood dark). If additional painted colors are added to artwork please call customer service for pricing.

A \$134 list set-up fee applies.

Metal Laser Cut Out General Pricing

* must order plain back when choosing this option.

Contact Customer Service for pricing.

Examples shown below

Care and Maintenance

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

Care of Frosted Glass

Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

Tempered Glass Information

JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of "cubes" rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or "inclusion" that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as "spontaneous" breakage but is a very isolated occurrence in the glass industry.

Care of Dry Erase Boards

Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufactures cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

Care of Solid Surface

Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could effect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casework and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

CET Designer, by Configura is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality - supporting every step of the sales process

ProjectMatrix, Inc. offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our JSI Casework and Seating product lines. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website jsifurniture.com provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

GSA Terms and Conditions

Contract Holder
Contract # GS-28F-0030U

In addition to the standard terms and conditions, the following terms and conditions apply to GSA contract.

Contract Number
GS-28F-0030U

Contract Period
June 24, 2013 - June 24, 2023

Statement of Intended Use
The furniture covered by special item number 33721 Office Furniture shall comply with the requirements defined in purchase description 3QSAB 09-608. All furniture offered under this SIN shall be GSA Chassis Grade 1, 2, 3 or NA, GSA Drawer Grade 1, 2, 3, 4 or NA, Design A B or C, as defined in 3QSAB 09-608.

Description of Special Item Number SIN #33721

Cooperative Purchasing
No

Set Aside
No

Product Modifications

We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

Acceptance, Modification, Assignment

By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment

Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees

Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies

The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency

Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

GSA Terms and Conditions

Limitation of Liability

The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience cause by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances

Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

Security Agreement

The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law

All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation

If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration

This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes

All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact march to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation

The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Product Modification

Special Finishes

Special finishes can be requested by following the instructions in the general introduction section. There is a one time charge of \$372 list per order.

Premium Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Pedestal Configuration Change

Utility/Box/File configuration is standard on all desks and File/File configuration is standard on all return units.

Apogee drawer configuration on pedestals 29½" high can be reconfigured to a Utility/Box/File or File/File configuration, but must be specified at the time of order with an additional \$184 list per pedestal.

Grommets

Please [see page AP20](#) for location and placement availability. Add \$111 list for each grommet.

Modesty Panel

End Panel Desks are standard with a partial modesty. A full modesty is available as an option and should be ordered with the desk. See price list pages for availability and pricing.

Run-Off Desks are standard without a modesty. Optional partial or full modesty may be specified on the desk. See price list pages for availability and pricing.

Mini Shelf

Aluminum mini shelf is optional on the insert panel overhead cabinets. This option needs to be specified with the overhead cabinet.

Special Sizes and Construction

Apogee has various modular units to create many popular applications. Please contact Customer Service if you need help in creating a particular layout.

Apogee™ Product Information

APOGEE™

Ergo Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Apogee.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button control activates the electric powered lifting columns for adjustability from sitting height to a standing height. A ¾" thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that Ergo adds ¾" to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When Ergo is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the Ergo mechanism and the top. This is accomplished by adding a ¾" sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the Ergo mechanism.

Height adjustment starts at 30 ¼", to a standing height of 49 ¾", a range of 19 ½".

Note: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

Example

AP1-SPR-1-3066L (with ERGO option) add \$4,604 to list
 AP3-BMR-1-2250 (with ERGO ADJACENT option) add \$693 to list

Apogee™ Product Information

Quarter Cut Veneer Grain Direction

APOGEE™

Quarter Cut Veneer

Standard direction for quarter cut veneer on Apogee™ is vertical.

The log is cut into quarters prior to slicing. This method bisects annual growth rings and results in a straight grain or ribbon-stripped appearance.

Apogee™ Product Information

Double Cut Veneer Grain Direction

APOGEE™

Double Cut Veneer

Standard direction for double cut veneer on Apogee™ is horizontal.

This veneer uses multiple layers of thin wood which is re-assembled, then re-cut in a factory, under controlled specifications. The veneer used in our program is a uniform straight grain pattern and is pre-stained for color consistency.

Apogee™ Product Information

Layouts

Two typical casegood layouts that can easily be created with Apogee™

Casegood layout made up of modular components, Trapezoid Run-Off Desk, One-High Lateral with Full Height Wall Access, Towers, Wall Mount Overhead, and Asymmetric Shelf

U-Group layout made up of built up, free standing casegood components, End Panel Desk, Full Height Access, Panel-Support Overhead, Tower, Wardrobe and Two-High Lateral

Casegoods feature modular wall components including: storage overhead cabinets, asymmetric shelves and back panels

Two heights & two depths of wall components
 Wall-mount or Panel-supported Overheads
 Casegood worksurface tops specified separately

1 Overhead, Wall Mount

2 Wall Panel

Available in veneer, magnetic glass markerboard, paint or tackable fabric. Thin profile anodized aluminum frame is featured on the panels with the glass option.

3 Wall Panel with Mini Shelf

Available in veneer, magnetic glass markerboard, paint or tackable fabric. Thin profile anodized aluminum frame is featured on the panels with the glass option. 5" Mini shelf is finished in anodized aluminum.

4 Run-Off Desk

Has an option for partial or full modesty panels in veneer or paint.

5 Tops

Modular items can be attached together with common worksurface tops. Refer to the items, some tops may be included.

6 Low Storage: Two-High Lateral File

7 Low Storage: One-High Lateral File

8 Low Storage: Wall Access Panel (partial height)

Allow for wiring to pass through to building wall.

9 Storage Tower

10 Asymmetric Shelf

11 Accessories: Piling Shuttle (tops with shuttle tracks)

Shuttle slides back and forth on the track.

overhead

storage tower

Note: Wardrobe doors have a concealed bevel on the side to allow the door to open easily.

Base Details

All bases on pedestal desks have 1 1/2" inset on both sides and 3/4" on the front and back base.

Stand alone laterals and credenzas are available with either a 6" inset base or a flush base; all have a 3/4" inset on the front base.

Modular units, storage cabinets, and wardrobes with bases are available with left inset, flush, or right inset.

Inset bases on the sides are 6", all have the front inset 3/4".

*** Specify the correct models to create the desired aesthetics.

Apogee™ Product Information

Access to Wall & Wire Management

kneespace access panel, partial height

Doors flip down for access to building power and data outlets, use above one-high lateral.

kneespace access panel, full height

Doors swing open for access to building power and data outlets

Power Unit

PU01 - power and data surface access (EC18)

This accessory features two 110 device, one RJ12 jack and two CAT 6 jacks. This unit eliminates the need for a grommet, wires can easily pass thru to the underside of the top.

		lateral without top and wall access panel	28 1/2"
overall*	86"		86"

*overall height is rounded up, consideration for leveling tolerance is included.

Apogee™ Product Information

- 1 Select an overall layout style (primary runoff, U grouping or freestanding table desk). Consider the overall width, Workwalls are available in 144" or 120" widths. Then determine the method of support for secondary workwall top.
- 2 Choose the workwall, either full open shelves or units with an open center section and doors. When choosing the units with doors you must also select a workcenter, this is required and is specified as a separate model.

- 3 If using one-high storage/lateral, select the correct kneespace access unit. If side units such as wardrobe cabinets flank the workwall use the unit without the built in support extensions.

Note: These units are only needed when NOT using a workwall and without adjacent storage support

- 4 Choose the lower units to complete the workwall.

- 5 Choose run-off desk to finish the layout.

Apogee™ Product Information

End Panel Transition to Access Panel

End panel transition supports and creates a transition when using a standard end panel desk and bridge; turning the corner to a kneespace access panel. (This item can be flipped for left or right).

(tops removed to show application)

End Support

End support can be used to end a run of modular units or to turn the corner. Front corners are mitered. (Unit can be used for left or right applications).

(tops removed to show application)

(tops removed to show application)

APOGEE™

Apogee™ Product Information

Floating Top Appearance

Partial height kneespace access panels are used above one-high storage units to support floating workwall tops. Depending on adjacent storage and support, different types of wall access panels are required.

If you are using a Workwall or have top support on both sides, you can use the Wall Access Panel. If you are not using a Workwall and do not have top support on both sides, a Wall Access Panel with Support Panels is required.

Wall Access Panel with Support Panels

Use the partial wall access units with panel support when configuring examples 1, 2 & 3.

Example 1

This example needs the additional support for the top, shown with a 15" deep top.

Example 2

The wall access panel 72" wide has the support panel on the outside which supports the 22" deep top.

Example 3

Support for this configuration is needed for the top and the asymmetric shelves and towers.

Wall Access Panel

The partial wall access panels as shown above are used in configuration examples 4 & 5.

Example 4

The top is supported from both sides, shown with a 22" deep top.

Example 5

Tops are part of the wall hung workwall components. It is recommended the wall access panel be attached to the wall.

Apogee™ Product Information

Finish & Paint Scheme

(see page AP32 for list finish options)

- tops** - veneer only
- chassis/drawer fronts** - veneer or paint
- base** - must match either top or chassis

can only choose one veneer finish and one paint per unit

- top and table top apron** - veneer only
- leg accent** - veneer or paint
- metal frame** - arctic silver or bright white

can only choose one veneer finish and one paint per unit

- top** - veneer only
- modesty panel** - veneer or paint
- post panel** - veneer or paint
- metal frame** - arctic silver or bright white

can only choose one veneer finish and one paint per unit

- top** - veneer only
- wall access unit, back panel and chassis/fronts** - veneer or paint
- base** - must match top or wall access unit, back panel and chassis/front

can only choose one veneer finish and one paint per unit

optional cushions can be ordered to create a bench

Apogee™ Product Information

chassis - veneer or paint
doors - veneer or paint
insert panel - veneer, paint, magnetic back painted white glass or fabric
(requires a specification)

can only choose one veneer finish and one paint per unit

workwall top - veneer only
chassis - veneer (same as workwall top) or paint
cubby - paint only
divider - silver
niche - paint only

can only choose one veneer finish and one paint per unit

upper chassis/door fronts - veneer or paint
lower chassis/drawer fronts - veneer or paint
base - veneer or paint

can only choose one veneer finish and one paint per unit

scheme allows one high modular components to match lower sections of wardrobe cabinets

outer case - paint
divider/liner - charcoal felt
upper organizer tray - matches outer case
paper tray - paint or veneer

can only choose one veneer finish and one paint per unit

Bourne Tables and Storage Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Bourne product line. To attain a pleasing, symmetrical pattern, all veneers in Bourne are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Bourne is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Bourne Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Bourne Double Cut Veneer.

Worksurface Construction

Veneer and Laminate Worksurface

Worksurfaces are 1 3/16" thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. MDF edges on table tops have an undercut bevel profile and are painted to match top.

Solid Surface Worksurface

Solid surface worksurfaces are constructed with a 1/2" thick solid surface top and a 1/16" thick wood sub-top. Total thickness of this mixed material worksurface is 1 3/16". MDF edges on sub-top have an undercut bevel profile and are painted to match top.

