## Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

### MISSION

To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

### LOCATION

Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

### PACKAGING

We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

### REGULATORY

All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

### MANUFACTURING FACILITIES

Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

### MANUFACTURING PROCESSES

Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

### TEXTILES

Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

### WOOD

Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

### WOOD OPTIONS

Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

### INDOOR AIR QUALITY

Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818 - GreenGuard Indoor Air Quality certification.

### PARTNERSHIPS

## Lifetime Warranty

JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

### Exceptions to Warranty:

#### 12 Years (from date of purchase)

- Wood Seating
- Seating Controls
- Veneer Surfaces
- Laminate Surfaces
- Pneumatic Cylinders

#### 5 Years (from date of purchase)

- Glides · Casters · Task Lights
- Mesh/Knit Material · Foam
- Florette Plastic Frame Chairs
- Electrical Components
- Electric Height Adjustable Bases

### This Warranty Does Not Cover:

- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control.
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions.
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

## Unique Characteristic of Natural Woods and Veneers

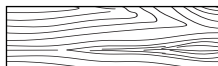

JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

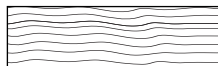

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown in diagram

Quarter Sliced as shown in diagram

Double Cut as shown in diagram

Rift Cut as shown in diagram

### Double Cut

The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

## Laminates (Veneer Series)

An alternative HPL (Higher Pressure Laminate) laminate work surface can be specified on most of our casework product lines. The specification pages will also list the available coordinating finishes.

## Laminate Series

JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops are HPL (High Pressure Laminate) or TFL (Thermal Fused Laminate). TFL is used on the product's chassis.

Please reference the featured highlights of each product line to identify the species, grain patterns, finishes for that product series

## Finish - Top Coat

To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

## Finish - Color/Stains

A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

## Finish - Matching

Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

## Finish Sheen

All casework veneer finishes are standard in 35-sheen, with the exception of Raven, which is only offered in 15 sheen. All other finishes are available in 15 sheen, with a 5% upcharge, per model

## Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **\$372 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

### Samples

Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Website – jsifurniture.com (click the resource tab)

JSI Sales representatives

Phone – 800.457.4511 – Customer Service

Email – customerservice@jaspergroup.us.com

### Pricing

Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

### Orders

Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI

225 Clay Street

Jasper, IN 47546

Fax – 812-482-1548

Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

### Product Modifications

While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

### Order Acknowledgments

All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the order was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

### Quickship

JSI offers select Vision models, with select options, in our Quickship program. These items ship within 10 business days after receipt of a clean, credit approved purchase order. Items should be placed on order separate from standard lead time models.

Product for up to 10 offices or 10 tables can be included on a single Quickship order. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified by JSI customer service. Changes and cancellations to Quickship orders are not allowed under any circumstances, nor are modifications to the predetermined Quickship offering. Limit one order per project.

### Delivery

Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate **75 foot trucks**. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does **not** include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

### Standard Delivery Time

Between 8AM and 3PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

### Cancellations and Changes

All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

### No Touch Freight

Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

### On-Site Deliveries

Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

### Detention Fees

- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads
- \*Detention fees apply after allotted unloading time and will be at buyer's expense.

### Fees

Orders of less than \$1,000 net . . . . . \$90 net per order  
(If order is UPS shippable, the handling fee is waived and customer is invoiced for exact shipping charges.)  
Weekday deliveries outside of standard delivery times . . . . . \$300  
Weekend deliveries (Saturday or Sunday) . . . . . \$600  
Liftgate Deliveries. . . . . \$500 minimum 7% of net price  
Driver Assist . . . . . \$90  
Jobsite Non-Dock Delivery . . . . . \$150 per truck  
Inside Delivery (first floor inside only) - no installation  
or carton removal. . . . . \$250 minimum 7% of net price  
NO RESIDENTIAL DELIVERIES

### Warehouse/Storage Fees

Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

### Please be Advised

- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liability policy.

### Freight Damage

JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact the carrier immediately to file a claim. In the event of concealed damage, notify the carrier and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

### Repairs

JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

### Replacement Parts

Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

### Returns

JSI products are made to order and may not be returned for credit. No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. RGA's will be considered for the following reasons:

1. Manufacturing defect (validated by JSI representative).
2. JSI order processing error.
3. Shipping error.
4. Mis-marked cartons.
5. Duplicate shipments.

Liability for defective merchandise shall be limited to replacement or repair.

If you have questions as to whether your reason for return qualifies for consideration, please contact Customer Service. At the discretion of JSI, returns on stocked items may be considered with the following stipulations:

1. 60% restocking fee.
2. All return freight charges must be prepaid by dealer.
3. Product was never removed from the original carton.
4. Product must be returned withing 30 days of RGA issue date.
5. Credit will not be issued if product returned is damaged.
6. Under no circumstances can we accept COD (Cash on Delivery) returns. Any such shipment will be refused.

**Please note most models on Quickship are produced on demand and cannot be returned. Modified, special or custom-built product is not eligible for return.**

### Fire Retardancy

All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

### California Technical Bulletin 133 (CAL 133)

JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **\$78 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples - representing worst case scenarios of upholstered units - to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

## Flame Spread

All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

Solid Wood - Class C  
Topcoats - Class A  
Carded Fabric - Class A  
Composite Panels - Class C  
Laminate - Class B

Plastics - According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

## Textile Carded Programs

JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics, Camira and Cortina Leather. Please refer to our website for our standard patterns, along with the current grade.

<https://www.jsifurniture.com/finishes-and-materials/textiles>

## Textile Grade-In Programs

For the convenience of our specifiers, we offer an extensive graded in program. Please reference our website for the most up to date information on our graded in program.

<https://www.jsifurniture.com/resources/textile-partner-info/overview/>

For additional specifications on the pattern or to order memo samples, please contact the textile suppliers directly:

Arc Com [www.arc-com.com](http://www.arc-com.com)  
Camira [www.camirafabrics.com](http://www.camirafabrics.com)  
Designtex [www.designtex.com](http://www.designtex.com)  
Maharam [www.maharam.com](http://www.maharam.com)  
Mayer [www.mayerfabrics.com](http://www.mayerfabrics.com)  
Momentum [www.themomgroup.com](http://www.themomgroup.com)

Stinson [www.cfstinson.com](http://www.cfstinson.com)  
Ultrafabrics [www.ultrafabricsllc.com](http://www.ultrafabricsllc.com)  
Cortina Leather [www.cortinaleathers.com](http://www.cortinaleathers.com)

Any textile not graded in or pre-approved for COM/COL will require application test approval prior to order entry and shipment of fabric or leather to JSI. For current JSI grades and application status by series visit [jsifurniture.com](http://jsifurniture.com) Resources > Graded-In + COM; [Graded-In + COM](#).

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See [jsifurniture.com](http://jsifurniture.com) for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

## COM/COL Address

JSI  
Attn: COM/COL Department  
Receiving B  
Dock 71  
201 East Martin St.  
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

## General COM Fabric/COL Hide Policy

Refer to the COM/COL Price Columns for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:

- + approval of COM/COL to be used  
(see policy on the next page)
- + fabric repeats greater than 3"
- + fabric less than 54" wide
- + leather hides smaller than 50 square feet
- + special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:

- + model number and quantity of the product the COM/COL will be applied
- + COM/COL textile supplier's name
- + name of pattern and color of the textile
- + any special application request

Visit [jsifurniture.com](http://jsifurniture.com) Resources > Graded-In + COM to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.

JSI takes no responsibility when additional materials must be ordered.

## COM Fabric Repeat Guide

| Roll Width | Plain Fabric | 1" - 5" Repeat | 6" - 10" Repeat | 11" - 15" Repeat | 16" - 20" Repeat | 21" - 30" Repeat | 31" - 40" Repeat | 41" - 50" Repeat |
|------------|--------------|----------------|-----------------|------------------|------------------|------------------|------------------|------------------|
| 54"        | 0%           | 10%            | 15%             | 20%              | 25%              | 30%              | 40%              | 50%              |
| 53" to 51" | 15%          | 20%            | 25%             | 30%              | 35%              | 40%              | 50%              | 60%              |

The percentage represents the additional fabric yardage that needs to be added to the COM yardage. Contact Customer Service for repeats greater than 50".

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

## COM Fabric/COL Hide Process for JSI Seating

General COM Fabric and COL Hide Policy also apply.

JSI will approve or disapprove COM/COL on all products. An approval of a textile from JSI makes no claim that performance, durability or tailoring of COM/COL will result in satisfactory upholstery. Every effort will be made to meet customer's expectation, but fabrics/leathers have unforeseen inherent characteristics that may limit JSI's ability to deliver a well tailored product.

### Approval COM Textile/COL Hide Process for Seating

#### Follow the Steps Below:

1. Send a Memo Sample of the COM/COL (recommended memo be at least 4" x 4")

JSI

Attn: COM/COL Approval Department

201 East Martin Street

Receiving B, Dock 71

Orleans, IN 47452

2. Call our Customer Service Department at 812-482-3204 to request an electronic version of approval form.

### Guide Order Form for COM and COL

Please send sample to:

JSI

JSI will review and test as needed all requests. You will be notified as soon as results are documented by our review personnel. JSI reserves the right to reject any COM/COL on our products. We will provide COM/COL explanation of any unapproved textile whenever possible.

## Custom Options

### Wood and Metal Laser Cut Backs

Many of our seating models are available with custom wood engraving or laser cut backs. University seals, logos, unique designs, or any type of graphic can be designed into the seating back for a custom creation. Copyright approval may be required. Consult JSI Customer Service for pricing and artwork specifications. Artwork must be submitted as a JPG or PDF file.

### Wood Laser Engraving and Cut Outs General Pricing

\* must order plain back when choosing these options

|                                 |                     |
|---------------------------------|---------------------|
| For Artwork 4" x 4" or Less     | \$56 list per chair |
| For Artwork Less than 6" x 6"   | \$99 list per chair |
| For Artwork Larger than 6" x 6" | Call For Pricing    |

For orders fewer than 50 pieces, add \$153 list per design, per order. This pricing reflects etching (leaving the wood dark). If additional painted colors are added to artwork please call customer service for pricing.

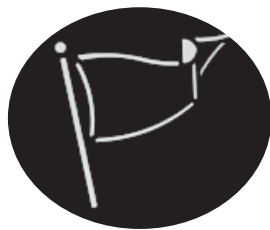

A \$134 list set-up fee applies.

### Metal Laser Cut Out General Pricing

\* must order plain back when choosing this option.

Contact Customer Service for pricing.

Examples shown below

## Care and Maintenance

### Care and Maintenance

#### Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at [jsifurniture.com](http://jsifurniture.com) or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

#### Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

#### Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

#### Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

#### Care of Frosted Glass

Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

### Tempered Glass Information

JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of "cubes" rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or "inclusion" that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as "spontaneous" breakage but is a very isolated occurrence in the glass industry.

#### Care of Dry Erase Boards

Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufacturers cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

#### Care of Solid Surface

Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

## Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could affect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

**20-20 GIZA Studio and 20-20 CAP Studio** software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casework and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

**CET Designer, by Configura** is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality - supporting every step of the sales process

**ProjectMatrix, Inc.** offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our JSI Casework and Seating product lines. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

**GSAdvantage** is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website [jsifurniture.com](http://jsifurniture.com) provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

UEI #DDJ2GKQM7M84

## Product Modifications

We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

## Acceptance, Modification, Assignment

By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

## Payment

Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

## Attorneys' Fees

Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

## Remedies

The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

## Insolvency

Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

# GSA Terms and Conditions

## Limitation of Liability

The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience cause by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

## Returns and Allowances

Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

## Security Agreement

The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

## Governing Law

All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

## Mitigation

If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

## Integration

This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

## Dimensions/Specifications/Finishes

All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact match to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

## Company's Performance of Its Obligation

The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

# Apogee™ Product Information

## Wood Materials

Exterior surfaces are made from the finest selected veneers. Matching solid lumber wood species are used to coordinate with the veneer. High quality MDF is used on the painted surfaces.

Apogee™ is available in quarter cut Walnut, quarter cut Maple, quarter cut Makore or Double Cut veneer.

## Exterior Metal Materials

A custom shaped extruded anodized aluminum pull is used on the drawers and doors. The thin profile glass door frame is also anodized aluminum, along with the valance rail used with task lights on overheads.

Leg and Post frames are fabricated steel tubing finished with a Bright White or Arctic Silver powder coat. Shelf dividers, wire dividers, and other metal trims are fabricated and finished in a matching Silver powder coat.

## Metal Finishes

ASL Arctic Silver                      BWH Bright White

## Worksurface Construction

All tops are 1 3/8" thick with 3-ply construction and trimmed off with matching 1.5mm rims. Worksurface tops are only available in the Apogee™ veneer options. Requests for laminated tops will need to be reviewed for approval, contact Customer Service.

## Case Construction

All cases are constructed with mortise, tenon, and dowels. Interior cases are reinforced with glued cleats and screws. Panels for cases are normally 3/4" thick with 3-ply construction. All pedestals have enclosed bottoms.

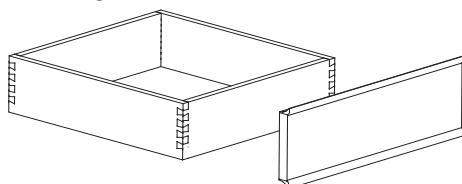

Plinth style bases are attached directly to the bottom of the cases. The metal glide housing inside the base provides for accurate leveling. Front and back glides in drawer pedestals can be adjusted up and down by removing the lower drawer and using the glide access hole located in the bottom of the case.

Cabinet doors have 110° swing hinges to allow adequate access into cabinets. Hinges are fitted with a soft close device, requiring only a soft push to close the door. Units taller than 18" are fitted with an adjustable shelf.

## Drawer Construction

Drawers are assembled using a four corner dovetail box and 3/4" thick drawer bottom panel construction. The exterior front is attached separately. Sides and backs are approximately 1/2" thick solid hardwood. Drawer components have a UV finish to protect against shrinking, swelling, or warping and to provide a clean smooth feel and appearance. Lateral files have reinforced bottoms.

The exterior front panel is 3-ply and 3/4" thick. The front is attached to the assembled drawer box. The anodized aluminum pull runs along the top or bottom edge of the drawer front.

box drawer and front with pulls (middle drawer)  
wood drawer box - DRW

## Drawer Suspensions

Suspensions are black and carry a lifetime warranty. File and Box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear. Suspensions on utility, box and file drawers have a soft close device, allowing for an effortless closing of the drawer.

## Filing Systems

All drawers intended for filing come with clips and metal stretchers to accommodate hanging folders.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Apogee™. Please see the chart below. Samples are available upon request.

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Apogee™ Product Information

### Product Modification

#### Special Finishes

Special finishes can be requested by following the instructions in the general introduction section. There is a one time charge of \$372 list per order.

#### Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

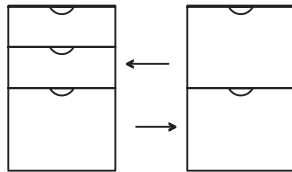

#### Premium Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

#### Pedestal Configuration Change

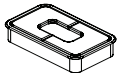

Utility/Box/File configuration is standard on all desks and File/File configuration is standard on all return units.

Apogee drawer configuration on pedestals 29 1/2" high can be reconfigured to a Utility/Box/File or File/File configuration, but must be specified at the time of order with an additional \$189 list per pedestal.

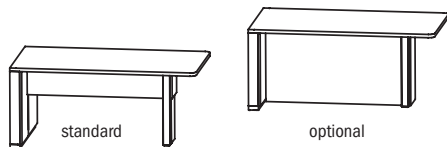

#### Grommets

Please [see page AP20](#) for location and placement availability. Add \$114 list for each grommet.

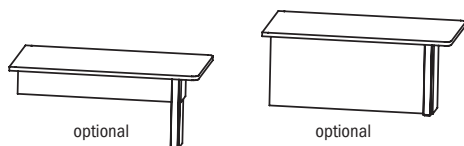

#### Modesty Panel

End Panel Desks are standard with a partial modesty. A full modesty is available as an option and should be ordered with the desk. See price list pages for availability and pricing.

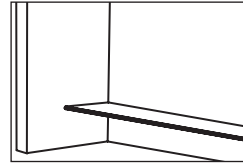

Run-Off Desks are standard without a modesty. Optional partial or full modesty may be specified on the desk. See price list pages for availability and pricing.

#### Mini Shelf

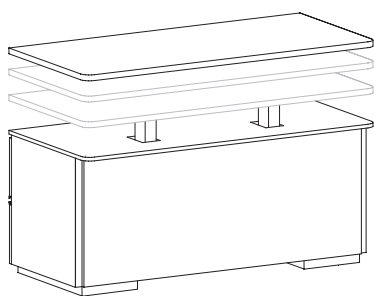

Aluminum mini shelf is optional on the insert panel overhead cabinets. This option needs to be specified with the overhead cabinet.

#### Special Sizes and Construction

Apogee has various modular units to create many popular applications. Please contact Customer Service if you need help in creating a particular layout.

# Apogee™ Product Information

## Ergo Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Apogee.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button control activates the electric powered lifting columns for adjustability from sitting height to a standing height. A  $\frac{3}{4}$ " thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that Ergo adds  $\frac{3}{4}$ " to the standard height of the desk and the installation will decrease kneespace depth by 8".

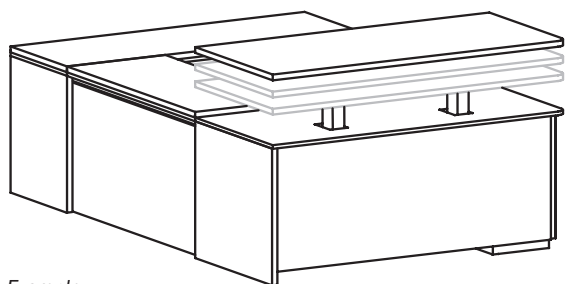

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When Ergo is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the Ergo mechanism and the top. This is accomplished by adding a  $\frac{3}{4}$ " sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the Ergo mechanism.

Height adjustment starts at 30  $\frac{1}{4}$ ", to a standing height of 49  $\frac{3}{4}$ ", a range of 19  $\frac{1}{2}$ ".

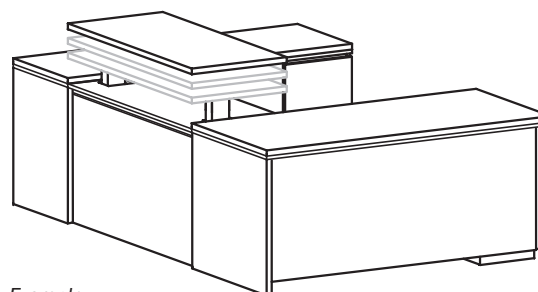

**Note:** The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

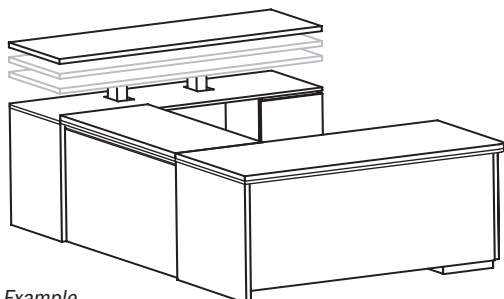

Example

AP1-SPR-1-3066L (with ERGO option) add \$4,835 to list  
 AP3-BMR-1-2250 (with ERGO ADJACENT option) add \$711 to list  
 AP2-OCP-1-2266R (with ERGO ADJACENT option) add \$711 to list

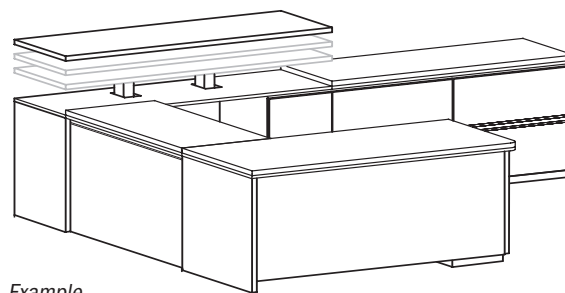

Example

AP1-SPR-1-3066L (with ERGO ADJACENT option) add \$711 to list  
 AP3-BMR-1-2250 (with ERGO option) add \$4,835 to list  
 AP2-OCP-1-2266R (with ERGO ADJACENT option) add \$711 to list

Example

AP1-SPR-1-3066L (with ERGO ADJACENT option) add \$711 to list  
 AP3-BMR-1-2250 (with ERGO ADJACENT option) add \$711 to list  
 AP2-OCP-1-2266R (with ERGO option) add \$4,835 to list

Example

AP1-SPR-1-3066L (with ERGO ADJACENT option) add \$711 to list  
 AP3-BMR-1-2250 (with ERGO ADJACENT option) add \$711 to list  
 AP2-OCP-1-2266R (with ERGO option) add \$4,835 to list  
 AP2-DST-1-2260 (with ERGO ADJACENT option) add \$711 to list

## Apogee™ Product Information

### Availability of Apogee Units with the Mechanism

The following models are available with the ERGO Adjustable Work Height Mechanism.

**Freestanding Units** - Units below do not require adjacent products; select ERGO option and add \$4,835 to the list price.

#### Double Pedestal Desk

AP1-DPF-1-3066

AP1-DPF-1-3672

**Adjacent Connecting Units** - Select ERGO option for the model you wish to have height adjustment and add \$4,835 to the list price. For units, from this list, that are connecting to the ERGO model, you must select ERGO ADJACENT on each of these connecting models and add \$711 list to each model. \*If the connecting model is 24"x 48" or less, add \$606 list.

#### Single Pedestal Desk

AP1-SPR-1-3066L

AP1-SPR-1-3066R

AP1-SPR-1-3666L

# Apogee™ Product Information

## Quarter Cut Veneer Grain Direction

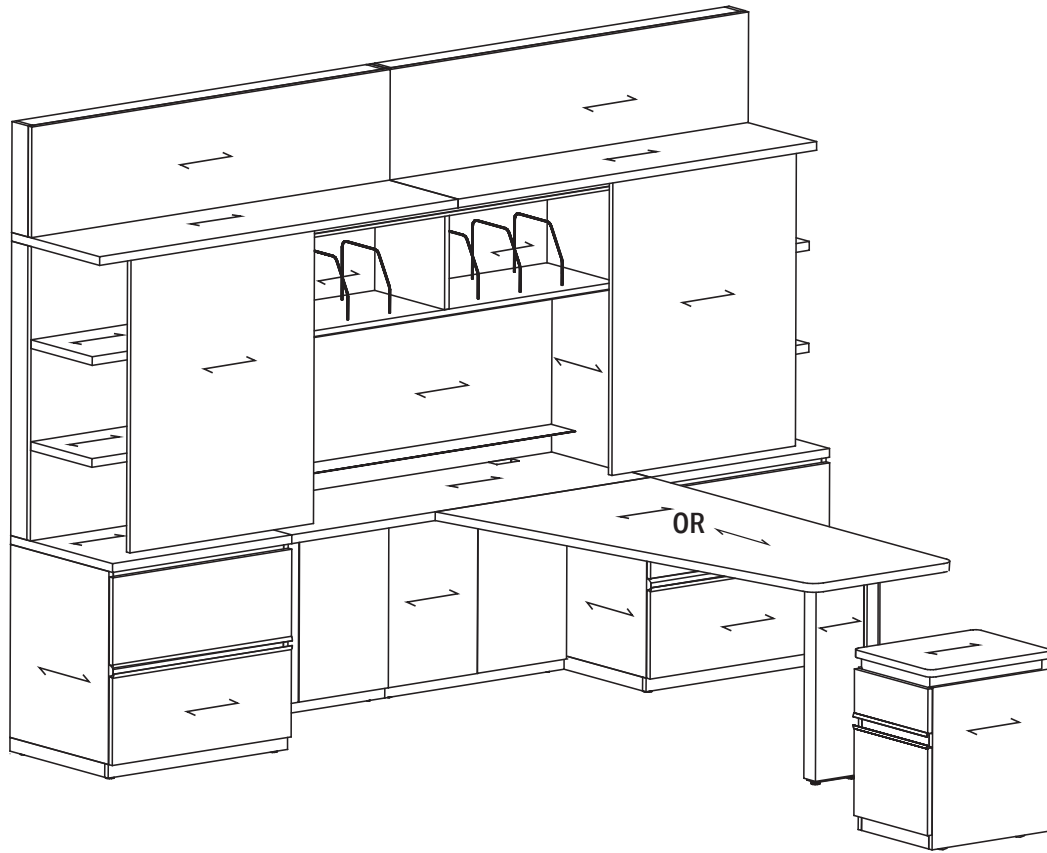

### Quarter Cut Veneer

Standard direction for quarter cut veneer on Apogee™ is vertical.

The log is cut into quarters prior to slicing. This method bisects annual growth rings and results in a straight grain or ribbon-striped appearance.

## Apogee™ Product Information

### Double Cut Veneer Grain Direction

#### Double Cut Veneer

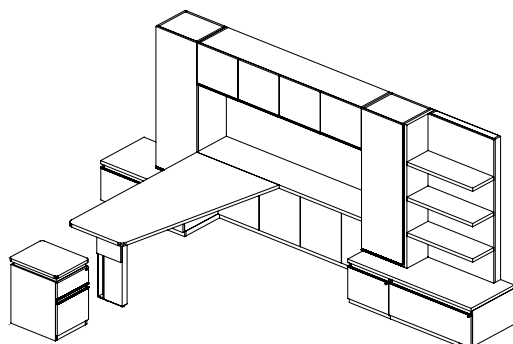

Standard direction for double cut veneer on Apogee™ is horizontal.

This veneer uses multiple layers of thin wood which is re-assembled, then re-cut in a factory, under controlled specifications. The veneer used in our program is a uniform straight grain pattern and is pre-stained for color consistency.

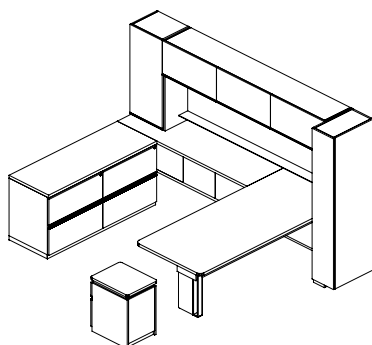

# Apogee™ Product Information

## Layouts

Two typical casegood layouts that can easily be created with Apogee™

Casegood layout made up of modular components, Trapezoid Run-Off Desk, One-High Lateral with Full Height Wall Access, Towers, Wall Mount Overhead, and Asymmetric Shelf

U-Group layout made up of built up, free standing casegood components, End Panel Desk, Full Height Access, Panel-Support Overhead, Tower, Wardrobe and Two-High Lateral

## Casegoods feature modular wall components including: storage overhead cabinets, asymmetric shelves and back panels

Two heights & two depths of wall components  
Wall-mount or Panel-supported Overheads  
Casegood worksurface tops specified separately

### 1 Overhead, Wall Mount

### 2 Wall Panel

Available in veneer, magnetic glass markerboard, paint or tackable fabric. Thin profile anodized aluminum frame is featured on the panels with the glass option.

### 3 Wall Panel with Mini Shelf

Available in veneer, magnetic glass markerboard, paint or tackable fabric. Thin profile anodized aluminum frame is featured on the panels with the glass option. 5" Mini shelf is finished in anodized aluminum.

### 4 Run-Off Desk

Has an option for partial or full modesty panels in veneer or paint.

### 5 Tops

Modular items can be attached together with common worksurface tops. Refer to the items, some tops may be included.

### 6 Low Storage: Two-High Lateral File

### 7 Low Storage: One-High Lateral File

### 8 Low Storage: Wall Access Panel (partial height)

Allow for wiring to pass through to building wall.

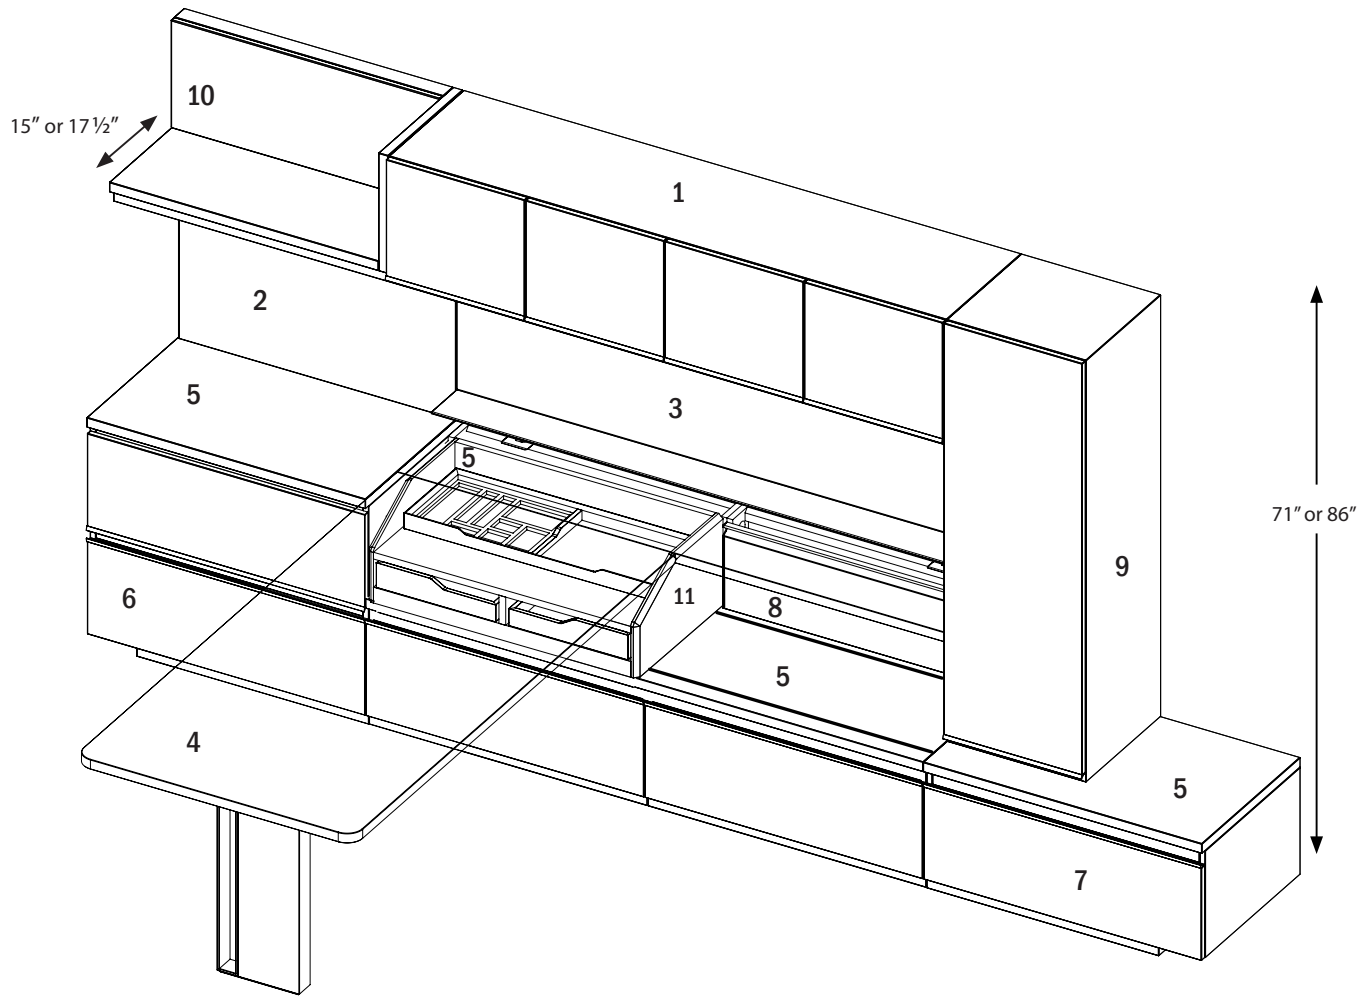

### 9 Storage Tower

### 10 Asymmetric Shelf

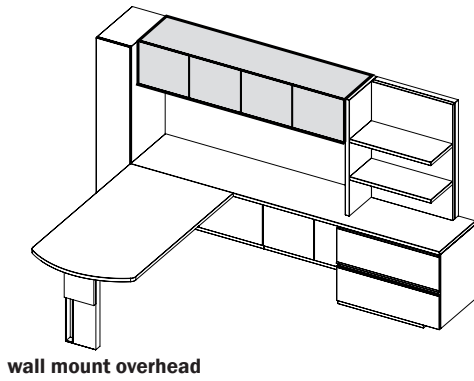

### 11 Accessories: Piling Shuttle (tops with shuttle tracks)

Shuttle slides back and forth on the track.

