Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION

To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION

Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING

We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

REGULATORY

All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES

Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES

Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES

Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD

Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS

Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

INDOOR AIR QUALITY

Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818 - GreenGuard Indoor Air Quality certification.

Warranty

JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

Exceptions to Warranty:

12 Years (from date of purchase)

- Wood Seating
- Seating Controls
- Veneer Surfaces
- Laminate Surfaces
- Pneumatic Cylinders

5 Years (from date of purchase)

- Glides
- Casters
- Task Lights
- Mesh/Knit Material
- Foam
- Florette Plastic Frame Chairs
- Electrical Components
- Electric Height Adjustable Bases

This Warranty Does Not Cover:

- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control.
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions.
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

Unique Characteristic of Natural Woods and Veneers

JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

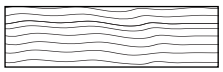

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown in diagram

Quarter Sliced as shown in diagram

Double Cut as shown in diagram

Double Cut

The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Please reference the featured highlights of each product line to identify the species and grain patterns available for that product.

Laminates (Veneer Series)

HPL (Higher Pressure Laminate) laminates can be specified on most of our work surface tops in most of our product lines. Refer to the specification pages for each series. The specification pages will also list the available coordinating finishes.

Laminate Series

JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops are HPL (High Pressure Laminate). TFL (Thermal Fused Laminate) is used on the product's chassis. Please reference the featured highlights of each product for additional details.

Finish - Top Coat

To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains

A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching

Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **$321 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Samples
Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Pricing
Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

Orders
Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI
225 Clay Street
Jasper, IN 47546
Fax – 812-482-1548
Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications
While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments
All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the oder was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Quickship
Items indicated with a Quickship symbol NOW! ship within 10 business days of receipt of a clean, credit approved purchase order. Product for up to 20 offices or 20 tables can be selected from the Brogan, Finale, Flux or Vision series. See individual product pages for those models available on quickship. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified. Changes and cancellations to Quickship orders are not allowed under any circumstances.

Delivery
Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate **75 foot trucks**. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does **not** include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

Standard Delivery Time
Between 8AM and 3PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

Cancellations and Changes
All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

No Touch Freight
Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

Detention Fees
- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads

*Detention fees apply after allotted unloading time and will be at buyer's expense.

On-Site Deliveries
Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

Residential Deliveries
Our freight policy prohibits the delivery of freight to a residential property.

Fees

Orders of less than $1,000 net . . . . . $78 net per hour
Weekday deliveries outside of standard delivery times $250
Weekend deliveries (Saturday or Sunday) $500
Liftgate Deliveries. . . . . $100 minimum 5% of net price
Driver Assist $75
Jobsite Non-Dock Delivery $100
Inside Delivery (first floor inside only) - no installation
or carton removal. . . . . $125 minimum 5% of net price

Warehouse/Storage Fees

Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

Please be Advised

- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liability policy.

Freight Damage

JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact the carrier immediately to file a claim. In the event of concealed damage, notify the carrier and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs

JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Returns

No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. Any authorized return not due to damage or defect will be accessed a 45% restocking fee and all return freight charges must be prepaid. Additional restocking fees may apply for any modification, special or custom built product.

Liability for defective merchandise shall be limited to replacement or repair.

Under no circumstance can we accept COD (Cash On Delivery) returns. Any such shipment will be refused.

Replacement Parts

Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

Care of Frosted Glass
Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

Tempered Glass Information
JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of "cubes" rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or "inclusion" that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as "spontaneous" breakage but is a very isolated occurrence in the glass industry.

Care of Dry Erase Boards
Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufactures cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

Care of Solid Surface
Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

Fire Retardancy
All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)
JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **$69 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples - representing worst case scenarios of upholstered units - to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Flame Spread
All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

Solid Wood - Class C
Topcoats - Class A
Carded Fabric - Class A
Composite Panels - Class C
Laminate - Class B

Plastics - According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

Textile Carded Programs
JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics and Cortina Leather. Please refer to the respective pages in this pricer for each of these partners. Scan the QR codes on the back of the swatch card for latest grades and other information.

Textile Grade-In Programs
For the convenience of our specifiers, we have graded in the following suppliers:

Arc Com www.arc-com.com
Designtex www.designtex.com
Maharam www.maharam.com
Mayer www.mayerfabrics.com
Momentum www.themomgroup.com
Spradling www.spradlingvinyl.com
Stinson www.cfstinson.com
Ultrafabrics www.ultrafabricsllc.com
Cortina Leather www.cortinaleathers.com

For memo samples, contact textile suppliers.

Please contact Customer Service for pricing grades on textiles and leathers not listed.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

COM/COL Address
JSI
Attn: COM/COL Department
Receiving B
Dock 71
201 East Martin St.
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

General COM Fabric/COL Hide Policy
Refer to the COM/COL Price Columns for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:
+ approval of COM/COL to be used
  (see policy on the next page)
+ fabric repeats greater that 3"
+ fabric less than 54" wide
+ leather hides smaller than 50 square feet
+ special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:
+ model number and quantity of the product the COM/COL will be applied
+ COM/COL textile supplier's name
+ name of pattern and color of the textile
+ any special application request

Customer Service will check the database to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.

Send a Memo Sample of the COM/COL
(recommended memo be at least 4" x 4")
JSI
Attn: COM/COL Approval Department
Receiving B
Dock 71
201 East Martin St.
Orleans, IN 47452

JSI takes no responsibility when additional materials must be ordered.

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI will review and test as needed all requests. You will be notified as soon as results are documented by our review personnel. JSI reserves the right to reject any COM/COL on our products. We will provide COM/COL explanation of any unapproved textile whenever possible.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could effect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

CET Designer, by Configura is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality - supporting every step of the sales process

ProjectMatrix, Inc. offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our JSI Casegood and Seating product lines. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website **jsifurniture.com** provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

Product Modifications
We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

Acceptance, Modification, Assignment
By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment
Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees
Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less that 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies
The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency
Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

GSA Terms and Conditions

Limitation of Liability
The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience cause by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances
Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

Security Agreement
The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact march to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation
The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Native General Information

Wood Materials
Exterior surfaces are made from the finest selected veneers. Matching solid lumber wood species are used to coordinate with the veneer. High quality MDF is used on the painted surfaces.

Native is available in Cherry, Maple or Walnut Flat Cut, or Double Cut veneer.