JSI Quickship Program

Laminates available on the quickship program include the following: Aged Ash (AGA), Ale Light (ALL), Bourbon Light (BOL), Brighton Light (BGL), Collectors (CLL), Designer White (DWH), Florence Walnut (FLO), Graphite (GRH), Pinnacle Walnut (PIN), Slate Grey (SLG), Studio Teak (STU), Vintage (VIN) and Walnut Heights (WLH).

Bourne Veneer species available on the quickship program include Cherry, Maple, Walnut and the following Double Cut veneers: Graphite (GRH), Khaki (KHK) and Studio Teak (STU).

Solid Surface tops available on the quickship program are available in Pure White (PUR) only.

BU8 Bourne

Casework Construction

Casework tops are made up of layers of hardwood veneers molded to shape and RF cured. Outer veneers are matched for uniform grain patterns. All casework tops are 3/4" thick plywood.

Casework chassis, doors and drawer fronts consist of veneer over composite wood core; all wood core components are 3/4" thick.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Drawers

The 9-ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Bourne. Please see the chart below. Samples are available upon request.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

To reduce hazardous formaldehyde emission we use our proprietary specially design top coat, DuraTex™. We are proud that our finish is Green-Guard certified.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces, with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. Avoid exposure of furniture to extremes of heat, cold, and wide variance of humidity. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration.

Metal Components

Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textured metals with a soft, dry brush to remove dirt.

Knife Edge - Veneer & Laminate

Painted Knife Edge with Solid Surface Top

Optional Power Units

Worksurface Surface Power

Optional Worksurface Power (EC26) is available on standard, counter and bar height tables. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, [see page BU23](#). Length of cord is 10 feet.

Under Surface Power

Under Surface Power (EC27) may be ordered for standard, counter and bar height tables. The EC27 Under Surface Power Unit(s) must be ordered separately, [see page BU23](#). This unit is field installed. Length of cord is 10 feet.

Bourne Tables and Casework Product Information

Wire Management - Standard and Counter Height Tables

Standard and counter height tables with metal legs contain one leg with a wire management channel/exit cutout which is accessed and concealed with a wood cap. This wire management leg can be attached to any corner of the table during assembly. Predetermining which corner of table cord exit is desired and assemble accordingly.

Wire Management - Bar Height Tables

Bar height tables with metal legs has a set of legs on one side of table with wire management channel and exit cutout. The management channels are accessed and concealed with wood caps.

Bourne Tables and Casework Product Information

Optional Accessory Hooks

Optional satin stainless steel accessory hooks are available on the 30"h, 36"h and 40"h tables.

Four Hooks - add \$188 list

Integrated Metal Pull

Storage Units offer integrated clear anodized aluminum pulls standard.

- optional accessory hooks (four hooks) available, specify and add \$188 list, [see page BU11](#)
- EC26 worksurface power available, specify "to accommodate worksurface power" on your purchase order; one EC26 unit must be ordered separately, [see page BU23](#)
- EC27 under surface power available, [see page BU23](#)
- metal foot rail, color will be same as the metal leg
- knife edge
- maple legs/apron standard
- walnut legs/apron available, specify and add \$545 list; not available on Quickship

To Order, Specify:

- ① Model Number
- ② Top Material:
 - a.) Veneer
 - 1.) Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1) or Double Cut (DC1)
 - a.) Finish Color
 - b.) Laminate
 - 1.) Laminate Color
 - c.) Solid Surface - Armadillo (ARM), Pebble Pearl (PEB), or Pure White (PUR)
- ③ Legs/Apron Species:
 - a.) Maple (M)
 - 1.) Finish Color - cherry, maple, walnut or paint color on maple legs/apron
 - b.) Walnut (W) - upcharge applies
 - 1.) Finish Color - walnut finishes only on walnut legs/apron
- ④ Metal Leg Color - Arctic Silver (ASL), Matte Black (MBK), Pewter (PEW) or Soft Nickel (SNK)
- ⑤ Optional Accessory Hooks - four hooks; specify and add \$188 list, ([see page BU11](#))
- ⑥ Optional Power Units:
 - a.) Work Surface Power; specify with EC26 cut-out. EC26 must be ordered separately, ([see page BU23](#))
 - b.) Under Surface Power; mounts under top. EC27 must be ordered separately, ([see page BU23](#))

Broadway Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Broadway product line. To attain a pleasing, symmetrical pattern, all veneers in Broadway are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Broadway is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on the veneer are also offered to provide an accent to the Broadway product.

Work Surface Construction

Tops are 5-ply balanced construction, 1 1/2" thick with solid matching hardwood edges.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Case Construction

Outside panels are 1 3/16" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Leveling glides are set into solid hardwood blocks with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [BR16-BR18](#).

Locking

All desks, lateral files and free standing credenzas feature central locking. Returns and single pedestal credenzas feature pedestal locking to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units in the grouping are keyed alike). Keyed alike units are available if requested at no upcharge. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Broadway. Please see the chart below. Samples are available upon request.

Finishes with an asterisk (*) have coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Broadway Product Information

Product Modification

Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Collectors	Mocha
Harvest	Night Owl
Praline	Sienna
	Truffle

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 3. There is a one time charge of \$372 list per order.

Two-Tone Finish

Units specified in a two tone finish (either two different paint finishes or a paint finish and wood stain) requires approval with an upcharge of 8% to the list price.

Oak Veneer

Upon request veneer can be changed from the standard offering to oak flat cut veneer with an additional 40% upcharge to the list of each item.

Pedestal Configuration Change

Box-box-file configuration is standard on all desks and file-file configuration is standard on all return units.

Broadway drawer configuration on pedestals 30" high can be switched out either to a box-box-file or file-file configuration, but must be specified at the time of order and with an additional \$195 list per pedestal.

Writing Shelf - Pull Out (Arm Slide)

Desk Pedestals in Broadway can have an optional pull out shelf above the top drawer for additional writing surface. Add \$360 to the list for each pedestal. The locking on the pedestal will change from central locking system to pedestal locking system.

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Broadway. **All modifications still must be approved by JSI manufacturing,** please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible, please refer to page 3 for additional details.

This chart does not apply to glass doors, glass tops or to metal components; such as modesty trims panels, structural support and cornices. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6" Occurrence

Overhead	
Increasing width	\$995
Increasing depth	\$1,698
Increasing width with doors	\$1,179
Increasing depth with doors	\$1,817

Any Pedestal	
Increasing width	\$322
Increasing depth	\$1,260

Any Panel	
Increasing width	\$322

Any Top	
Increasing width	\$419
Increasing depth	\$592

Decreasing Dimensions Add On to the list Per 6" Occurrence

Overhead	
Decreasing width	\$253
Decreasing depth	\$253
Decreasing width with doors	\$346
Decreasing depth with doors	\$346

Any Pedestal	
Decreasing width	\$1,094
Decreasing depth	\$977

Any Panel	
Decreasing width	\$129

Any Top	
Decreasing width	\$190
Decreasing depth	\$190

Example 1

Increasing open corner credenza width by 11", from 84" to 95".

Add Top Width (\$419 × 2) [\$419 for each 6" increment]

Add Panel Width (\$322 × 2) [\$322 for each 6" increment]

Total Modification = \$1,482 upcharge

Example 2

Increasing a desk pedestal depth from 36" to 40" & increase the width of the same pedestal by 8".

Add Pedestal Depth \$1,260

Add Pedestal Width (\$322 × 2) [\$322 for each 6" increment]

Total Modification = \$1,904 upcharge

Example 3

Decreasing an overhead from 60" to 58" width & increasing the depth by 3".

Decrease Overhead Width \$253

Add Overhead Depth \$1,698

Total Modification = \$1,951 upcharge

Broadway Product Information

ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Broadway.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A $\frac{3}{4}$ " thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds $\frac{3}{4}$ " to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a $\frac{3}{4}$ " sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at $30\frac{1}{4}$ ", to a standing height of $49\frac{3}{4}$ ", a range of $19\frac{1}{2}$ ".

To specify the unit that has the mechanism add **ERGO** to the end of the model number.

To specify the connecting or adjacent units add **ERGO ADJACENT** to the end of the model number.

Note: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the normal fifteen (15) year warranty.

Example

BR3672LD-ERGO	add \$4,604 to list
BR2448EB-ERGO ADJACENT	add \$591 to list
BR2472RC-ERGO ADJACENT	add \$693 to list

Connecting or Adjacent Units to Match Starting Height

All the units listed above can be specified as connecting or adjacent units. Other Broadway units could also be used as connecting units, please contact Customer Service for additional items and pricing. When specifying please add "ERGO ADJACENT" to the end of the model number.

Pricing for Standard Connecting or Adjacent Units
 Tops larger than 24" x 48" add \$693 to the list price.
 Tops 24" x 48" or smaller add \$591 to the list price.

Broadway Product Information

Layouts

Two heights of storage overheads are available in Broadway.

Broadway is an option rich product line, which allows the product to fit regional style, while still providing easy to specify layouts.

Easily specified and setup while providing well established layouts in the office environment.

- 1 Single Pedestal Desk** with the standard box, box, file pedestal configuration and side locking. Standard side grommet keeps the desk top clean from wires, while still having convenient wire management.
- 2 Bridge** standard with top back panel grommet and mounting hardware.
- 3 Lateral File Credenza** available with fixed back panel or hinged modesty panel to gain access to the wall.
- 4 Modular Cabinet Top** is a specification option, which adds another level of aesthetics to the overhead cabinet. Can also be used to create the appearance of one overhead cabinet when using more than one modular overhead.
- 5a Overhead Cabinet** height is 40 1/2" for an overall height 70 1/2" (add 1 1/2" if specifying modular cabinet tops). Standard with left and right grommets on the back panel. Available in aluminum frame glass doors. Models without cubbies are also available.
- 5b Overhead Cabinet** height is 52 1/2" for an overall height 82 1/2" (add 1 1/2" if specifying modular cabinet tops). Standard with left and right grommets on the back panel. Shown in aluminum frame doors, also available in wood doors.

Note: Tackboard or panels can be added to the inside back of the overhead cabinet, along with the accessory rails.

Taller overhead storage allows for maximum storage while keeping a compact footprint in the layout.

Modular Cabinet Tops

All adjacent units must have modular cabinet tops to maintain the same finish height.

Grommet and Color Options

Worksurface Grommet

Additional worksurface grommets can be specified on desks, credenzas, and other types of veneer/laminate worksurfaces. The grommet location must be approved by JSI manufacturing, contact Customer Service.

Add \$111 to the list for each additional grommet.

Grommet color must be specified, select Matte Black or Stardust Silver choose one color for all grommets. If no color is selected, grommet color will coordinate with the pull color. Lock cores will match grommet color

Matte Black (MBK)
Stardust Silver (STS)

End/Back Panel Grommet

The end/back panel grommets are standard, for any special consideration contact Customer Service.

Standard Grommets Locations

Broadway features grommets and wire pass thru on all cabinets, allowing wiring to move from unit to unit or from unit to the data or power data source.

Broadway Product Information

BROADWAY

Broadway Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Broadway product line. To attain a pleasing, symmetrical pattern, all veneers in Broadway are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Broadway is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on the veneer are also offered to provide an accent to the Broadway product.