## Layouts

Two typical workwall layouts that can easily be created with Apogee™

Workwall grouping with Arc End Runoff Desk, Two-High Lateral Files, Full Height Wall Access with two piece Workwall and Workcenter

U-Group layout with End Panel Desk, Bridge Top, One-High and Two High Lateral Files, Partial Wall Access Panels, Open Workwall Shelves with Magnetic Back Painted Glass Markerboard

## Workwalls can be specified with Open Shelves or Workwall with Work Centers solutions

One height & one depth of workwall  
Left and Right End Section specified as a set  
Tops are included with each section of workwalls components

### 1 Sections of WorkWall

Doors available in veneer finish, paint, or back painted glass with or without magnetic feature. Wall attachment required.

### 2 Workcenter

Five different configurations: combination of shelves with wire dividers, lower cubby, glass markerboards, monitor opening, refer to pages [AP135-AP138](#).

### 3 Open Frame Desk with Return Console Feature

Frame available in two finishes, Bright White or Arctic Silver.  
Power & Data unit available as an option.

### 4 Tops (included with WorkWall components)

### 5 Partial Wall Access Panel

Tops included with some units.

### 6 Low Storage: One-High Lateral File

### 7 Low Storage: Console Connector with Hinged Door

Use in conjunction with return console, provides pass thru for wiring from the desk to the building wall.

### 8 Return Console

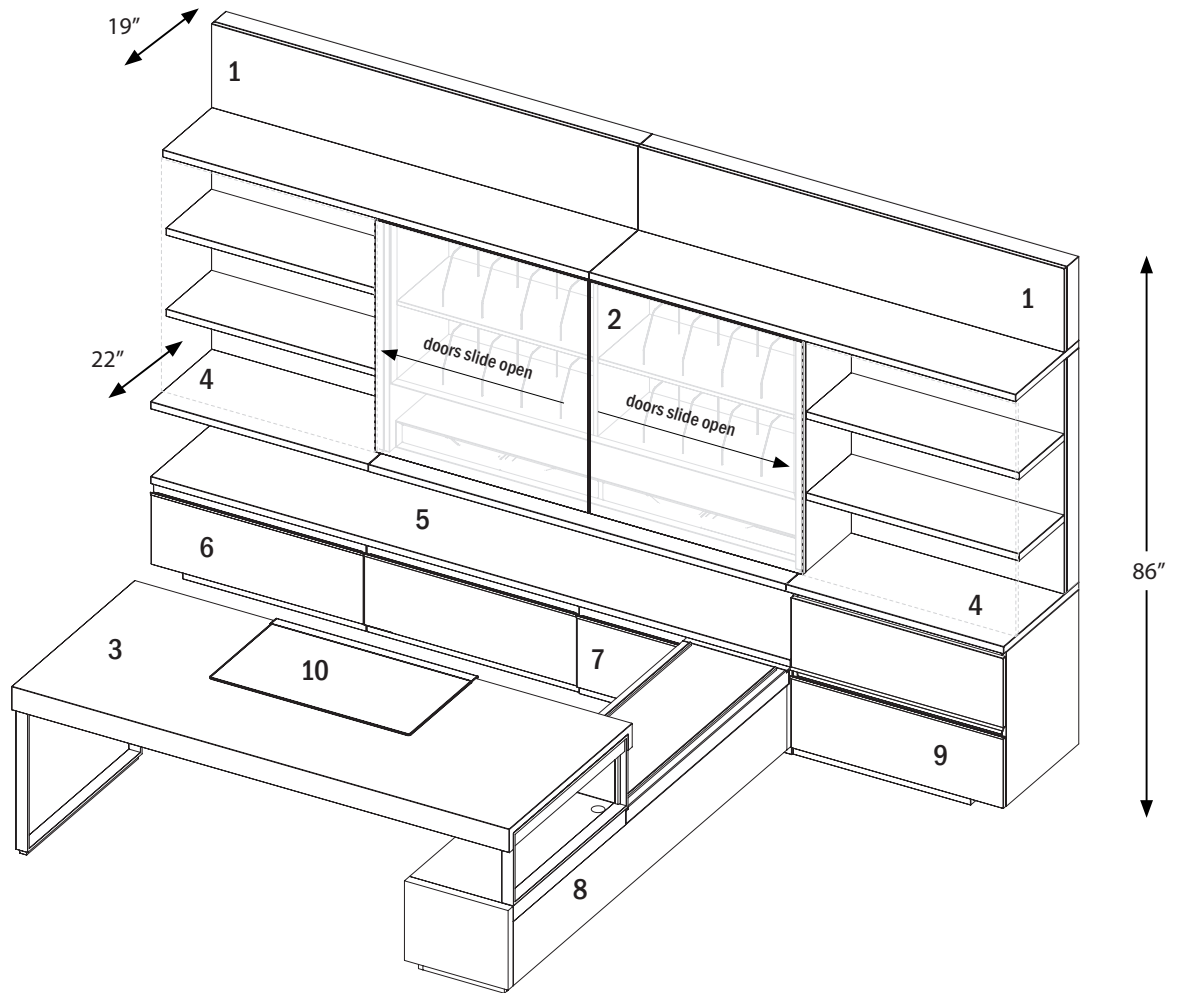

Sliding door opens up to lift out charging and organization trays lined in felt. Section under desk provides access to wire storage and includes a power strip.

### 9 Low Storage: Two-High Lateral File

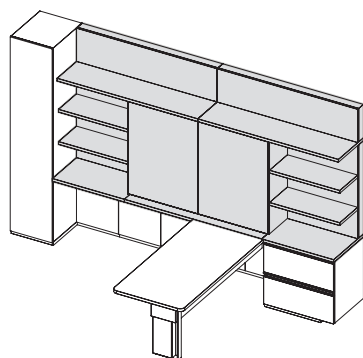

### 10 Accessories: Leather Desk Pad

Apogee™ Product Information

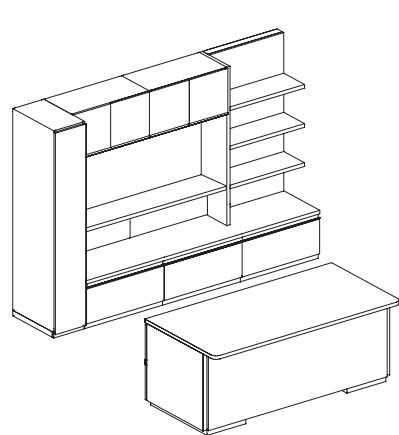

86" Overall Height

Important  
Tops are included with the work wall

Upper workwall component will not work  
with other overhead components  
(Storage Overhead, Wall Mount Overheads, Towers and Asymmetric Shelves)

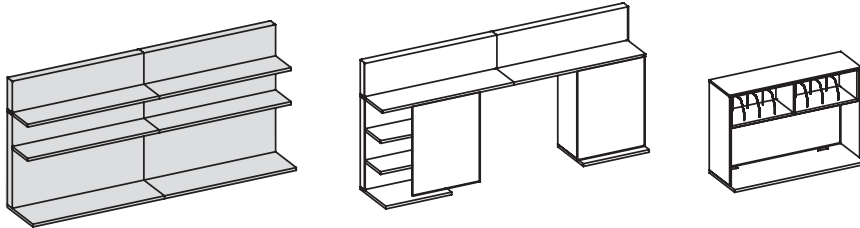

|          |       |  |       |
|----------|-------|--|-------|
|          |       |  |       |
| wardrobe | 85 ½" | workwall with sliding door   | 57"   |
|          |       | lateral without top and wall access panel  | 28 ½" |
| overall* | 86"   |  | 86"   |

\*overall height is rounded up, consideration for leveling tolerance is included.

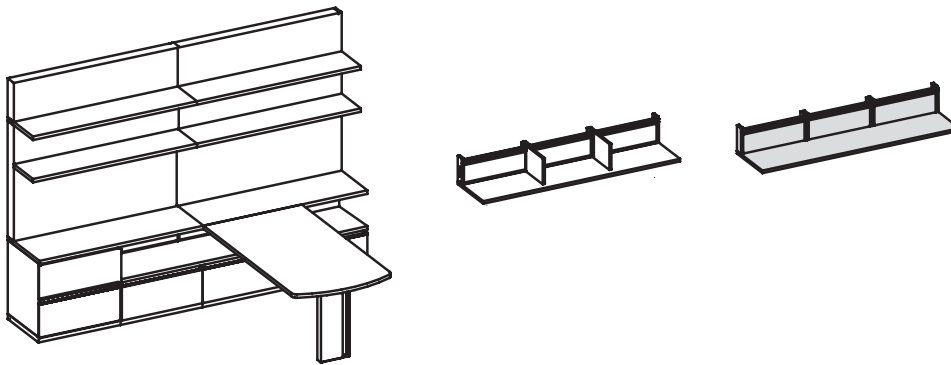

## Apogee™ Product Information

- 1 Select an overall layout style (primary runoff, U grouping or freestanding table desk). Consider the overall width, Workwalls are available in 144" or 120" widths. Then determine the method of support for secondary workwall top.
- 2 Choose the workwall, either full open shelves or units with an open center section and doors. When choosing the units with doors you must also select a workcenter, this is required and is specified as a separate model.

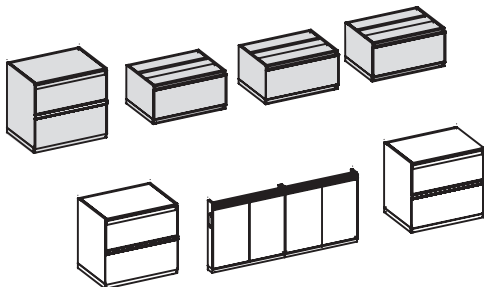

- 3 If using one-high storage/lateral, select the correct kneespace access unit. If side units such as wardrobe cabinets flank the workwall use the unit without the built in support extensions.

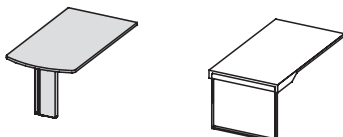

**Note:** These units are only needed when NOT using a workwall and without adjacent storage support

- 4 Choose the lower units to complete the workwall.

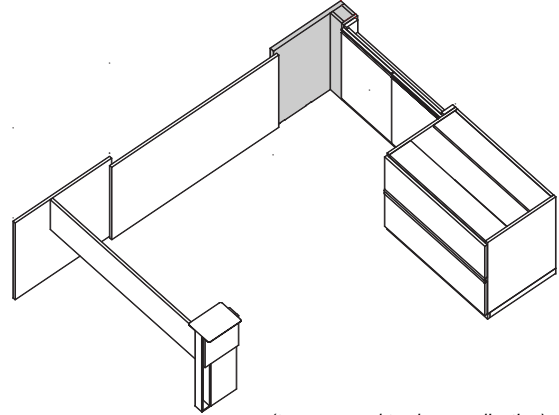

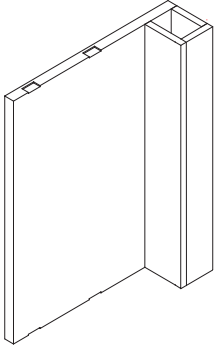

- 5 Choose run-off desk to finish the layout.

## Apogee™ Product Information

### End Panel Transition to Access Panel

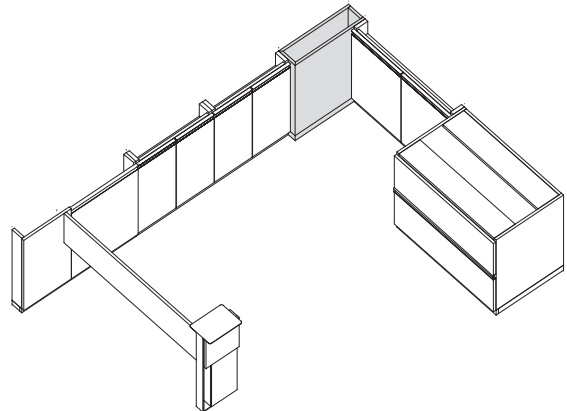

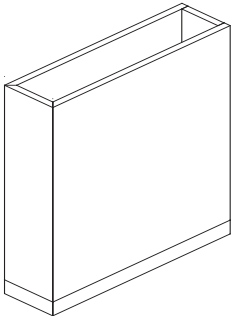

End panel transition supports and creates a transition when using a standard end panel desk and bridge; turning the corner to a kneespace access panel. (This item can be flipped for left or right).

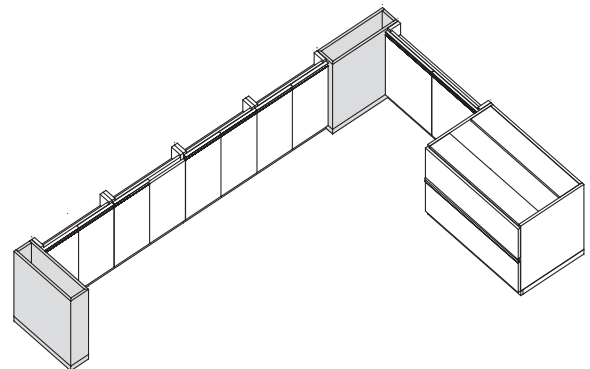

(tops removed to show application)

### End Support

End support can be used to end a run of modular units or to turn the corner. Front corners are mitered. (Unit can be used for left or right applications).

(tops removed to show application)

(tops removed to show application)

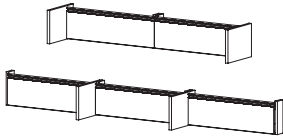

## Apogee™ Product Information

### Floating Top Appearance

Partial height kneespace access panels are used above one-high storage units to support floating workwall tops. Depending on adjacent storage and support, different types of wall access panels are required.

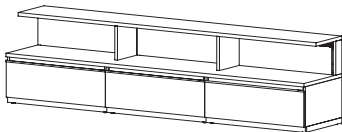

If you are using a Workwall or have top support on both sides, you can use the Wall Access Panel. If you are not using a Workwall and do not have top support on both sides, a Wall Access Panel with Support Panels is required.

#### Wall Access Panel with Support Panels

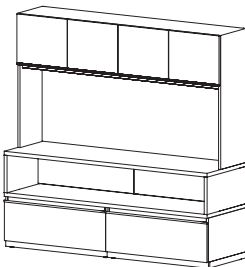

Use the partial wall access units with panel support when configuring examples 1, 2 & 3.

#### Example 1

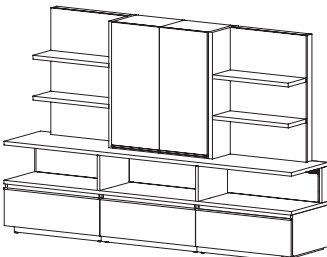

This example needs the additional support for the top, shown with a 15" deep top.

#### Example 2

The wall access panel 72" wide has the support panel on the outside which supports the 22" deep top.

#### Example 3

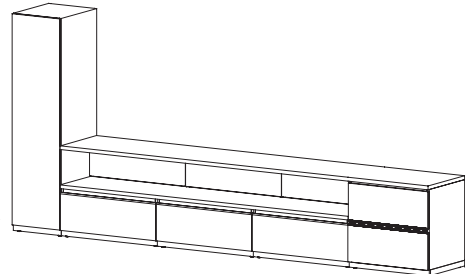

Support for this configuration is needed for the top and the asymmetric shelves and towers.

#### Wall Access Panel

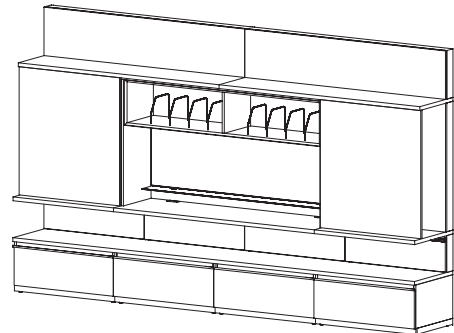

The partial wall access panels as shown above are used in configuration examples 4 & 5.

#### Example 4

The top is supported from both sides, shown with a 22" deep top.

#### Example 5

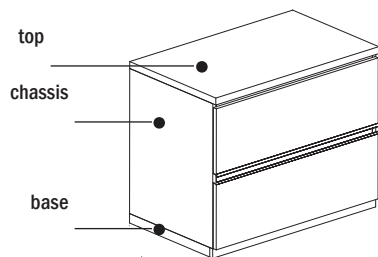

Tops are part of the wall hung workwall components. It is recommended the wall access panel be attached to the wall.

## Finish & Paint Scheme

(see page AP32 for list finish options)

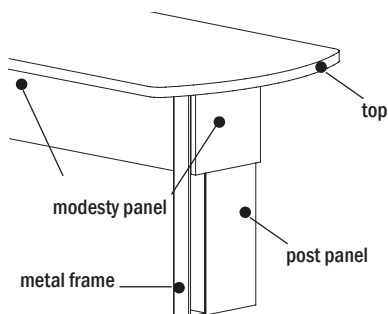

**tops** - veneer only  
**chassis/drawer fronts** - veneer or paint  
**base** - must match either top or chassis

can only choose one veneer finish and one paint per unit

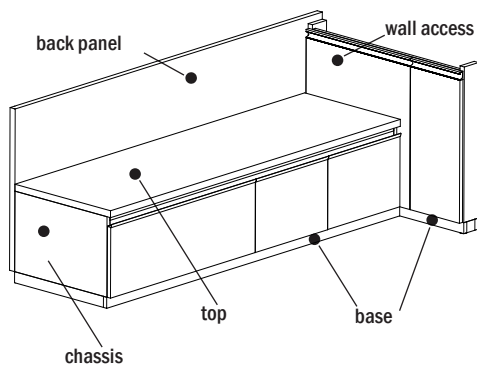

**top and table top apron** - veneer only  
**leg accent** - veneer or paint  
**metal frame** - arctic silver or bright white

can only choose one veneer finish and one paint per unit

**top** - veneer only  
**modesty panel** - veneer or paint  
**post panel** - veneer or paint  
**metal frame** - arctic silver or bright white

can only choose one veneer finish and one paint per unit

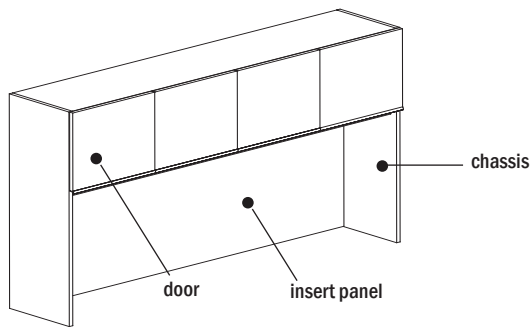

**top** - veneer only  
**wall access unit, back panel and chassis/fronts** - veneer or paint  
**base** - must match top or wall access unit, back panel and chassis/front

can only choose one veneer finish and one paint per unit

*optional cushions can be ordered to create a bench*

## Apogee™ Product Information

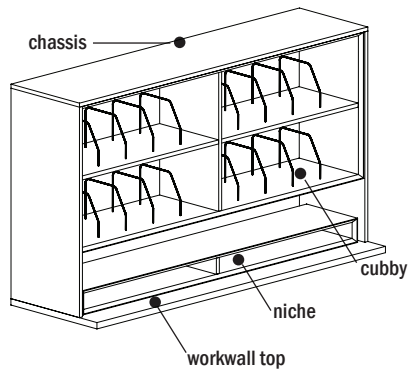

**chassis** - veneer or paint

**doors** - veneer or paint

**insert panel** - veneer, paint, magnetic back painted white glass or fabric  
(requires a specification)

can only choose one veneer finish and one paint per unit

**workwall top** - veneer only

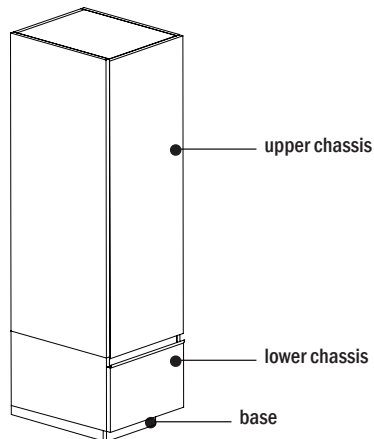

**chassis** - veneer (same as workwall top) or paint

**cubby** - paint only

**divider** - silver

**niche** - paint only

can only choose one veneer finish and one paint per unit

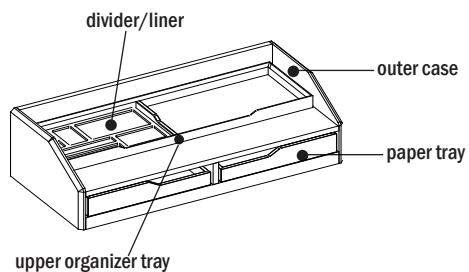

**upper chassis/door fronts** - veneer or paint

**lower chassis/drawer fronts** - veneer or paint

**base** - veneer or paint

can only choose one veneer finish and one paint per unit

*scheme allows one high modular components to match lower sections of wardrobe cabinets*

**outer case** - paint

**divider/liner** - charcoal felt

**upper organizer tray** - matches outer case

**paper tray** - paint or veneer

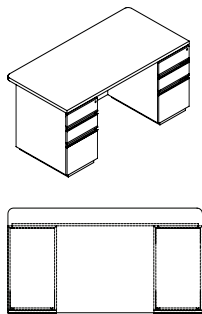

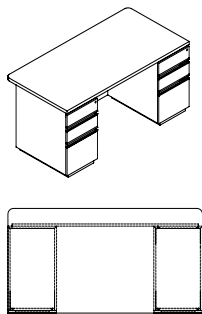

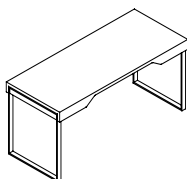

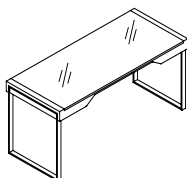

can only choose one veneer finish and one paint per unit

### To Order, Specify:

#### Credenza

- ① Model Number
- ② Wood Species on Top - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1) or Double Cut (DC1) ([see page AP32](#))
- ③ Finish Color for Top ([see page AP32](#))
- ④ Finish Color for Chassis/Drawer Fronts
  - a.) Same as Top
  - b.) Paint ([see page AP32](#))
- ⑤ Finish Color for Base
  - a.) Same as Top
  - b.) Same as Chassis/Drawer Fronts or Paint Color ([see page AP32](#))
- ⑥ Fabric - vendor, pattern, color  
Visit [www.jsi.furniture.com/finishes-and-material/textiles-for-our-textiles](http://www.jsi.furniture.com/finishes-and-material/textiles-for-our-textiles) program. See selection of standard and graded in manufactures and patterns.

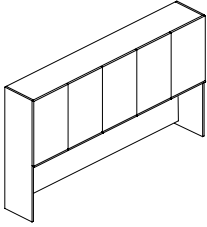

#### Mobile Pedestal

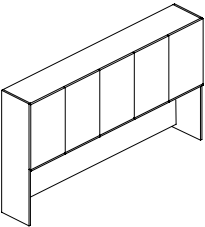

- ① Model Number
- ② Wood Species on Top - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1) or Double Cut (DC1) ([see page AP32](#))
  - a.) Finish Color for Top, ([see page AP32](#))
- ③ Finish Color for Chassis/Drawer Fronts
  - a.) Same as Top
  - b.) Paint ([see page AP32](#))

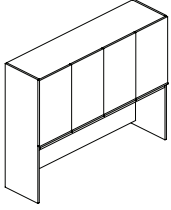

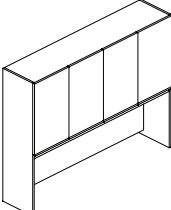

#### Mobile Pedestal with Cushion Top

- ① Model Number
- ② Cushion
  1. Fabric - vendor, pattern, color  
Visit [www.jsi.furniture.com/finishes-and-material/textiles-for-our-textiles](http://www.jsi.furniture.com/finishes-and-material/textiles-for-our-textiles) program. See selection of standard and graded in manufactures and patterns.
- ③ Chassis/Drawer Front Species - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1), Double Cut (DC1) or Paint (PNT) ([see page AP32](#))
- ④ Finish Color for Chassis/Drawer Fronts ([see page AP32](#))

Note: Only one wood finish and one paint color can be specified per unit

|--|----|----|----|-----|----|-----------------------|----------------|

- letter depth storage
- mounting hardware included
- locking doors available, specify and add \$426 list
- valance rail highly recommended, [see page AP99](#)
- compartment height: 28 1/4"
- compartment depth: 13 1/2"

### To Order, Specify:

#### Open Storage

- ① Model Number
- ② Wood Species/Paint - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1), Double Cut (DC1) or Paint (PNT) ([see page AP32](#))
- ③ Finish Color ([see page AP32](#))

Note: Only one wood finish and one paint color can be specified per unit

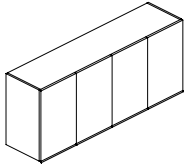

#### Overhead Cabinet

- ① Model Number
- ② Finish Application
  - a.) All Veneer
    - 1.) Wood Species - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1) or Double Cut (DC1) ([see page AP32](#))
    - a.) Finish Color ([see page AP32](#))
  - b.) All Paint (PNT)
    - 1.) Paint Color ([see page AP32](#))

#### c.) Veneer/Paint Combination

- 1.) Chassis Wood Species/Paint - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1), Double Cut (DC1) or Paint (PNT) ([see page AP32](#))
  - a.) Finish Color for Chassis ([see page AP32](#))
- 2.) Door Wood Species/Paint - Makore (MK2), Maple (MA2), Walnut (WA2), Black Oak (BO1), Double Cut (DC1) or Paint (PNT) ([see page AP32](#))
  - a.) Finish Color for Door ([see page AP32](#))

## Bourne Tables and Storage Product Information

### Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Bourne product line. To attain a pleasing, symmetrical pattern, all veneers in Bourne are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

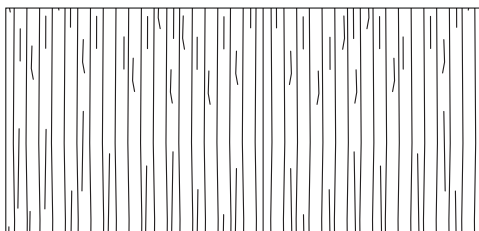

#### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Bourne is available in flat cut cherry, maple, walnut veneer and black oak. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Bourne Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Bourne Double Cut Veneer.

### Worksurface Construction

#### Veneer and Laminate Worksurface

Worksurfaces are 1 3/8" thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. MDF edges on table tops have an undercut bevel profile and are painted to match top.

#### Solid Surface Worksurface

Solid surface worksurfaces are constructed with a 1/2" thick solid surface top and a 1/8" thick wood sub-top. Total thickness of this mixed material worksurface is 1 3/8". MDF edges on sub-top have an undercut bevel profile and are painted to match top.

### Casework Construction

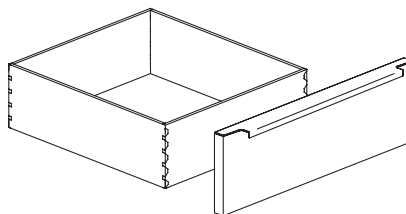

Casework tops are made up of layers of hardwood veneers molded to shape and RF cured. Outer veneers are matched for uniform grain patterns. All casework tops are 3/4" thick plywood.

Casework chassis, doors and drawer fronts consist of veneer over composite wood core; all wood core components are 3/4" thick.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

### Drawers

The 9-ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

### Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

### Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Bourne. Please see the chart below. Samples are available upon request.

## Bourne Tables and Storage Product Information

### Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

### DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.  
**Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.  
**Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.  
 To reduce hazardous formaldehyde emission we use our proprietary specially design top coat, DuraTex™. We are proud that our finish is Green-Guard certified.

### Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

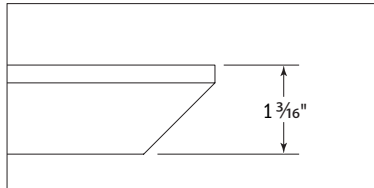

### Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces, with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. Avoid exposure of furniture to extremes of heat, cold, and wide variance of humidity. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration.

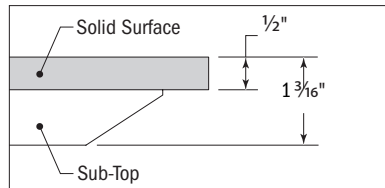

### Metal Components

Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textured metals with a soft, dry brush to remove dirt.

## Top Edge Details

Knife Edge - Veneer & Laminate

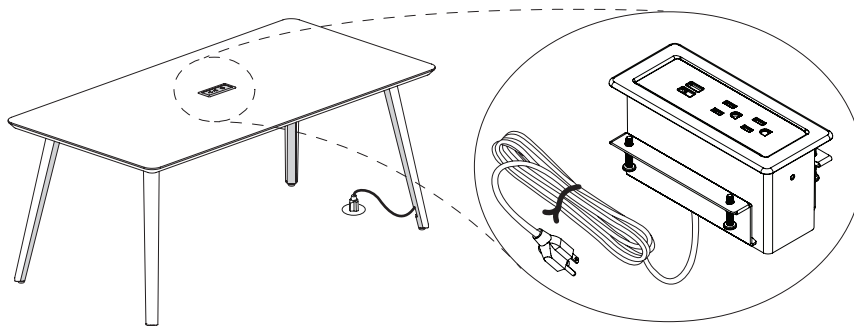

Painted Knife Edge with Solid Surface Top

## Optional Power Units

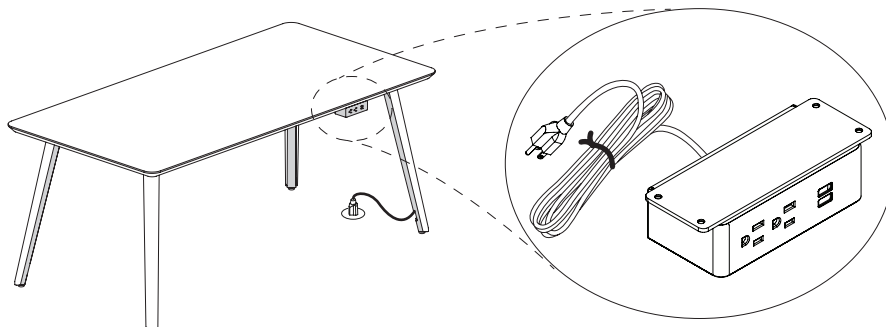

### Worksurface Surface Power

Optional Worksurface Power (EC26) is available on standard, counter and bar height tables. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, [see page BU23](#). Length of cord is 10 feet.