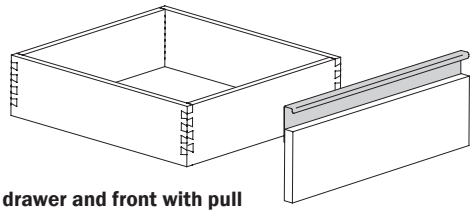

Case Construction
All Models
Cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. The metal glide housing inside the base provides for accurate leveling. Cabinets, with the exception of the waste credenza and hospitality carts, have sliding doors.

Laminate Models
Panels for chassis consist of a ¾" thick substrate with TFL surfaces and PVC bands on exposed edges.

Veneer Models
Panels for chassis are ¾" thick.

Drawer Construction
Drawers are assembled using a four corner dovetail box and ¾" thick drawer bottom panel construction. The exterior front is attached separately. Sides and backs are approximately ½" thick solid hardwood. Drawer components have a UV finish to protect against shrinking, swelling, or warping and to provide a clean smooth feel and appearance. Lateral files have reinforced bottoms.

The exterior front panel is 3-ply and ¾" thick. The front is attached to the assembled drawer box. The anodized aluminum pull runs along the top edge of the drawer front.

box drawer and front with pull
wood drawer box - DRW

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Native. Please see the chart below. Samples are available upon request.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Special Finishes
Special finishes can be requested by following the instructions in the conferencing general order section, page 3. There is a one time charge of $321 list per order. This applies to the veneer surfaces, and not the solid wood plank top option.

Premier Tops

Solid Surface Tops

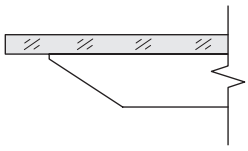

Solid Surface Tops are 1 7⁄16" thick constructed of 7⁄16" thick solid surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the solid surface.

Solid Surfaces

ARM	Armadillo
BLP	Black Pearl
PEB	Pebble Pearl
PUR	Pure White

Glass Tops

Glass Tops are 1 5⁄16" thick constructed of ¼" thick glass surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is always painted white, to match the back painted glass. Glass sits on top of the sub top with 1⁄16" bumpers.

Glass Selection

G	White Glossy
M	White Matte

Wood Plank Ash Tops

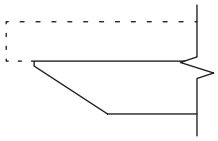

Wood Plank Ash Tops are a solid 1 3⁄16" thick plank of ash. Tops are finished with a clear coat.

Solid Wood Plank

W	Wood Plank Ash - Clear Coat

Customer Choice Tops

Sub tops are 1" thick and have an under cut bevel profile. Sub top is always painted in black. Customer is responsible for determining the best attachment method for their custom top. Weight of custom top not to exceed 13 lbs per square foot.

Customer Choice

B	Base and Subtop Only

Native Tops Sizes & Seating Capacity

Native Top Shapes and Sizes

Native offers six table top shapes with multiple sizes. The round and square come with an X base. All others available with Open Loop, Panel, or Box Base.

Native Bases

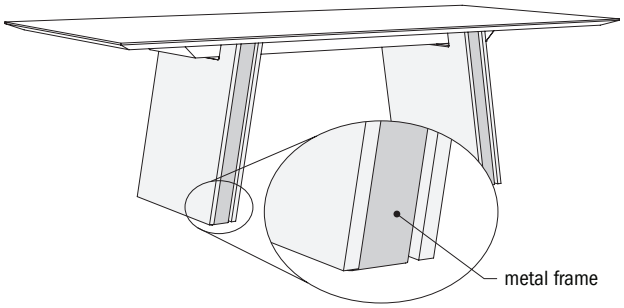

Native's array of base styles allow users the option of a raw open aesthetic or a closed, polish function.

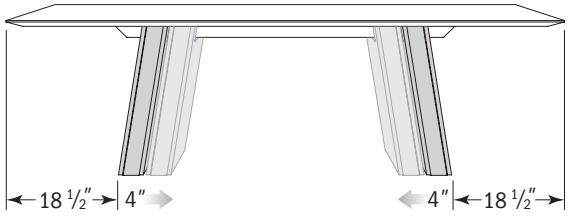

Open Loop Base
Welded steel frame. Use NAB0301-24LBWM for magnetically attached wire management.

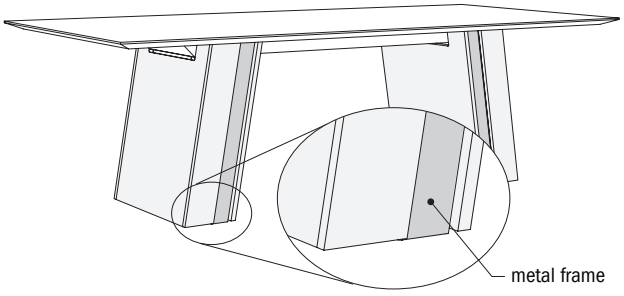

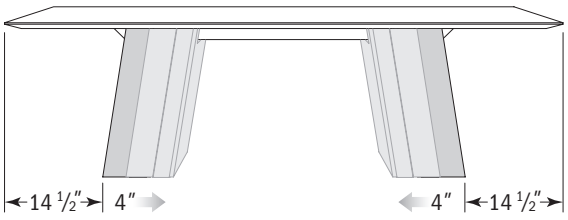

Panel Base
Panel encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted panel. Design allows horizontal adjustment.

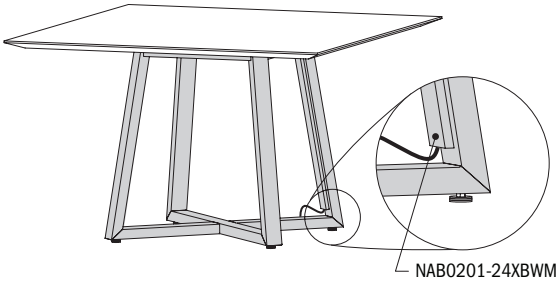

Box Base
Box encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted box. Design allows horizontal adjustment.

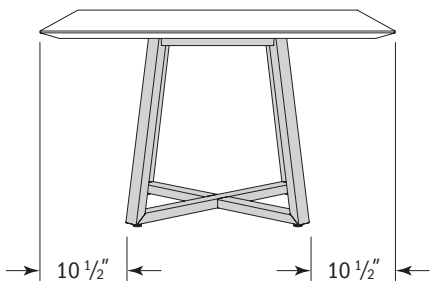

X Base
Welded steel frame. For round and square tables only. Use NAB0201-24XBWM for magnetically attached wire management.