Work Surface Construction

Tops are 5-ply balanced construction, 1 1/2" thick with solid matching hardwood edges.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Case Construction

Outside panels are 1 3/16" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Leveling glides are set into solid hardwood blocks with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Broadway. Please see the chart below. Samples are available upon request. Finishes with an asterisk (*) have coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Brogan Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Cherry and Walnut veneer species are available on the **NOW!** quickship program on select models.

Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Case Construction

All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 1 3/16" thick with 3-ply construction and rimmed with veneer bands.

Drawer Construction

Drawers are assembled using four corner, dovetailed box and 1/4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7/16" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [BG14-BG15](#).

Locking

All desk, and lateral files feature central locking. Credenza and returns feature pedestal locking.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains on Brogan. Please see the chart below. Samples are available upon request.

***finishes have coordinating laminate top**

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Brogan Product Information

Product Modification

Laminate Tops

Work surface only, no additional upcharge if Brogan's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Collectors	Mocha
Harvest	Night Owl
Praline	Sienna
	Truffle

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

Special Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Pedestal Configuration Change

Writing shelf-tray-box-file drawer configuration standard on desk pedestals. Desk pedestal only can be switched out to a file-file configuration. Must be specified at the time of order with an additional \$195 list per pedestal.

Changing to a file-file pedestal configuration will eliminate the writing shelf (arm slide).

Desk Dictation Slide

The approach side of the desk in the center break front area has an option of a center pullout dictation slide. Add \$469 to the list price of the desk.

Product Modification

Trim Molding

Angled Trim molding is standard on all Brogan products.

Without molding or Scalloped Trim molding can be specified at the time of order placement.

Angled Trim

standard

Base Molding Only (without trim)

optional at no charge

Scalloped Trim

optional with upcharge to list for each item

\$142 for all desk

\$74 for all other product with standard trim molding

Brogan Product Information

BROGAN

ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Brogan.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge, or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A $\frac{3}{4}$ " thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds $\frac{3}{4}$ " to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built into each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a desk worksurface in a "L" or "U" group, the unit that connects to the desk also needs to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a $\frac{3}{4}$ " sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 $\frac{3}{4}$ ", to a standing height of 50 $\frac{1}{4}$ ", a range of 19 $\frac{1}{2}$ ".

To specify the unit that has the mechanism, add **ERGO** to the end of the model number.

To specify the connecting or adjacent units add, **ERGO ADJACENT** to the end of the model number.

Note: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

Brogan Modular Product Information

Brogan Modular / Brogan Freestanding

Brogan Modular units are not designed to be attached to models from Brogan, such as desks, bridges, return, credenzas and shells. They are two separate series.

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Cherry and Walnut veneer species are available on the  quickship program on select models.

Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Modular Desks, Credenzas, Corner, Returns & Bridges units feature metal threaded inserts in the underside of the top for quick mounting and reconfiguration of modular storage components.

Case Construction

All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 1 3/16" thick with 3-ply construction and rimmed with veneer bands.

Pedestals are mortise and tenon construction reinforced with screws for increased stability. All modular storage units feature full top panels with holes for mounting to shell inserts.

Drawer Construction

Drawers are assembled using four corner, dovetailed box and 1/4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7/16" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders.

Locking

All storage pedestals and cabinets feature front pedestal locking.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Brogan Modular Product Information

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Brogan. Please see the chart below. Samples are available upon request.

CH1 Cherry <i>Flat Cut Veneer</i>			
BRL Barley	EAR Earthy		
BBM Bourbon Medium	HRV Harvest*		
BRM Brighton Medium	LGC Legacy		
CLA Classic	PRL Praline*

AUB Auburn	SIE Sienna*		
ESP Espresso	TOF Toffee		
MCH Mocha*	TRF Truffle*		
NTO Night Owl*			

*finishes with coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Product Modification

Laminate Tops

Work surface only, no additional upcharge if Brogan's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Collectors	Mocha
Harvest	Night Owl
Praline	Sienna
	Truffle

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

Special Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Product Modification

Trim Molding

Angled Trim molding is standard on all Brogan products.

Without molding or Scalloped Trim molding can be specified at the time of order placement.

Angled Trim
standard

Base Molding Only (without trim)
optional at no charge

Scalloped Trim
optional with upcharge to list for each item
 \$142 for all desk shells
 \$74 for all other product with standard trim molding

Brogan Modular Product Information

Edge and Hardware

Brogan offers a traditional edge profile and two drawer pulls. Hardware is available in antique brass or antique pewter.

Edge Profile

Brogan Edge Profile
Accepts Laminate Top

Drawer Hardware

Brogan Hardware
Antique Brass (ANB)
Antique Pewter (ANP)

Gala Hardware
Antique Brass (ANB)
Antique Pewter (ANP)

Gala Leather Wrapped Hardware
Antique Brass (ANB)
Antique Pewter (ANP)

Optional matching leather wrapped pulls available for desk with leather inlay or other coordinating units. Specify leather wrapped pulls, add \$57 list upcharge per pull. Indicate Antique Brass (ANB) or Antique Pewter (ANP) pull.

Worksurface Grommets

Worksurface grommets are standard on all modular shells. Additional worksurface grommets can be specified in different location on veneer/laminate work-surfaces. The grommet location must be approved by JSI manufacturing, contact Customer Service.

Add \$111 to the list for each additional grommet.

Models with an Antique Brass pull will receive an Antique Brass grommet, those with an Antique Pewter pull will receive a Black grommet.

Antique Brass
Black

3-Piece Leather Inlay

Brogan Modular can be enhanced with a 3-Piece Leather Inlay, which may be added to the worksurface on the modular desk shells for a \$2,426 list price upcharge.

Brogan Conference Product Information

BROGAN

Brogan Conference Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Cherry and Walnut veneer species are available on the **NOW!** quickship program on select models.

Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Tops are available in one edge profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Brogan. Please see the chart below. Samples are available upon request.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Collective Conference Tables Product Information

COLLECTIVE CONFERENCE

Collective Conference Tables Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Collective Conference product line. To attain a pleasing, symmetrical pattern, all veneers in Collective Conference are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Collective Conference is available in flat cut cherry, maple, and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on MDF are also offered on bases, drawer and door fronts to provide an accent to the Collective Conference product.

Work Surface Construction

All tops are 1 3/16" thick with 3-ply construction and trimmed off with matching 1.5mm rims.

Tops are available in wood veneer, applied glass or laminate surfaces. No additional charges for laminate when selecting standard coordinating laminate as listed on the top of the next page.

Chassis Construction

The chassis consists of cherry, maple or walnut book-matched veneer. Mortise and tenon construction. Adjustable leveling glides ensure proper leveling of unit.

Extruded Aluminum Components

Telescopic Feet, Edge Trim Rails, Center Console Components, and Spacers all are made from an alloy aluminum compound, made up of 10% post consumer scrap, 60% post industrial scrap and 30% primary aluminum. The aluminum meets or exceeds the guidelines of USGBC - LEED V2.2. The parts are precisely machined and then processed in a clear anodized finish for a natural aluminum appearance.

Fabricated or Casted Metal Components

Base Trims, Base Pans, Scones and Wire Pans are made up of high grade metals. The metal is laser cut, bent to shape and robotically welded to the exact specifications, polished and powder coated to blend with the anodized aluminum.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Collective Conference. Please see the chart below. Samples are available upon request, through our website or by contacting Customer Service.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Special Finishes

Special finishes can be requested by following the instructions in the general introduction section. There is a one time charge of \$372 list per order.

Special Top Sizes and Cabinets

Collective Conference offers a large offering of table tops shapes and sizes, along with the Collective Conference Storage products to create a perfect meeting room. Contact Customer Service if you are having trouble finding the right units to complete the desired configuration. Special sizes and cabinet variations need to be approved by JSI engineering.

Collective Conference Tables Product Information

Top Edge Profiles

Collective Conference offer two edges profiles, along with optional details.

Straight Edge - Veneer

Standard on conference tables and casegoods products.

Straight Edge - Laminate

Straight edge with laminate surface available for conference tables and casegood products. See page [CC3](#) for standard wood grain laminate.

Aluminum Trim Edge Detail

Aluminum trim edge available only on Veneer rectangular shape conference tops. The trim edge is finished in clear anodized finish.

Thin Profile Edge - Glass

Reverse Bevel edge is available with low iron white back painted glass in glossy or frosted surface. Available only on conference table tops.

COLLECTIVE CONFERENCE

Base Types

Collective Conference offers five base styles: open cable, closed cable, rectangular, panel and arc end.

Open Cable Base

Closed Cable Base

Rectangular Base with Apron Rails

Panel Base with Apron Rails

Arc End Base with Apron Rails

Foot/Plinth Style Base

Collective Conference Open Cable Base and Casegoods features an anodized aluminum foot. For a more classic feel, units may be specified with a wood plinth style base. Rectangular, Panel and Arc End Bases are available only with a plinth base.

Foot Style

Anodized Aluminum Finish

Plinth Base

Concealed leveling glide

Foot Leveling Details

Telescopic cover can slide up to provide access for leveling adjustment

Collective Conference Tables Product Information

Conference Top Shapes and Sizes

Collective Conference offer six top shapes and sizes start at 216" in length. Note size 120" and above are two piece tops.

Open Cable Bases

The open cable base features a 1³/₁₆" X-shaped stainless steel cable accent. Open cable bases provide no wire management compartment. The outer frame is wood with a metal inner frame in silver powder coat. Telescopic feet provide 1¹/₂" leveling adjustment.

Configured tables with cable bases in this price list include support rails for the top.

Cable bases are not for use with 60"d tops. When specifying cable bases and tops separately, support rails may need to be included. Call Customer Service for more information.

Closed Cable Bases

Outside Base
side 1 (approach)

side 2

Closed cable bases include a hinged door compartment and plinth base for wire management.

The outside closed cable base features a visible 1³/₁₆" X-shaped stainless steel cable accent on the side opposite the hinge door. Wires pass through an opening above hinged doors. The base is wood with a silver powder coated inner frame.

The middle closed cable base features a wood panel on the side opposite the side hinged door. Wires pass through an opening at the top of both sides.

Configured tables with cable bases in this price list include support rails for the top.

Cable bases are not for use with 60"d tops. When specifying cable bases and tops separately, support rails may need to be included. Call Customer Service for more information.

Middle Base
side 1

side 2

Collective Conference Tables Product Information

Panel Bases

The panel base features slim wood pedestals surrounded by a wood accent. Each pedestal has a hinged door for wire management access and features a silver powder coat metal fin detail.

The panel base is standard with rectilinear end bases. Arc end bases may be specified as an option.

Arc End Bases

(an option to the panel base)

COLLECTIVE CONFERENCE

Rectangular Bases

The rectangular base features wide wood pedestals surrounded by a wood accent. Each pedestal has a hinged door for wire management access, an ample storage compartment, and features a silver powder coat metal fin detail.

Collective Conference Tables Product Information

Open Cable Base

The open cable base is available in veneer only.