### Under Surface Power

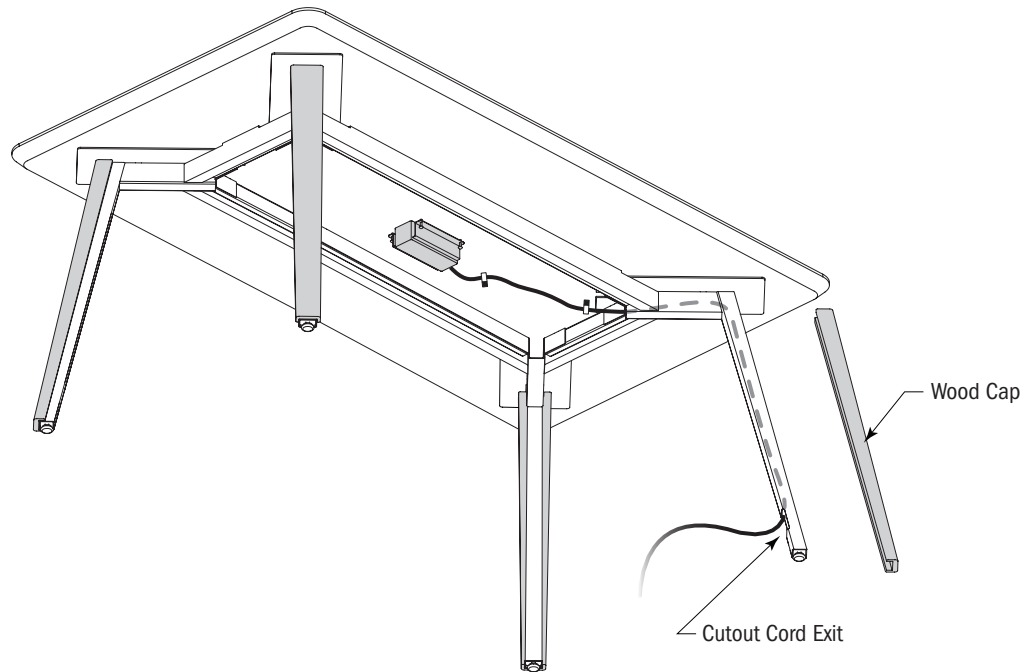

Under Surface Power (EC27) may be ordered for standard, counter and bar height tables. The EC27 Under Surface Power Unit(s) must be ordered separately, [see page BU23](#). This unit is field installed. Length of cord is 10 feet.

## Bourne Tables and Casework Product Information

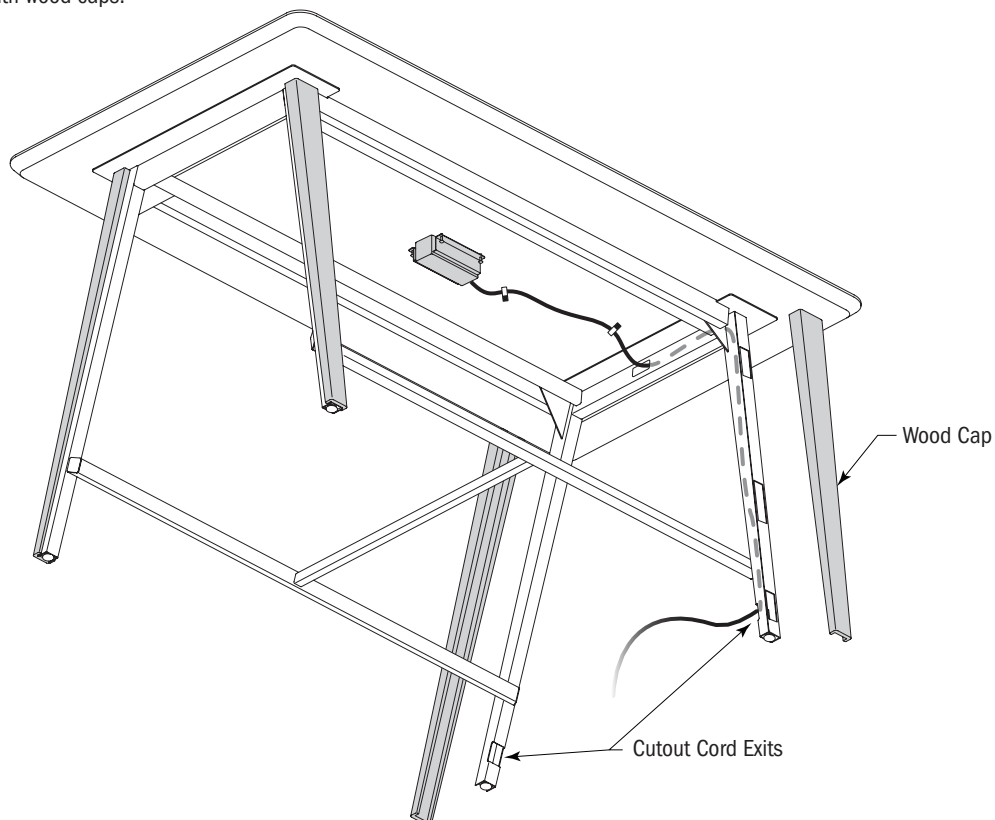

### Wire Management - Standard and Counter Height Tables

Standard and counter height tables with metal legs contain one leg with a wire management channel/exit cutout which is accessed and concealed with a wood cap. This wire management leg can be attached to any corner of the table during assembly. Predetermining which corner of table cord exit is desired and assemble accordingly.

### Wire Management - Bar Height Tables

Bar height tables with metal legs has a set of legs on one side of table with wire management channel and exit cutout. The management channels are accessed and concealed with wood caps.

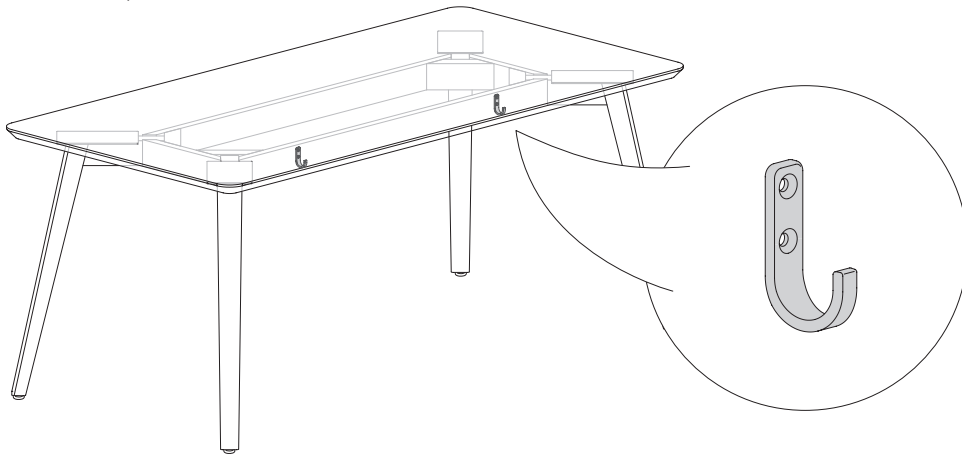

## Bourne Tables and Casework Product Information

### Optional Accessory Hooks

Optional satin stainless steel accessory hooks are available on the 30"h, 36"h and 40"h tables.

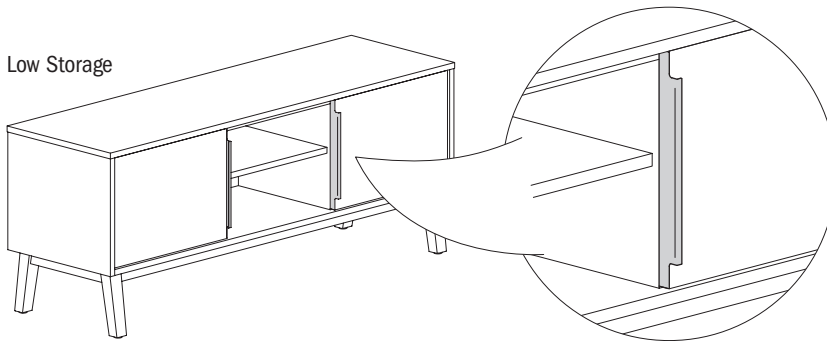

Four Hooks - add \$193 list

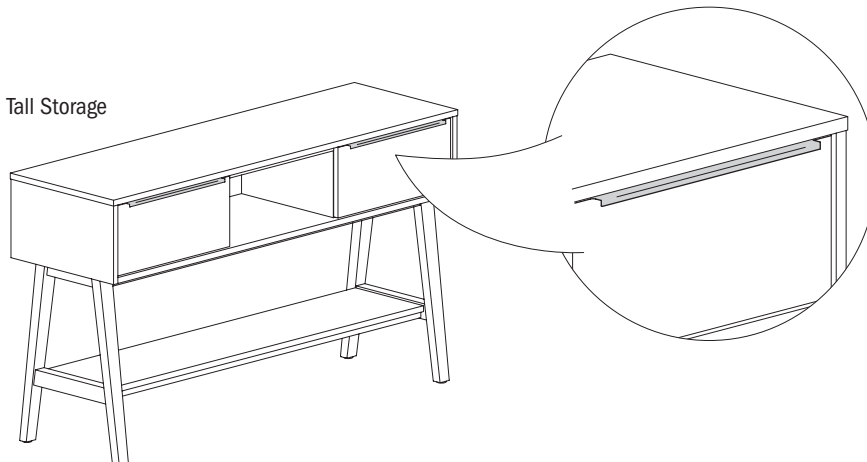

### Integrated Metal Pull

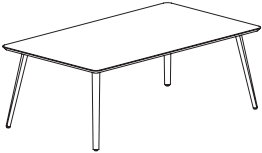

Storage Units offer integrated clear anodized aluminum pulls standard.

# Brogan Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

## Work Surface Construction

Tops are 5-ply balanced construction, 1 3/4" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

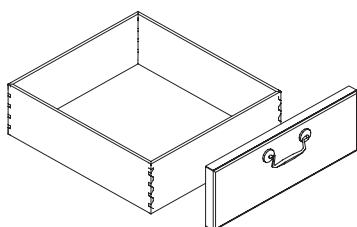

## Case Construction

All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 1 3/8" thick with 3-ply construction and rimmed with veneer bands.

## Drawer Construction

Drawers are assembled using four corner, dovetailed box and 1/4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7/8" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

## Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [BG14-BG15](#).

## Locking

All desk, and lateral files feature central locking. Credenza and returns feature pedestal locking.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

## Finish - Stain/Colors

We offer a variety of wood stains on Brogan. Please see the chart below. Samples are available upon request.

| CH1 | Cherry          | Flat Cut Veneer |
|-----|-----------------|-----------------|
| BBM | Bourbon Medium  | CLL Collectors  |
| BRM | Brighton Medium | HRV Harvest     |
| CLA | Classic         | PRL Praline     |

| WA1 | Walnut   | Flat Cut Veneer |
|-----|----------|-----------------|
| ESP | Espresso | TRF Truffle     |
| MCH | Mocha    | UMB Umber       |
| SIE | Sienna   |                 |

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.  
**Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.  
**Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Laminate Tops

Work surface only, no additional upcharge if Brogan's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

| CH1 | Cherry     | Flat Cut Veneer |
|-----|------------|-----------------|
| CLL | Collectors |                 |
| HRV | Harvest    |                 |
| PRL | Praline    |                 |

| WA1 | Walnut | Flat Cut Veneer |

## Brogan Product Information

### Product Modification

#### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

#### Special Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

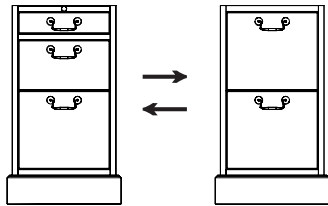

#### Finish Sheen

All veneer finishes, for Brogan, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

#### Pedestal Configuration Change

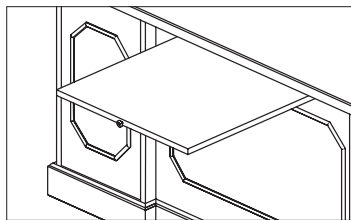

Writing shelf-tray-box-file drawer configuration standard on desk pedestals. Desk pedestal only can be switched out to a file-file configuration. Must be specified at the time of order with an additional \$192 list per pedestal.

Changing to a file-file pedestal configuration will eliminate the writing shelf (arm slide).

#### Desk Dictation Slide

The approach side of the desk in the center break front area has an option of a center pullout dictation slide. Add \$481 to the list price of the desk.

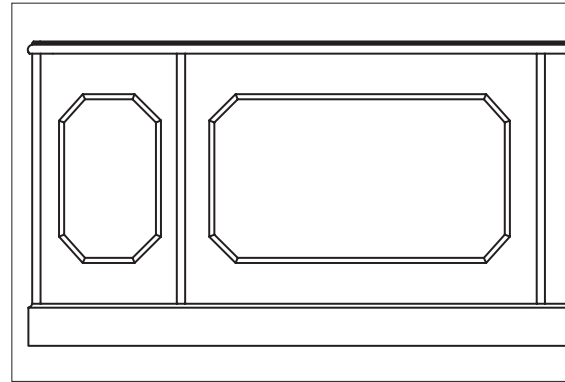

### Product Modification

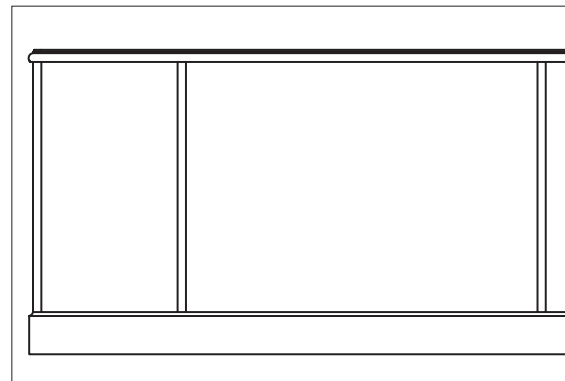

#### Trim Molding

Angled Trim molding is standard on all Brogan products.

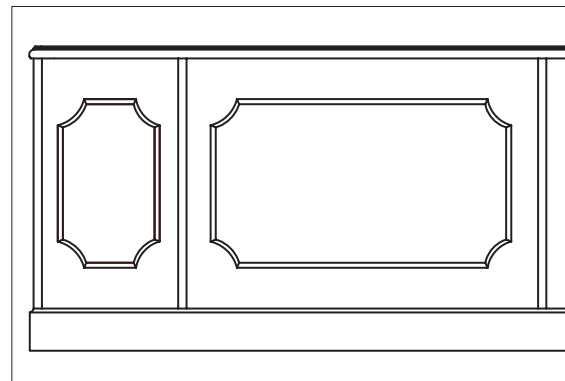

Without molding or Scalloped Trim molding can be specified at the time of order placement.

**Angled Trim**  
standard

**Base Molding Only** (without trim)  
optional at no charge

#### Scalloped Trim

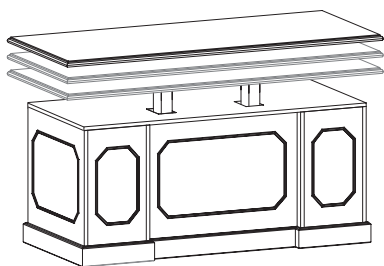

optional with upcharge to list for each item

\$146 for all desk

\$76 for all other product with standard trim molding

## Brogan Product Information

BROGAN

### ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Brogan.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge, or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A  $\frac{3}{4}$ " thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds  $\frac{3}{4}$ " to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built into each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a desk worksurface in a "L" or "U" group, the unit that connects to the desk also needs to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a  $\frac{3}{4}$ " sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

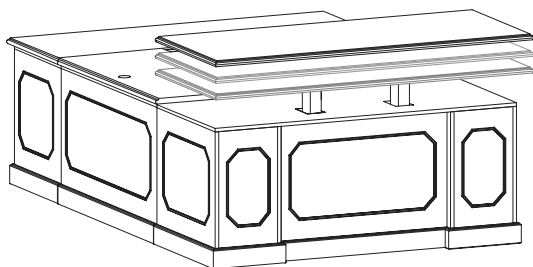

Height adjustment starts at 30  $\frac{3}{4}$ ", to a standing height of 50  $\frac{1}{4}$ ", a range of 19  $\frac{1}{2}$ ".

To specify the unit that has the mechanism, add **ERGO** to the end of the model number.

To specify the connecting or adjacent units add, **ERGO ADJACENT** to the end of the model number.

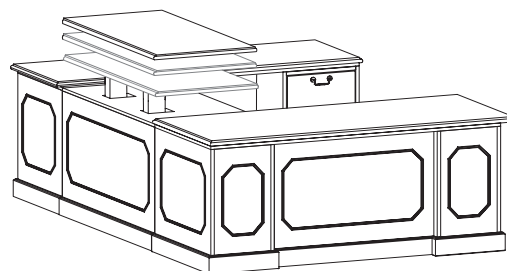

**Note:** The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

### Connecting or Adjacent Units to Match Starting Height

All the units listed above can be specified as connecting or adjacent units. Other Brogan units could also be used as connecting units. Please contact Customer Service for additional items and pricing. When specifying, please add "ERGO ADJACENT" to the end of the model number.

Pricing for Standard Connecting or Adjacent Units

Tops larger than 24" x 48" add \$711 to list price.

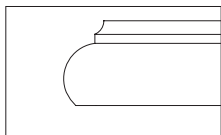

Tops 24" x 48" or smaller add \$606 to list price.

# Brogan Product Information

## Edge and Hardware

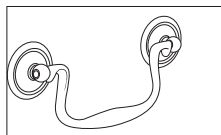

Brogan offers a traditional edge profile and three drawer pulls. Hardware is available in antique brass or antique pewter.

### Edge Profile

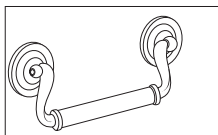

**Brogan Edge Profile**  
Accepts Laminate Top

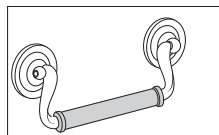

### Drawer Hardware

**Brogan Hardware**  
Antique Brass (ANB)  
Antique Pewter (ANP)

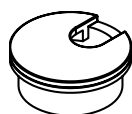

**Gala Hardware**  
Antique Brass (ANB)  
Antique Pewter (ANP)

**Gala Leather Wrapped Hardware**  
Antique Brass (ANB)  
Antique Pewter (ANP)

Optional matching leather wrapped pulls available for desk with leather inlay or other coordinating units. Specify leather wrapped pulls, add \$59 list upcharge per pull. Indicate Antique Brass (ANB) or Antique Pewter (ANP) pull.

## Worksurface Grommets

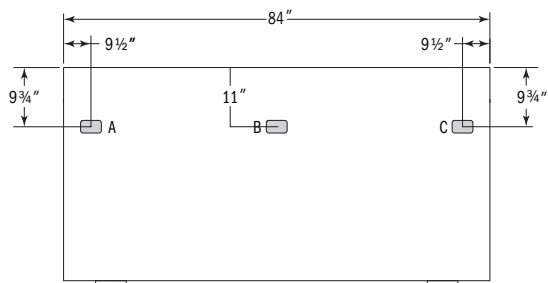

**Worksurface Grommet**  
Antique Brass (ANB)  
Black (BLK)

Worksurface grommets are standard on bridges, corner units, returns and the backs of overheads. Additional worksurface grommets can be specified on desks, credenzas, and other types of veneer/laminate worksurfaces. The grommet location must be approved by JSI manufacturing, contact Customer Service.

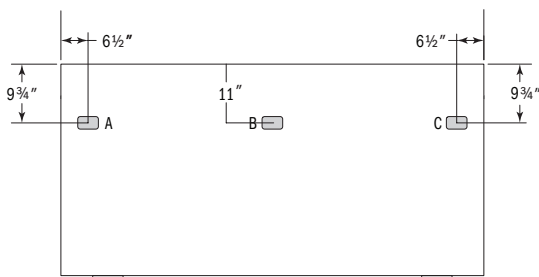

Add \$114 to the list for each additional grommet.

Models with an Antique Brass pull will receive an Antique Brass grommet, those with an Antique Pewter pull will receive a Black grommet.

## Brogan Conference Product Information

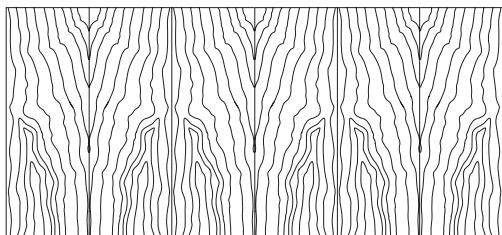

BROGAN

# Brogan Conference Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

## Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Tops are available in one edge profile.

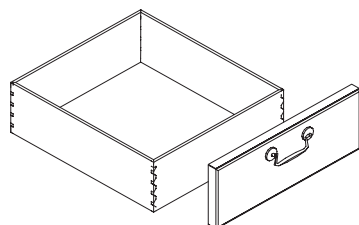

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

## Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

## Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Brogan. Please see the chart below. Samples are available upon request.

| CH1 Cherry |                 | Flat Cut Veneer |            |
|------------|-----------------|-----------------|------------|
| BBM        | Bourbon Medium  | CLL             | Collectors |
| BRM        | Brighton Medium | HRV             | Harvest    |
| CLA        | Classic         | PRL             | Praline    |
| WA1 Walnut |                 | Flat Cut Veneer |            |
| ESP        | Espresso        | TRF             | Truffle    |
| MCH        | Mocha           | UMB             | Umber      |
| SIE        | Sienna          |                 |            |

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Finish Sheen

All veneer finishes, for Brogan, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

## Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

## Brogan Conference Product Information

### Product Modification

#### Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### CH1 Cherry *Flat Cut Veneer*

CLL Collectors

HRV Harvest

PRL Praline

#### WA1 Walnut *Flat Cut Veneer*

MCH Mocha TRF Truffle

SIE Sienna UMB Umber

#### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

#### Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

### Base (units with access panel in the base for wire management are available, order this feature with the appropriate model number.)

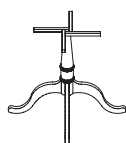

panel base  
30" and 24" width

rectangular base  
30" and 24" width

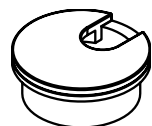

square base  
24" width

cabriole base  
33" width

### Grommet

Brogan Grommets

Work surface grommets can be specified work surfaces. The grommet location must be approved by JSI manufacturing; contact Customer Service.

Add \$114 to the list for each grommet.

Grommet color must be specified, select Antique Brass or Matte Black. Lock cores will match grommet color.

Matte Black (MBK)

Antique Brass (ANB)

### Order Check List:

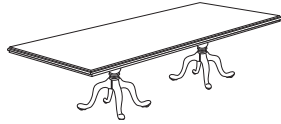

Specify:

- ☐ 1. Model Number
- ☐ 2. Finish
- ☐ 3. Wood Species - cherry - walnut
- ☐ 4. Top Options - standard veneer - laminate surface (see page [BGC3](#))
- ☐ 5. Pull Section **if applicable**
- ☐ 6. Other Product Options
- ☐ 7. Power and Data Accessories (*drawing showing location and orientation must accompany order*)
- ☐ 8. Side Mark Information (*i.e. room number, East Conference Room*)
- ☐ 9. Shipping Address (*contact name and phone number*)
- ☐ 10. Special Delivery Instructions (*i.e. call before delivery, deliver to job site*)

## Collective Conference Tables Product Information

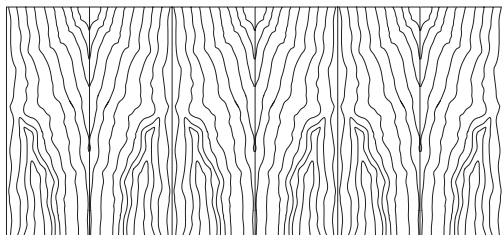

COLLECTIVE CONFERENCE

# Collective Conference Tables Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Collective Conference product line. To attain a pleasing, symmetrical pattern, all veneers in Collective Conference are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Collective Conference is available in flat cut cherry, maple, and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on MDF are also offered on bases, drawer and door fronts to provide an accent to the Collective Conference product.

## Work Surface Construction

All tops are 1 3/8" thick with 3-ply construction and trimmed off with matching 1.5mm rims.

Tops are available in wood veneer, applied glass or laminate surfaces. No additional charges for laminate when selecting standard coordinating laminate as listed on the top of the next page.

## Chassis Construction

The chassis consists of cherry, maple or walnut book-matched veneer. Mortise and tenon construction. Adjustable leveling glides ensure proper leveling of unit.

## Extruded Aluminum Components

Telescopic Feet, Edge Trim Rails, Center Console Components, and Spacers all are made from an alloy aluminum compound, made up of 10% post consumer scrap, 60% post industrial scrap and 30% primary aluminum. The aluminum meets or exceeds the guidelines of USGBC - LEED V2.2. The parts are precisely machined and then processed in a clear anodized finish for a natural aluminum appearance.

## Fabricated or Casted Metal Components

Base Trims, Base Pans, Scones and Wire Pans are made up of high grade metals. The metal is laser cut, bent to shape and robotically welded to the exact specifications, polished and powder coated to blend with the anodized aluminum.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Collective Conference. Please see the chart below. Samples are available upon request, through our website or by contacting Customer Service.

| CH1 Cherry |                 | Flat Cut Veneer |            |

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Collective Conference Tables Product Information

### Product Modification

#### Laminate Tops

Work surface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request.

#### **CH1 Cherry** *Flat Cut Veneer*

CLL Collectors

HRV Harvest

PRL Praline

#### **WA1 Walnut** *Flat Cut Veneer*

MCH Mocha TRF Truffle

SIE Sienna UMB Umber

#### Special Finishes

Special finishes can be requested by following the instructions in the general introduction section. There is a one time charge of \$372 list per order.

#### Finish Sheen

All veneer finishes, for Collective, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

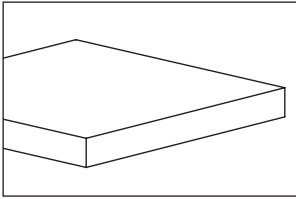

#### Special Top Sizes and Cabinets

Collective Conference offers a large offering of table tops shapes and sizes, along with the Collective Conference Storage products to create a perfect meeting room. Contact Customer Service if you are having trouble finding the right units to complete the desired configuration. Special sizes and cabinet variations need to be approved by JSI engineering.

## Collective Conference Tables Product Information

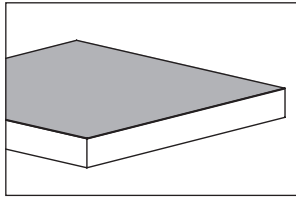

### Top Edge Profiles

Collective Conference offer two edges profiles, along with optional details.

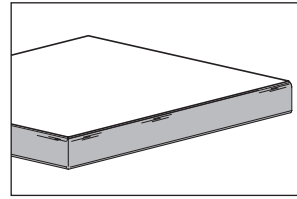

#### Straight Edge - Veneer

Standard on conference tables and casegoods products.

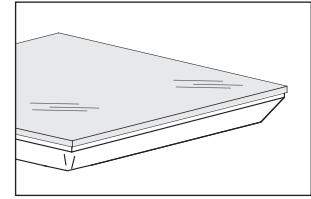

#### Straight Edge - Laminate

Straight edge with laminate surface available for conference tables and casegood products. See page [CC3](#) for standard wood grain laminate.

#### Aluminum Trim Edge Detail

Aluminum trim edge available only on Veneer rectangular shape conference tops. The trim edge is finished in clear anodized finish.

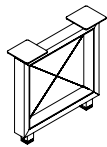

#### Thin Profile Edge - Glass

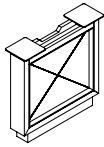

Reverse Bevel edge is available with low iron white back painted glass in glossy or frosted surface. Available only on conference table tops.

### Base Types

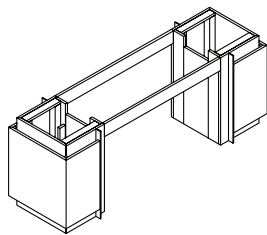

Collective Conference offers five base styles: open cable, closed cable, rectangular, panel and arc end.

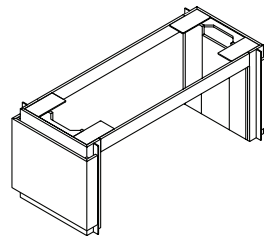

Open Cable Base

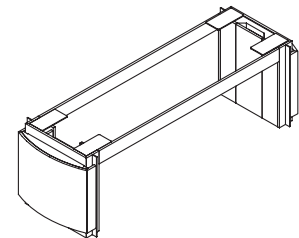

Closed Cable Base

Rectangular Base with Apron Rails

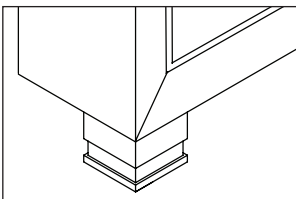

Panel Base with Apron Rails

Arc End Base with Apron Rails

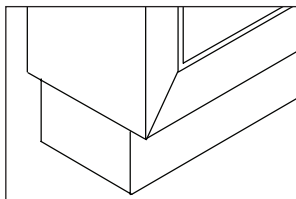

### Foot/Plinth Style Base

Collective Conference Open Cable Base and Casegoods features an anodized aluminum foot. For a more classic feel, units may be specified with a wood plinth style base. Rectangular, Panel and Arc End Bases are available only with a plinth base.

#### Foot Style

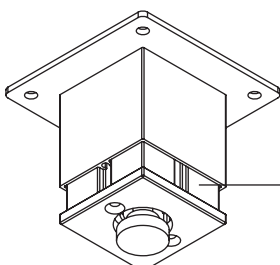

Anodized Aluminum Finish

#### Plinth Base

Concealed leveling glide

### Foot Leveling Details

Telescopic cover can slide up to provide access for leveling adjustment

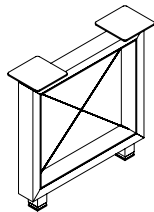

## Collective Conference Tables Product Information

### Conference Top Shapes and Sizes

Collective Conference offer six top shapes and sizes start at 216" in length. Note size 120" and above are two piece tops.

### Open Cable Bases

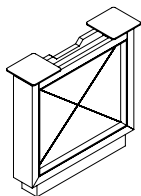

The open cable base features a  $\frac{13}{16}$ " X-shaped stainless steel cable accent. Open cable bases provide no wire management compartment. The outer frame is wood with a metal inner frame in silver powder coat. Telescopic feet provide  $1\frac{1}{2}$ " leveling adjustment.

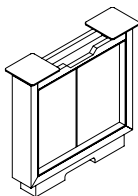

Configured tables with cable bases in this price list include support rails for the top.

Cable bases are not for use with 60"d tops. When specifying cable bases and tops separately, support rails may need to be included. Call Customer Service for more information.

### Closed Cable Bases

Outside Base  
side 1 (approach)

side 2

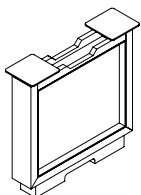

Closed cable bases include a hinged door compartment and plinth base for wire management.

The outside closed cable base features a visible  $\frac{13}{16}$ " X-shaped stainless steel cable accent on the side opposite the hinge door. Wires pass through an opening above hinged doors. The base is wood with a silver powder coated inner frame.

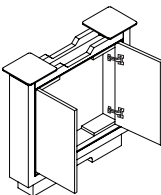

The middle closed cable base features a wood panel on the side opposite the side hinged door. Wires pass through an opening at the top of both sides.

Configured tables with cable bases in this price list include support rails for the top.

Cable bases are not for use with 60"d tops. When specifying cable bases and tops separately, support rails may need to be included. Call Customer Service for more information.

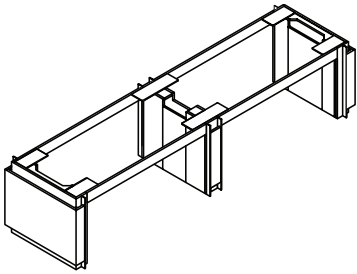

Middle Base  
side 1

side 2

## Collective Conference Tables Product Information

### Panel Bases

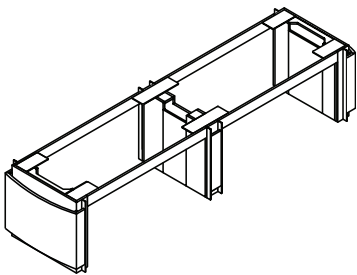

The panel base features slim wood pedestals surrounded by a wood accent. Each pedestal has a hinged door for wire management access and features a silver powder coat metal fin detail.

The panel base is standard with rectilinear end bases. Arc end bases may be specified as an option.

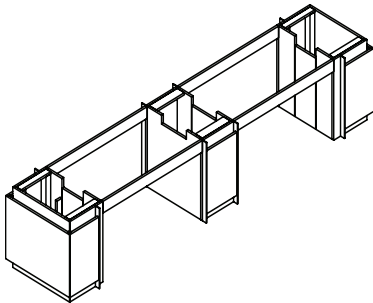

### Arc End Bases

*(an option to the panel base)*

COLLECTIVE CONFERENCE

### Rectangular Bases

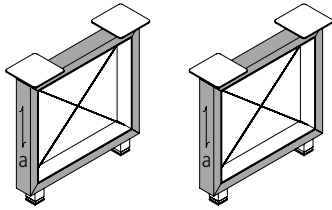

The rectangular base features wide wood pedestals surrounded by a wood accent. Each pedestal has a hinged door for wire management access, an ample storage compartment, and features a silver powder coat metal fin detail.