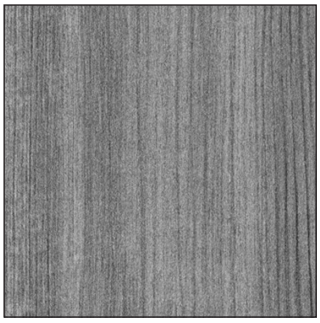

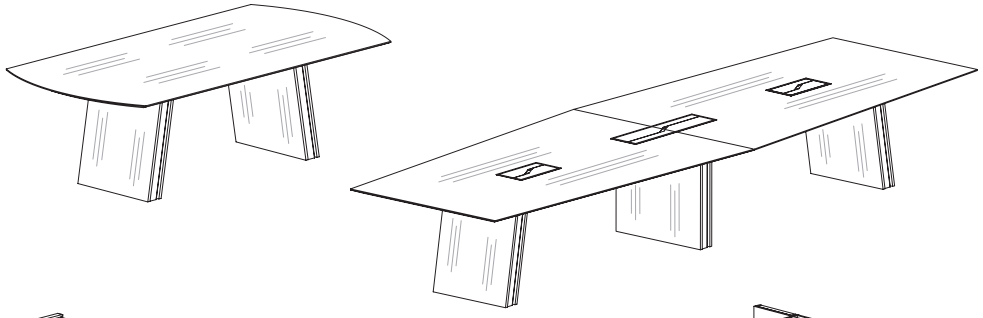

NA_4848-30SQXB

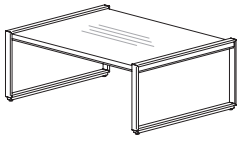

Native Applied Materials

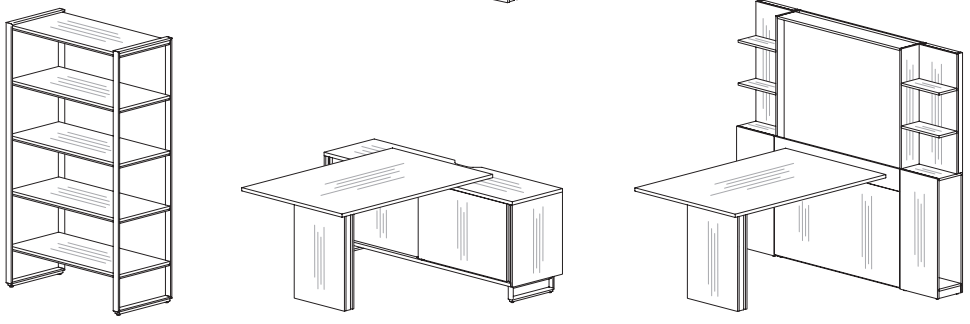

Laminate Grain Direction
Laminate grain runs vertical as standard on all vertical surfaces. Worksurfaces run long grain. Below are examples of laminate grain direction.

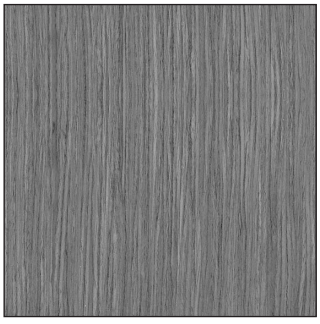

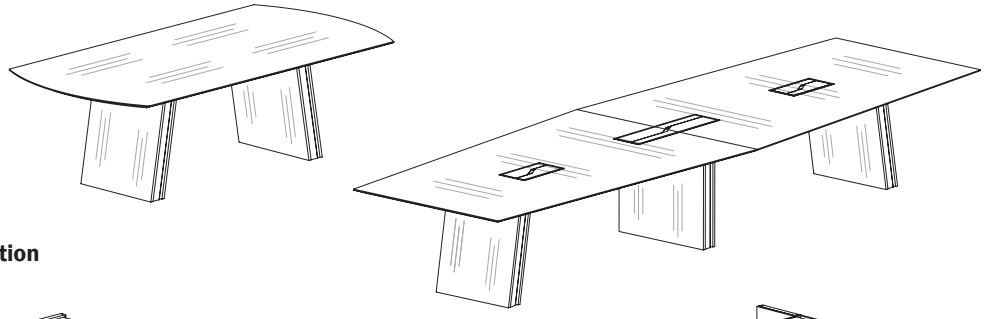

Laminate Grain
Laminate grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

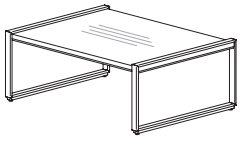

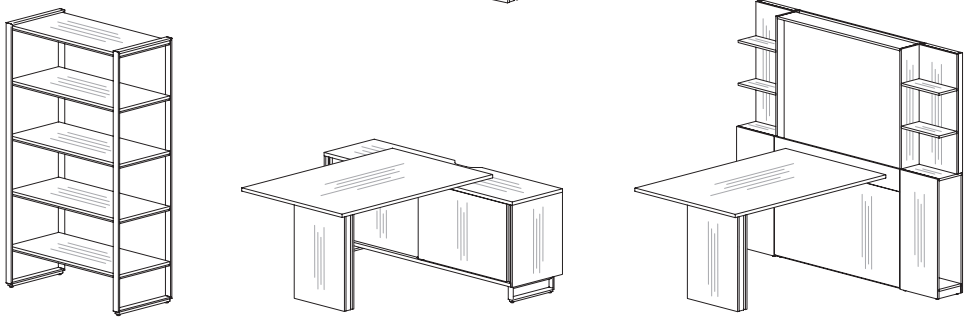

Flat Cut & Double Cut Grain Direction
Veneer grains runs vertical as standard on all vertical surfaces. 1-piece tables, runoffs, peninsula tables will run long grain. 2-piece tables will run short grain. Below are examples of veneer grain direction.