Open Cable Base

a. outer frame - veneer only

Closed Cable Base

There are two material options for the closed cable base. The outer frame and plinth are always veneer. The inner panel/door can be specified in the matching veneer or in a contrasting paint.

a. outer frame/plinth - veneer
b. inner panel/door - veneer

a. outer frame/plinth - veneer

- a Top - 1½" veneer top (laminated surface available see page [CC3](#))
- b Cylinder Base - 24" dia - drum style construction
- c Accent Panel - veneer (choice of one)
cherry, maple and walnut
paint - (see page [CC2](#) for color choices)

Collective Conference Tables Product Information

Center Console Overview

The continuous center console supports a variety of functional and aesthetic options. A Collective Conference table with center console includes: the center spine assembly which houses 4", 8", 12" and 16" modules, ordered separately, the understructure of the console, and wire management tray as illustrated below.

1 Center Spine Bezel Assembly

The center spine bezel assembly accepts the 4", 8", 12" and 16" modules shown on pages [CC11](#) and [CC87](#) of the pricing section of this price list.

3 Center Spine Structural Extrusion Assembly

When a table with center console is specified, the center spine structural extrusion assembly is attached to the underside of the table top.

2 Table Top

Tops are available in several shapes including rectangular, racetrack, ellipse, arc end, boat and view. They come with or without center console.

4 Wire Management Tray

When using power/data and lamp modules, the wire management tray channels the cords to the panel or rectangular bases.

Collective Conference Tables Product Information

Center Console Components

Collective Conference is available with a center console for storage, power/data and accessories. The center console is offered in lengths of: 48", 72", 96", 120", 144" & 160". The accessories are offered in 4" increments. When designing your center console the accessories selected must equal the length of your console. The center console is factory installed.

You must specify the order in which you want the accessories to appear using the chart on the bottom of the page.

--	---------------------	----	-----	----	----	---	---	-----	----	----------	----------

- short grain veneer direction
- base CC8NPC2-32108
- plinth base
- top is 1 1/4" thick and in two sections
- anodized aluminum center console 96" long
- laminate worksurface, no charge if standard laminate is selected
- base front arc panel, add \$659 to list, arc is only outside bases
- glass worksurface with reverse bevel edge, (see page [CC4](#))
- aluminum edge available on veneer and laminate tops, specify and add \$4,986 list

To Order, Specify:

Rectangular Table

- ① Model Number
- ② Wood Species
- ③ Finish Scheme
 - A. Accent Surround - Veneer or Paint
 - B. Base Pedestal - Veneer or Paint
(see page [CC8](#) - apron follows base pedestal)
- ④ Worksurface Option
 - A. Veneer
 - B. Laminate
 - C. Glossy Low Iron White Back Painted Glass
 - D. Frosted Low Iron White Back Painted Glass
(see page [CC4](#))
- ⑤ Power and Data Options (see [accessories price list](#))
- ⑥ Other Product Options

Rectangular Table with Center Console

- ① Model Number
- ② Wood Species
- ③ Finish Scheme
 - A. Accent Surround - Veneer or Paint
 - B. Base Pedestal - Veneer or Paint
(see page 312 - apron follows base pedestal)
- ④ Worksurface Option
 - A. Veneer
 - B. Laminate
 - C. Glossy Low Iron White Back Painted Glass
 - D. Frosted Low Iron White Back Painted Glass
(see page [CC4](#))
- ⑤ Power and Data Options (see [accessories price list](#))
- ⑥ Other Product Option
- ⑦ Center Console Accessories (see pages [CC86-CC87](#) - order separately)

Collective Conference Tables Product Information

COLLECTIVE CONFERENCE

Collective Conference Tables Product Information

COLLECTIVE CONFERENCE

Collective Conference Tables Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Collective Conference Storage product line. To attain a pleasing, symmetrical pattern, all veneers in Collective Conference Storage are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Collective Conference Storage is available in flat cut cherry, maple, and walnut veneer.

Solid painted finishes on MDF are also offered on drawer and door fronts to provide an accent to the Collective Conference Storage product.

Work Surface Construction

Tops are 3-ply balanced construction, 1½" thick with solid matching hardwood 1.5mm rims.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge for some finishes.

Case Construction

Outside panels are 1¾" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Leveling glides are provided in both plinth base or telescopic foot.

Extruded Aluminum Components

Telescopic Feet, Valance Rails, Tool Rails, and Spacers all are made from an alloy aluminum compound, made up of 10% post consumer scrap, 60% post industrial scrap and 30% primary aluminum. The aluminum meets or exceeds the guidelines of USGBC - LEED V2.2. The parts are precisely machined and then processed in a clear anodized finish for a natural aluminum appearance.

Fabricated or Casted Metal Components

The metal is laser cut, bended and robotically welded to the exact specifications, polished and powder coated to blend with the anodized aluminum.

Access Kneespace Panel

Wall stud construction style frame is made from 16-gauge steel, stamped and laser cut. Pop-riquets are used to combine frames and create various widths. Frames are coated with silver powder coat. The back is open and is designed to sit up against a wall, to allow for wiring access.

Aluminum Glass Doors

Aluminum glass doors and modesty panels have extruded aluminum frames with 4mm thick with three glass options: frosted with acid etch front, frosted low iron white back painted glass (matte) and glossy low iron white back painted glass (shiny).

Drawer Box Construction

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with a clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Collective Conference Tables Product Information

Locking

Credenzas feature door locking option to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units tagged in the grouping are keyed alike). Keyed alike units are available if requested at no upcharge. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a wide variety of wood stains and paint colors on the Collective Conference Storage. Please see the chart below. Samples are available upon request, through our website or by contacting Customer Service.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Product Modification

Laminate Tops

Work surface only, no additional upcharge if Collective's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request.

Collective Conference Tables Product Information

Wall Options

Collective Conference Storage addresses today's information and presentation environments. Collective Conference Storage consists of modular components, Media Walls to build various technology applications. Walls require specification of left and right end panels or towers, and a center wall panel to complete a configuration.

Media Wall

Media Wall Components

The Media Wall supports technology applications to support large screen viewing and interactive video conferencing. The Media Wall creates 86" and 71" heights and includes a center wall panel, technology niche storage with back panel, technology credenza, end towers, glass and wood tops. Panels and towers are always wall mounted.

Collective Conference Tables Product Information

Access Panel Wiring

The access panel consist of two hinged panels with a lid stay mechanism on upper panel. The panel allows access to building power and communication and features concealed lay-in cable channel, and optional modular power distribution system.

Installation of the Data Adapter Kit & Base Plate

1. Select the appropriate adapter.
2. Snap jack into adapter following the instructions provided with the jack.
3. Once assembled, snap adapter into the notched, square holes in the orientation shown.
4. If provided, snap adapter into any 1 $\frac{3}{8}$ " x 2 $\frac{3}{4}$ " opening.

Note: Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.

A Adapter is included with product.

B Coupler/Jack is ordered separately and should be installed by electrician.

Collective Conference Tables Product Information

Material Options and Finish Schemes

Collective Conference Storage uses a mix of materials: paint, veneer, and aluminum. Veneer choices are cherry, maple, and walnut. Eleven paint colors are available; see page [CC91](#). Wood worksurface tops or rims on laminate worksurface top, are available in veneer finishes only.

Media Wall End Tower

Media Wall Speaker Tower

Media Wall Center Wall Panel

Media Wall Technology Credenza

Freestanding Media Credenza

Aluminum Frame Door with
 Frosted Tempered Glass
 Frosted Bright White Back Painted Glass (matte)
 Glossy Frosted Bright White Back Painted Glass (shiny)

(clear anodized aluminum frame)

Material Key

- A veneer finish only
- B veneer or paint
- C fabric tackable surface (aluminum tool rail between panels)
- D dry erase marker board (marker/eraser tray)
- E frosted glass top - screen print film
- F aluminum frame glass doors

Order Check List:

Specify:

- 1. Model Number
- 2. Finish Scheme/Color (see page [CC96](#))
- 3. Wood Species - cherry - maple - walnut
- 4. Top Options - standard veneer - laminate surface (see page [CC91](#))
- 5. Other Product Options
- 6. Power and Data Accessories (*drawing showing location and orientation must accompany order*)
- 7. Side Mark Information (*i.e. room number, East Conference Room*)
- 8. Shipping Address (*contact name and phone number*)
- 9. Special Delivery Instructions (*i.e. call before delivery, deliver to job site*)

Finale Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Finale product line. To attain a pleasing, symmetrical pattern, all veneers in Finale are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Finale is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Cherry veneer is the only veneer species available on the **NOW!** quickship program on select models.

Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern.

Case Construction

Outside panels are 1 3/16" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Leveling glides are set into solid hardwood blocks with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined the into side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in /out stops. File and box drawers have 100% full extension with over travel.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [FN17-FN19](#).

Locking

All desks, credenzas and returns feature pedestal locking and lateral files feature central locking to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units in the grouping are keyed alike). Keyed alike units available if requested at no upcharge. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Finale. Please see the chart below. Samples are available upon request.

CH1 Cherry		<i>Flat Cut Veneer</i>

NTO Night Owl			

*finishes with coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finale Product Information

Product Modification

Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Maple Finishes	Walnut Finishes
Barley	Ale Light	Auburn
Bourbon Light	Cinnamon	Mocha
Brighton Light	Venetian	Night Owl
Classic		Sienna
Collectors		Toffee
Harvest		Truffle
Legacy		
Praline		
Saffron		

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

Species Change

For species changes contact customer service for a quote.

Pedestal Configuration Change

Box-box-file configuration is standard on all desks and file-file configuration is standard on all return units.

Finale drawer configuration on pedestals 27" to 30" high can be switched out either to a box-box-file or file-file configuration, but must be specified at the time of order with an additional \$195 list per pedestal.

Writing Shelf - Pullout (Arm Slide)

Desk Pedestals in Finale can have an optional pullout shelf above the top drawer for additional writing surface. Add \$360 to the list for each pedestal.

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Finale.

All modifications still must be approved by JSI manufacturing. please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible, please refer to page 5 for additional details.

This chart does not apply to glass doors, glass tops or to metal components; such as modesty trims panels, and structural support. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6" Occurrence

Overhead

Increasing width	\$946
Increasing depth	\$1,614
Increasing width with doors	\$1,120
Increasing depth with doors	\$1,726

Any Pedestal

Increasing width	\$1,342
Increasing depth	\$1,197

Any Panel

Increasing width	\$306
------------------	-------

Any Top

Increasing width	\$398
Increasing depth	\$563

Decreasing Dimensions Add On to the list Per 6" Occurrence

Overhead

Decreasing width	\$253
Decreasing depth	\$253
Decreasing width with doors	\$346
Decreasing depth with doors	\$346

Any Pedestal

Decreasing width	\$1,094
Decreasing depth	\$977

Any Panel

Decreasing width	\$129
------------------	-------

Any Top

Decreasing width	\$190
Decreasing depth	\$190

Example 1

Increasing open corner credenza width by 11", from 72" to 83".

Add Top Width (\$398 × 2) [\$349 for each 6" increment]

Add Panel Width (\$306 × 2) [\$268 for each 6" increment]

Total Modification = \$1,408

Example 2

Increasing a desk pedestal depth from 36" to 40" & increase the width of the same pedestal by 8"

Add Pedestal Depth \$1,197

Add Pedestal Width (\$1,342 × 2) [\$1,342 for each 6" increment]

Total Modification = \$3,881

Example 3

Decreasing an overhead from 60" to 58" width & increasing the depth by 3"

Decrease Overhead Width \$253

Add Overhead Depth \$1,614

Total Modification = \$1,867

Finale Product Information

ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Finale.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A ¾" thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds ¾" to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a ¾" sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 ¼", to a standing height of 49 ¾", a range of 19 ½".