## Collective Conference Tables Product Information

### Open Cable Base

The open cable base is available in veneer only.

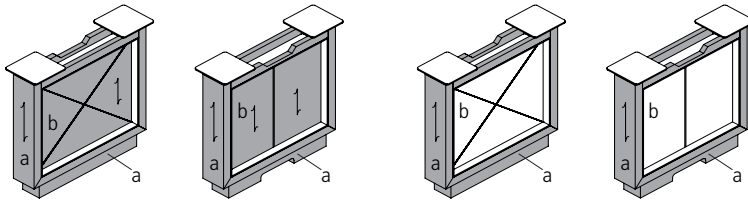

Open Cable Base

a. outer frame - veneer only

### Closed Cable Base

There are two material options for the closed cable base. The outer frame and plinth are always veneer. The inner panel/door can be specified in the matching veneer or in a contrasting paint.

a. outer frame/plinth - veneer

b. inner panel/door - veneer

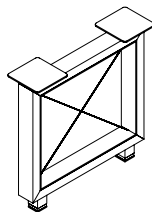

a. outer frame/plinth - veneer

## Collective Conference Tables Product Information

### Round Meeting Tables and Bases

Collective Conference offers three styles of round meeting tables in several diameter sizes.

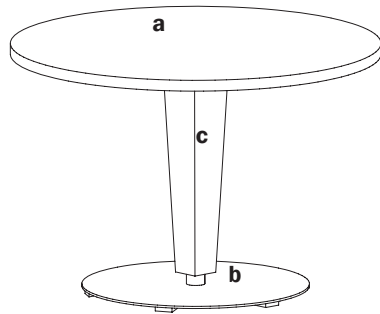

#### Glass Top with Column Disc Base

Available Tables - 48" dia - 42" dia - 36" dia (seats 3 to 4)

- a Top - ½" glass - frosted glass - acid etch underside
- b Base - 26" dia - cast aluminum - arctic silver powder coat
- c Column - veneer  
cherry, maple, and walnut - (choice of one)
- d Spider Armature - glass puck (ultra-violet glue attachment) - arctic silver powder coat

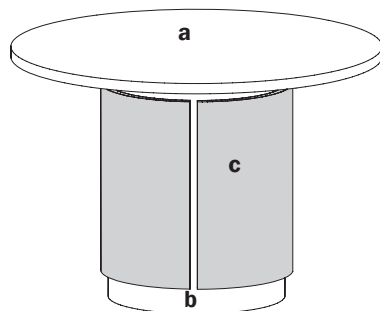

#### Veneer Top with Column Disc Base

Available Tables - 48" dia - 42" dia - 36" dia - 30" dia (seats 3 to 4)

- a Top - 1½" veneer top (laminated surface available see page [CC3](#)) -
- b Base - 26" dia - cast aluminum - arctic silver powder coat
- c Column - veneer  
cherry, maple, and walnut - (choice of one)

#### Veneer Top with Cylinder Base

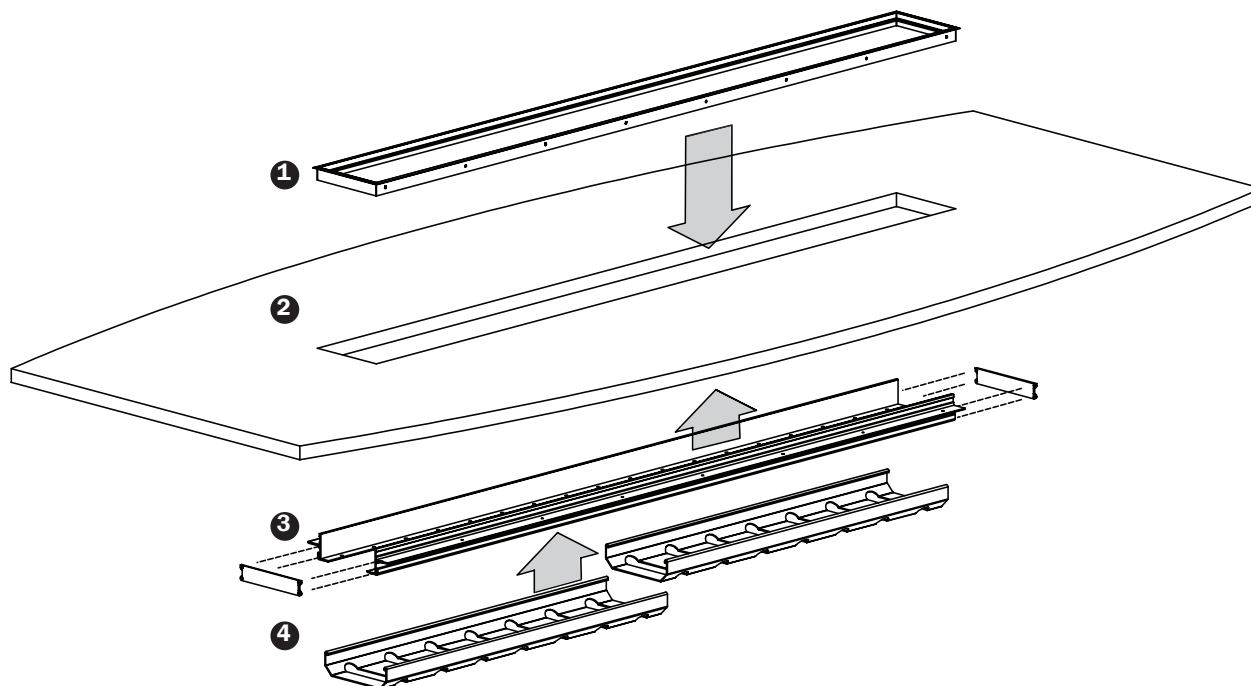

Available Tables - 48" dia - 42" dia (seats 3 to 4)

- a Top - 1½" veneer top (laminated surface available see page [CC3](#))
- b Cylinder Base - 24" dia - drum style construction
- c Accent Panel - veneer (choice of one)  
cherry, maple and walnut  
paint - (see page [CC2](#) for color choices)

## Collective Conference Tables Product Information

### Center Console Overview

The continuous center console supports a variety of functional and aesthetic options. A Collective Conference table with center console includes: the center spine assembly which houses 4", 8", 12" and 16" modules, ordered separately, the understructure of the console, and wire management tray as illustrated below.

#### 1 Center Spine Bezel Assembly

The center spine bezel assembly accepts the 4", 8", 12" and 16" modules shown on pages [CC11](#) and [CC87](#) of the pricing section of this price list.

#### 3 Center Spine Structural Extrusion Assembly

When a table with center console is specified, the center spine structural extrusion assembly is attached to the underside of the table top.

#### 2 Table Top

Tops are available in several shapes including rectangular, racetrack, ellipse, arc end, boat and view. They come with or without center console.

#### 4 Wire Management Tray

When using power/data and lamp modules, the wire management tray channels the cords to the panel or rectangular bases.

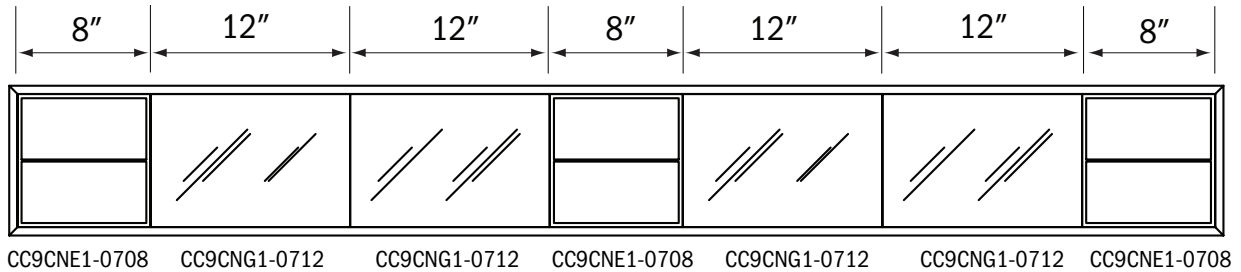

## Collective Conference Tables Product Information

### Center Console Components

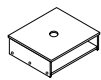

Collective Conference is available with a center console for storage, power/data and accessories. The center console is offered in lengths of: 48", 72", 96", 120", 144" & 160". The accessories are offered in 4" increments. When designing your center console the accessories selected must equal the length of your console. The center console is factory installed.

**You must specify the order in which you want the accessories to appear using the chart on the bottom of the page.**

### To Order, Specify:

#### Rectangular Table

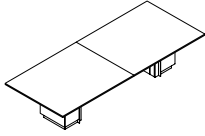

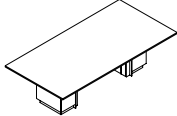

- ① Model Number
- ② Wood Species
- ③ Finish Scheme
  - A. Accent Surround - Veneer or Paint
  - B. Base Pedestal - Veneer or Paint  
(see page [CC8](#) - apron follows base pedestal)
- ④ Worksurface Option
  - A. Veneer
  - B. Laminate
  - C. Glossy Low Iron White Back Painted Glass
  - D. Frosted Low Iron White Back Painted Glass  
(see page [CC4](#))
- ⑤ Power and Data Options (see [accessories price list](#))
- ⑥ Other Product Options

#### Rectangular Table with Center Console

- ① Model Number
- ② Wood Species
- ③ Finish Scheme
  - A. Accent Surround - Veneer or Paint
  - B. Base Pedestal - Veneer or Paint  
(see page [CC8](#) - apron follows base pedestal)
- ④ Worksurface Option
  - A. Veneer
  - B. Laminate
  - C. Glossy Low Iron White Back Painted Glass
  - D. Frosted Low Iron White Back Painted Glass  
(see page [CC4](#))
- ⑤ Power and Data Options (see [accessories price list](#))
- ⑥ Other Product Options
- ⑦ Center Console Accessories (see pages [CC86-CC87](#) - order separately)

## Collective Conference Tables Product Information

COLLECTIVE CONFERENCE

## Collective Conference Tables Product Information

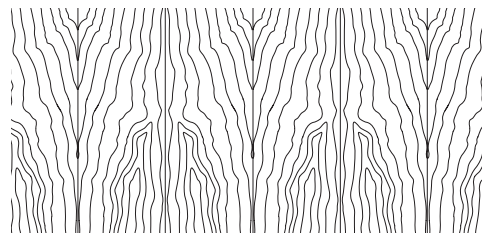

COLLECTIVE CONFERENCE

## Collective Conference Tables Product Information

### Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Collective Conference Storage product line. To attain a pleasing, symmetrical pattern, all veneers in Collective Conference Storage are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

#### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Collective Conference Storage is available in flat cut cherry, maple, and walnut veneer.

Solid painted finishes on MDF are also offered on drawer and door fronts to provide an accent to the Collective Conference Storage product.

### Work Surface Construction

Tops are 3-ply balanced construction, 1½" thick with solid matching hardwood 1.5mm rims.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge for some finishes.

### Case Construction

Outside panels are 1¾" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Leveling glides are provided in both plinth base or telescopic foot.

### Extruded Aluminum Components

Telescopic Feet, Valance Rails, Tool Rails, and Spacers all are made from an alloy aluminum compound, made up of 10% post consumer scrap, 60% post industrial scrap and 30% primary aluminum. The aluminum meets or exceeds the guidelines of USGBC - LEED V2.2. The parts are precisely machined and then processed in a clear anodized finish for a natural aluminum appearance.

### Fabricated or Casted Metal Components

The metal is laser cut, bended and robotically welded to the exact specifications, polished and powder coated to blend with the anodized aluminum.

### Access Kneespace Panel

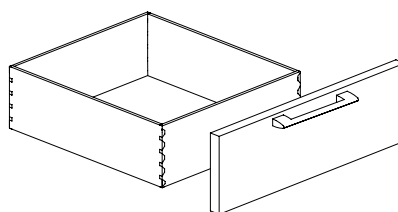

Wall stud construction style frame is made from 16-gauge steel, stamped and laser cut. Pop-rivets are used to combine frames and create various widths. Frames are coated with silver powder coat. The back is open and is designed to sit up against a wall, to allow for wiring access.

### Aluminum Glass Doors

Aluminum glass doors and modesty panels have extruded aluminum frames with 4mm thick with three glass options: frosted with acid etch front, frosted low iron white back painted glass (matte) and glossy low iron white back painted glass (shiny).

### Drawer Box Construction

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with a clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

### Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

## Collective Conference Tables Product Information

### Locking

Credenzas feature door locking option to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units tagged in the grouping are keyed alike). Keyed alike units are available if requested at no upcharge. Removable cores for in-field re-keying are standard.

### Finish - Stain/Colors

We offer a wide variety of wood stains and paint colors on the Collective Conference Storage. Please see the chart below. Samples are available upon request, through our website or by contacting Customer Service.

### Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

### DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe.

**Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

**Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

### Product Modification

#### Laminate Tops

Work surface only, no additional upcharge if Collective's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request.

#### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 3. There is a one time charge of \$372 list per order.

#### Finish Sheen

All veneer finishes, for Collective, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

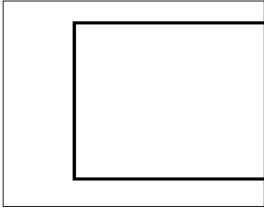

#### Species Change

For species changes contact customer service for a quote.

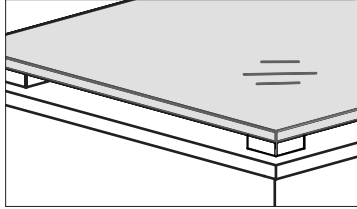

## Collective Conference Tables Product Information

### Edge Profile Hardware

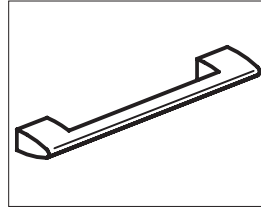

Collective Conference Storage utilizes a clean cut straight edge profile with a 1.5mm veneer rim. The Elite hardware is made of anodized aluminum. Longer versions of pull are available for other applications

## Collective Conference Tables Product Information

### Wall Options

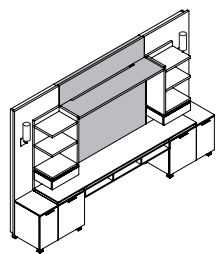

Collective Conference Storage addresses today's information and presentation environments. Collective Conference Storage consists of modular components, Media Walls to build various technology applications. Walls require specification of left and right end panels or towers, and a center wall panel to complete a configuration.

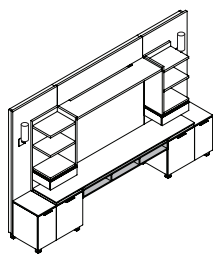

Media Wall

### Media Wall Components

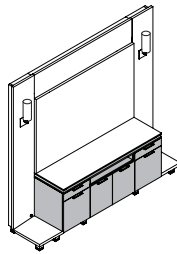

The Media Wall supports technology applications to support large screen viewing and interactive video conferencing. The Media Wall creates 86" and 71" heights and includes a center wall panel, technology niche storage with back panel, technology credenza, end towers, glass and wood tops. Panels and towers are always wall mounted.

## Collective Conference Tables Product Information

### Access Panel Wiring

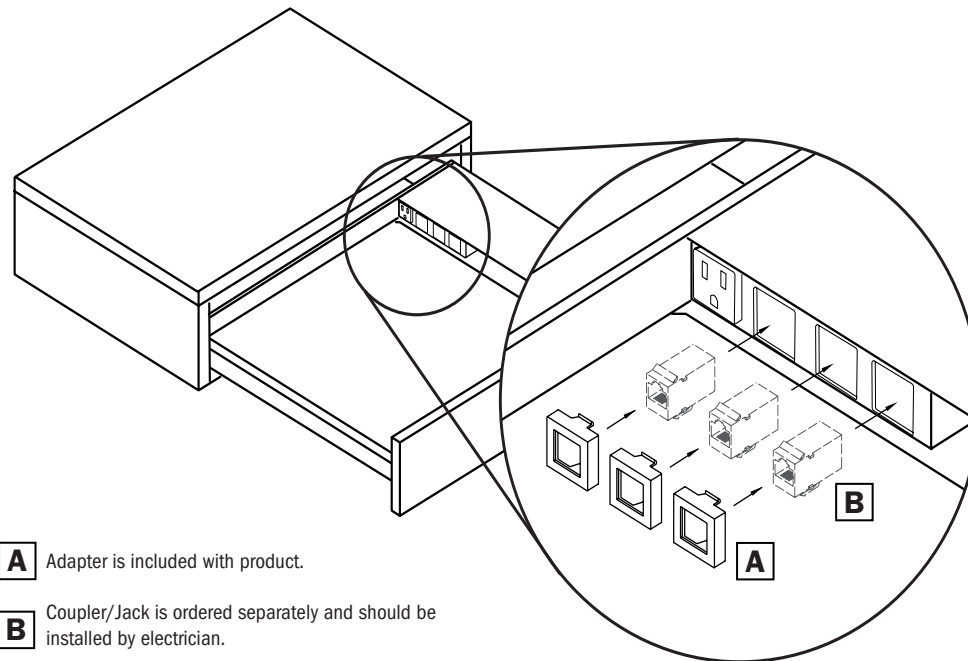

The access panel consist of two hinged panels with a lid stay mechanism on upper panel. The panel allows access to building power and communication and features concealed lay-in cable channel, and optional modular power distribution system.

### Installation of the Data Adapter Kit & Base Plate

1. Select the appropriate adapter.
2. Snap jack into adapter following the instructions provided with the jack.
3. Once assembled, snap adapter into the notched, square holes in the orientation shown.
4. If provided, snap adapter into any  $1\frac{3}{8}$ " x  $2\frac{3}{4}$ " opening.

Note: Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.

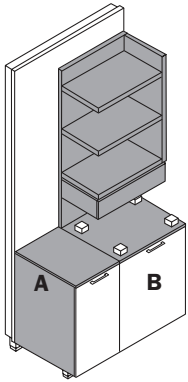

**A** Adapter is included with product.

**B** Coupler/Jack is ordered separately and should be installed by electrician.

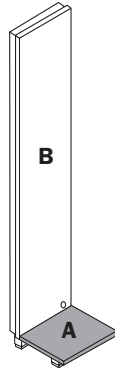

## Collective Conference Tables Product Information

### Material Options and Finish Schemes

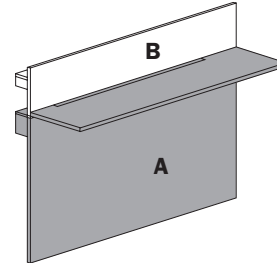

Collective Conference Storage uses a mix of materials: paint, veneer, and aluminum. Veneer choices are cherry, maple, and walnut. Eleven paint colors are available; see page [CC91](#). Wood worksurface tops or rims on laminate worksurface top, are available in veneer finishes only.

# Finale Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Finale product line. To attain a pleasing, symmetrical pattern, all veneers in Finale are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

Finale is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Cherry veneer is the only veneer species available on the quickship program on select models.

## Work Surface Construction

Tops are 5-ply balanced construction, 1 3/8" thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern.

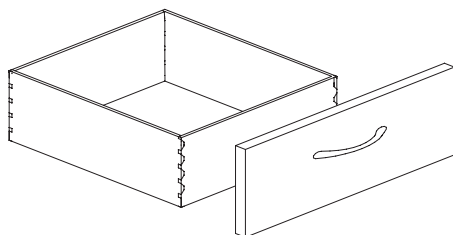

## Case Construction

Outside panels are 1 3/8" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Leveling glides are set into solid hardwood blocks with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

## Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined the into side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in /out stops. File and box drawers have 100% full extension with over travel.

**FN8 Finale**

## Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [FN17-FN19](#).

## Locking

All desks, credenzas and returns feature pedestal locking and lateral files feature central locking to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units in the grouping are keyed alike). Keyed alike units available if requested at no upcharge. Removable cores for in-field re-keying are standard.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Finale. Please see the chart below. Samples are available upon request.

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.

**Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

**Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

# Finale Product Information

## Product Modification

### Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### CH1 Cherry Flat Cut Veneer

CLL Collectors  
HRV Harvest  
PRL Praline

#### WA1 Walnut Flat Cut Veneer

MCH Mocha TRF Truffle  
SIE Sienna UMB Umber

### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

### Finish Sheen

All veneer finishes, for Finale, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

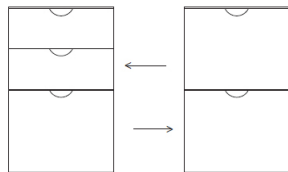

### Species Change

For species changes contact customer service for a quote.

### Pedestal Configuration Change

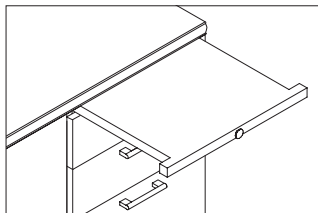

Box-box-file configuration is standard on all desks and file-file configuration is standard on all return units.

Finale drawer configuration on pedestals 27" to 30" high can be switched out either to a box-box-file or file-file configuration, but must be specified at the time of order with an additional \$192 list per pedestal.

### Writing Shelf - Pullout (Arm Slide)

Desk Pedestals in Finale can have an optional pullout shelf above the top drawer for additional writing surface. Add \$369 to the list for each pedestal.

## Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Finale.

**All modifications still must be approved by JSI manufacturing.** please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible, please refer to page 5 for additional details.

**This chart does not apply to glass doors, glass tops or to metal components; such as modesty trims panels, and structural support. Any changes to file drawers will affect filing capabilities.**

### Increasing Dimensions - Add On to the list Per 6" Occurrence

#### Overhead

|                             |         |
|-----------------------------|---------|
| Increasing width            | \$1,032 |
| Increasing depth            | \$1,760 |
| Increasing width with doors | \$1,221 |
| Increasing depth with doors | \$1,882 |

#### Any Pedestal

|                  |         |
|------------------|---------|
| Increasing width | \$1,463 |
| Increasing depth | \$1,305 |

#### Any Panel

|                  |       |
|------------------|-------|
| Increasing width | \$334 |
|------------------|-------|

#### Any Top

|                  |       |
|------------------|-------|
| Increasing width | \$434 |
| Increasing depth | \$614 |

### Decreasing Dimensions Add On to the list Per 6" Occurrence

#### Overhead

|                             |       |
|-----------------------------|-------|
| Decreasing width            | \$253 |
| Decreasing depth            | \$253 |
| Decreasing width with doors | \$346 |
| Decreasing depth with doors | \$346 |

#### Any Pedestal

|                  |         |
|------------------|---------|
| Decreasing width | \$1,094 |
| Decreasing depth | \$977   |

#### Any Panel

|                  |       |
|------------------|-------|
| Decreasing width | \$129 |
|------------------|-------|

#### Any Top

|                  |       |
|------------------|-------|
| Decreasing width | \$190 |
| Decreasing depth | \$190 |

### Example 1

Increasing open corner credenza width by 11", from 72" to 83".

Add Top Width (\$434 × 2) [\$434 for each 6" increment]

Add Panel Width (\$334 × 2) [\$334 for each 6" increment]

Total Modification = \$1,536

### Example 2

Increasing a desk pedestal depth from 36" to 40" & increase the width of the same pedestal by 8"

Add Pedestal Depth \$1,305

Add Pedestal Width (\$1,463 × 2) [\$1,463 for each 6" increment]

Total Modification = \$4,231

### Example 3

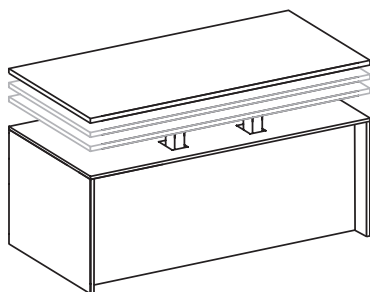

Decreasing an overhead from 60" to 58" width & increasing the depth by 3"

Decrease Overhead Width \$253

Add Overhead Depth \$1,760

Total Modification = \$1,507

## Finale Product Information

### ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Finale.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A  $\frac{3}{4}$ " thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds  $\frac{3}{4}$ " to the standard height of the desk and the installation will decrease kneespace depth by 8".

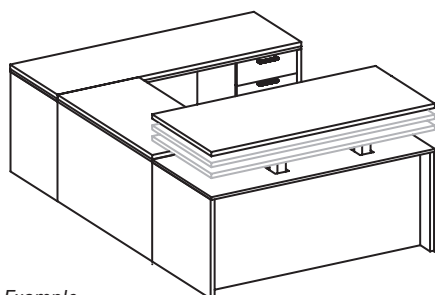

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a  $\frac{3}{4}$ " sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30  $\frac{1}{4}$ ", to a standing height of 49  $\frac{3}{4}$ ", a range of 19  $\frac{1}{2}$ ".

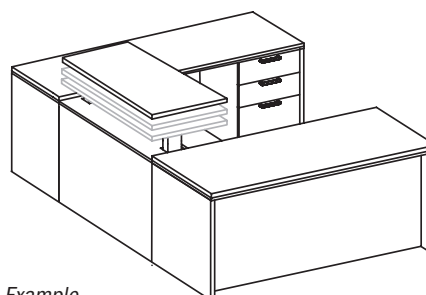

**Note:** The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

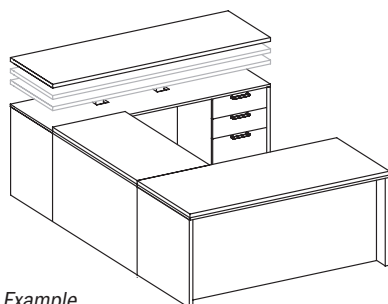

Example

|                                      |                     |
|--------------------------------------|---------------------|
| FN3672LD (with ERGO option)          | add \$4,835 to list |
| FN2448EB (with ERGO ADJACENT option) | add \$606 to list   |
| FN2472RC (with ERGO ADJACENT option) | add \$711 to list   |

## Finale Product Information

### Availability of Finale Units with the Mechanism

The following models are available with the ERGO Adjustable Work Height Mechanism.

**Freestanding Units** - Units below do not require adjacent products; select ERGO option and add \$4,835 to the list price.

| <u>Double Pedestal Desk</u> | <u>Credenzas</u> |
|-----------------------------|------------------|
| FN4272BD                    | FN2472KC         |
| FN3672DD                    | FN2466KC         |
| FN3072DD                    |                  |
| FN3066DD                    |                  |
| FN3060DD                    |                  |

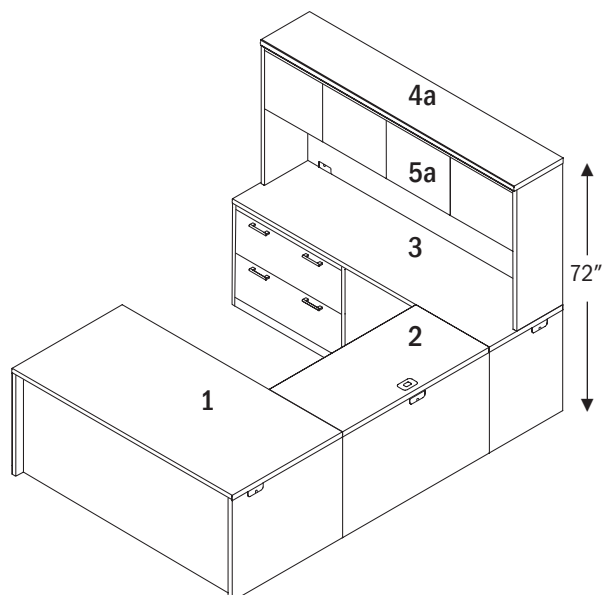

**Adjacent Connecting Units** - Select ERGO option for the model you wish to have height adjustment and add \$4,835 to the list price. For units, from this list, that are connecting to the ERGO model, you must select ERGO ADJACENT on each of these connecting models and add \$711 list to each model. \*If the connecting model is 24"x 48" or less, add \$606 list.

# Finale Product Information

## Layouts

Two heights of storage overheads are available in Finale.

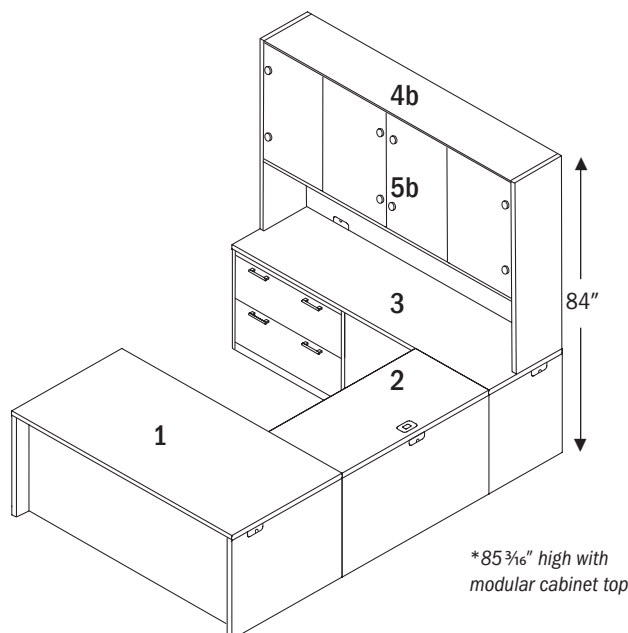

Finale is an easily specified contemporary product line, with standard office furniture sizes.

**Easily specified and setup while providing well established layouts in the office environment.**

- 1 Single Pedestal Desk**, with the standard box, box, file pedestal configuration and side locking. Standard side grommet keeps the desk top clean from wires, while still having convenient wire management.
- 2 Bridge** standard with top and back panel grommet and mounting hardware.
- 3 Lateral File Credenza** available with fixed back panel.
- 4a Cabinet Top** is a standard feature on 42" high overhead cabinets.
- 4b Modular Cabinet Top** (*not shown in diagram*) is an option on 54" high overhead cabinet. These tops are ordered separately.
- 5a Overhead Cabinet** height is 42" for an overall height 72" Standard with left and right grommets on the back panel. Models are available with frameless glass doors in white back painted. (*Locks and pulls are not available with glass doors*). Models with installed cubbies are also available.
- 5b Overhead Cabinet** height is 54" for an overall height 84" (*add 1 3/16" if specifying modular cabinet tops*). Standard with left and right grommets on the back panel. Shown with frameless white back painted glass doors. (*Locks and pulls are not available with glass doors*) Models are also available in wood doors.

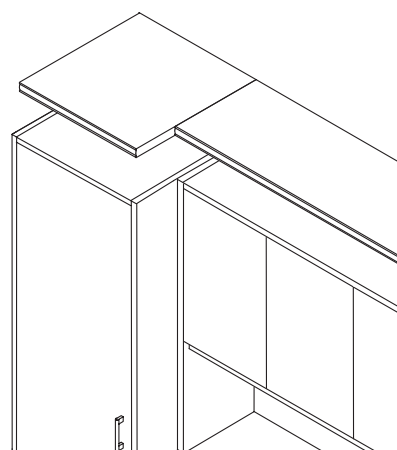

**Note:** Tackboard or panels can be ordered for the inside back of the overhead cabinet, along with the accessory rails.

Frameless opaque glass doors in white back painted brings a nice aesthetic to the Finale product line.

## Modular Cabinet Tops

Overhead Cabinets 54" tall do not come with modular cabinet tops. Tops can be specified and ordered separately. To maintain the same finish height on all units, specify tops for **ALL** adjacent units.

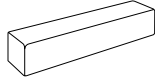

## Finale Product Information

FINALE

# Finale Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Finale product line. To attain a pleasing, symmetrical pattern, all veneers in Finale are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Finale is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Solid painted finishes on the veneer are also offered to provide an accent to the Finale product.

## Work Surface Construction

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Tops are available in six edge profile.