Flat Cut & Double Cut Grain Direction
Veneer grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

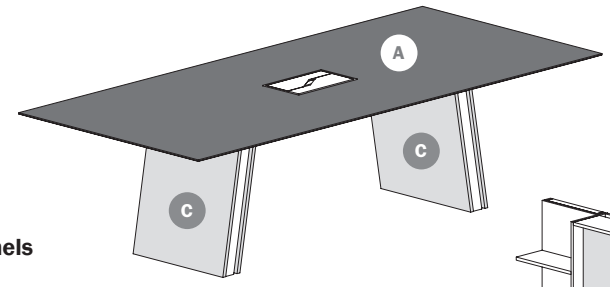

Native Applied Materials

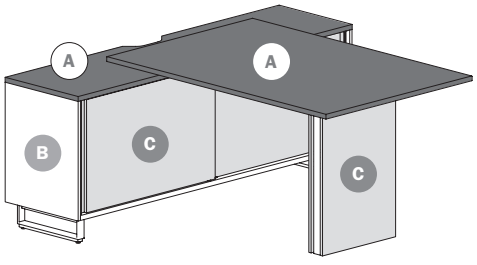

Native Color Scheme

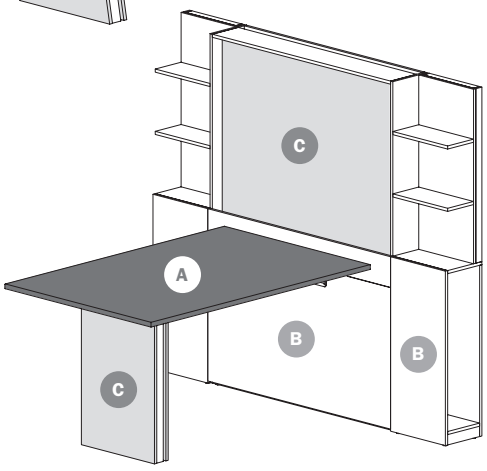

Native offers the flexibility to specify contrasting door fronts, or a contrasting base panels, separate from the worksurface selection. See the options available below, depending on whether a NAT or NAV model specified.

NAT Surface Options

- A = **Worksurface**
  Laminate – see page 34 for selection
- B = **Chassis**
  Laminate – see page 33 for selection
- C = **Door Fronts, Base Panels & Front Panels**
  Any Laminate

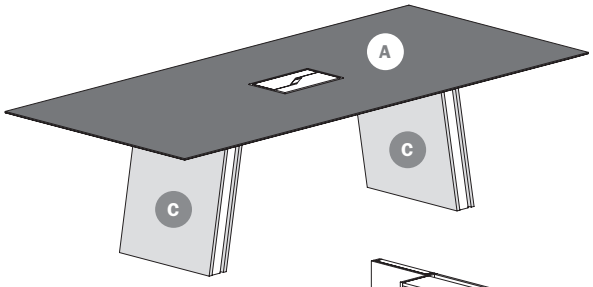

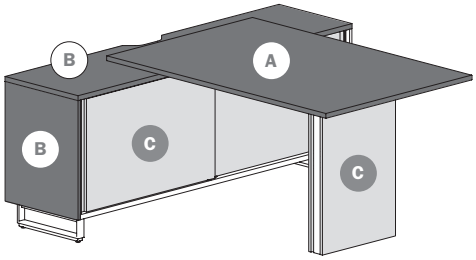

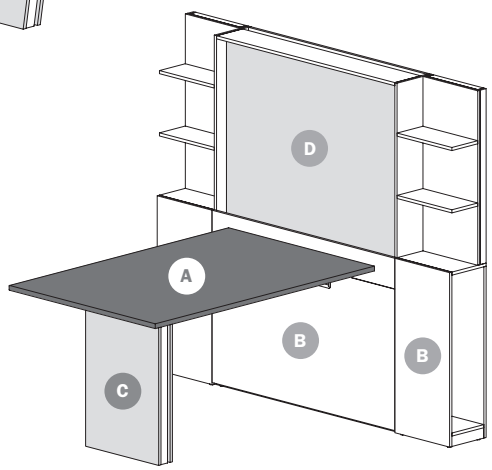

NAV Surface Options

- A = **Worksurface**
  Veneer – see page 35 for selection
  Solid Surface – see page 35 for selection
  Glass – see page 35 for selection
  Wood Plank – see page 35 for selection
  Customer Choice Material – see page 35 for selection
- B = **Chassis**
  Veneer – see page 33 for color selection
- C = **Door Fronts, & Base Panels**
  Veneer – same as worksurface
  Paint – see page 33 for color selection
- D = **Front Panel**
  Veneer – same as chassis
  Laminate – see page 33 for color selection