Note: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

Example

FN3672LD (with ERGO option) add \$4,604 to list
 FN2448EB (with ERGO ADJACENT option) add \$591 to list
 FN2472RC (with ERGO ADJACENT option) add \$693 to list

Example

FN3672LD (with ERGO ADJACENT option) add \$693 to list
 FN2448EB (with ERGO option) add \$4,604 to list
 FN2472RC (with ERGO ADJACENT option) add \$693 to list

Example

FN3672LD (with ERGO ADJACENT option) add \$693 to list
 FN2448EB (with ERGO ADJACENT option) add \$591 to list
 FN2472RC (with ERGO option) add \$4,604 to list

Example

FN3672LD (with ERGO option) add \$4,604 to list
 FN2448EB (with ERGO ADJACENT option) add \$591 to list
 FN2472RC (with ERGO ADJACENT option) add \$693 to list
 FN2472LFC (with ERGO ADJACENT option) add \$693 to list

Finale Product Information

Availability of Finale Units with the Mechanism

The following models are available with the ERGO Adjustable Work Height Mechanism.

Freestanding Units - Units below do not require adjacent products; select ERGO option and add \$4,604 to the list price.

<u>Double Pedestal Desk</u>	<u>Credenzas</u>
FN4272BD	FN2472KC
FN3672DD	FN2466KC
FN3072DD	
FN3066DD	
FN3060DD	

Adjacent Connecting Units - Select ERGO option for the model you wish to have height adjustment and add \$4,604 to the list price. For units, from this list, that are connecting to the ERGO model, you must select ERGO ADJACENT on each of these connecting models and add \$693 list to each model. *If the connecting model is 24"x 48" or less, add \$591 list.

Finale Product Information

Layouts

Two heights of storage overheads are available in Finale.

Finale is an easily specified contemporary product line, with standard office furniture sizes.

Easily specified and setup while providing well established layouts in the office environment.

- 1 Single Pedestal Desk**, with the standard box, box, file pedestal configuration and side locking. Standard side grommet keeps the desk top clean from wires, while still having convenient wire management.
- 2 Bridge** standard with top and back panel grommet and mounting hardware.
- 3 Lateral File Credenza** available with fixed back panel.
- 4a Cabinet Top** is a standard feature on 42" high overhead cabinets.
- 4b Modular Cabinet Top** (not shown in diagram) is an option on 54" high overhead cabinet. These tops are ordered separately.
- 5a Overhead Cabinet** height is 42" for an overall height 72" Standard with left and right grommets on the back panel. Models are available with frameless glass doors in white back painted. (Locks and pulls are not available with glass doors). Models with installed cubbies are also available.
- 5b Overhead Cabinet** height is 54" for an overall height 84" (add 1 3/16" if specifying modular cabinet tops). Standard with left and right grommets on the back panel. Shown with frameless white back painted glass doors. (Locks and pulls are not available with glass doors) Models are also available in wood doors.

Note: Tackboard or panels can be ordered for the inside back of the overhead cabinet, along with the accessory rails.

Modular Cabinet Tops

Overhead Cabinets 54" tall do not come with modular cabinet tops. Tops can be specified and ordered separately. To maintain the same finish height on all units, specify tops for **ALL** adjacent units.

Frameless opaque glass doors in white back painted brings a nice aesthetic to the Finale product line.

Finale Product Information

FINALE

Finale Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Finale product line. To attain a pleasing, symmetrical pattern, all veneers in Finale are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Finale is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on the veneer are also offered to provide an accent to the Finale product.

Cherry veneer is the only veneer species available on the  quickship program on select models.

Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Tops are available in six edge profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Finale. Please see the chart below. Samples are available upon request.

CH1 Cherry	<i>Flat Cut Veneer</i>	
BRL Barley		EAR Earthy

*requires 1 base

* When ordering bases for 120" x 48" and 120" x 42" size tops, three (3) bases are required for Panel and Rectangle bases, two (2) bases are required for all other.

Base (units with access panel in the base for wire management are available, order this feature with the appropriate model number.)

panel base
30" and 24" width

rectangle base
30" and 24" width

square base
24" and 18" width

cross base
24" and 18" width

round base
24", 20" and 18" dia.

half-round base
24", 20 and 18" dia.

Worksurface Grommet

Additional worksurface grommets can be specified on veneer/laminate worksurfaces. The grommet location must be approved by JSI manufacturing, contact Customer Service. Add \$111 to the list for each additional grommet.

Grommet color must be specified, select Matte Black or Stardust Silver. Lock cores will match grommet color Matte Black (MBK) or Stardust Silver (STS).

End/Back Panel Grommet

The end/back panel grommets are standard, for any special consideration contact Customer Service.

Lincoln Tables Order Check List:

Top core material is 1 1/8" thick with 45 lb. density industrial grade particle board. The face is wood veneer or horizontal grade high pressure laminate (HPL). A backer is bonded to bottom side to ensure balanced construction. All tops have internal solid lumber bands with overlay laminate or veneer.

Specify:

- 1. Model Number
- 2. Top Material - Veneer (W) or Laminate (L)
- 3. Wood Species - Cherry (CH1), Maple (MA1), Red Oak (OK1) or Walnut (WA1)
- 4. Wood Finish/Color
- 5. Edge profile
- 6. Leg Style - Straight Wood (S), Tapered Wood (T); no upcharge or Metal (M); add \$446 list for 4 metal legs or \$555 list for 5 metal legs
- 7. Wood Leg Attachment
 - A. Corner Block with 3" high straight apron (CBSA)
 - B. Corner Block with 3" high arched apron (CBAA)
 - C. Plate and Barrel Nut with 1" high straight apron (PBSA)
- 8. Optional Metal Leg Wire Management
 - A. Wire management in one leg, \$23 list upcharge (1)
 - B. Wire management in two legs, \$46 list upcharge (2)
- 9. Optional Premium or Specialty Laminate Tops Available - contact customer service for pricing.

Example:

LI4848-29 (model #)	W (top material)	OK1 (wood species)	HEN (finish)	B (edge)	S (leg style)	CBSA (wood leg attachment)
------------------------	---------------------	-----------------------	-----------------	-------------	------------------	-------------------------------

1. Model Number

2. Top Material - Veneer (W) or Laminate (L) - Finishes below with an asterisk (*) have a coordinating laminate available.

3. Wood Species - Cherry (CH1), Maple (MA1), Red Oak (OK1) or Walnut (WA1)

4. Wood Finish/Color Options:

Cherry

BRL Barley	EAR Earthy
BBM Bourbon Medium	HRV Harvest*
BRM Brighton Medium	LGC Legacy
CLA Classic	PRL Praline*
CLL Collectors*	SAF Saffron

Native General Information

Wood Materials

Exterior surfaces are made from the finest selected veneers. Matching solid lumber wood species are used to coordinate with the veneer. High quality MDF is used on the painted surfaces.

Native is available in Cherry, Maple or Walnut Flat Cut, or Double Cut veneer.

Case Construction

All Models

Cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. The metal glide housing inside the base provides for accurate leveling. Cabinets, with the exception of the waste credenza and hospitality carts, have sliding doors.

Laminate Models

Panels for chassis consist of a $\frac{3}{4}$ " thick substrate with TFL surfaces and PVC bands on exposed edges.

Veneer Models

Panels for chassis are $\frac{3}{4}$ " thick.

Drawer Construction

Drawers are assembled using a four corner dovetail box and $\frac{3}{4}$ " thick drawer bottom panel construction. The exterior front is attached separately. Sides and backs are approximately $\frac{1}{2}$ " thick solid hardwood. Drawer components have a UV finish to protect against shrinking, swelling, or warping and to provide a clean smooth feel and appearance. Lateral files have reinforced bottoms.

The exterior front panel is 3-ply and $\frac{3}{4}$ " thick. The front is attached to the assembled drawer box. The anodized aluminum pull runs along the top edge of the drawer front.

**box drawer and front with pull
wood drawer box - DRW**

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Native. Please see the chart below. Samples are available upon request.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. **Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. **Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Special Finishes

Special finishes can be requested by following the instructions in the conferencing general order section, page 3. There is a one time charge of \$372 list per order. This applies to the veneer surfaces, and not the solid wood plank top option.

Native Material Offering

Native Standard Laminate Offering

The chart below lists the laminates available on Native.

Laminate Options

Wood Grain Laminate		Solid Laminate

Native Table Surface Materials

NAT - Table Models

The NAT prefix is used to designate laminate material.

Laminate Tops

HPL tops are 1 3/16" thick, 3 ply construction. The laminate face is horizontal grain, or solid, high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

Native Table Surface Materials

NAV - Table Models

The NAV prefix is used to designate non-laminate material. Choose between Veneer - Flat Cut, Veneer - Double Cut, Solid Surface, Glass, Wood plank, or Customer Choice Material for NAV models.

Veneer Tops

Tops are 1 3/16" thick, 5 ply balanced construction with particle board core. Flat cut is book match for cherry, maple and walnut veneer. Double cut is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create the pattern.

Premier Tops

Solid Surface Tops

Solid Surface Tops are 1 7/16" thick constructed of 7/16" thick solid surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the solid surface.

Solid Surfaces

ARM	Armadillo
BLP	Black Pearl
PEB	Pebble Pearl
PUR	Pure White

Glass Tops

Glass Tops are 1 5/16" thick constructed of 1/4" thick glass surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is always painted white, to match the back painted glass. Glass sits on top of the sub top with 1/16" bumpers.

Glass Selection

G	White Glossy
M	White Matte

Wood Plank Ash Tops

Wood Plank Ash Tops are a solid 1 3/16" thick plank of ash. Tops are finished with a clear coat.

Solid Wood Plank

W	Wood Plank Ash - Clear Coat
----------	-----------------------------

Customer Choice Tops

Sub tops are 1" thick and have an under cut bevel profile. Sub top is always painted in black. Customer is responsible for determining the best attachment method for their custom top. Weight of custom top not to exceed 13 lbs per square foot.

Customer Choice

B	Base and Subtop Only

Native Bases

Native's array of base styles allow users the option of a raw open aesthetic or a closed, polish function.

Open Loop Base

Welded steel frame. Use NAB0301-24LBWM for magnetically attached wire management.

PRODUCT INFORMATION

Panel Base

Panel encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted panel. Design allows horizontal adjustment.

Box Base

Box encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted box. Design allows horizontal adjustment.

X Base

Welded steel frame. For round and square tables only. Use NAB0201-24XBWM for magnetically attached wire management.

Native Applied Materials

Laminate Grain Direction

Laminate grain runs vertical as standard on all vertical surfaces. Worksurfaces run long grain. Below are examples of laminate grain direction.