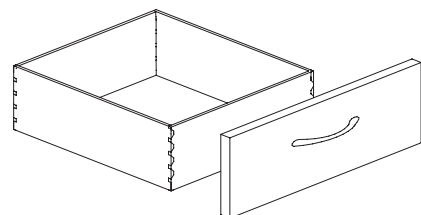

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

## Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

## Drawers

The 9ply unidirectional hardwood sides of the drawer box are 7/16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is 1/4" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Finale. Please see the chart below. Samples are available upon request.

| <b>CH1 Cherry</b> |                 | <i>Flat Cut Veneer</i> |            |

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Finale Product Information

### Product Modification

#### Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### **CH1 Cherry** *Flat Cut Veneer*

CLL Collectors

HRV Harvest

PRL Praline

#### **WA1 Walnut** *Flat Cut Veneer*

MCH Mocha

TRF Truffle

SIE Sienna

UMB Umber

### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 5. There is a one time charge of \$372 list per order.

### Finish Sheen

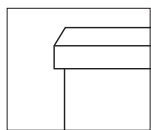

All veneer finishes, for Finale, s are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

### Species Change

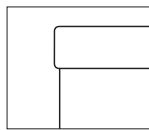

For species changes contact customer service for a quote.

\*requires 1 base

\* When ordering bases for 120" x 48" and 120" x 42" size tops, three (3) bases are required for Panel and Rectangle bases, two (2) bases are required for all other.

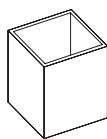

## Base (units with access panel in the base for wire management are available, order this feature with the appropriate model number.)

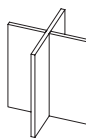

panel base  
30" and 24" width

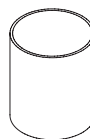

rectangle base  
30" and 24" width

square base  
24" and 18" width

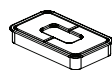

cross base  
24" and 18" width

round base  
24", 20" and 18" dia.

half-round base  
24", 20 and 18" dia.

### Worksurface Grommet

Additional worksurface grommets can be specified on veneer/laminate worksurfaces. The grommet location must be approved by JSI manufacturing, contact Customer Service. Add \$114 to the list for each additional grommet.

Grommet color must be specified, select Matte Black or Stardust Silver. Lock cores will match grommet color Matte Black (MBK) or Stardust Silver (STS).

### End/Back Panel Grommet

The end/back panel grommets are standard, for any special consideration contact Customer Service.

## Lincoln Tables Order Check List:

Top core material is 1½" thick with 45 lb. density industrial grade particle board. The face is wood veneer or horizontal grade high pressure laminate (HPL). A backer is bonded to bottom side to ensure balanced construction. All tops have internal solid lumber bands with overlay laminate or veneer.

### Specify:

- ☐ 1. Model Number
- ☐ 2. Top Material - Veneer (W) or Laminate (L)
- ☐ 3. Wood Species - Cherry (CH1), Maple (MA1), Red Oak (OK1) or Walnut (WA1)
- ☐ 4. Wood Finish/Color
- ☐ 5. Edge profile
- ☐ 6. Leg Style - Straight Wood (S), Tapered Wood (T); no upcharge or Metal (M); add \$469 list for 4 metal legs or \$583 list for 5 metal legs
- ☐ 7. Wood Leg Attachment
  - A. Corner Block with 3" high straight apron (CBSA)
  - B. Corner Block with 3" high arched apron (CBAA)
  - C. Plate and Barrel Nut with 1" high straight apron (PBSA)
- ☐ 8. Optional Metal Leg Wire Management
  - A. Wire management in one leg, \$24 list upcharge (1)
  - B. Wire management in two legs, \$48 list upcharge (2)
- ☐ 9. Optional Premium or Specialty Laminate Tops Available - contact customer service for pricing.

### Example:

**To Order, Specify:**

- ① Model Number
- ② Top Material - Veneer (W) or Laminate (L)
- ③ Wood Species - Cherry (CH1), Maple (MA1),  
Red Oak (OK1) or Walnut (WA1)
- ④ Wood Finish/Color [See Wood Finish/Color Options](#)
- ⑤ Edge Profile
- ⑥ Leg Style - Straight Wood (S) or Tapered Wood (T)
- ⑦ Optional Premium or Specialty Laminate Tops  
Available - contact customer service for pricing

**Specifications**

- Wood species - Cherry, Maple, or Walnut.
- Top core material is 1 1/8" thick with 45 lb. density industrial grade particle board.
- Face is wood veneer or horizontal grade HPL.
- Backer is bonded to bottom side to ensure balanced construction.
- All tops have internal solid lumber bands with overlay laminate or veneer.

Lincoln Juvenile and Children’s Tables Order Check List:

Specify:

☐ 1. Model Number

☐ 2. Top Material - Veneer (W) or Laminate (L)

☐ 3. Wood Species - Cherry (CH1), Maple (MA1), Red Oak (OK1) or Walnut (WA1)

☐ 4. Wood Finish/Color

☐ 5. Edge Profile

☐ 6. Leg Style - Straight Wood (S) or Tapered Wood (T)

☐ 7. Leg Attachment

    A. Corner Block with 3" high straight apron (CBSA)

    B. Corner Block with 3" high arched apron (CBAA)

    C. Plate and Barrel Nut with 1" high straight apron (PBSA)

☐ 8. Optional Premium or Specialty Laminate Tops Available - contact customer service for pricing

Example:

|                        |                     |                       |                 |             |                  |                          |

Native General Information

PRODUCT INFORMATION

Wood Materials

Exterior surfaces are made from the finest selected veneers. Matching solid lumber wood species are used to coordinate with the veneer. High quality MDF is used on the painted surfaces.

Native is available in Cherry, Maple, Walnut, Black Oak Flat Cut, or Double Cut veneer.

Case Construction

All Models

Cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. The metal glide housing inside the base provides for accurate leveling. Cabinets, with the exception of the waste credenza and hospitality carts, have sliding doors.

Laminate Models

Panels for chassis consist of a 3/4" thick substrate with TFL surfaces and PVC bands on exposed edges.

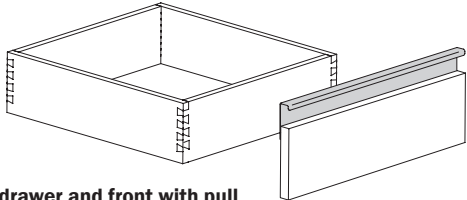

Veneer Models

Panels for chassis are 3/4" thick.

Drawer Construction

Drawers are assembled using a four corner dovetail box and 3/4" thick drawer bottom panel construction. The exterior front is attached separately. Sides and backs are approximately 1/2" thick solid hardwood. Drawer components have a UV finish to protect against shrinking, swelling, or warping and to provide a clean smooth feel and appearance. Lateral files have reinforced bottoms.

The exterior front panel is 3-ply and 3/4" thick. The front is attached to the assembled drawer box. The anodized aluminum pull runs along the top edge of the drawer front.

box drawer and front with pull  
wood drawer box - DRW

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Native. Please see the chart below. Samples are available upon request.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Special Finishes

Special finishes can be requested by following the instructions in the conferencing general order section, page 3. There is a one time charge of \$372 list per order. This applies to the veneer surfaces, and not the solid wood plank top option.

Native Standard Laminate Offering

The chart below lists the laminates available on Native.

Laminate Options

## Native Table Surface Materials

### NAT - Table Models

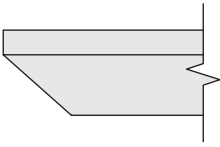

The NAT prefix is used to designate laminate material.

### Laminate Tops

HPL tops are 1 3⁄16" thick, 3 ply construction. The laminate face is horizontal grain, or solid, high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

**Eased Edge (R3)**  
Standard on worksurface tops

**Reverse Bevel (E1)**  
PVC on top of Painted MDF

### Native Standard Laminates

## Native Table Surface Materials

### NAV - Table Models

The NAV prefix is used to designate non-laminate material. Choose between Veneer - Flat Cut, Veneer - Double Cut, Solid Surface, Glass, Wood plank, or Customer Choice Material for NAV models.

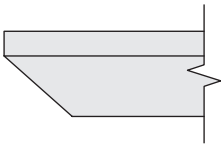

### Veneer Tops

Tops are 1 3/16" thick, 5 ply balanced construction with particle board core. Flat cut is book match for cherry, maple, walnut or black oak veneer. Double cut is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create the pattern.

#### Eased Edge (R3)

Internal Lumber Band

#### Reverse Bevel (E1)

Veneer Band on Stained MDF

### Finish - Stain/Colors

### Premier Tops

#### Solid Surface Tops

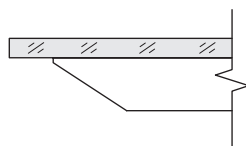

Solid Surface Tops are 1 7/16" thick constructed of 7/16" thick solid surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the solid surface.

#### Solid Surfaces

|            |              |
|------------|--------------|
| <b>ARM</b> | Armadillo    |
| <b>BLP</b> | Black Pearl  |
| <b>PEB</b> | Pebble Pearl |
| <b>PUR</b> | Pure White   |

#### Glass Tops

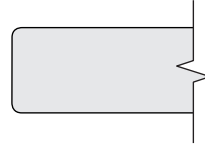

Glass Tops are 1 5/16" thick constructed of 1/4" thick glass surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is always painted white, to match the back painted glass. Glass sits on top of the sub top with 1/16" bumpers.

#### Glass Selection

|          |              |
|----------|--------------|
| <b>G</b> | White Glossy |
| <b>M</b> | White Matte  |

#### Wood Plank Ash Tops

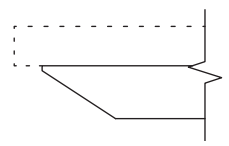

Wood Plank Ash Tops are a solid 1 3/16" thick plank of ash. Tops are finished with a clear coat.

#### Solid Wood Plank

## Native Bases

Native's array of base styles allow users the option of a raw open aesthetic or a closed, polish function.

### Open Loop Base

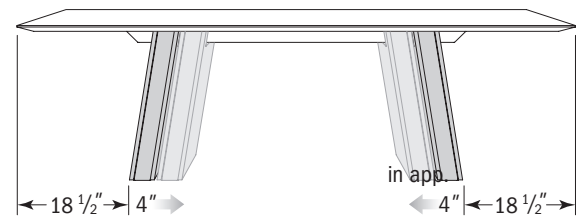

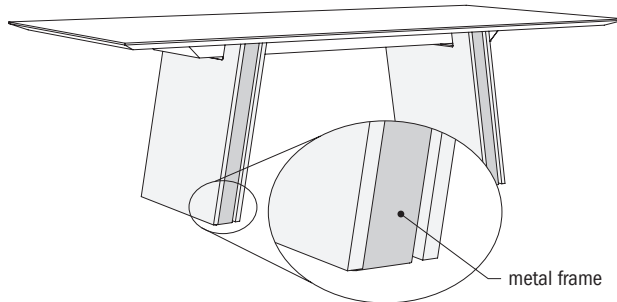

Welded steel frame. Use NAB0301-24LBWM for magnetically attached wire management.

\*\*Note: NAB0301-19CLBWM is required when a top requires three bases.

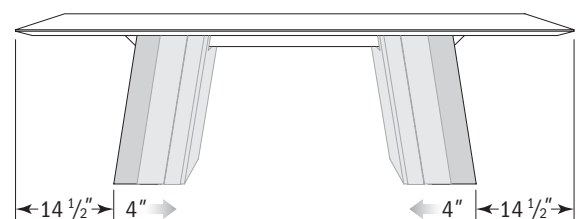

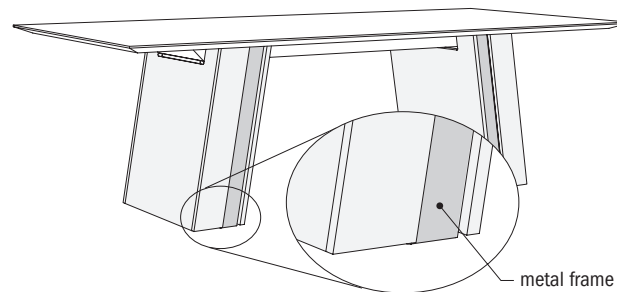

### Panel Base

Panel encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted panel. Design allows horizontal adjustment.

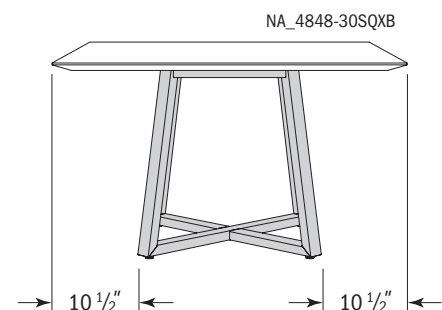

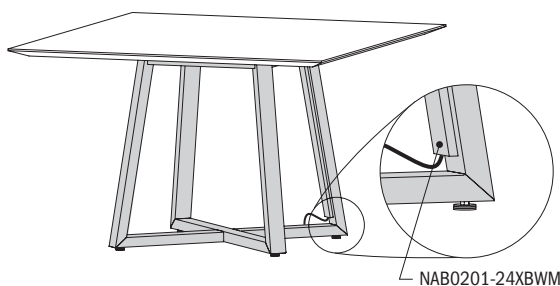

### Box Base

Box encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted box. Design allows horizontal adjustment.

### X Base

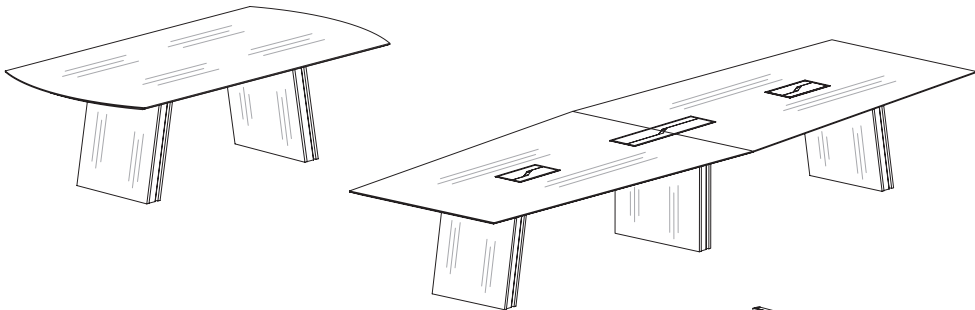

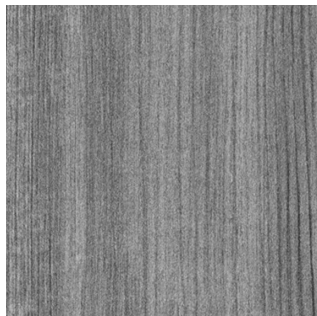

Welded steel frame. For round and square tables only. Use NAB0201-24XBWM for magnetically attached wire management.

Native Applied Materials

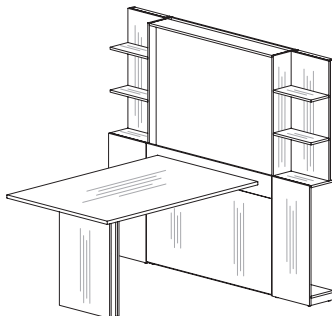

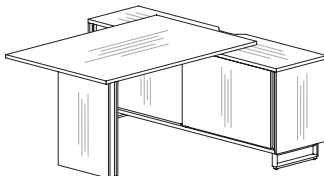

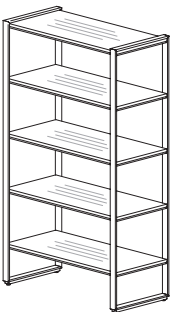

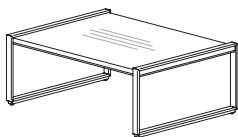

Laminate Grain Direction

Laminate grain runs vertical as standard on all vertical surfaces. Worksurfaces run long grain. Below are examples of laminate grain direction.

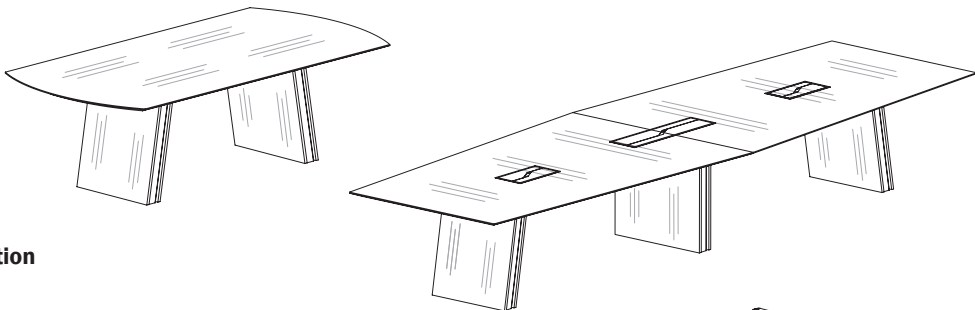

Laminate Grain

Laminate grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

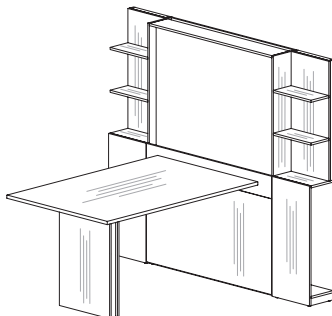

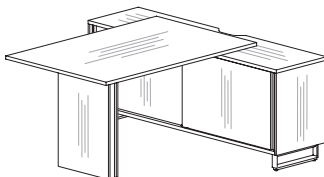

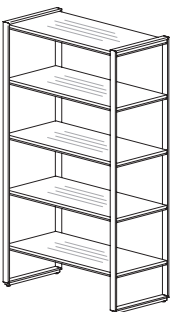

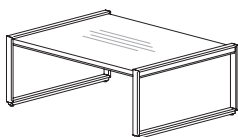

Flat Cut & Double Cut Grain Direction

Veneer grains runs vertical as standard on all vertical surfaces. 1-piece tables, runoffs, peninsula tables will run long grain. 2-piece tables will run short grain. Below are examples of veneer grain direction.

Flat Cut & Double Cut Grain Direction

Veneer grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

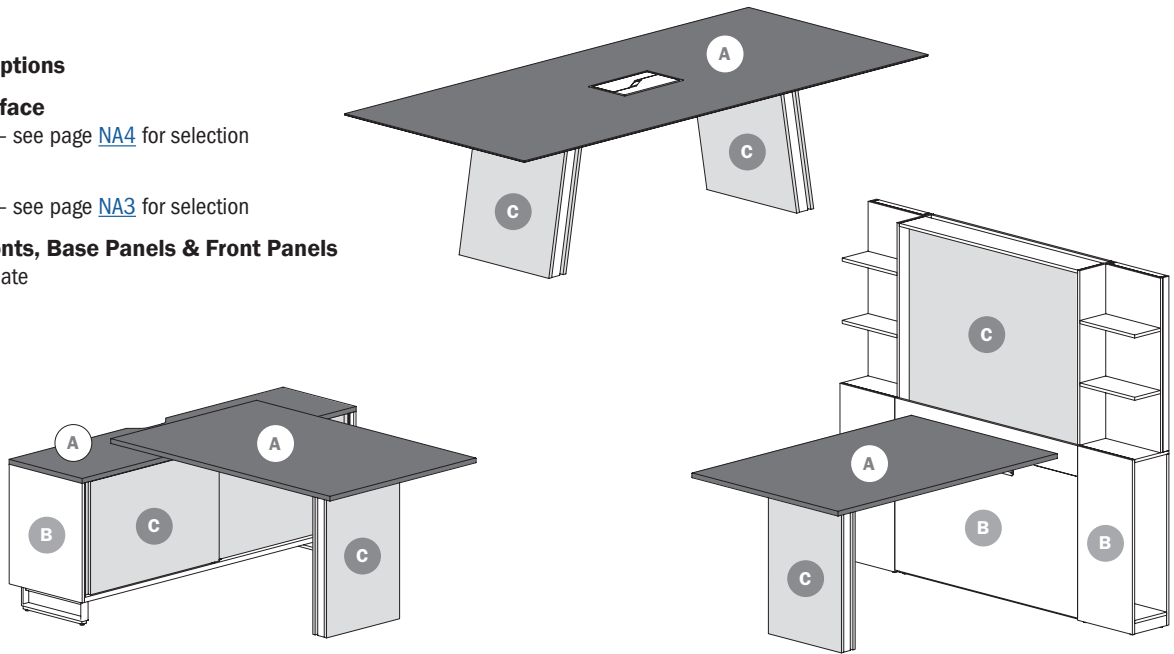

## Native Applied Materials

### Native Color Scheme

Native offers the flexibility to specify contrasting door fronts, or a contrasting base panels, separate from the worksurface selection. See the options available below, depending on whether a NAT or NAV model specified.

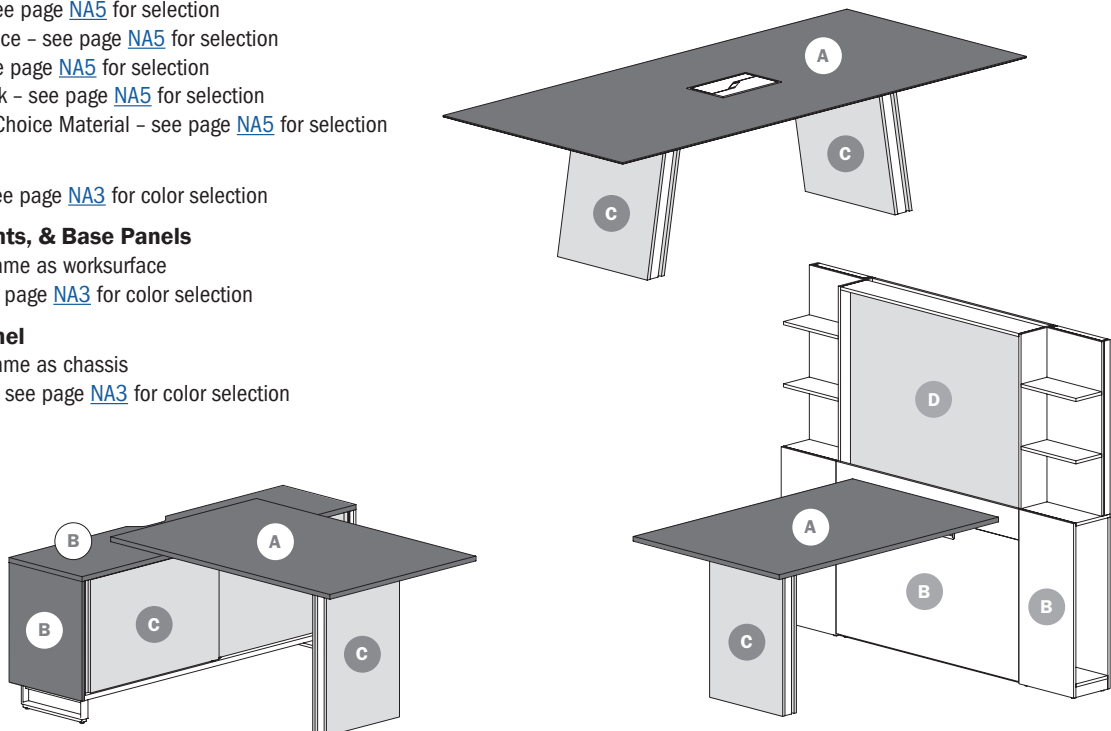

#### NAT Surface Options

- A = Worksurface**  
Laminate – see page [NA4](#) for selection
- B = Chassis**  
Laminate – see page [NA3](#) for selection
- C = Door Fronts, Base Panels & Front Panels**  
Any Laminate

#### NAV Surface Options

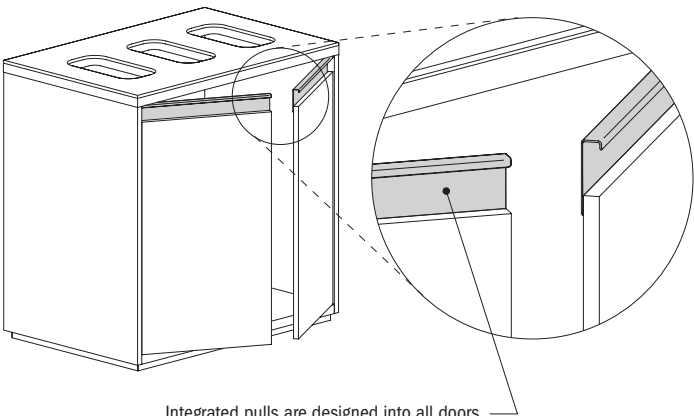

- A = Worksurface**  
Veneer – see page [NA5](#) for selection  
Solid Surface – see page [NA5](#) for selection  
Glass – see page [NA5](#) for selection  
Wood Plank – see page [NA5](#) for selection  
Customer Choice Material – see page [NA5](#) for selection
- B = Chassis**  
Veneer – see page [NA3](#) for color selection
- C = Door Fronts, & Base Panels**  
Veneer – same as worksurface  
Paint – see page [NA3](#) for color selection
- D = Front Panel**  
Veneer – same as chassis  
Laminate – see page [NA3](#) for color selection

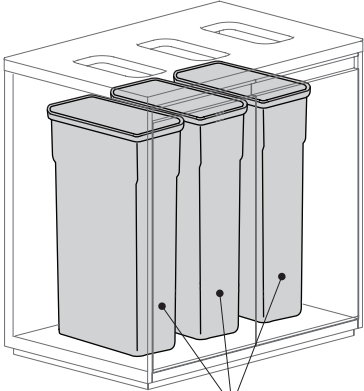

Native Product Information

PRODUCT INFORMATION

Waste Credenza

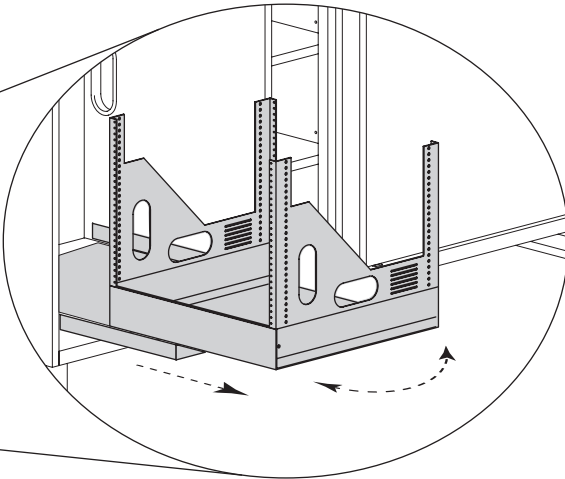

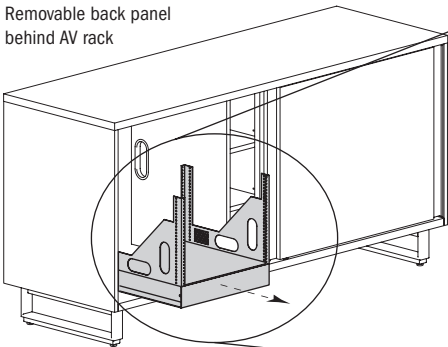

Integrated pulls are designed into all doors and drawers of Native Credenzas and are available in a variety of metal finish accents, see page 3.

Waste Credenzas accommodate three Uline Thin #H-5148 (23 gallon) trash cans, not included

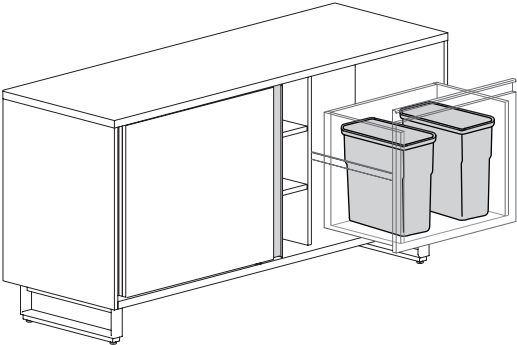

AV Credenza

Removable back panel behind AV rack

Pull-out and rotating AV rack is designed so you can access equipment and wiring. Rack can rotate 90° in either direction and can be locked in the rotated position.

Credenza Waste Drawer

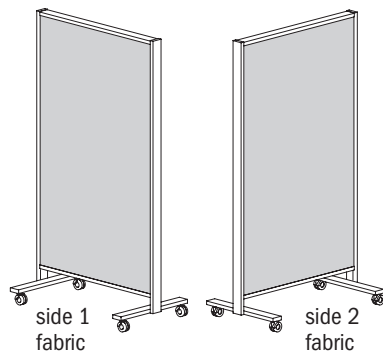

Waste drawer accommodates two Uline #S-13527 (10 gallon) trash cans, not included

## Native Product Information

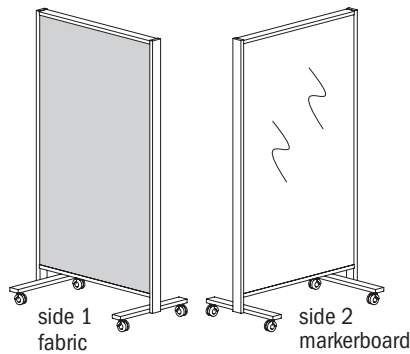

### Mobile Boards

Multi-functional mobile boards can double as portable working space or serve to define boundaries within the office area. With three (3) material selections (markerboard, tackboard, and corkboard), Native mobile boards offer a variety of panel configurations to fit your needs.

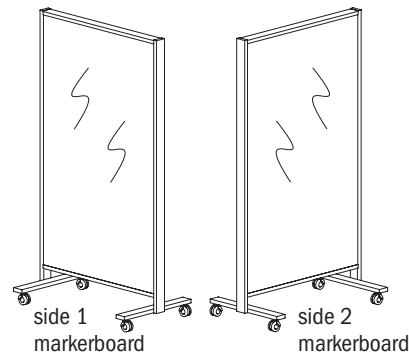

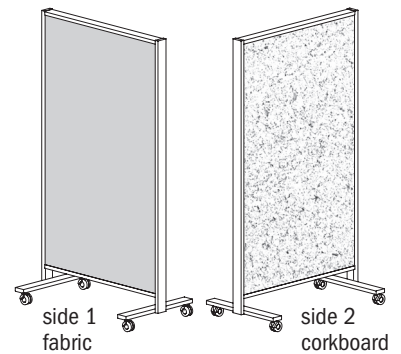

#### NAB2442-75MTKD

Tackboard on both sides.

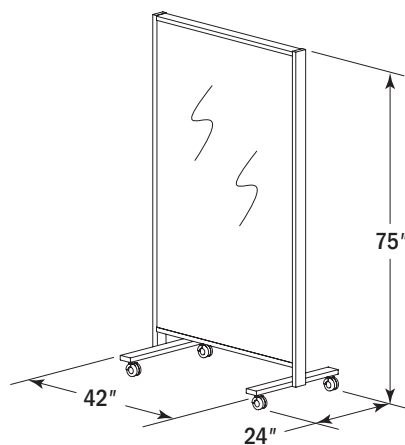

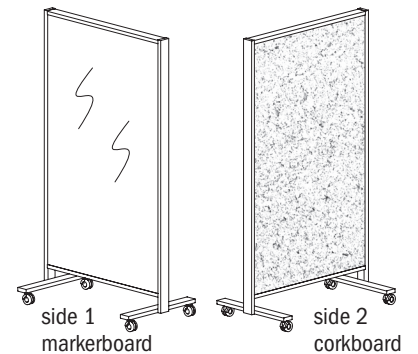

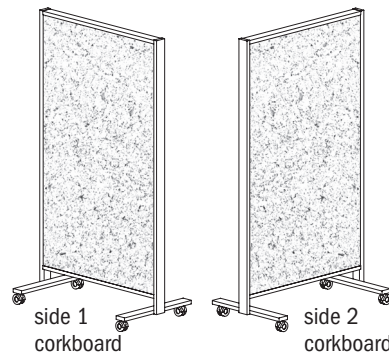

#### NAB2442-75MTKS

Tackboard on one side, choice of markerboard or corkboard on reverse side; specify when ordering.