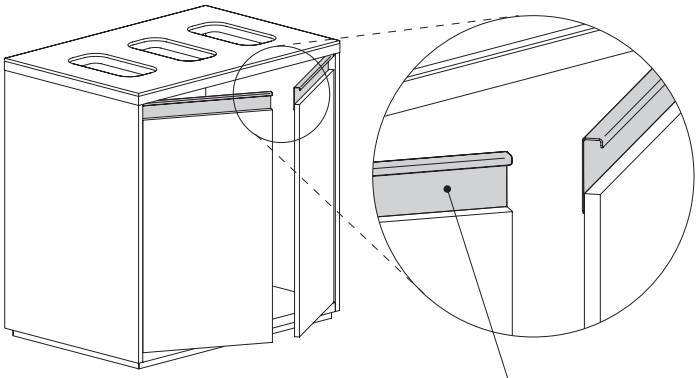

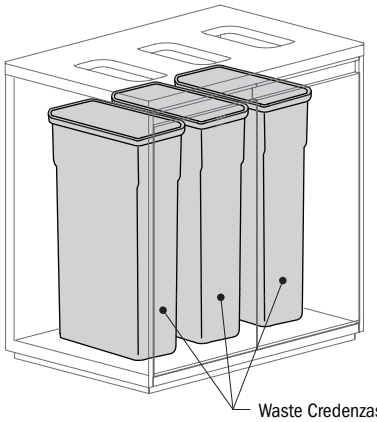

PRODUCT INFORMATION

Native Product Information

Waste Credenza

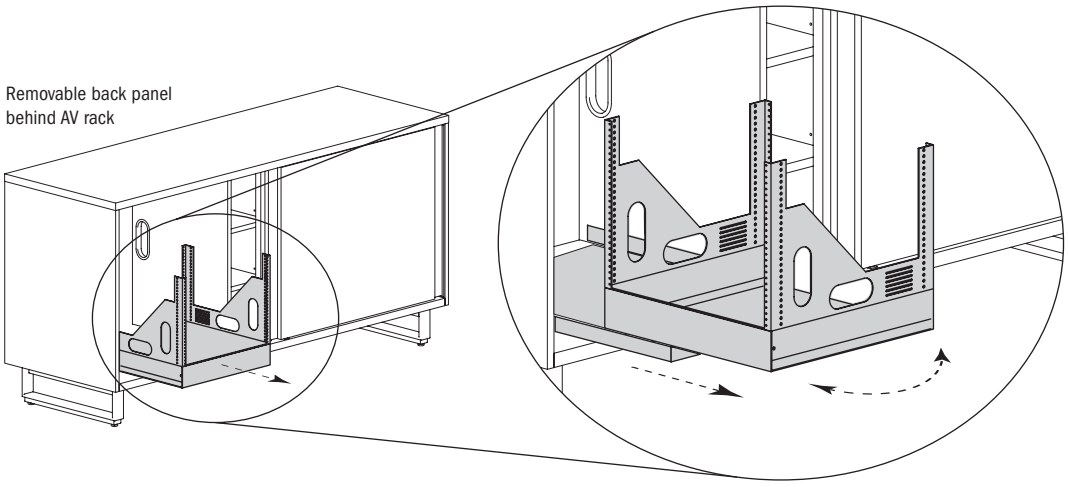

Integrated pulls are designed into all doors and drawers of Native Credenzas and are available in a variety of metal finish accents, see page 3.

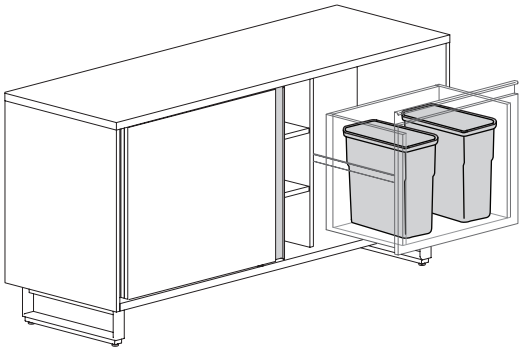

Waste Credenzas accommodate three Uline Thin #H-5148 (23 gallon) trash cans, not included

AV Credenza

Pull-out and rotating AV rack is designed so you can access equipment and wiring. Rack can rotate 90° in either direction and can be locked in the rotated position.

Credenza Waste Drawer

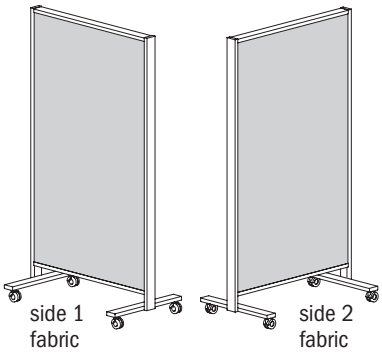

Waste drawer accommodates two Uline #S-13527 (10 gallon) trash cans, not included

Native Product Information

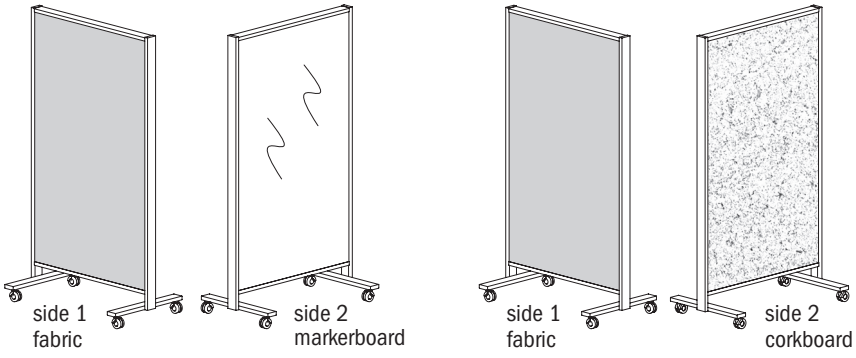

Mobile Boards

Multi-functional mobile boards can double as portable working space or serve to define boundaries within the office area. With three (3) material selections (markerboard, tackboard, and corkboard), Native mobile boards offer a variety of panel configurations to fit your needs.

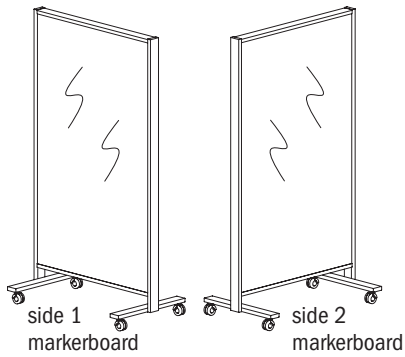

NAB2442-75MTKD

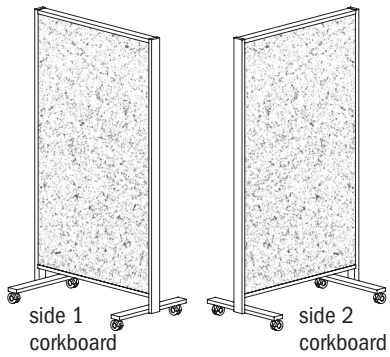

Tackboard on both sides.

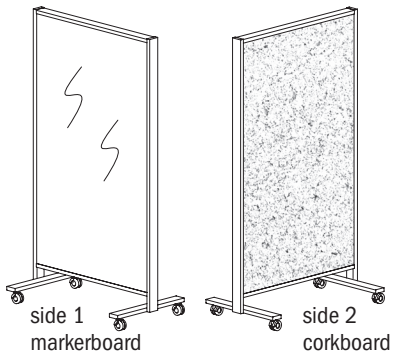

NAB2442-75MTKS

Tackboard on one side, choice of markerboard or corkboard on reverse side; specify when ordering.

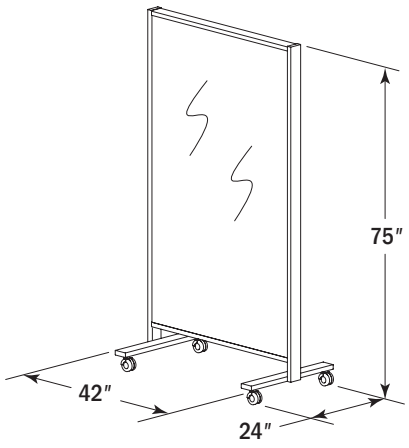

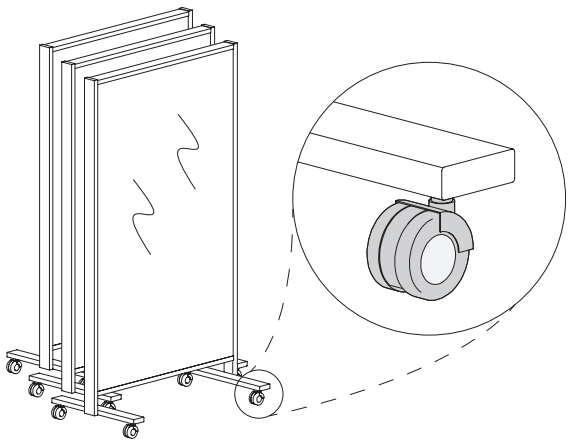

NAB2442-75MMB

Markerboard both sides, corkboard both sides, or combination markerboard and corkboard; specify when ordering.