Laminate Grain

Laminate grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

PRODUCT INFORMATION

Flat Cut & Double Cut Grain Direction

Veneer grains runs vertical as standard on all vertical surfaces. 1-piece tables, runoffs, peninsula tables will run long grain. 2-piece tables will run short grain. Below are examples of veneer grain direction.

Flat Cut & Double Cut Grain Direction

Veneer grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

Native Applied Materials

Native Color Scheme

Native offers the flexibility to specify contrasting door fronts, or a contrasting base panels, separate from the worksurface selection. See the options available below, depending on whether a NAT or NAV model specified.

NAT Surface Options

- A = Worksurface**
Laminate - see page [NA4](#) for selection
- B = Chassis**
Laminate - see page [NA3](#) for selection
- C = Door Fronts, Base Panels & Front Panels**
Any Laminate

NAV Surface Options

- A = Worksurface**
Veneer - see page [NA5](#) for selection
Solid Surface - see page [NA5](#) for selection
Glass - see page [NA5](#) for selection
Wood Plank - see page [NA5](#) for selection
Customer Choice Material - see page [NA5](#) for selection
- B = Chassis**
Veneer - see page [NA3](#) for color selection
- C = Door Fronts, & Base Panels**
Veneer - same as worksurface
Paint - see page [NA3](#) for color selection
- D = Front Panel**
Veneer - same as chassis
Laminate - see page [NA3](#) for color selection

Native Product Information

PRODUCT INFORMATION

Waste Credenza

Integrated pulls are designed into all doors and drawers of Native Credenzas and are available in a variety of metal finish accents, see page 3.

Waste Credenzas accommodate three Uline Thin #H-5148 (23 gallon) trash cans, not included

AV Credenza

Removable back panel behind AV rack

Pull-out and rotating AV rack is designed so you can access equipment and wiring. Rack can rotate 90° in either direction and can be locked in the rotated position.

Credenza Waste Drawer

Waste drawer accommodates two Uline #S-13527 (10 gallon) trash cans, not included

Native Product Information

Mobile Boards

Multi-functional mobile boards can double as portable working space or serve to define boundaries within the office area. With three (3) material selections (markerboard, tackboard, and corkboard), Native mobile boards offer a variety of panel configurations to fit your needs.

NAB2442-75MTKD
Tackboard on both sides.

NAB2442-75MTKS
Tackboard on one side, choice of markerboard or corkboard on reverse side; specify when ordering.

NAB2442-75MMB
Markerboard both sides, corkboard both sides, or combination markerboard and corkboard; specify when ordering.

Overall dimensions
Wide base for stability

Offset Nesting
Provides for organized storage

Native Product Information

Peninsula Tables with Credenza

Peninsula tables with credenza applications are offered at standard desk height and standing height. See below for overall unit heights.

PRODUCT INFORMATION

Standard Desk Height Peninsula Table
Connects to a 26" h Credenza

Standing Height Peninsula Table
Connects to a 36" h Credenza

Runoff Tables with Media Walls

Runoff tables with media wall applications are offered at standard desk height and standing height. See below for overall unit heights.

Standard Desk Height Runoff Table
Connects to a 74" h Media Wall

Standing Height Runoff Table
Connects to a 84" h Media Wall

TV/Monitor Sizes for Media Walls

46 1/2" wide clear interior dimension for all 48" wide Media Walls

58 1/2" wide clear interior dimension for all 60" wide Media Walls

Native Product Information

Media Wall Applications

Media Wall - Wall Dependent

Media Walls have unfinished backs and are designed to be attached to a wall. Open Shelf and Side Access Wardrobe Towers are available and attach to Media Walls.

Media Wall Space Divider - Media Back

Media Wall Space Dividers with Media Back must be attach to a Runoff Table for support. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

Media Wall Space Divider with Media Shelf - Media Back

Media Wall Space Divider with Media Shelf is a freestanding unit. Runoff Tables can be attached to the back side of unit but is not necessary. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

PRODUCT INFORMATION

Native Technology

Wire Management

Native accommodated wire management needs in a variety of ways, from ample technology choices to innovative adjustments.

Description

Boat Shape 2pc Table with 3 Open Loop Bases

Laminate Tops "NAT" Models

Features:

- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- narrow end of 60" wide table is 48"d; narrow end of 54" wide table is 42"d
- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 54" & 60" wide - \$3,187
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA124-NA125](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

Arc End Table with Height Adjustable Base

Laminate Tops "NAT" Models

Features:

- height adjustable bases with structural support rails
- 30" to 40" height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$2,161, 42" & 48" wide - \$2,452, for 54" wide - \$2,758
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA124-NA125](#)

Description

Rectangular Runoff Table with Open Loop Base

Laminate Tops "NAT" Models

Features:

- must attach to either a 74" Media Wall Space Divider without Media Shelf or a 74" Media Wall - Table Mount
- metal open loop base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA124-NA125](#)
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$926, for 42" & 48 wide - \$1,073, for 54 wide - \$1,228
- magnetic wire manager available; order separately, see page [NA124](#)
- mounting brackets included

Description

Rectangular Runoff Table with Panel Base

in application

Laminate Tops "NAT" Models

Eased Edge (R3)

Reverse Bevel Edge (E1)

Features:

- must attach to either a 74" Media Wall Space Divider without Media Shelf or a 74" Media Wall - Table Mount
- panel base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA124-NA125](#)
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$926, for 42" & 48 wide - \$1,073, for 54 wide - \$1,228
- mounting brackets included

Corner Details

A more inviting approach can be achieved by selecting Rounded Corners on either Rectangular or Square Tables.

Square Corner

Rounded Corner

Example
Eased (R3) PVC edge laminate with rounded corner

Nosh Product Information

Laminate Tops

HPL tops are 1 3/16" thick, 3 ply construction. The laminate face is horizontal grain or solid high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

Eased Edge (R3)
PVC

Reverse Bevel (K9)
PVC on painted top of painted MDF

Standard PVC Edge Colors

JSI supports 22 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (Tier 2 or 3), you will be prompted to choose one these 22 PVC edge colors to be applied to the edge.

AGA	Aged Ash	FLO	Florence Walnut
ALB	Alabaster	GRH	Graphite
ALL	Ale Light	HGL	High Line
BLK	Black	OAT	Oatmeal Cookie
BLO	Blonde Echo	PIN	Pinnacle Walnut
BOL	Bourbon Light	SHD	Shadow

NOSH

Nosh Product Information

Veneer Tops

Tops are 1 3/8" thick, 5 ply balanced construction with particle board core. Standard Tier 1 veneer is flat cut, book matched for cherry, maple and walnut veneer. Standard Tier 2 veneer is double cut.

Eased Edge (R3)
Internal Lumber Band

Reverse Bevel (K9)
Veneer Band on Stained MDF

Finish - Stain/Colors

Flat Cuts are Tier 1 Veneer pricing, while Double Cut is Tier 2 Veneer pricing. Finishes with an asterisk (*) have coordinating laminate tops.

CH1 Cherry *Flat Cut Veneer*

BRL Barley	EAR Earthy
BBN Bourbon	HRV Harvest*
BRG Brighton	LGC Legacy
CLA Classic	PRL Praline*
CLL Collectors*	SAF Saffron

MA1 Maple *Flat Cut Veneer*

ALE Ale	FLX Flax
BUT Butterscotch	VEN Venetian
CIN Cinnamon	

WA1 Walnut *Flat Cut Veneer*

Nosh Product Information

Solid Surface Tops

Tops are 1 3/16" thick constructed of 1/2" thick Solid Surface on top of a 1/16" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the Solid Surface.

Reverse Bevel Edge (S7)

Solid Surface over painted MDF

Standard Solid Surface

Tier 1 (S1)

- ARM Armadillo
- BLP Black Pearl
- PEB Pebble Pearl
- PUR Pure White

Nosh Product Information

Base Styles

Nosh provides a choice selection of bases in both function and aesthetics to serve a variety of needs. It offers six base styles with: T-base, X-base, X-extended base, X4 base, Round Disc and Square Disc.

T-Base

- available in 29", 36" and 42"h
- used only with rectangular tops
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot

X-Base

- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot
- power access version available with an upcharge

X-Extended Base

- available in 29"h only
- used with rectangular tops
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot
- cannot be used in conjunction with power cutouts

X4 Base

- available in 29", 36" and 42"h
- used only on round, rounded square and squircle tops
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot

Round Disc

- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver foot

Square Disc

- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver foot
- round and square tables cannot be used in conjunction with power cutouts

Two - Two Aesthetics.

T and X Base Two-Tone Finishes

a - Column

- Arctic Silver
- Bright White
- Matte Black
- Pewter

b - Base Rail Finish

- Arctic Silver
- Polished Aluminum

Round and Disc Base Two-Tone Finishes

a - Column

- Bright White
- Matte Black
- Pewter

b - Base Rail Finish

- Arctic Silver

Nosh Product Information

Power/Charging Options

Nosh offers the ability to place power and charging options in the center of most tables. Select your choice of EC23 or EC24, available in black and white.

Moire - EC23

- Three 110 outlets
- Dual USB port with 72" power cord
- Black (B) or White (W)

Node - EC24

- One 110 outlet
- Dual USB port with 72" power cord
- Black (B) or White (W)

Cut outs are located in the center of each table. See below for representation or location.

Power Access Base

In round, square, rounded square and squircle tables that use X base, when you select power accessibility; the table is bored for the electrical unit and a power accessible base is used. This provides a drawn mounting bracket and the ability to run the power cord down through the base. See individual product pricing pages for upcharge.

Standard X Base

Power Accessible X Base

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- optional vertical wire manager for base, order separately
- base has anti-rock glides
- width of base foot varies from 17" or 22"

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- optional vertical wire manager for base, order separately
- base has leveling glides
- width of base foot is 38"

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cut out to receive electrical component, order separately
- optional vertical wire manager for base, order separately
- base has leveling glides
- optional vertical wire manager for base, order separately
- width of base foot is 27"

Privacy Solutions - Cleaning Guidelines

We offer numerous textile and hard surface options that will stand up to the rigors of frequent bleach cleaning, ranging from untreated surfaces to those with anti-microbial topcoats. Please contact our Customer Support Team today for more information.

MATERIALS:

ACRYLIC: water based foam or cleaner and bleach cleanable (5:1)*

ACOUSTIC PET: bleach solution cleanable (2% bleach)*

HPL LAMINATE: recommended by suppliers: Clorox Healthcare Bleach Germicidal wipes, Virex II 256, PDI Super Sani-Cloth wipes, PDI Sani-Prime Germicidal spray

TFL LAMINATE: cleaning guidelines will vary between manufacturer; cleaning details available upon request

VENEER: first clean with warm soapy water - do not soak. Pledge Antibacterial cleaner or bleach free disinfectant wipes are recommended

COATED FABRIC: water based foam or cleaner and bleach cleanable (4:1)*

FABRIC: cleaning guidelines will vary between fabric type, pattern and manufacturer; see material recommendations for bleach-solution cleanable fabrics

*Bleach solution cleanable:

Complies with BIFMA HCF 8.1 guidelines

Important to rinse repeatedly with cool, clean water after cleaning to remove all residue. More cleaning details from raw material suppliers available upon request

All surfaces with the exception of some fabrics can be cleaned with Clorox Healthcare Bleach Germicidal Wipes as well as bleach free wipes. This includes all coated fabric, laminate, acrylic and metal surfaces.