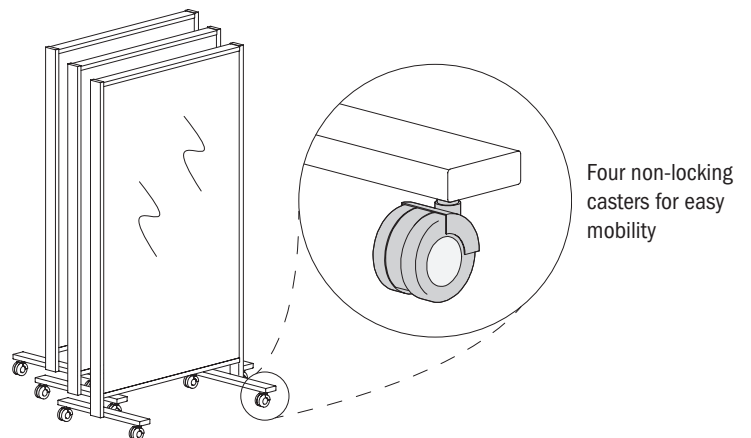

#### NAB2442-75MMB

Markerboard both sides, corkboard both sides, or combination markerboard and corkboard; specify when ordering.

#### Overall dimensions

Wide base for stability

#### Offset Nesting

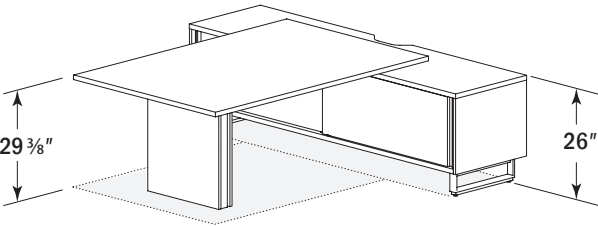

Provides for organized storage

Native Product Information

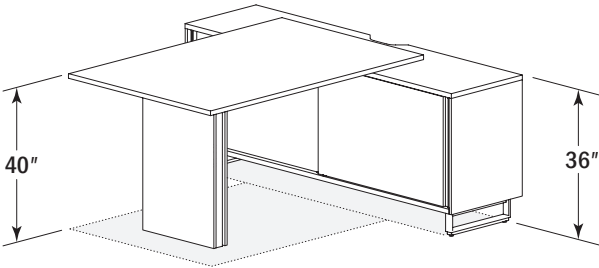

PRODUCT INFORMATION

Peninsula Tables with Credenza

Peninsula tables with credenza applications are offered at standard desk height and standing height. See below for overall unit heights.

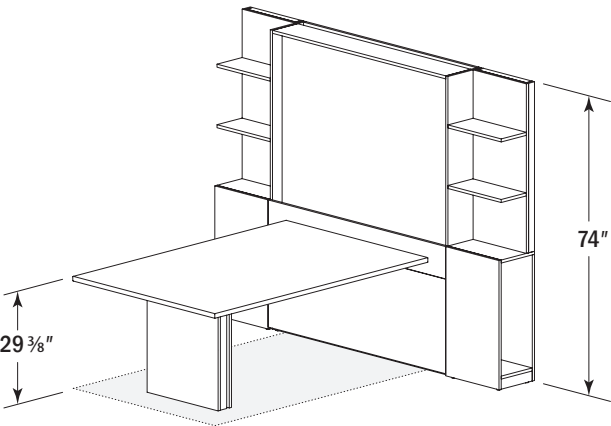

**Standard Desk Height Peninsula Table**  
Connects to a 26"h Credenza

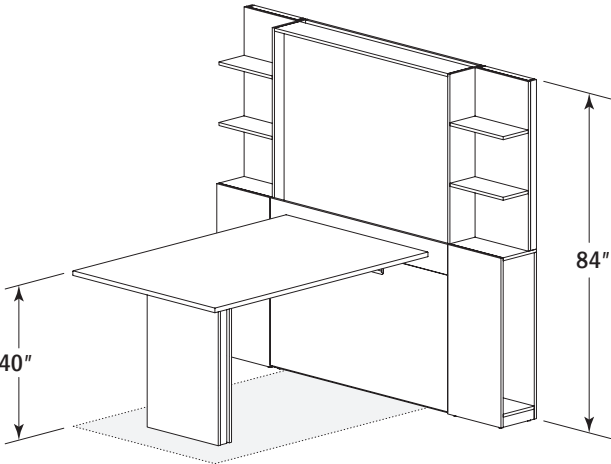

**Standing Height Peninsula Table**  
Connects to a 36"h Credenza

Runoff Tables with Media Walls

Runoff tables with media wall applications are offered at standard desk height and standing height. See below for overall unit heights.

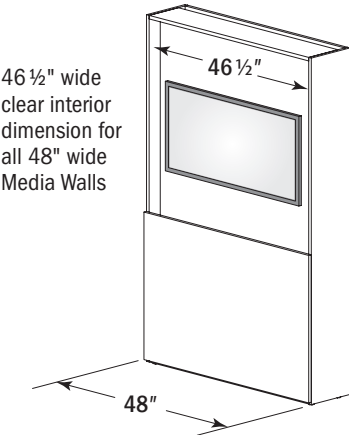

**Standard Desk Height Runoff Table**  
Connects to a 74"h Media Wall

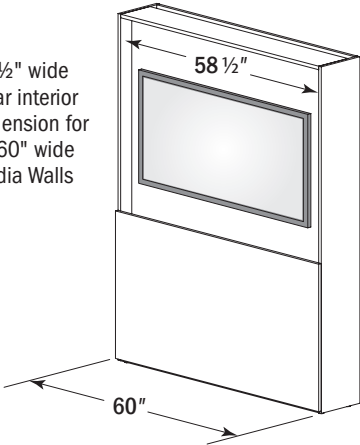

**Standing Height Runoff Table**  
Connects to a 84"h Media Wall

## Native Product Information

### Media Wall Applications

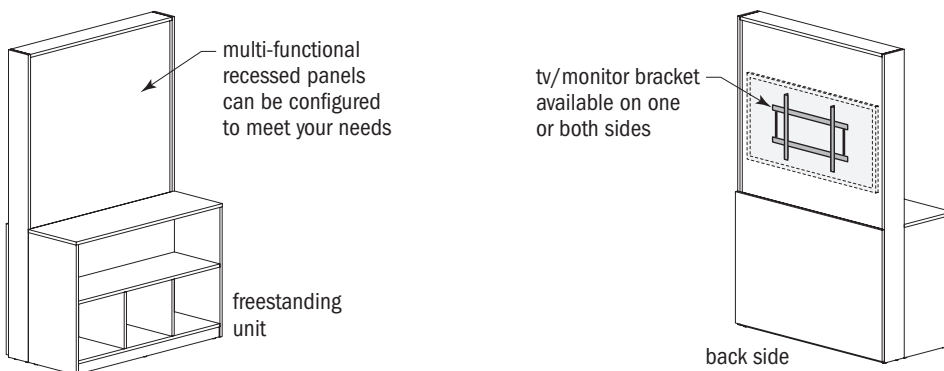

#### Media Wall - Wall Dependent

Media Walls have unfinished backs and are designed to be attached to a wall. Open Shelf and Side Access Wardrobe Towers are available and attach to Media Walls.

#### Media Wall Space Divider - Media Back

Media Wall Space Dividers with Media Back must be attach to a Runoff Table for support. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

#### Media Wall Space Divider with Media Shelf - Media Back

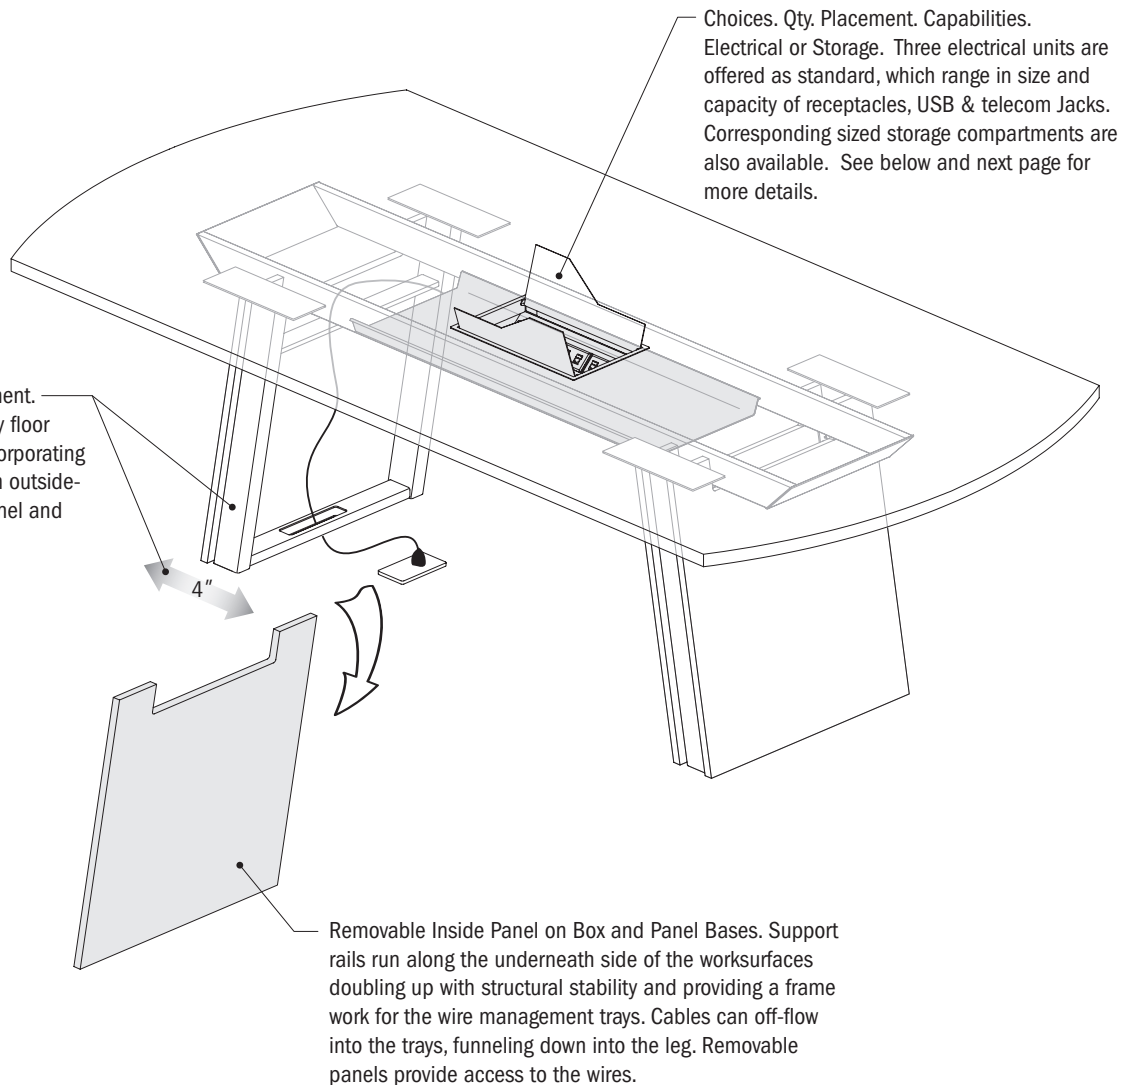

Media Wall Space Divider with Media Shelf is a freestanding unit. Runoff Tables can be attached to the back side of unit but is not necessary. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

## Native Technology

## Wire Management

Native accommodated wire management needs in a variety of ways, from ample technology choices to innovative adjustments.

**Base Location Adjustment.**  
Native addresses tricky floor core placement by incorporating 4 inches of travel, from outside-in, on both ends of panel and box bases.

## Worksurface Power Units and Storage Compartments

(See chart on next page for cutout code configurations)

**EC36 - Cove Power Unit**

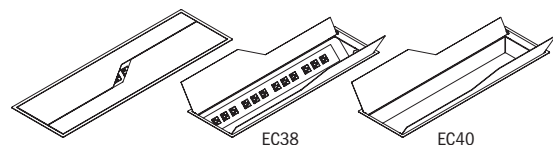

Cutout Code C

Available in silver, black, or white

**EC37 - Oasis Mini Power Unit****EC39 - Small Storage Compartment**

Cutout Code M

Available in arctic silver, bright white, matte black, pewter, or soft nickel

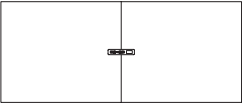

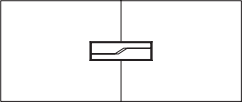

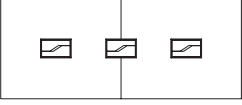

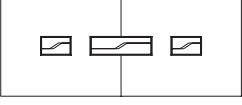

**EC38 - Oasis Power Unit****EC40 - Large Storage Compartment**

Cutout Code O

Available in arctic silver, bright white, matte black, pewter, or soft nickel

Description

Rectangular 2pc Table with 3 Open Loop Bases

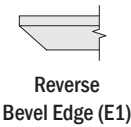

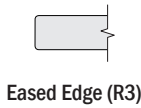

Features:

- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,855, for 54" & 60" wide - \$3,267
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

Arc End 2pc Table with 3 Open Loop Bases

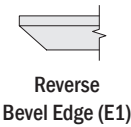

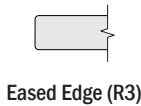

Features:

- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,855, for 54" & 60" wide - \$3,267
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

Boat Shape 2pc Table with 3 Open Loop Bases

Laminate Tops "NAT" Models

Features:

- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- narrow end of 60" wide table is 48"d; narrow end of 54" wide table is 42"d
- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 54" & 60" wide - \$3,267
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

View Table with Open Loop Base

Laminate Tops "NAT" Models

Features:

- two metal, open loop bases with structural support rails
- one-piece top
- narrow end of table is 36"d
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,197, for 54" & 60" wide - \$2,514
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

Arc End 2pc Table with 3 Panel Bases

Laminate Tops "NAT" Models

Features:

- three panel bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,855, for 54" & 60" wide - \$3,267
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Boat Shape 2pc Table with 3 Panel Bases

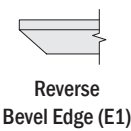

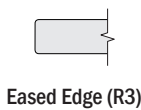

Features:

- three panel bases with structural support rails
- two-piece top
- narrow ends of table are 48"d
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add \$3,267 list upcharge for 60" wide
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Rectangular 2pc Table with 3 Box Bases

Laminate Tops "NAT" Models

Features:

- three box bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,855, for 54" & 60" wide - \$3,267
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Rectangular Table with Box Base

Laminate Tops "NAT" Models

- Features:**
- two box bases with structural support rails
  - one-piece top
  - glass top has additional seams
- Options:**
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 42" & 48" wide - \$2,197, for 54" wide - \$2,514
  - worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Boat Shape 2pc Table with 3 Box Bases

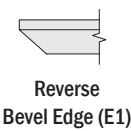

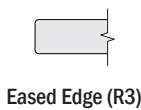

Features:

- three box bases with structural support rails
- two-piece top
- narrow ends of table are 48"d
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add \$3,267 list upcharge for 60" wide
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

View Table with Box Base

Laminate Tops "NAT" Models

Features:

- two box bases with structural support rails
- one-piece top
- narrow end of table is 36"d
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 54" & 60" wide - \$2,514
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Rectangular Table with Height Adjustable Base

Laminate Tops "NAT" Models

Features:

- height adjustable bases with structural support rails
- 30" to 40" height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$2,216, 42" & 48" wide - \$2,514, for 54" wide - \$2,827
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Arc End Table with Height Adjustable Base

Laminate Tops "NAT" Models

Features:

- height adjustable bases with structural support rails
- 30" to 40" height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$2,216, 42" & 48" wide - \$2,514, for 54" wide - \$2,827
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Boat Shape Table with Height Adjustable Base

Laminate Tops "NAT" Models

Features:

- height adjustable bases with structural support rails
- 30" to 40" height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top
- narrow ends of table are 36"d

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add \$2,514 list upcharge for 42" & 48" wide
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

View Table with Height Adjustable Base

Laminate Tops "NAT" Models

Features:

- height adjustable bases with structural support rails
- 30" to 40" height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top
- narrow end of table is 36"d

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,514, for 54" & 60" wide - \$2,827
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Description

Standing Height Rectangular Peninsula Table  
with Open Loop Base

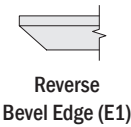

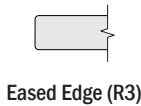

Features:

- must attach to 36" h Credenza, installation template included
- metal open loop base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$1,046, for 42" & 48 wide - \$1,210, for 54 wide - \$1,308
- magnetic wire manager available; order separately, see page [NA124](#)

Description

Rectangular Peninsula Table with Panel Base

Laminate Tops "NAT" Models

Features:

- must attach to 26"h Credenza, installation template included
- panel base with structural support rails
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$950, for 42" & 48 wide - \$1,100, for 54 wide - \$1,259
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

**Features:**

- sliding doors (non-locking)
- one side has AV rack and cubbies, other side has waste drawer and cubbies (cubbies partially covered by door)
- slide out and rotating AV rack included; provides easy rear access to equipment connections
- removable panel behind AV rack

**Options:**

- waste drawer accommodates two Uline #S-13527 (10 gallon) trash cans, not included
- metal available in powder coat, no upcharge, or chrome, add \$1,709 list upcharge
- laminate doors available in contrasting color, no upcharge, specify color; see page [NA9](#) for details
- veneer doors available in contrasting paint color, no upcharge, specify paint color; see page [NA9](#) for details

Description

Rectangular Runoff Table  
with Open Loop Base

in application

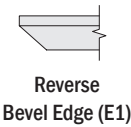

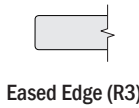

Features:

- must attach to either a 74" Media Wall Space Divider without Media Shelf or a 74" Media Wall - Table Mount
- metal open loop base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$950, for 42" & 48 wide - \$1,100, for 54 wide - \$1,259
- magnetic wire manager available; order separately, see page [NA124](#)
- mounting brackets included

Description

View Runoff Table with Open Loop Base

in application

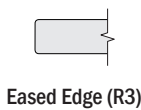

Features:

- must attach to either a 74" Media Wall Space Divider without Media Shelf or a 74" Media Wall - Table Mount
- metal open loop base with structural support rails
- narrow end of table is 36"d
- glass top has additional seams

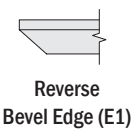

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add \$1,259 list upcharge for 54" wide
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- mounting brackets included

Description

Standing Height Rectangular Runoff Table  
with Panel Base

in application

Laminate Tops "NAT" Models

Features:

- must attach to either a 84" Media Wall Space Divider without Media Shelf or a 84" Media Wall - Table Mount
- panel base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$1,046, for 42" & 48 wide - \$1,259, for 54 wide - \$1,308
- mounting brackets included

Corner Details

A more inviting approach can be achieved by selecting Rounded Corners on either Rectangular or Square Tables.

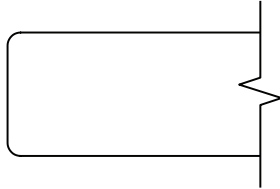

Example  
Eased (R3) PVC edge laminate with rounded corner

## Nosh Product Information

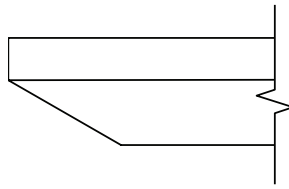

### Laminate Tops

HPL tops are 1 3/8" thick, 3 ply construction. The laminate face is horizontal grain or solid high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

**Eased Edge (R3)**

PVC

**Reverse Bevel (K9)**

PVC on painted top of painted MDF

### Standard PVC Edge Colors

JSI supports 22 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (Tier 2 or 3), you will be prompted to choose one these 22 PVC edge colors to be applied to the edge.

Nosh Product Information

Veneer Tops

Tops are 1 3⁄8" thick, 5 ply balanced construction with particle board core. Standard Tier 1 veneer is flat cut, book matched for cherry, maple and walnut veneer. Standard Tier 2 veneer is double cut.

Eased Edge (R3)  
Internal Lumber Band

Reverse Bevel (K9)  
Veneer Band on Stained MDF

Finish - Stain/Colors

Flat Cuts are Tier 1 Veneer pricing, while Double Cut is Tier 2 Veneer pricing. Finishes with an asterisk (\*) have coordinating laminate tops.

Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Nosh Product Information

Solid Surface Tops

Tops are 1 3⁄16" thick constructed of 1⁄2" thick Solid Surface on top of a 1 1⁄16" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the Solid Surface.

Reverse Bevel Edge (S7)  
Solid Surface over painted MDF

Standard Solid Surface

- Tier 1 (S1)**
- ARM Armadillo
  - BLP Black Pearl
  - PEB Pebble Pearl
  - PUR Pure White

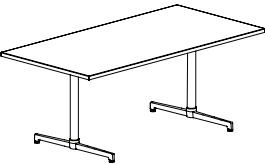

NOSH

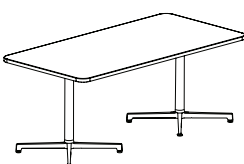

Nosh Product Information

Base Styles

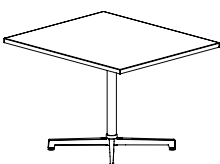

Nosh provides a choice selection of bases in both function and aesthetics to serve a variety of needs. It offers six base styles with: T-base, X-base, X-extended base, X4 base, Round Disc and Square Disc.

- T-Base**
- available in 29", 36" and 42"h
  - used only with rectangular tops
  - base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot

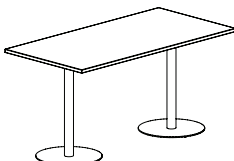

- X-Base**
- available in 29", 36" and 42"h
  - used with all Nosh top shapes
  - base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot
  - power access version available with an upcharge

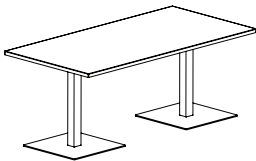

- X-Extended Base**
- available in 29"h only
  - used with rectangular tops
  - base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot
  - cannot be used in conjunction with power cutouts

- X4 Base**
- available in 29", 36" and 42"h
  - used only on round, rounded square and squircle tops
  - base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot

- Round Disc**
- available in 29", 36" and 42"h
  - used with all Nosh top shapes
  - base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver foot

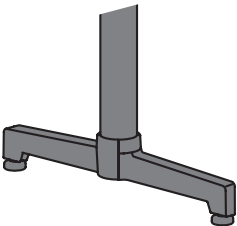

- Square Disc**
- available in 29", 36" and 42"h
  - used with all Nosh top shapes
  - base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver foot
  - round and square tables cannot be used in conjunction with power cutouts

Two - Two Aesthetics.

Single Metal Finish

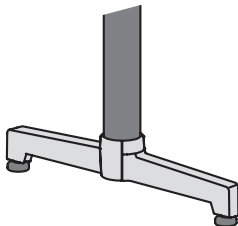

- ABZ** Aged Bronze Feet & Post
- ASL** Arctic Silver Feet & Post
- BWH** Bright White Feet & Post
- GLD** Gold Feet & Post
- PEW** Pewter Feet & Post
- MBK** Matte Black Feet & Post
- SBZ** Soft Bronze Feet & Post
- SNK** Soft Nickel Feet & Post

Two - Tone Metal Finish

Two- Tone Aesthetics can be achieved by specifying Polished Aluminum on the foot and a contrasting finish on the post

- Polished Aluminum Feet**
- ABZ** - Aged Bronze Post
  - ASL** - Arctic Silver Post
  - GLD** - Gold Feet Post
  - PEW** - Pewter Feet Post
  - MBK** - Matte Black Feet Post
  - SBZ** - Soft Bronze Feet Post
  - SNK** - Soft Nickel Feet Post

## Nosh Product Information

### Power/Charging Options

Nosh offers the ability to place power and charging options in the center of most tables. Select your choice of EC23 or EC24, available in black and white.

#### Moire - EC23

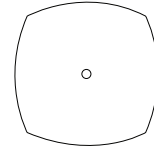

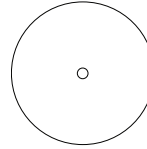

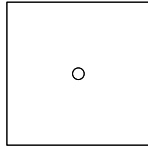

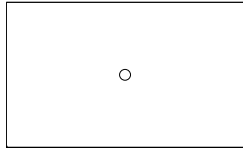

- Three 110 outlets
- Dual USB port with 72" power cord
- Black (B) or White (W)

#### Node - EC24

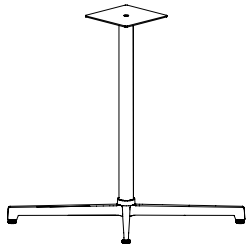

- One 110 outlet
- Dual USB port with 72" power cord
- Black (B) or White (W)

Cut outs are located in the center of each table. See below for representation or location.

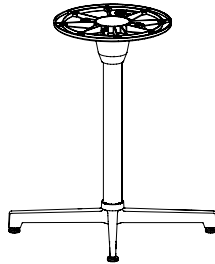

### Power Access Base

In round, square, rounded square and squircle tables that use X base, when you select power accessibility; the table is bored for the electrical unit and a power accessible base is used. This provides a drawn mounting bracket and the ability to run the power cord down through the base. See individual product pricing pages for upcharge.

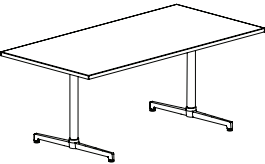

**Standard  
X Base**

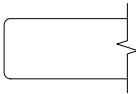

**Power Accessible  
X Base**

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- optional vertical wire manager for base, order separately
- base has leveling glides
- width of base foot is 26"

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- when electrical cut out selected, power accessible base is sent - add \$111
- base has leveling glides
- width of base foot varies from 26" to 38"

- Features:
- price reflects complete table - top and base
  - ships KD in multiple cartons
  - base has anti-rock glides
  - top has option for cut out to receive electrical component, enter separately
  - optional vertical wire manager for base, order separately
  - width of base foot varies from 17" or 22"

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- when electrical cut out selected, power accessible base is sent - add \$111
- optional vertical wire manager for base, order separately
- base has leveling glides
- width of base foot varies from 26" or 32"

- Features:
- price reflects complete table - top and base
  - ships KD in multiple cartons
  - top has option for cutout to receive electrical component, ordered separately
  - when electrical cut out selected, power accessible base is sent - add \$111
  - base has leveling glides
  - width of base foot varies from 26" to 38"

- Features:
- price reflects complete table - top and base
  - ships KD in multiple cartons
  - cut out for power is not available on these tables
  - width of base foot varies from 22" or 27"

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- when electrical cut out selected, power accessible base is sent - add \$111
- base has leveling glides
- width of base foot varies from 26" to 38"

## Privacy Solutions - Cleaning Guidelines

We offer numerous textile and hard surface options that will stand up to the rigors of frequent bleach cleaning, ranging from untreated surfaces to those with anti-microbial topcoats. Please contact our Customer Support Team today for more information.

**MATERIALS:**

**ACRYLIC:** water based foam or cleaner and bleach cleanable (5:1)\*

**ACOUSTIC PET:** bleach solution cleanable (2% bleach)\*

**HPL LAMINATE:** recommended by suppliers: Clorox Healthcare Bleach Germicidal wipes, Virex II 256, PDI Super Sani-Cloth wipes, PDI Sani-Prime Germicidal spray

**TFL LAMINATE:** cleaning guidelines will vary between manufacturer; cleaning details available upon request

**VENEER:** first clean with warm soapy water - do not soak. Pledge Antibacterial cleaner or bleach free disinfectant wipes are recommended

**COATED FABRIC:** water based foam or cleaner and bleach cleanable (4:1)\*

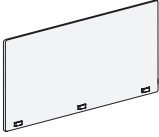

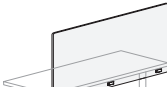

**FABRIC:** cleaning guidelines will vary between fabric type, pattern and manufacturer; see material recommendations for bleach-solution cleanable fabrics

\*Bleach solution cleanable:

Complies with BIFMA HCF 8.1 guidelines

Important to rinse repeatedly with cool, clean water after cleaning to remove all residue  
More cleaning details from raw material suppliers available upon request

All surfaces with the exception of some fabrics can be cleaned with Clorox Healthcare Bleach Germicidal Wipes as well as bleach free wipes. This includes all coated fabric, laminate, acrylic and metal surfaces.

- Features:**
- bracket attaches to bottom of worksurface with wood screws
  - minimum worksurface overhang clearance for bracket: 1"
  - exposed edges in PET silver grey
  - height above worksurface: 24"
  - wire pass-through
  - bracket visible on approach side only
  - corners: ¾" radius
  - see cleaning guidelines for cleaning information

- To Order, Specify:**
- ① Model Number
  - ② Metal Finish: matte black or arctic silver

## Features:

- bracket attaches to bottom of worksurface with wood screws
- minimum worksurface overhang clearance for bracket: 3 ½"
- one side acoustic PET, opposite side magnetic markerboard
- PET is silver grey
- height above worksurface: 24"
- wire pass-through
- corners: square
- see cleaning guidelines for cleaning information
- exposed bolts on approach side

## Privacy Solutions - Cleaning Guidelines

We offer numerous textile and hard surface options that will stand up to the rigors of frequent bleach cleaning, ranging from untreated surfaces to those with anti-microbial topcoats. Please contact our Customer Support Team today for more information.

### **MATERIALS:**

**ACRYLIC:** water based foam or cleaner and bleach cleanable (5:1)\*

**ACOUSTIC PET:** bleach solution cleanable (2% bleach)\*

**HPL LAMINATE:** recommended by suppliers: Clorox Healthcare Bleach Germicidal wipes, Virex II 256, PDI Super Sani-Cloth wipes, PDI Sani-Prime Germicidal spray

**TFL LAMINATE:** cleaning guidelines will vary between manufacturer; cleaning details available upon request

**VENEER:** first clean with warm soapy water - do not soak. Pledge Antibacterial cleaner or bleach free disinfectant wipes are recommended

**COATED FABRIC:** water based foam or cleaner and bleach cleanable (4:1)\*

**FABRIC:** cleaning guidelines will vary between fabric type, pattern and manufacturer; see material recommendations for bleach-solution cleanable fabrics

\*Bleach solution cleanable:

Complies with BIFMA HCF 8.1 guidelines

Important to rinse repeatedly with cool, clean water after cleaning to remove all residue. More cleaning details from raw material suppliers available upon request

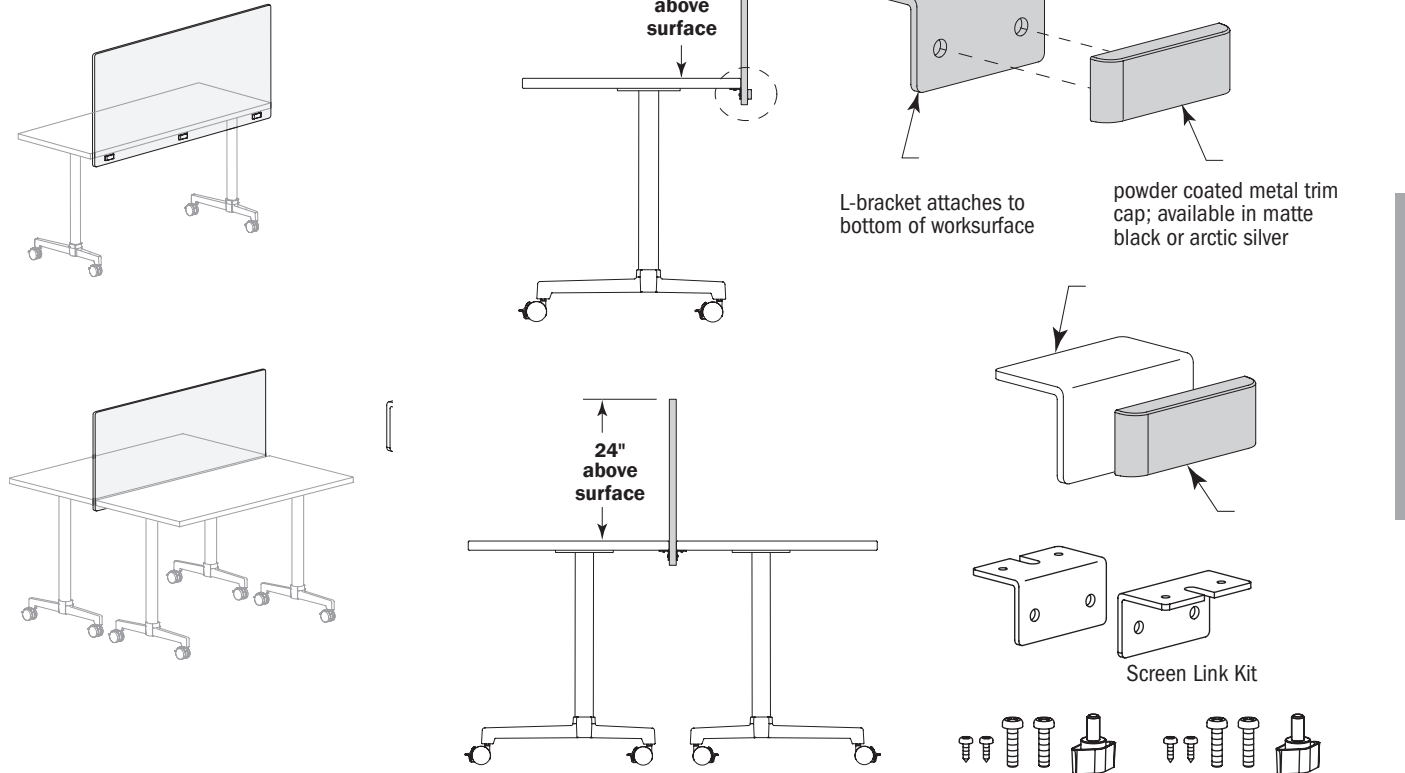

All surfaces with the exception of some fabrics can be cleaned with Clorox Healthcare Bleach Germicidal Wipes as well as bleach free wipes. This includes all coated fabric, laminate, acrylic and metal surfaces.