Overall dimensions

Wide base for stability

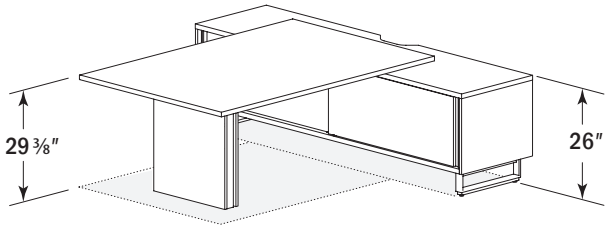

Offset Nesting

Provides for organized storage

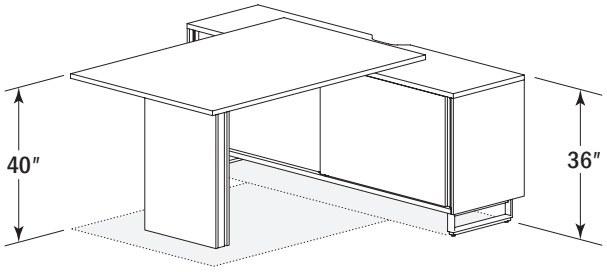

Native Product Information

Peninsula Tables with Credenza

Peninsula tables with credenza applications are offered at standard desk height and standing height. See below for overall unit heights.

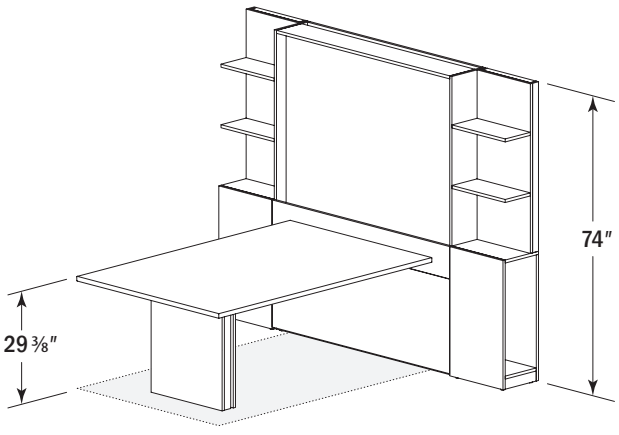

Standard Desk Height Peninsula Table
Connects to a 26"h Credenza

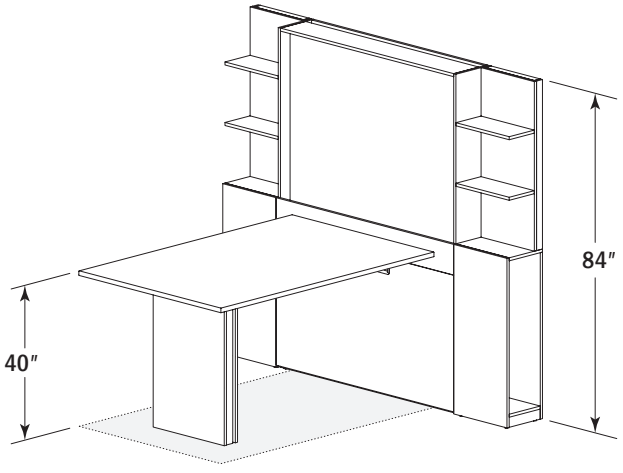

Standing Height Peninsula Table
Connects to a 36"h Credenza

Runoff Tables with Media Walls

Runoff tables with media wall applications are offered at standard desk height and standing height. See below for overall unit heights.