Privacy Solutions - Cleaning Guidelines

We offer numerous textile and hard surface options that will stand up to the rigors of frequent bleach cleaning, ranging from untreated surfaces to those with anti-microbial topcoats. Please contact our Customer Support Team today for more information.

MATERIALS:

ACRYLIC: water based foam or cleaner and bleach cleanable (5:1)*

ACOUSTIC PET: bleach solution cleanable (2% bleach)*

HPL LAMINATE: recommended by suppliers: Clorox Healthcare Bleach Germicidal wipes, Virex II 256, PDI Super Sani-Cloth wipes, PDI Sani-Prime Germicidal spray

TFL LAMINATE: cleaning guidelines will vary between manufacturer; cleaning details available upon request

VENEER: first clean with warm soapy water - do not soak. Pledge Antibacterial cleaner or bleach free disinfectant wipes are recommended

COATED FABRIC: water based foam or cleaner and bleach cleanable (4:1)*

FABRIC: cleaning guidelines will vary between fabric type, pattern and manufacturer; see material recommendations for bleach-solution cleanable fabrics

*Bleach solution cleanable:

Complies with BIFMA HCF 8.1 guidelines

Important to rinse repeatedly with cool, clean water after cleaning to remove all residue. More cleaning details from raw material suppliers available upon request

All surfaces with the exception of some fabrics can be cleaned with Clorox Healthcare Bleach Germicidal Wipes as well as bleach free wipes. This includes all coated fabric, laminate, acrylic and metal surfaces.

Specifications

Tops:

- Optional glass or solid surface tops are 1/2" thick and sit on cylinder via attached non skid glides
- Glass is back painted white and a tempered satin surface

Plinths:

- Plinth base models have tack in button glides.
- Plinth is always black.

Legs:

- Leg models have non adjustable knock in glides.
- Leg models come with 5 legs for all sizes.

Power:

- Power only available on leg models. Cannot be used in conjunction with glass and solid surface tops. (Only with laminate and veneer tops)

Reef Product Information

Reef Veneer

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Reef Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple and walnut veneers are book-matched.

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Reef Veneer is available in flat cut cherry, maple and walnut. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Reef Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Reef Double Cut Veneer.

Worksurface Construction

Worksurfaces are 1 3/16" thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. No additional charge for HPL worksurface when using the JSI standard coordinating HPL match to a standard wood finish. Veneer tops feature 3mm thick matching veneer edgebands. HPL tops are constructed with internal solid hardwood lumber edgebands.

Case Construction

Reef Veneer end panels are produced using a 1 3/16" thick substrate with veneer surfaces and matching veneer bands on exposed edges. Stretcher panels are 1 3/16" thick for layered tables and 3/4" thick on panel tables. Stretcher panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. Reef 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksurfaces. Reef 20" deep wall dependent tables incorporate rear stretcher and metal support rails for worksurface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1 3/16" thick and attach with Modeez connectors and metal brackets with wood screws. Bookcase sections are constructed from 3/4" thick veneer panels with matching veneer edgebanding. Narrow bookcase and full bookcase joinery includes wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Reef tables require field assembly.

JSI Quickship Program

Laminates available on the **NOW!** quickship program include the following: Aged Ash (AGA), Ale Light(ALL), Bourbon Light (BOL), Brighton Light (BGL), Collectors (CLL), Designer White (DWH), Florence Walnut (FLO), Graphite (GRH), Pinnacle Walnut (PIN), Slate Grey (SLG), Studio Teak (STU), Vintage (VIN) and Walnut Heights (WLH).

Reef Veneer species available on the quickship program include Cherry, Maple, Walnut and the following Double Cut veneers: Graphite (GRH), Khaki (KHK) and Studio Teak (STU).

Foot Rails

Optional metal foot rails are constructed with 14-gauge 1 3/4" square tubing with powder coated finish. Rails attach to end panels using 1/4-20 machine screws into metal inserts in end panels. Foot rails not available on quickship.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Reef. Please see the chart below. Samples are available upon request. Finishes with asterisk (*) have coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Reef Product Information

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of \$332 list per order for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Species Change

For species changes contact customer service for a quote.

Laminate Tops

Work surface only, no additional upcharge if Reef's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Reef Laminate

Reef Laminate features TFL (thermally fused laminate) chassis components. Worksurfaces are available in HPL (high pressure laminate).

TFL - HPL Wood Grain Pattern Laminates

AGA Aged Ash	GRH Graphite
ALL Ale Light	HGL High Line
BLO Blonde Echo	OAT Oatmeal Cookie
BOL Bourbon Light	PIN Pinnacle Walnut
BZW Brazilwood	STU Studio Teak
BGL Brighton Light	VIN Vintage
CLL Collectors	WLH Walnut Heights
FLO Florence Walnut	WEA Weathered Ash

TFL - HPL Solid Laminates

ALB Alabaster	SHD Shadow
BBL Bridal Blanco	SLG Slate Grey
DWH Designer White	

Edges of the worksurface are banded with impact resistant (PVC) on HPL tops. The laminate is offered in 16 wood grain patterns and 5 solid colors. Wood grain laminates feature an embossed grain that adds texture and helps to hide finger prints and light scratches. The solid color laminates are smooth to the touch with a semi-matte finish. All Reef Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Reef product.

Worksurfaces

Worksurfaces are manufactured with 3-ply balanced construction. Tops are 1 3/16" thick with coordinating PVC edges. Worksurfaces feature 3mm PVC edges on user sides. Edge detail is flat with eased edge on top and bottom. Worksurface ends are banded with 1mm PVC.

Case Construction

Reef Laminate end panels are produced using 1 3/16" thick substrate with TFL surfaces and matching PVC bands on exposed edges. Stretcher panels are 1 3/16" thick for layered tables and 3/4" thick on panel tables. Stretcher Panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. Reef 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksurfaces. Reef 20" deep wall dependent tables incorporate rear stretcher and metal support rails for work surface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1 1/8" thick and attach with Modeez connectors and metal brackets. Bookcase sections are constructed from 3/4" thick TFL panels with 1mm edgebanding. Narrow bookcase and full bookcase assembly joinery include wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Reef tables require field assembly.

Foot Rails

Optional metal foot rails are constructed with 14-gauge 1 3/4" square tubing with powder coated finish. Rails attach to end panels using 1/4-20 machine screws into metal inserts in end panels.

Reef Product Information

Optional Worksurface Power

Optional Worksurface Power (EC26) is available on 48", 42" and 36" deep units. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, see page RE26. Length of cord is 10 feet.

Note: Not available on wall dependent tables or tables with full width bookcases.

Under Surface Power

Under Surface Power (EC27) may be ordered for 48", 42", 36" and 20" deep units. The 48", 42" and 36" deep units can accommodate power unit on each side of the table. The 20" deep units can accommodate power units on the non-wall side. The EC27 Under Surface Power Unit(s) must be ordered separately, see page RE26. This unit is field installed. Length of cord is 10 feet.

Note: Not available on tables with full width bookcases.

Edge Mount Power

Edge Mount Power (EC28) may be ordered for 20" deep units. This unit is field installed. Ordering information can be found on page RE26. Length of power cord is 6 feet.

To Order, Specify:

Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))

- ④ Panels Species & Finish
 - a.) Same as Worksurface
 - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
 - a.) TFL
 - b.) HPL
- ③ Worksurface Laminate Color (see page [RE3](#))
- ④ Panels Laminate Color
 - a.) Same as Worksurface
 - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

When ordering Quickship products, place a "Q" in front of model number.
Example: QRET-3672-42PT

Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))

- ④ Panels Species & Finish
 - a.) Same as Worksurface
 - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
 - a.) TFL
 - b.) HPL
- ③ Worksurface Laminate Color (see page [RE3](#))
- ④ Panels Laminate Color
 - a.) Same as Worksurface
 - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

When ordering Quickship products, place a "Q" in front of model number.
 Example: QRET-3672-42PT

Tops

To Order, Specify:

- ① Model Number
- ② Top Material - Veneer (W) or Laminate (L)
- ③ Wood Species - Cherry (CH1), Maple (MA1), Oak (OK1) or Walnut (WA1)
- ④ Wood Finish/Laminate Color

Specifications

- Wood species - Cherry, Maple Oak or Walnut.
- Core material is 1 ½" MDF.
- Face is wood veneer or horizontal grade HPL.
- Backer is bonded to bottom side to ensure balanced construction.
- Bevel MDF edge.

Bases

To Order, Specify:

- ① Model Number
- ② Wood Finish/Paint Color
- ③ Optional Rubber Cushion Nylon Glides - no upcharge

Specifications

- Wood species - Beech or Maple.
- Standard with rubber cushion metal glides.

Strata

Strata

Strata Product Information

Strata Veneer

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Strata Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple and walnut veneers are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Strata Veneer is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Strata Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern. The diagram below shows the tight pattern used on Strata Veneer.

Solid painted finishes on MDF are also offered to provide an accent to the Strata product.

Worksurface Construction

Tops are 5-ply balanced construction, 1³/₁₆" thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern with finish wood edges.

Case Construction

Outside panels are 3/4" and joined together with dowels reinforced with screws, cleats and metal fasteners for increased stability. Leveling glides are set into solid hardwood blocks, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Drawers

The unidirectional V-Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The 1/2" thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box.

Drawer Suspension

High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

Locking

Desk and return pedestals feature pedestal front locking to provide maximum security and flexibility in configuration.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard. product.

Installation

Installation assistance is available, contact Customer Service for a quote.

Strata Product Information

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Strata. Please see the chart below. Samples are available upon request. Finishes with an asterisk (*) have coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. **Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. **Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **\$372 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Product Modification

Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
------------------------	------------------------

Collectors	Mocha
Harvest	Night Owl
Praline	Sienna
	Truffle

Pedestal Configuration Change

File/File configuration is standard on the reception station.

Strata pedestal drawer configuration can be reconfigured to a Box/Box/File configuration, but must be specified at the time of order; no additional upcharge.

Wood Drawers

Four corner dovetailed wood drawers must be specified at the time of order placement. Specify and add \$269

Strata Product Information

Strata Laminate

Strata Laminate features HPL (high pressure laminate) worksurfaces and TFL (thermally fused laminate) chassis.

Edges of the worksurface are banded with impact resistant (PVC). The laminate is offered in 29 wood grain patterns and 5 solid colors. Wood grain laminates feature an embossed grain that adds texture and helps to hide finger prints and light scratches. The solid color laminates are smooth to the touch with a semi-matte finish. All Strata Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Strata product.

Wood Grain Pattern Laminates

AGA Aged Ash	MCH Mocha
ALL Ale Light	NTO Night Owl
AUB Auburn	OAT Oatmeal Cookie
BRL Barley	PIN Pinnacle Walnut
BLO Blonde Echo	PRL Praline

GRH Graphite	WLH Walnut Heights
HGL High Line	WEA Weathered Ash
LGC Legacy	

Solid Laminates

ALB Alabaster	SHD Shadow
BBL Bridal Blanco	SLG Slate Grey
DWH Designer White	

Worksurfaces

Worksurfaces are manufactured with 3-ply balanced construction. Tops are 1 3/8" thick with coordinating PVC edges. Worksurfaces feature 3mm PVC edges on user sides. Edge detail is flat with eased edge on top and bottom. Worksurface ends are banded with 1mm PVC.