## Privacy Solutions Product Information

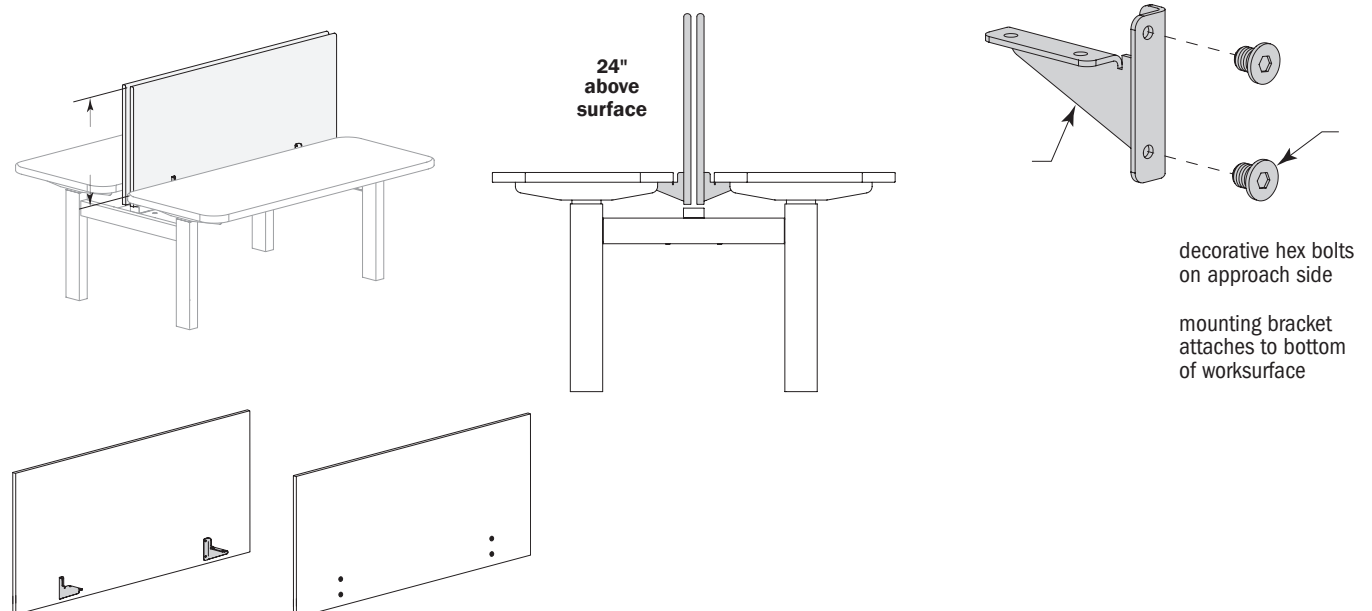

### Screen Mounting

- screens supported by brackets with powder coated cover plates to underside of top
- mounting brackets slide out for routing cables to underside of top or to install monitor arm
- screens available for approach and end of table applications
- screen link kits available (see below) for shared privacy screen application between two tables approach or end applications
- screens must be removed before tilting

Prost Occasional Tables Order Check List:

Specify:

☐ 1. Model Number

☐ 2. Material Selection

a.) Laminate

1.) Laminate Color - See list below

b.) Veneer

1.) Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1) Black Oak (BO1) or Double Cut (DC1)

2.) Wood Finish - See list below

☐ 3. Metal Leg Color - Arctic Silver (ASL), Bright White (BWH), Matte Black (MBK), Pewter (PEW), or Soft Nickel (SNK)

☐ 4. Optional Top Overlay

a.) White Back Painted Glass - add \$1,485 list for 18" dia., \$1,813 list for 24" dia., \$2,090 list for 36" dia.

b.) Solid Surface - add \$930 list for 18" dia., \$1,163 list for 24" dia., \$1,996 list for 36" dia.

1.) Solid Surface Color - Armadillo (ARM), Black Pearl (BLP), Pebble Pearl (PEB) or Pure White (PUR)

☐ 5. Optional Power Center (leg models only) - Node (EC24) - Black (B) or White (W); order separately \$384 list each

Example:

|                          |                         |                      |                      |                      |

**To Order, Specify:**

- ❶ Model Number
- ❷ Material Selection:
  - a.) Laminate [See Laminate Top Options](#)
    - 1.) Laminate Color
  - b.) Veneer [See Veneer Top Options](#)
    - 1.) Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1), Black Oak (BO1) or Double Cut (DC1)
      - a.) Finish Color
- ❸ Metal Leg Color [See Metal Frame Color Options](#)
- ❹ Optional Top Overlay: see page [PS2](#) for upcharge
  - a.) White Back Painted Glass
  - b.) Solid Surface [See Solid Surface Selection Options](#)
- ❺ Optional Power Center (EC24) - add \$384 list
  - a.) Color: Black (B) or White (W)

**Specifications****Tops:**

- Optional glass or solid surface tops are ½" thick and sit on cylinder via attached non skid glides
- Glass is back painted white and a tempered satin surface

**Plinths:**

- Plinth base models have tack in button glides.
- Plinth is always black.

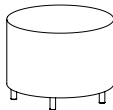

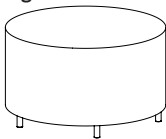

**Legs:**

- Leg models have non adjustable knock in glides.
- Leg models come with 5 legs for all sizes.

**Power:**

- Power only available on leg models. Cannot be used in conjunction with glass and solid surface tops. (Only with laminate and veneer tops)

## Reef Product Information

### Reef Veneer

#### Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Reef Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple, walnut, & black oak veneers are book-matched.

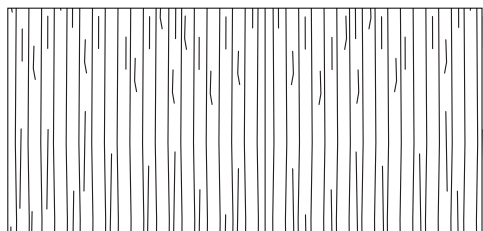

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Reef Veneer is available in flat cut cherry, maple and walnut. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Double Cut Veneer.

#### Worksurface Construction

Worksurfaces are 1 3/16" thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. No additional charge for HPL worksurface when using the standard coordinating HPL match to a standard wood finish. Veneer tops feature 3mm thick matching veneer edgebands. HPL tops are constructed with internal solid hardwood lumber edgebands.

#### Case Construction

Veneer end panels are produced using a 1 3/16" thick substrate with veneer surfaces and matching veneer bands on exposed edges. Stretcher panels are 1 3/16" thick for layered tables and 3/4" thick on panel tables. Stretcher panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksurfaces. 20" deep wall dependent tables incorporate rear stretcher and metal support rails for worksurface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1 3/16" thick and attach with Modeez connectors and metal brackets with wood screws. Bookcase sections are constructed from 3/4" thick veneer panels with matching veneer edgebanding. Narrow bookcase and full bookcase joinery includes wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Tables require field assembly.

**RE2 Reef**

#### Foot Rails

Optional metal foot rails are constructed with 14-gauge 1 3/4" square tubing with powder coated finish. Rails attach to end panels using 1/4-20 machine screws into metal inserts in end panels. Foot rails not available on quickship.

#### Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Reef. Please see the chart below. Samples are available upon request.

#### Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

#### DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

#### Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of \$372 list per order for any non-standard wood finish.

## Reef Product Information

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

### Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

### Species Change

For species changes contact customer service for a quote.

### Laminate Tops

Work surface only, no additional upcharge if Reef's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### CH1 Cherry *Flat Cut Veneer*

CLL Collectors

HRV Harvest

PRL Praline

#### WA1 Walnut *Flat Cut Veneer*

MCH Mocha TRF Truffle

SIE Sienna UMB Umber

#### DC1 Double Cut Veneer

FAW Fawn VAL Valley

MIN Mineral - Oak Pattern

### Reef Laminate

Reef Laminate features TFL (thermally fused laminate) chassis components. Worksurfaces are available in HPL (high pressure laminate).

Edges of the worksurface are banded with impact resistant (PVC) on HPL tops. The laminate is offered in 16 wood grain patterns and 6 solid colors. Wood grain laminates feature an embossed grain that adds texture and helps to hide finger prints and light scratches. The solid color laminates are smooth to the touch with a semi-matte finish. All Reef Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Reef product.

#### TFL / HPL Wood Grain Pattern Laminates

|                     |                     |
|---------------------|---------------------|
| ALL Ale Light       | MIN Mineral         |
| BOL Bourbon Light   | OAT Oatmeal Cookie  |
| BZW Brazilwood      | PIN Pinnacle Walnut |
| BGL Brighton Light  | STU Studio Teak     |
| CLL Collectors      | UMB Umber           |
| FAW Fawn            | VAL Valley          |
| FLO Florence Walnut | VIN Vintage         |
| GRH Graphite        | WEA Weathered Ash   |

#### TFL /HPL Solid Laminates

|                   |                    |
|-------------------|--------------------|
| ALB Alabaster     | DWH Designer White |
| BLK Black         | SHD Shadow         |
| BBL Bridal Blanco | SLG Slate Grey     |

### Worksurfaces

Worksurfaces are manufactured with 3-ply balanced construction. Tops are 1 3/16" thick with coordinating PVC edges. Worksurfaces feature 3mm PVC edges on user sides. Edge detail is flat with eased edge on top and bottom. Worksurface ends are banded with 1mm PVC.

### Case Construction

Reef Laminate end panels are produced using 1 3/16" thick substrate with TFL surfaces and matching PVC bands on exposed edges. Stretcher panels are 1 3/16" thick for layered tables and 3/4" thick on panel tables. Stretcher Panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. Reef 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksurfaces. Reef 20" deep wall dependent tables incorporate rear stretcher and metal support rails for work surface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1 1/8" thick and attach with Modeez connectors and metal brackets. Bookcase sections are constructed from 3/4" thick TFL panels with 1mm edgebanding. Narrow bookcase and full bookcase assembly joinery include wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Reef tables require field assembly.

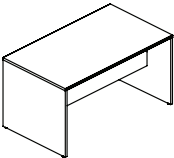

### Foot Rails

Optional metal foot rails are constructed with 14-gauge 1 3/4" square tubing with powder coated finish. Rails attach to end panels using 1/4-20 machine screws into metal inserts in end panels.

## Reef Product Information

### Optional Foot Rail

Optional foot rail in the Arctic Silver, Black Sandtex Pewter, or Soft Nickel powder coat finish is available on the 42"h tables.

96" wide

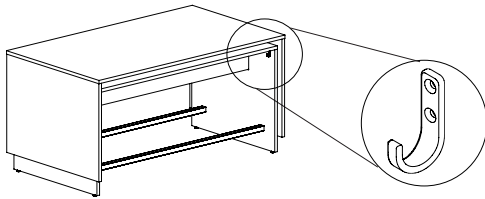

54", 60", 72", & 84" wide

Double Sided Table - Two Rails - add \$1,065 list

Single Sided Table - One Rail - add \$596 list

### Optional Coat Hook

Optional satin stainless steel coat hook is available on the 42"h and 37"h tables.

Double Sided Table - Four Hooks - add \$203 list

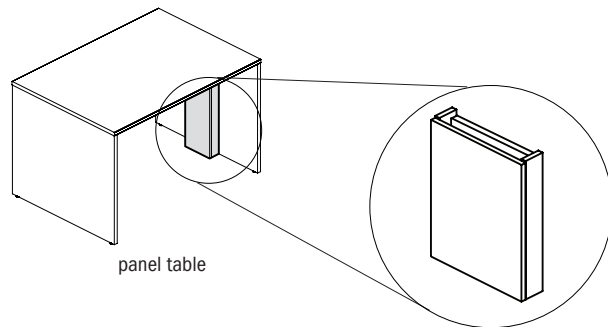

Single Sided Table - Two Hooks- add \$125 list

### Vertical Wire Manager

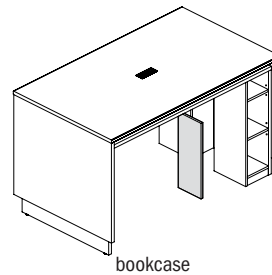

Vertical Wire Manager is optional on the 48", 42" and 36" d units, select veneer or laminate.

Bookcases feature integrated vertical wire management with a removable access panel. Vertical wire managers are not available on bookcase sides.

Note: Not available on 20"d units.

## Reef Product Information

### Optional Worksurface Power

Optional Worksurface Power (EC26) is available on 48", 42" and 36" deep units. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, see page RE26. Length of cord is 10 feet.

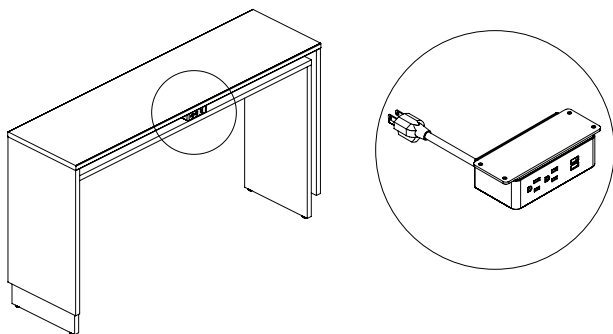

Note: Not available on wall dependent tables or tables with full width bookcases.

### Under Surface Power

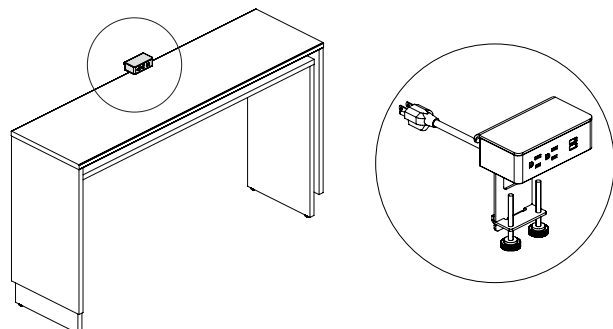

Under Surface Power (EC27) may be ordered for 48", 42", 36" and 20" deep units. The 48", 42" and 36" deep units can accommodate power unit on each side of the table. The 20" deep units can accommodate power units on the non-wall side. The EC27 Under Surface Power Unit(s) must be ordered separately, see page RE26. This unit is field installed. Length of cord is 10 feet.

Note: Not available on tables with full width bookcases.

### Edge Mount Power

Edge Mount Power (EC28) may be ordered for 20" deep units. This unit is field installed. Ordering information can be found on page RE26. Length of power cord is 6 feet.

- ships KD
- vertical kneespace clearance 35 3/4"
- EC26 worksurface power available, specify "to accommodate worksurface power" on your purchase order; one EC26 unit must be ordered separately, see page [RE26](#)
- EC27 undersurface power available, see page [RE26](#)
- wire manager available, see page [RE25](#)
- optional coat hooks (four hooks), specify and add \$203 list

### To Order, Specify:

#### Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1), Black Oak (BO1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))

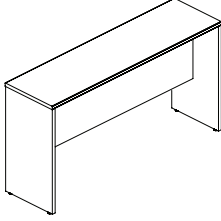

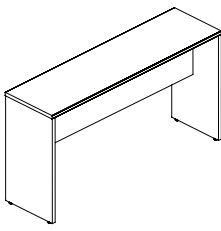

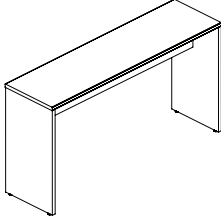

- ④ Panels Species & Finish
  - a.) Same as Worksurface
  - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

#### Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
  - a.) TFL
  - b.) HPL
- ③ Worksurface Laminate Color (see page [RE3](#))
- ④ Panels Laminate Color
  - a.) Same as Worksurface
  - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

- ships KD
- intended for use against a wall, does not attach to the wall
- exposed hardware on back side
- EC27 undersurface power available, see page [RE26](#)
- EC28 edge mount power available, see page [RE26](#)
- optional foot rail available on 42"h table, specify and add \$596 list
- optional coat hooks (two hooks) available on 42"h and 37"h tables, specify and add \$125 list
- vertical kneespace clearance for 42"h panel table - 40 ¾"
- vertical kneespace clearance for 37"h panel table - 35 ¾"
- vertical kneespace clearance for 30"h panel table - 28 ¾"

### To Order, Specify:

#### Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1), Black Oak (BO1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))

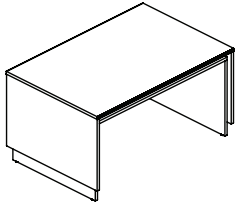

- ④ Panels Species & Finish
  - a.) Same as Worksurface
  - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

#### Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
  - a.) TFL
  - b.) HPL
- ③ Worksurface Laminate Color (see page [RE3](#))
- ④ Panels Laminate Color
  - a.) Same as Worksurface
  - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

## Description

- ships KD
- vertical kneespace clearance 36 5/8"
- vertical shelf clearance 2 15/16"
- EC26 worksurface power available, specify "to accommodate worksurface power" on your purchase order; one EC26 unit must be ordered separately, see page [RE26](#)
- EC27 undersurface power available, see page [RE26](#)
- wire manager available, see page [RE25](#)
- optional foot rail (two rails), specify and add \$1,065 list
- optional coat hooks (four hooks), specify and add \$203 list

- ships KD
- vertical kneespace clearance 31 5/8"
- vertical shelf clearance 2 1/4"
- EC26 worksurface power available, specify "to accommodate worksurface power" on your purchase order; one EC26 unit must be ordered separately, see page [RE26](#)
- EC27 undersurface power available, see page [RE26](#)
- wire manager available, see page [RE25](#)
- optional coat hooks (four hooks), specify and add \$203 list

### To Order, Specify:

#### Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1), Black Oak (BO1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))

- ④ Panels Species & Finish
  - a.) Same as Worksurface
  - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

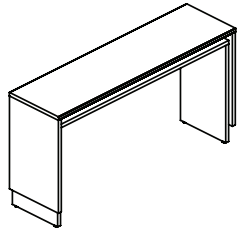

#### Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
  - a.) TFL
  - b.) HPL
- ③ Worksurface/Outer Panels Laminate Color (see page [RE3](#))
- ④ Inner Panels Laminate Color
  - a.) Same as Worksurface/Outer Panels
  - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

- ships KD
- intended for use against a wall, does not attach to the wall
- exposed hardware on back side
- vertical shelf clearance 2 $\frac{1}{4}$ "
- EC27 undersurface power available, see page [RE26](#)
- EC28 edge mount power available, see page [RE26](#)
- optional foot rail available on 42"h table, specify and add \$596 list
- optional coat hooks (two hooks) available on 42"h and 37"h tables, specify and add \$125 list
- vertical kneespace clearance for 42"h layered table - 36 $\frac{5}{8}$ "
- vertical kneespace clearance for 37"h layered table - 31 $\frac{5}{8}$ "
- vertical kneespace clearance for 30"h layered table - 24 $\frac{5}{8}$ "

### To Order, Specify:

#### Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1), Black Oak (BO1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))
- ④ Inner Panels Species & Finish
  - a.) Same as Worksurface/Outer Panels
  - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

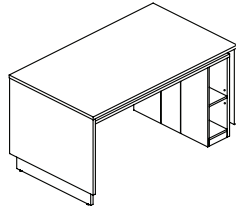

#### Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
  - a.) TFL
  - b.) HPL
- ③ Worksurface/Outer Panels Laminate Color (see page [RE3](#))
- ④ Inner Panels Laminate Color
  - a.) Same as Worksurface/Outer Panels
  - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

- ships KD
- vertical kneespace clearance 31 5/8"
- vertical shelf clearance 2 15/16"
- adjustable shelf
- removable wire access panel on bookcase side
- EC26 worksurface power available, specify "to accommodate worksurface power" on your purchase order; one EC26 unit must be ordered separately, see page [RE26](#)
- EC27 undersurface power available, see page [RE26](#)
- wire manager available on non-bookcase side, see page [RE25](#)
- optional coat hooks (four hooks), specify and add \$203 list

#### To Order, Specify:

##### Veneer

- ① Model Number
- ② Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1), Black Oak (BO1) or Double Cut (DC1) (see page [RE2](#))
- ③ Finish Color (see page [RE2](#))

- ④ Bookcase /Inner Panels Species & Finish
  - a.) Same as Worksurface/Outer Panels
  - b.) Paint (see page [RE2](#))
- ⑤ Other Product Options

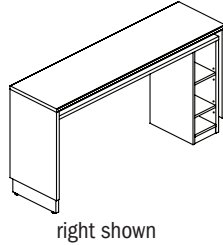

##### Laminate

- ① Model Number
- ② Worksurface Material (see page [RE3](#))
  - a.) TFL
  - b.) HPL
- ③ Worksurface/Outer Panels Laminate Color (see page [RE3](#))
- ④ Bookcase/Inner Panels Laminate Color
  - a.) Same as Worksurface/Outer Panels
  - b.) Other Laminate (see page [RE3](#))
- ⑤ Other Product Options

#### Tops

##### To Order, Specify:

- ① Model Number
- ② Top Material - Veneer (W) or Laminate (L)
- ③ Wood Species - Cherry (CH1), Maple (MA1), Oak (OK1) or Walnut (WA1)
- ④ Wood Finish/Laminate Color

##### Specifications

- Wood species - Cherry, Maple Oak or Walnut.
- Core material is 1 ½" MDF.
- Face is wood veneer or horizontal grade HPL.
- Backer is bonded to bottom side to ensure balanced construction.
- Bevel MDF edge.

#### Bases

##### To Order, Specify:

- ① Model Number
- ② Wood Finish/Paint Color
- ③ Optional Rubber Cushion Nylon Glides - no upcharge

##### Specifications

- Wood species - Beech or Maple.
- Standard with rubber cushion metal glides.

## Strata

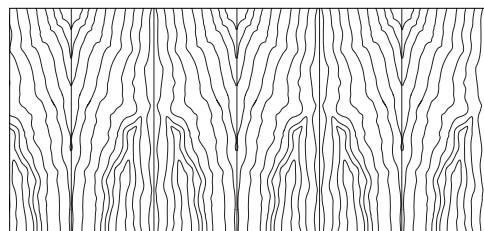

# Strata Product Information

## Strata Veneer

### Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Strata Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple, walnut and black oak veneers are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

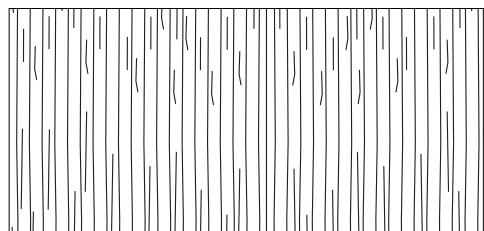

#### Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Strata Veneer is available in flat cut cherry, maple, walnut and black oak veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Strata Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern. The diagram below shows the tight pattern used on Strata Veneer.

Solid painted finishes on MDF are also offered to provide an accent to the Strata product.

### Worksurface Construction

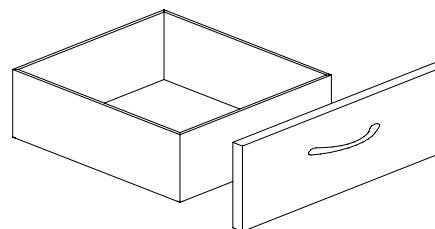

Tops are 5-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern with finish wood edges.

### Case Construction

Outside panels are 3/4" and joined together with dowels reinforced with screws, cleats and metal fasteners for increased stability. Leveling glides are set into solid hardwood blocks, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

## Drawers

The unidirectional V-Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The 1/2" thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box.

### Drawer Suspension

High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

### Locking

Desk and return pedestals feature pedestal front locking to provide maximum security and flexibility in configuration.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard. product.

### Installation

Installation assistance is available, contact Customer Service for a quote.

### Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

### DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. **Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. **Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

### Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **\$372 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

### Product Modification

#### Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

### Pedestal Configuration Change

File/File configuration is standard on the reception station.

Strata pedestal drawer configuration can be reconfigured to a Box/Box/File configuration, but must be specified at the time of order; no additional upcharge.

### Wood Drawers

Four corner dovetailed wood drawers must be specified at the time of order placement. Specify and add \$276

# Strata Product Information

## Strata Laminate

Strata Laminate features HPL (high pressure laminate) worksurfaces and TFL (thermally fused laminate) chassis.

Edges of the worksurface are banded with impact resistant (PVC). The laminate is offered in 29 wood grain patterns and 5 solid colors. Wood grain laminates feature an embossed grain that adds texture and helps to hide finger prints and light scratches. The solid color laminates are smooth to the touch with a semi-matte finish. All Strata Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Strata product.

### TFL - HPL Wood Grain Pattern Laminates

|                     |                     |
|---------------------|---------------------|
| ALL Ale Light       | MIN Mineral         |
| BOL Bourbon Light   | OAT Oatmeal Cookie  |
| BZW Brazilwood      | PIN Pinnacle Walnut |
| BGL Brighton Light  | STU Studio Teak     |
| CLL Collectors      | UMB Umber           |
| FAW Fawn            | VAL Valley          |
| FLO Florence Walnut | VIN Vintage         |
| GRH Graphite        | WEA Weathered Ash   |

### TFL - HPL Solid Laminates

|                   |                    |
|-------------------|--------------------|
| ALB Alabaster     | DWH Designer White |
| BLK Black         | SHD Shadow         |
| BBL Bridal Blanco | SLG Slate Grey     |

## Worksurfaces

Worksurfaces are manufactured with 3-ply balanced construction. Tops are 1 3/8" thick with coordinating PVC edges. Worksurfaces feature 3mm PVC edges on user sides. Edge detail is flat with eased edge on top and bottom. Worksurface ends are banded with 1mm PVC.

## HPL Features on Worksurfaces

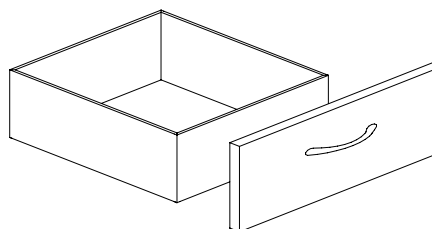

Fusion of multiple layers creates a higher impact resistant surface. Tops are 3-ply balanced construction. Available in all wood grain and solid patterns.

## Case Construction

Panels for chassis consist of a 3/4" thick substrate with TFL surfaces and PVC bands on exposed edges. Pedestals and cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. Leveling glides are set into solid hardwood blocks, which helps to prevent the leveling glide from tear out.

## Drawers

The unidirectional V-Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The 1/2" thick drawer sides are wrapped in a high grade maple vinyl, with an attached front. The drawer front is attached to the four sided box.

## Drawer Suspension

High quality black drawer suspension carries a lifetime warranty. File and box drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

## Locking

Desk and return pedestals feature pedestal front locking to provide maximum security and flexibility in configuration.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard. product.

## Installation

Installation assistance is available, contact Customer Service for a quote.

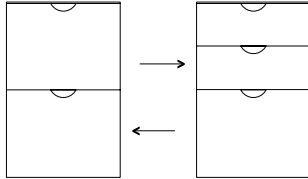

## Strata Product Information

### Flat Cut Veneer Grain Direction

Grain Direction on the worksurface will be long grain. Grain direction on the return worksurface will be short grain.

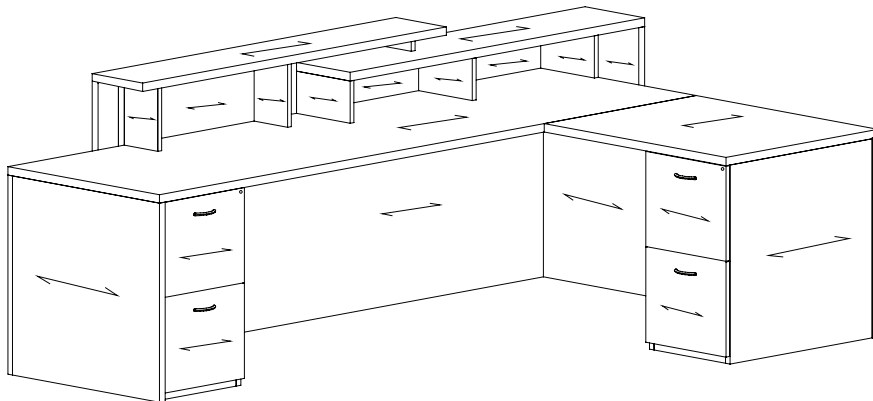

Grain will run vertical on the chassis of the flat grain veneer units. Grain direction for upper and lower transaction units will run same direction as the desk.

### Double Cut Veneer Grain Direction

Grain Direction on the worksurface will be long grain. Grain direction on the return worksurface will be short grain.

Grain will run horizontal on the chassis of the double cut veneer units. Grain direction for upper and lower transaction units will run same direction as the desk.

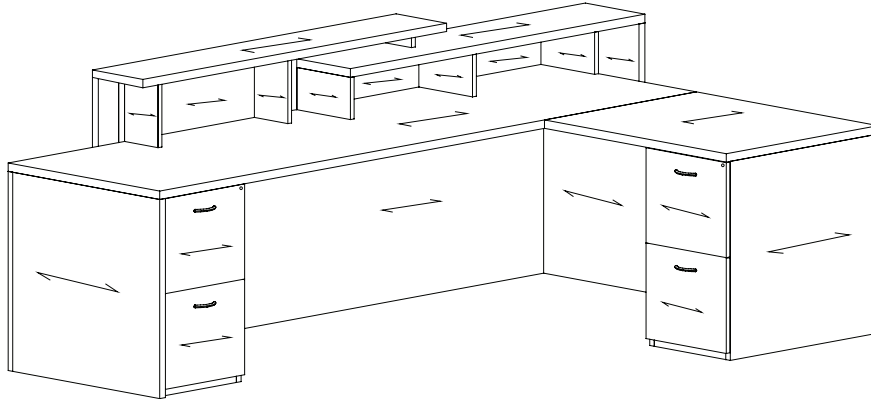

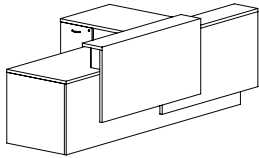

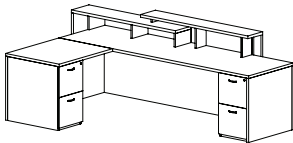

## Strata Product Information

### Laminate Direction

Grain Direction on the worksurface will be long grain. Grain direction on the return worksurface will be short grain on any unit 60" wide or less. Grain will run horizontal on the chassis of the laminate units. Grain direction for upper and lower transaction units will run same direction as the desk.

# Walden Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

## Work Surface Construction

Tops are 3-ply balanced construction, 1 3/4" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

## Case Construction

All construction is a combination of mortise and tenon with bore and dowel.