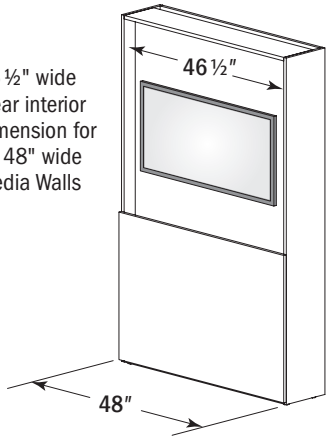

Standard Desk Height Runoff Table
Connects to a 74"h Media Wall

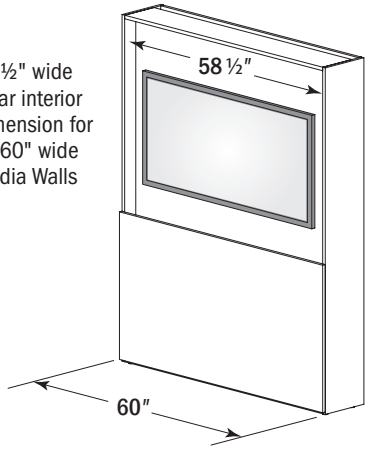

Standing Height Runoff Table
Connects to a 84"h Media Wall

TV/Monitor Sizes for Media Walls

46 ½" wide clear interior dimension for all 48" wide Media Walls

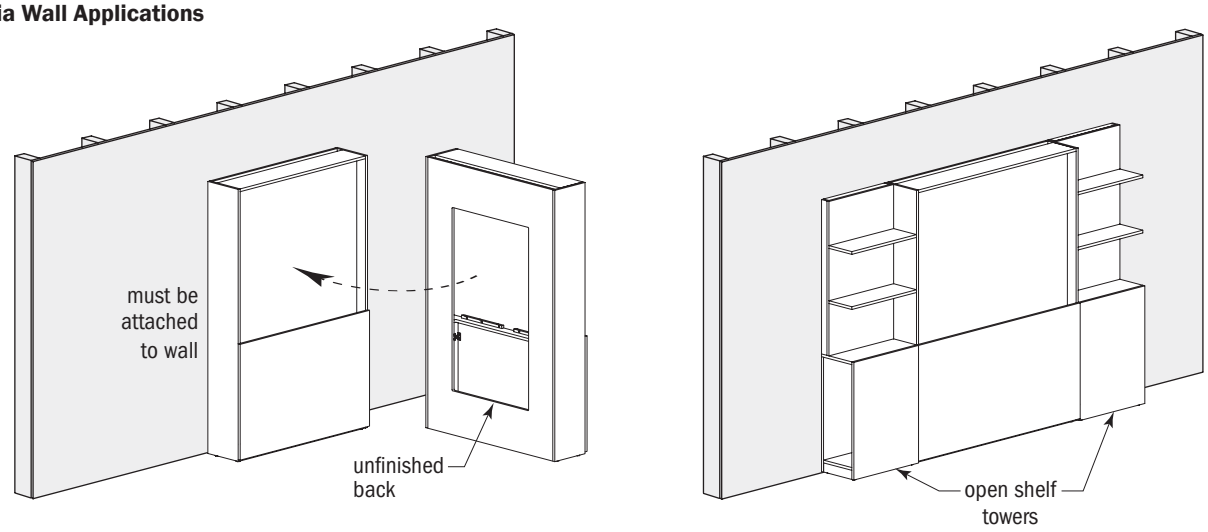

58 ½" wide clear interior dimension for all 60" wide Media Walls

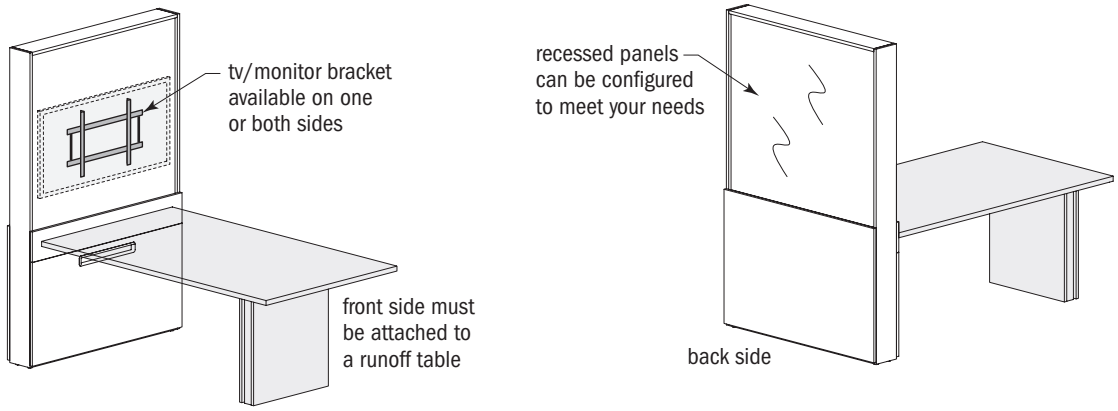

Native Product Information

Media Wall Applications

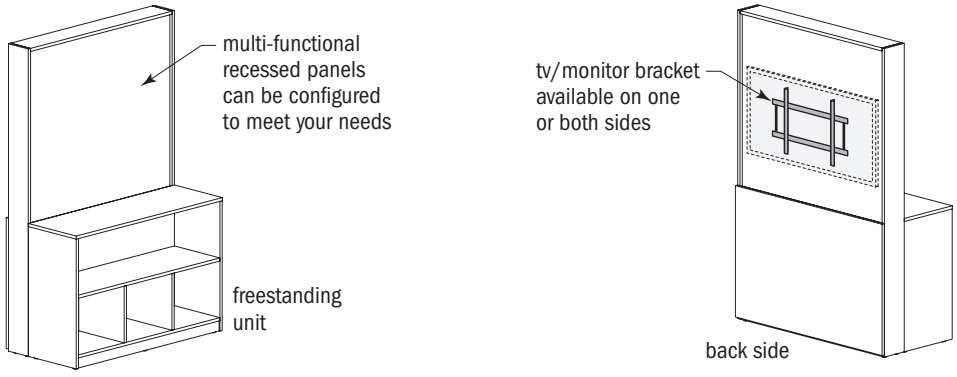

Media Wall - Wall Dependent

Media Walls have unfinished backs and are designed to be attached to a wall. Open Shelf and Side Access Wardrobe Towers are available and attach to Media Walls.

Media Wall Space Divider - Media Back

Media Wall Space Dividers with Media Back must be attach to a Runoff Table for support. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