HPL Features on Worksurfaces

Fusion of multiple layers creates a higher impact resistant surface. Tops are 3-ply balanced construction. Available in all wood grain and solid patterns.

Case Construction

Panels for chassis consist of a 3/4" thick substrate with TFL surfaces and PVC bands on exposed edges. Pedestals and cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. Leveling glides are set into solid hardwood blocks, which helps to prevent the leveling glide from tear out.

Drawers

The unidirectional V-Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The 1/2" thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box.

Drawer Suspension

High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

Locking

Desk and return pedestals feature pedestal front locking to provide maximum security and flexibility in configuration.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Walden Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 3-ply balanced construction, 1 3/4" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Case Construction

All construction is a combination of mortise and tenon with bore and dowel.

All panels are 3/4" thick with 3-ply construction and rimmed with veneer bands.

Arm slides are 3-ply construction, banded on all four sides with veneer. Pedestals are enclosed at the bottom with a 1/8" thick panel securely fastened to the bottom of the pedestal.

Each corner of the pedestal has a metal reinforcement bracket with a 2 1/2" adjustable glides. All glides can be adjusted from inside the pedestal by removing the bottom drawer.

Drawer Construction

The standard Baltic Birch drawer is constructed with 1/2" thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a 1/2" durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [WN12-WN13](#).

Locking

All desk, credenzas and freestanding pedestals with drawers are face locked. Locks are located in the upper right corner of top drawer. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains on Walden. Please see the chart below. Samples are available upon request. Finishes with an asterisk (*) have coordinating laminate tops.

CH1 Cherry	<i>Flat Cut Veneer</i>		
BRL Barley		EAR Earthy	
BBM Bourbon Medium		HRV Harvest*	
BRM Brighton Medium		LGC Legacy	
CLA Classic		PRL Praline*	
CLL Collectors*		SAF Saffron	
WA1 Walnut	<i>Flat Cut Veneer</i>		
AUB Auburn		SIE Sienna*	
ESP Espresso		TOF Toffee	
MCH Mocha*		TRF Truffle*	
NTO Night Owl*			

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Walden Product Information

Product Modification

Laminate Tops

Work surface only, no additional upcharge if Walden's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Collectors	Mocha
Harvest	Night Owl
Praline	Sienna
	Truffle

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

Special Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Pedestal Configuration Change

Pencil-box-file configuration is standard on all desks pedestals. Standard configurations for all other units are listed in the pricing section for that model.

Drawer configurations can be switched from a pencil-box-file or box-box-file to a file-file configuration on units 28 3/4" high, but must be specified at the time of order with an additional \$205 list per pedestal.

Changing from pencil-box-file to file-file pedestal will eliminate the writing shelf (arm slide).

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Walden. **All modifications still must be approved by JSI manufacturing,** please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible.

This chart does not apply to glass doors, or to metal components; such as grill on doors and cornices. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6" Occurrence

Overhead

Increasing width	\$969
Increasing depth	\$1,653
Increasing width with doors	\$1,147
Increasing depth with doors	\$1,769

Any Pedestal

Increasing width	\$1,375
Increasing depth	\$1,226

Any Panel

Increasing width	\$313
------------------	-------

Any Top

Increasing width	\$408
Increasing depth	\$575

Decreasing Dimensions Add On to the list Per 6" Occurrence

Overhead

Decreasing width	\$257
Decreasing depth	\$257
Decreasing width with doors	\$351
Decreasing depth with doors	\$351

Any Pedestal

Decreasing width	\$1,111
Decreasing depth	\$992

Any Panel

Decreasing width	\$131
------------------	-------

Any Top

Decreasing width	\$193
Decreasing depth	\$193

Example 1

Increasing open corner credenza width by 11", from 86" to 97".

Add Top Width (\$408 × 2) [\$408 for each 6" increment]

Add Panel Width (\$313 × 2) [\$313 for each 6" increment]

Total Modification = \$1,442

Example 2

Increasing a desk pedestal depth from 36" to 40" & increase the width of the same pedestal by 8"

Add Pedestal Depth \$1,226

Add Pedestal Width (\$1,375 × 2) [\$1,375 for each 6" increment]

Total Modification = \$3,976

Example 3

Decreasing an overhead from 62" to 58" width & increasing the depth by 3"

Add Overhead Width \$257

Add Overhead Depth \$1,653

Total Modification = \$1,910

Picture Frame Molding

Many Walden units, including desks, credenzas, and overhead storage, can be specified with picture frame molding. Desks feature this molding on the modesty panel, the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Credenzas have molding on the side of the pedestal and end panel only. Overhead storage features molding on wood doors only.

Walden Conference Product Information

WALDEN

Walden Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 3-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers

The standard Baltic Birch drawer is constructed with 1/2" thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a 1/2" durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Walden. Please see the chart below. Samples are available upon request. Finishes with an asterisk (*) have coordinating laminate tops.

CH1 Cherry *Flat Cut Veneer*

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 3-ply balanced construction, 1 3/4" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Top can be routed to accept 3 piece leather inlay.

Case Construction

All construction is full mortise and tenon.

Some panels are 7/8" and others are 1 3/16" thick. All panels are 3-ply construction. End panels and pedestal back panels are mitered and lock jointed together on approach side of desk.

Pedestals are enclosed at bottom by a 1 1/16" framed base platform, securely fastened to panels.

Arm slides are 3-ply construction, banded on all four sides with veneer.

Drawer Construction

All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and glued. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [WE16-WE17](#).

Locking

Locking is standard in all desks, credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request. Finishes with an asterisk (*) have coordinating laminate tops.

CH1 Cherry <i>Flat Cut Veneer</i>	
BRL Barley	EAR Earthy
BBM Bourbon Medium	HRV Harvest*

AUB Auburn	SIE Sienna*
ESP Espresso	TOF Toffee
MCH Mocha*	TRF Truffle*
NTO Night Owl*	

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Edge and Hardware

Wellington is available with the Federal Edge Profile and two hardware options. Each hardware is available in antique or burnished brass.

Edge Profile

Federal Edge Profile
Accepts Laminate Top

Drawer Hardware

Wellington Hardware
Antique Brass (ANB)
Burnished Brass (BBR)

Windsor Hardware
Antique Brass (ANB)
Burnished Brass (BBR)

Drawer Pedestals

Wellington has unique construction on the pedestals as described below. Space does not allow for file-file configuration.

Pedestal Configuration

- A** Pedestal Writing Shelf
- B** Horizontal Trim Molding (*molding can be eliminated*)
- C** Center Drawer (*with pen tray*)
- D** Central Locking (*locks all drawers*)
- E** Top Tray Drawer
- F** Center File Drawer (*front made as two box drawers*)
- G** Lower Box Drawer

End Support Components

Wellington offers end support components that can be used with other modular items to create modular freestanding applications.

Note: Spans 48" or greater requires a support rail

End Panel Support PE8028
Use as support for modular credenza configuration

End L-Panel Support PELF8028R (*right shown*)
Use as additional support for either freestanding credenza or when connecting run-off desk to modular credenza configuration.

Example 1

- A** PRR8066L *Run-Off Desk*
- B** PELF8028L *End L-Support*
- C** TU8091 *Modular Top*
- D** FD8031N *File/File Pedestal*

End Panel Support PE8028R (*right shown*)
Use as support for modular credenza configuration when connecting to a return or a bridge.

End L-Panel Support PELC8028R (*right shown*)
Use as additional support for modular credenza configuration and connecting to return or bridge.

Example 2

- A** SPR8066L *Single Ped. Desk*
- B** EU8048 *Bridge*
- C** PELC8028L *End L-Support*
- D** F8020N *Box/Box/File Pedestal*
- E** TU8066 *Modular Top*

Wellington Product Information

Picture Frame Molding

Wellington desks, credenzas and overhead storage may be specified with picture frame molding. Desks feature this molding on the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Overhead storage features molding on wood doors only.

No Molding
WOM in pricing column (when available)

Base & Leg Options

Wellington units feature a standard traditional style base molding. The Bracket Base and Georgian Feet are available on Wellington desks, credenzas, returns, bookcases, lateral files and wardrobes. Connecting units must always have the same base style. Modesty panels on returns and bridges may be specified without base molding to coordinate with the Bracket Base and Georgian Feet styles. Table desks are standard with the fluted leg.

Standard Base

Bracket Base Option
Add \$766 list for double pedestal desk, single pedestal desk and open corner credenzas.
Add \$653 list for kneespace credenzas.
Add \$360 list for run-off desks, returns, storage credenzas, bookcases with bases, wardrobes and pedestal units with base.
Add \$278 list for non-handed pedestal ends.

Georgian Feet
Add \$857 list for double pedestal desks, kneespace credenzas and storage credenzas over 72" w.
Add \$823 list for single pedestal desks, run-off desks, returns, storage credenzas 71" w and less, open corner credenzas, bookcases with bases, wardrobes and pedestal units with base.
Add \$320 list for non-handed pedestal ends.

Fluted Leg

3-Piece Leather Inlay

The prestige of Wellington can be enhanced with a 3-Piece Leather Inlay, which may be added to the worksurface of any freestanding desk for a \$2,559 upcharge to list price.

Cortina Leather Options

Caprone
Old English

Leather Inlay is limited to specific style and thickness of leather. Call Customer Service for more information. Visit jsifurniture.com for leather colors.

Wellington Product Information

Edge Shaping

Freestanding desks and storage units such as credenzas and overheads are shaped all sides. Run-Off desks, returns, and bridges use a combination of shaped sides and reverse shaped sides.

Shaped All Sides
Freestanding Desks
Storage Units

Shaped 3 Sides with Reverse Shape on Connecting End
Run-Off Desks and Returns

Shaped 2 Sides with Reverse Shape or Flat Cut on Connecting Ends
Bridges

Flat Cut Option

Storage units have the option to have the left, right or both sides flat cut to allow for flush alignment against other units. Handedness is determined when facing the front of the unit. See pricing pages for additional charges.

Shape Front and Both Side

Wellington Conference Product Information

WELLINGTON

WELLINGTON

Wellington Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 3-ply balanced construction, 1 3/4" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers

All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and heavily glue blocked. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Locking

Locking is standard in all credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Waldon. Please see the chart below. Samples are available upon request. Finishes with an asterisk (*) have coordinating laminate tops.

CH1 Cherry Flat Cut Veneer

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Standard Power and Data Locations for Casegoods:

- Specify - Location when ordering on desk, return, computer corner, bridge and credenza - please provide drawing.
- Computer corner units - power/data replaces grommet.
- Standard power and data unit locations are indicated from user side of desk, return, computer corner bridge or credenza.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice

Standard Power and Data Locations for Tables and Conference Units:

- Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.
- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

Included with EC9, EC10, EC13, EC15, TCP110 and CC9CNE1-0708.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.