All panels are 3/4" thick with 3-ply construction and rimmed with veneer bands.

Arm slides are 3-ply construction, banded on all four sides with veneer. Pedestals are enclosed at the bottom with a 1/8" thick panel securely fastened to the bottom of the pedestal.

Each corner of the pedestal has a metal reinforcement bracket with a 2 1/2" adjustable glides. All glides can be adjusted from inside the pedestal by removing the bottom drawer.

## Drawer Construction

The standard Baltic Birch drawer is constructed with 1/2" thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a 1/2" durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

## Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [WN12-WN13](#).

## Locking

All desk, credenzas and freestanding pedestals with drawers are face locked. Locks are located in the upper right corner of top drawer. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

## Finish - Stain/Colors

We offer a variety of wood stains on Walden. Please see the chart below. Samples are available upon request.

| CH1 | Cherry          | Flat Cut Veneer |            |
|-----|-----------------|-----------------|------------|
| BBM | Bourbon Medium  | CLL             | Collectors |
| BRM | Brighton Medium | HRV             | Harvest    |
| CLA | Classic         | PRL             | Praline    |

| WA1 | Walnut   | Flat Cut Veneer |         |
|-----|----------|-----------------|---------|
| ESP | Espresso | TRF             | Truffle |
| MCH | Mocha    | UMB             | Umber   |
| SIE | Sienna   |                 |         |

## Protective Top Coat

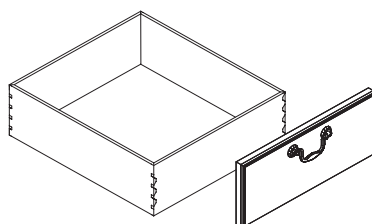

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Walden Product Information

### Product Modification

#### Laminate Tops

Work surface only, no additional upcharge if Walden's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### CH1 Cherry *Flat Cut Veneer*

CLL Collectors  
HRV Harvest  
PRL Praline

#### WA1 Walnut *Flat Cut Veneer*

MCH Mocha TRF Truffle  
SIE Sienna UMB Umber

#### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of \$372 list per order.

#### Finish Sheen

All veneer finishes, for Walden, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

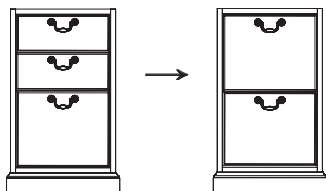

#### Special Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

#### Pedestal Configuration Change

Pencil-box-file configuration is standard on all desks pedestals. Standard configurations for all other units are listed in the pricing section for that model.

Drawer configurations can be switched from a pencil-box-file or box-box-file to a file-file configuration on units 28 ¾" high, but must be specified at the time of order with an additional \$216 list per pedestal.

Changing from pencil-box-file to file-file pedestal will eliminate the writing shelf (arm slide).

### Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Walden.

**All modifications still must be approved by JSI manufacturing,** please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible.

**This chart does not apply to glass doors, or to metal components; such as grill on doors and cornices. Any changes to file drawers will affect filing capabilities.**

#### Increasing Dimensions - Add On to the list Per 6" Occurrence

##### Overhead

|                             |         |
|-----------------------------|---------|
| Increasing width            | \$1,018 |
| Increasing depth            | \$1,736 |
| Increasing width with doors | \$1,205 |
| Increasing depth with doors | \$1,858 |

##### Any Pedestal

|                  |         |
|------------------|---------|
| Increasing width | \$1,443 |
| Increasing depth | \$1,288 |

##### Any Panel

|                  |       |
|------------------|-------|
| Increasing width | \$329 |
|------------------|-------|

##### Any Top

|                  |       |
|------------------|-------|
| Increasing width | \$429 |
| Increasing depth | \$604 |

#### Decreasing Dimensions Add On to the list Per 6" Occurrence

##### Overhead

|                             |       |
|-----------------------------|-------|
| Decreasing width            | \$257 |
| Decreasing depth            | \$257 |
| Decreasing width with doors | \$351 |
| Decreasing depth with doors | \$351 |

##### Any Pedestal

|                  |         |
|------------------|---------|
| Decreasing width | \$1,111 |
| Decreasing depth | \$992   |

##### Any Panel

|                  |       |
|------------------|-------|
| Decreasing width | \$131 |
|------------------|-------|

##### Any Top

|                  |       |
|------------------|-------|
| Decreasing width | \$193 |
| Decreasing depth | \$193 |

#### Example 1

Increasing open corner credenza width by 11", from 86" to 97".

Add Top Width (\$429 × 2) [\$429 for each 6" increment]

Add Panel Width (\$329 × 2) [\$329 for each 6" increment]

Total Modification = \$1,442

#### Example 2

Increasing a desk pedestal depth from 36" to 40" & increase the width of the same pedestal by 8"

Add Pedestal Depth \$1,226

Add Pedestal Width (\$1,443 × 2) [\$1,443 for each 6" increment]

Total Modification = \$3,976

#### Example 3

Decreasing an overhead from 62" to 58" width & increasing the depth by 3"

Add Overhead Width \$257

Add Overhead Depth \$1,736

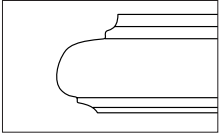

Total Modification = \$1,910

## Walden Product Information

### Edge and Hardware

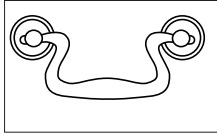

Walden offers the traditional federal edge profile and the Walden drawer pull in antique brass or pewter finish

#### Edge Profile

**Federal Edge Profile (C3)**  
Accepts Laminate Top

#### Drawer Hardware

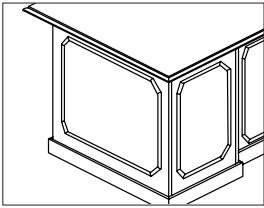

**Walden Hardware**  
Antique Brass (ANB)  
Pewter (PTR)

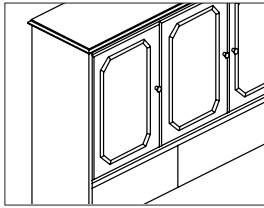

### Picture Frame Molding

Many Walden units, including desks, credenzas, and overhead storage, can be specified with picture frame molding. Desks feature this molding on the modesty panel, the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Credenzas have molding on the side of the pedestal and end panel only. Overhead storage features molding on wood doors only.

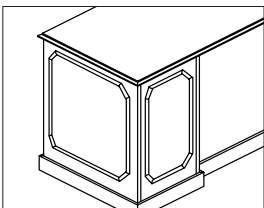

#### Walden Molding (WDM)

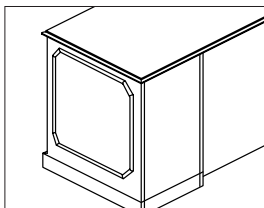

**Desk (approach shown)**  
Pedestal Side and Back, Modesty, End Panel (Single Pedestal Desk only)

**Overhead (front shown)**  
Wood Doors only

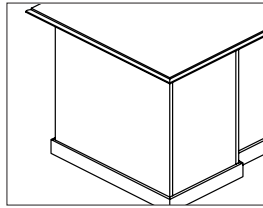

**Return (approach shown)**

## Walden Product Information

### Storage Overhead Cabinet

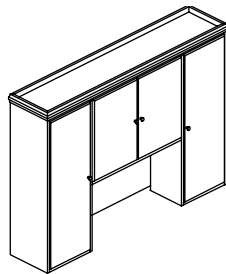

Overhead storage sizes range from 30" wide to 90" wide. Multiple variations, including wall mount overheads and open storage, are available.

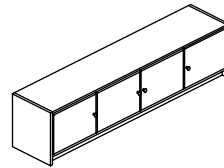

Storage Overhead Cabinet  
with Doors

Open Storage Overhead  
Cabinet

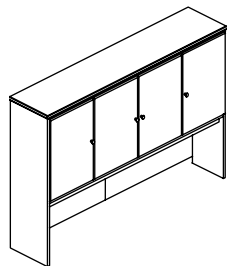

Open Storage Overhead  
Cabinet with Tower

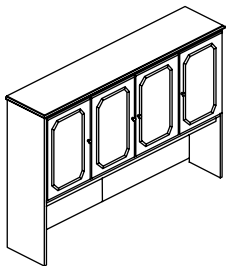

Wall Mount Overhead

### Storage Overhead Cabinet Doors

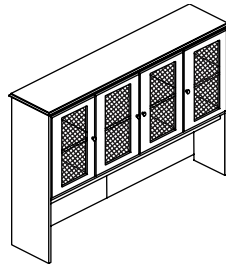

Door options for storage overhead cabinets and storage towers include wood doors (DWW) with or without picture frame molding, grill doors (DWM), and clear glass doors (not low iron) (DWC). Knobs may be either antique brass or pewter. Grill matches hardware finish selected.

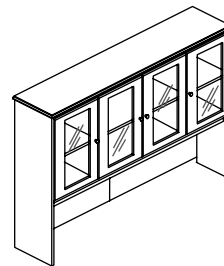

**Wood Doors (DWW)**  
Standard

**Wood Doors (DWW)**  
with Optional Molding

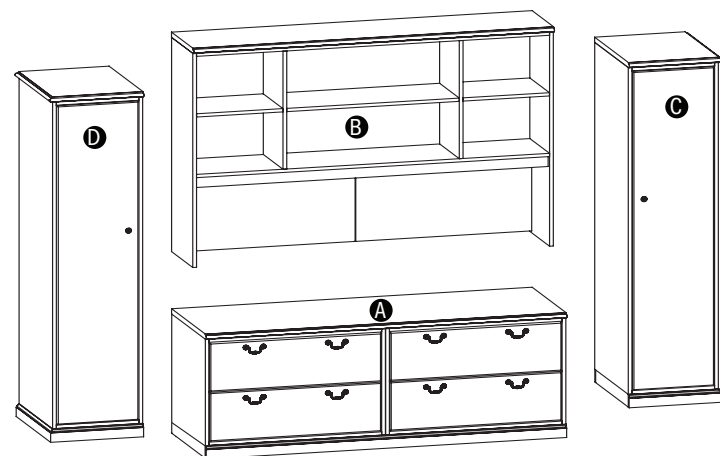

**Grill Doors (DWM)**

**Clear Glass Doors (DWC)**  
(not low iron)

### Flat Cut Options

Units can fit tightly together with flat cut rims that replace the top edge profile and base molding. Specify the flat cut options. (see example)

#### Example

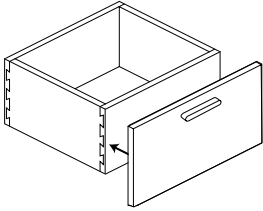

- A** WN2DST1-2574  
credenza flat cut on both sides (option code FB)
- B** WN4B001-1674  
overhead flat cut on both sides (option code FB)
- C** WN6ADS1R-2520  
wardrobe flat cut on the left side (option code FL)
- D** WN6ADS1L-2520  
wardrobe flat cut on the right side (option code FR)

*Must be specified at the time of order placement.*

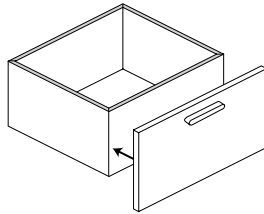

## Walden Product Information

### Drawer Options

Walden drawers are standard in Baltic birch and available in an optional V-fold style. Refer to the pricing pages for the V-fold deduct.

**Wood Drawer (DRW)**  
Standard

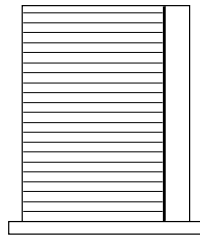

**V-Fold Drawer (DRV)**

## Walden Conference Product Information

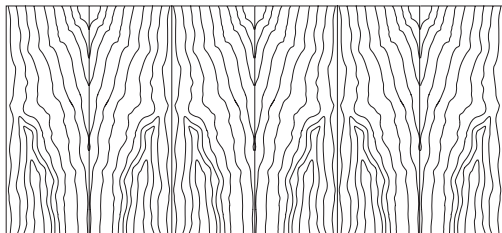

WALDEN

# Walden Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

## Work Surface Construction

Tops are 3-ply balanced construction, 1 3/16" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

## Base Construction

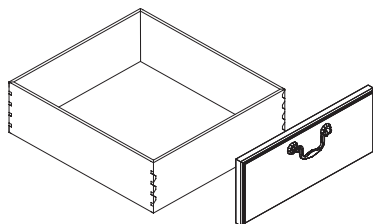

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

## Drawers

The standard Baltic Birch drawer is constructed with 1/2" thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a 1/2" durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Walden. Please see the chart below. Samples are available upon request.

| CH1 Cherry |                 | Flat Cut Veneer |            |

| SIE        | Sienna          |                 |            |

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

# Wellington Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

## Work Surface Construction

Tops are 3-ply balanced construction, 1 3/4" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Top can be routed to accept 3 piece leather inlay.

## Case Construction

All construction is full mortise and tenon.

Some panels are 7/8" and others are 1 3/16" thick. All panels are 3-ply construction. End panels and pedestal back panels are mitered and lock jointed together on approach side of desk.

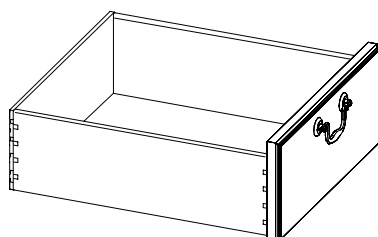

Pedestals are enclosed at bottom by a 1 1/16" framed base platform, securely fastened to panels.

Arm slides are 3-ply construction, banded on all four sides with veneer.

## Drawer Construction

All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and glued. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

## Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages [WE16-WE17](#).

## Locking

Locking is standard in all desks, credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request.

| <b>CH1 Cherry</b>   | <i>Flat Cut Veneer</i> |  |  |
|---------------------|------------------------|--|--|
| BBM Bourbon Medium  | CLL Collectors         |  |  |

| SIE Sienna          |                        |  |  |

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Wellington Product Information

### Product Modification

#### Laminate Tops

Worksurface only, no additional upcharge if Wellington's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### CH1 Cherry *Flat Cut Veneer*

# Wellington Product Information

## Edge and Hardware

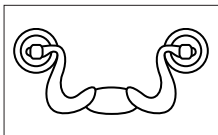

Wellington is available with the Federal Edge Profile and two hardware options. Each hardware is available in antique or burnished brass.

### Edge Profile

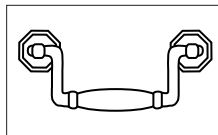

**Federal Edge Profile**  
Accepts Laminate Top

### Drawer Hardware

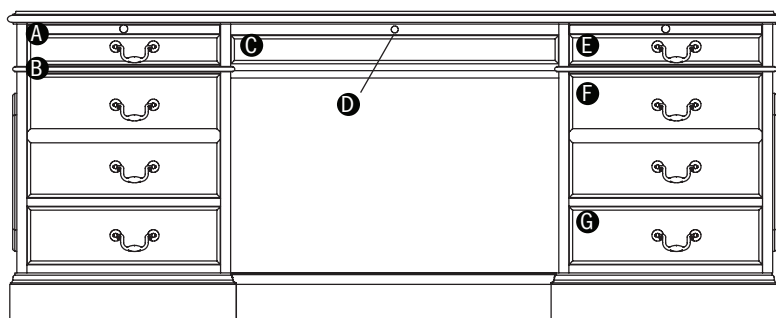

**Wellington Hardware**  
Antique Brass (ANB)  
Burnished Brass (BBR)

**Windsor Hardware**  
Burnished Brass (BBR)

## Drawer Pedestals

Wellington has unique construction on the pedestals as described below. Space does not allow for file-file configuration.

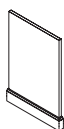

### Pedestal Configuration

- A** Pedestal Writing Shelf
- B** Horizontal Trim Molding (*molding can be eliminated*)
- C** Center Drawer (*with pen tray*)
- D** Central Locking (*locks all drawers*)
- E** Top Tray Drawer
- F** Center File Drawer (*front made as two box drawers*)
- G** Lower Box Drawer

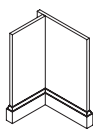

## End Support Components

Wellington offers end support components that can be used with other modular items to create modular freestanding applications.

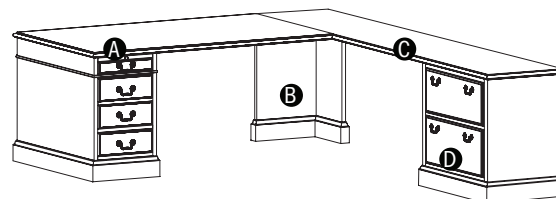

**Note:** Spans 48" or greater requires a support rail

**End Panel Support**  
**PE8028**  
Use as support for modular credenza configuration

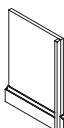

**End L-Panel Support**  
**PELF8028R** (*right shown*)  
Use as additional support for either freestanding credenza or when connecting run-off desk to modular credenza configuration.

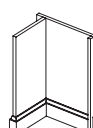

**Example 1**

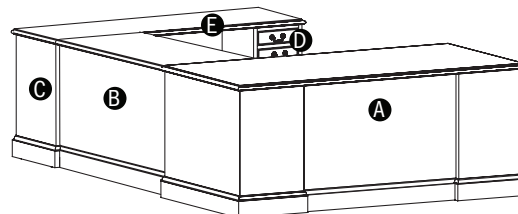

- A** PRR8066L Run-Off Desk
- B** PELF8028L End L-Support
- C** TU8091 Modular Top
- D** FD8031N File/File Pedestal

**End Panel Support**  
**PE8028R** (*right shown*)  
Use as support for modular credenza configuration when connecting to a return or a bridge.

**End L-Panel Support**  
**PELC8028R** (*right shown*)  
Use as additional support for modular credenza configuration and connecting to return or bridge.

**Example 2**

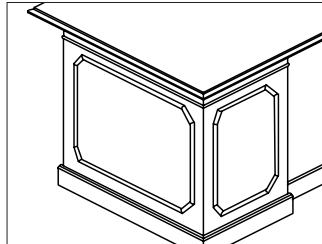

- A** SPR8066L Single Ped. Desk
- B** EU8048 Bridge
- C** PELC8028L End L-Support
- D** F8020N Box/Box/File Pedestal
- E** TU8066 Modular Top

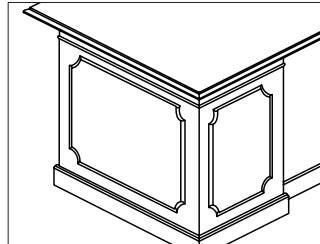

## Wellington Product Information

### Picture Frame Molding

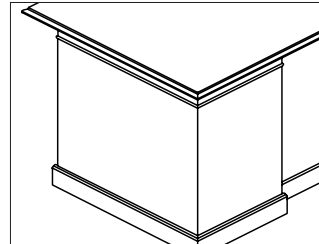

Wellington desks, credenzas and overhead storage may be specified with picture frame molding. Desks feature this molding on the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Overhead storage features molding on wood doors only..

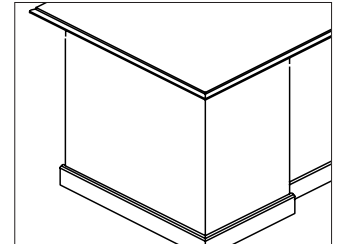

**Wellington Molding**  
Use **WLM** pricing column

**Westminster Molding**  
Use **WSM** pricing column

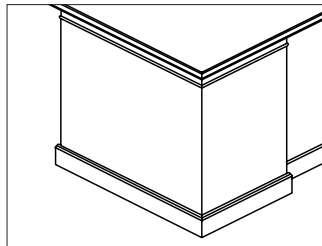

**Windsor Molding**  
Use **WNM** in pricing column

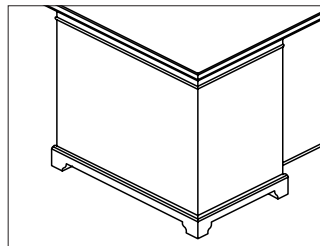

**No Molding**  
**WOM** in pricing column (when available)

### Base & Leg Options

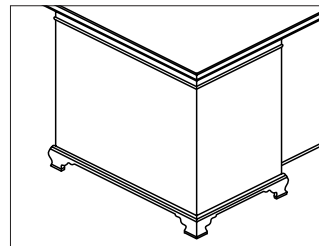

Wellington units feature a standard traditional style base molding. The Bracket Base and Georgian Feet are available on Wellington desks, credenzas, returns, bookcases, lateral files and wardrobes. Connecting units must always have the same base style. Modesty panels on returns and bridges may be specified without base molding to coordinate with the Bracket Base and Georgian Feet styles. Table desks are standard with the fluted leg.

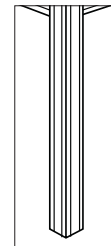

**Standard Base**

**Bracket Base Option**  
Add \$805 list for double pedestal desk, single pedestal desk and open corner credenzas.  
Add \$686 list for kneespace credenzas.  
Add \$378 list for run-off desks, returns, storage credenzas, bookcases with bases, wardrobes and pedestal units with base.  
Add \$292 list for non-handed pedestal ends.

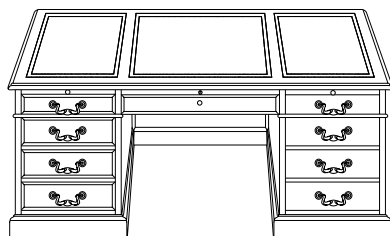

**Georgian Feet**  
Add \$900 list for double pedestal desks, kneespace credenzas and storage credenzas over 72"w.  
Add \$865 list for single pedestal desks, run-off desks, returns, storage credenzas 71"w and less, open corner credenzas, bookcases with bases, wardrobes and pedestal units with base.  
Add \$336 list for non-handed pedestal ends.

**Fluted Leg**

### 3-Piece Leather Inlay

The prestige of Wellington can be enhanced with a 3-Piece Leather Inlay, which may be added to the worksurface of any freestanding desk for a \$2,687 upcharge to list price.

#### Cortina Leather Options

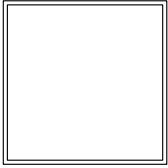

Caprone  
Old English

Leather Inlay is limited to specific style and thickness of leather.  
Call Customer Service for more information.  
Visit [jsifurniture.com](http://jsifurniture.com) for leather colors.

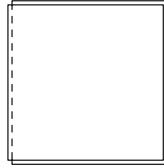

## Wellington Product Information

### Edge Shaping

Freestanding desks and storage units such as credenzas and overheads are shaped all sides. Run-Off desks, returns, and bridges use a combination of shaped sides and reverse shaped sides.

**Shaped All Sides**  
Freestanding Desks  
Storage Units

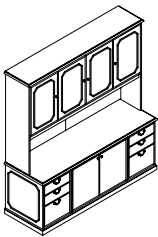

**Shaped 3 Sides with Reverse Shape on Connecting End**  
Run-Off Desks and Returns

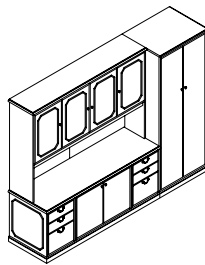

**Shaped 2 Sides with Reverse Shape or Flat Cut on Connecting Ends**  
Bridges

### Flat Cut Option

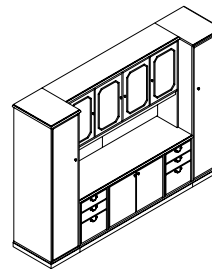

Storage units have the option to have the left, right or both sides flat cut to allow for flush alignment against other units. Handedness is determined when facing the front of the unit. See pricing pages for additional charges.

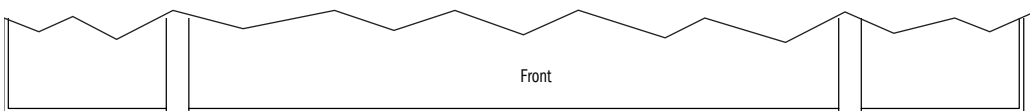

Shape Front and Both Side

Flat Cut

Flat Cut  
(see details below)

Flat Cut Right (FER)

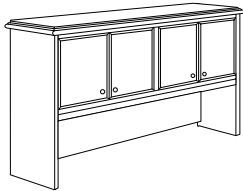

Flat Cut Both Sides (FEB)

Flat Cut Left (FEL)

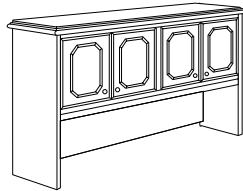

## Wellington Product Information

### Picture Frame Molding

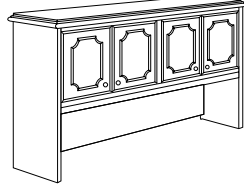

Door options for the BOS8069 overhead storage may be specified without molding (WOM), with Wellington molding (WLM), or with Westminster molding (WSM).

**No Molding (WOM)**  
Standard

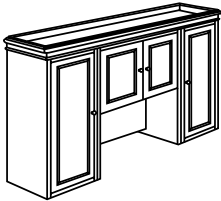

**Wellington Molding (WLM)**  
Add \$494 to the list price

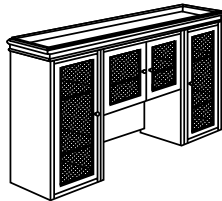

**Westminster Molding (WSM)**  
Add \$494 to the list price

### Door Styles

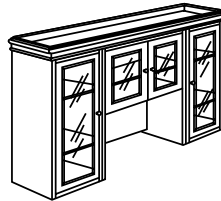

Door styles for overhead storage units are determined by the specific model number and include wood doors with inset detail, grilled doors, and beveled glass doors. Open storage units without doors are also available.

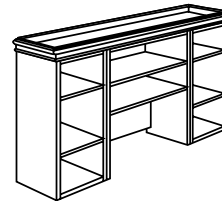

Wood Doors  
with Insert Details

Grilled Doors

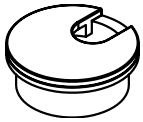

Clear Glass Doors  
(not low iron)

(see page [WE18](#))
- ❸ Finish Color - (see page [WE18](#))

## Wellington Conference Product Information

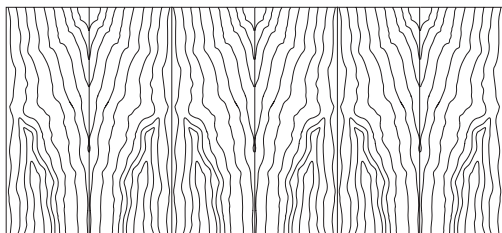

WELLINGTON

# Wellington Product Information

## Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

### Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

## Work Surface Construction

Tops are 3-ply balanced construction, 1 3/8" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

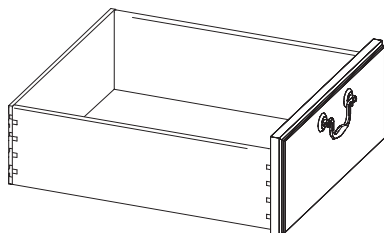

## Base Construction

Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

## Drawers

All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and heavily glue blocked. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

## Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

## Locking

Locking is standard in all credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

## Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Waldon. Please see the chart below. Samples are available upon request.

| CH1 | Cherry          | Flat Cut Veneer |
|-----|-----------------|-----------------|

## Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

## DuraTex™ Features

**Safety** - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.  
**Quality** - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.  
**Durability** - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

## Wellington Product Information

### Product Modification

#### Laminate Tops

Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

#### CH1 Cherry *Flat Cut Veneer*

CLL Collectors

HRV Harvest

PRL Praline

#### WA1 Walnut *Flat Cut Veneer*

MCH Mocha

TRF Truffle

SIE Sienna

UMB Umber

#### Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 5. There is a one time charge of \$372 list per order.

#### Finish Sheen

All veneer finishes, for Wellington, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

### Product Modification

#### Trim Molding

Wellington offers four different trim molding options:

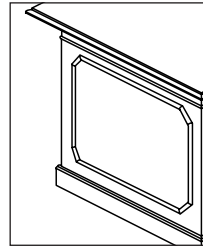

WLM Wellington

WSM Westminster

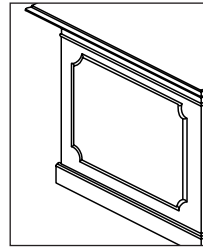

WNM Windsor

WOM Without Molding

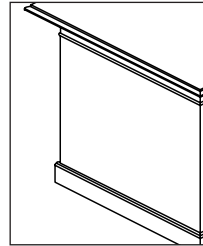

Tables and credenzas have molding on the side of the bases and panels, use the appropriate pricing column, when applicable.

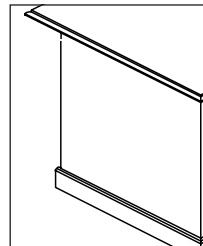

Wellington Molding  
Use the **WLM** pricing column

Westminster Molding  
Use the **WSM** pricing column

Windsor Molding  
Use the **WNM** pricing column

To Order, Specify:

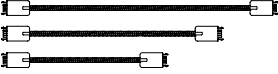

① Model number

## Standard Power and Data Locations for Casegoods:

- Specify - Location when ordering on desk, return, computer corner, bridge and credenza - please provide drawing.
- Computer corner units - power/data replaces grommet.
- Standard power and data unit locations are indicated from user side of desk, return, computer corner bridge or credenza.

**NOTE:** Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice

## Standard Power and Data Locations for Tables and Conference Units:

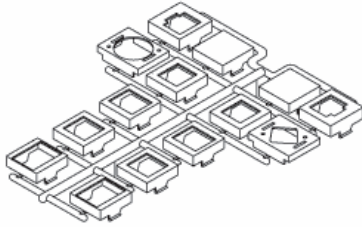

- Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.
- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

## Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

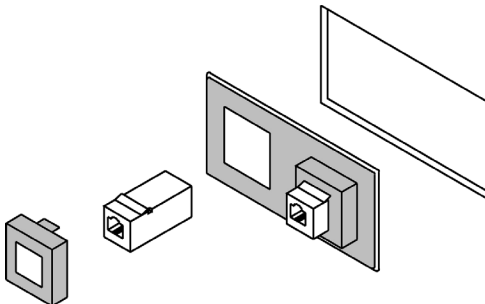

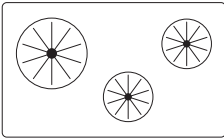

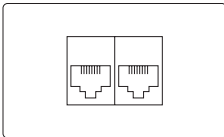

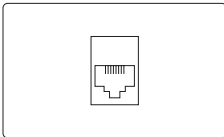

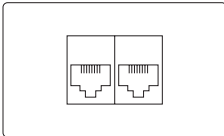

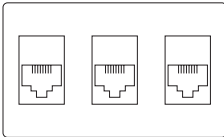

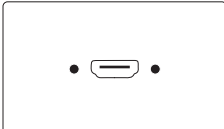

Included with EC9, EC10,  
EC13, EC15, TCP110 and CC9CNE1-0708.

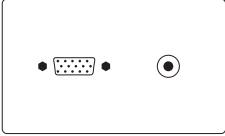

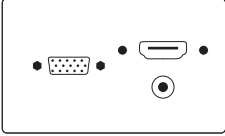

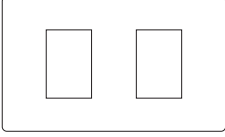

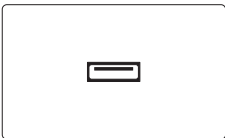

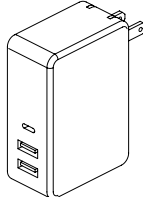

**NOTE:** Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.

## Flat Screen Mount - Universal Bracket (standard with TV, DTV and FSTV model)

Peerless® ST650 universal tilting flat screen mount is supplied with the FSTV Flat Screen Mounting Frame.

- For use with 32"-50" screens
- Maximum weight 175 lbs. (79kg)
- Tilt 15° forward and -5° backward angles
- Mounting pattern allows up to 6" of vertical adjustment

- NOTE: To verify TV interface to universal bracket
1. Access website - [www.peerlessmounts.com](http://www.peerlessmounts.com)
  2. Locate "Mount Finder™" on home page side navigation bar
  3. Enter make and/or model of your flat screen
  4. Verify model: ST650 is listed as available model