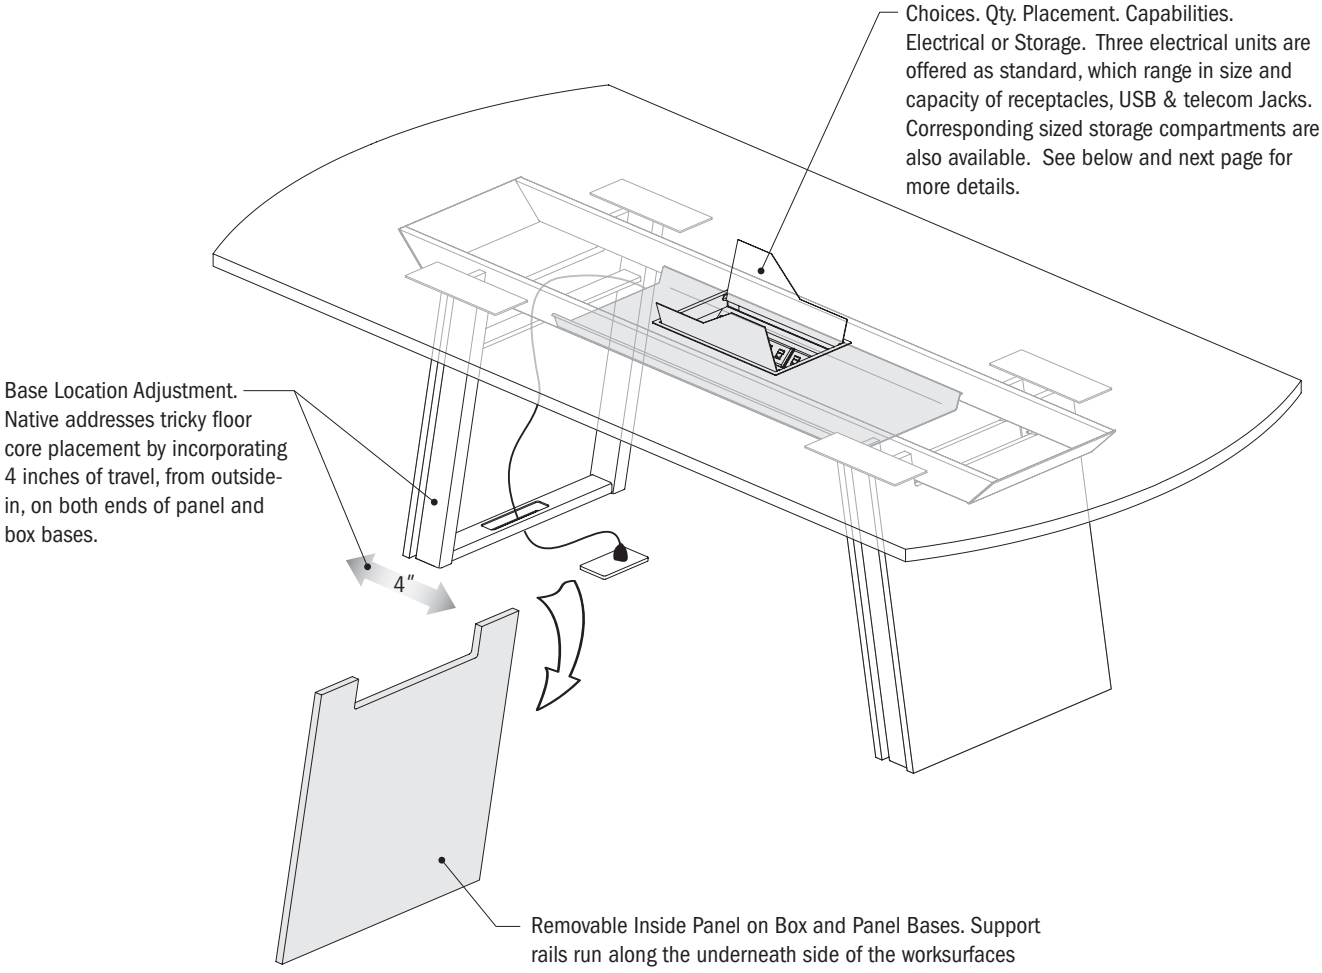

Media Wall Space Divider with Media Shelf - Media Back

Media Wall Space Divider with Media Shelf is a freestanding unit. Runoff Tables can be attached to the back side of unit but is not necessary. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

Native Technology

Wire Management
Native accommodated wire management needs in a variety of ways, from ample technology choices to innovative adjustments.

Worksurface Power Units and Storage Compartments

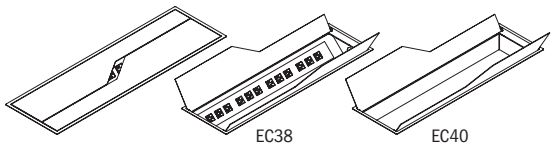

(See chart on next page for cutout code configurations)

EC36 - Cove Power Unit
Cutout Code C
Available in silver, black, or white

EC37 - Oasis Mini Power Unit
EC39 - Small Storage Compartment
Cutout Code M
Available in arctic silver, bright white, matte black, pewter, or soft nickel

EC38 - Oasis Power Unit
EC40 - Large Storage Compartment
Cutout Code O
Available in arctic silver, bright white, matte black, pewter, or soft nickel

Description

Rectangular Table with Open Loop Base

Features:

- two metal, open loop bases with structural support rails
- one-piece top
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36″ wide - $1,605, for 42″ & 48″ wide - $1,863, for 54″ wide - $2,131
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151
- magnetic wire manager available; order separately, see page 150

Description

Boat Shape 2pc Table with 3 Open Loop Bases

Features:

- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- narrow end of of 60″ wide table is 48″d; narrow end of of 54″ wide table is 42″d
- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48″wide - $2,421, for 54″ & 60″ wide - $2,770
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151
- magnetic wire manager available; order separately, see page 150

Description

Rectangular 2pc Table with 3 Panel Bases

Features:

- three panel bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48″ wide - $2,421, for 54″ & 60″ wide -$2,770
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151

Description

Arc End 2pc Table with 3 Panel Bases

Features:

- three panel bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - $2,421, for 54" & 60" wide - $2,770
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151

View Table with Panel Base

Laminate Tops "NAT" Models

Eased Edge (R3)

Reverse Bevel Edge (E1)

Features:

- two panel bases with structural support rails
- one-piece top
- narrow end of table is 36″d
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48″ wide - $1,863, for 54″ & 60″ wide - $2,131
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151

Description

Rectangular Table with Box Base

Features:
- two box bases with structural support rails
- one-piece top
- glass top has additional seams

Options:
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 42″ & 48″ wide - $1,863, for 54″ wide - $2,131
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151

View Table with Box Base

Laminate Tops "NAT" Models

Eased Edge (R3)

Reverse Bevel Edge (E1)

Features:

- two box bases with structural support rails
- one-piece top
- narrow end of table is 36″d
- glass top has additional seams

Description

Boat Shape Table with Height Adjustable Base

Laminate Tops "NAT" Models

Eased Edge (R3)

Reverse Bevel Edge (E1)

Features:

- height adjustable bases with structural support rails
- 30″ to 40″ height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top
- narrow ends of table are 36″d

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add $2,131 list upcharge for 42″ & 48″ wide
- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151

Description

Standing Height Rectangular Runoff Table with Open Loop Base

in application

Features:

- must attach to either a 84" Media Wall Space Divider without Media Shelf or a 84" Media Wall - Table Mount
- metal open loop base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151
- magnetic wire manager available; order separately, see page 150
- mounting brackets included

Description

Standing Height Rectangular Runoff Table with Panel Base

in application

Features:

- must attach to either a 84" Media Wall Space Divider without Media Shelf or a 84" Media Wall - Table Mount
- panel base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages 150-151
- mounting brackets included

Corner Details

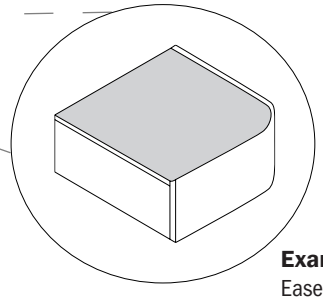

A more inviting approach can be achieved by selecting Rounded Corners on either Rectangular or Square Tables.

Square Corner

Rounded Corner

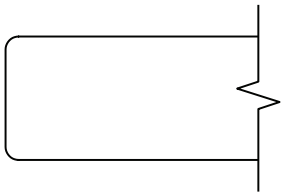

Example
Eased (R3) PVC edge laminate with rounded corner

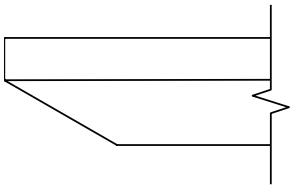

Nosh Product Information

Laminate Tops

HPL tops are 1 3⁄16" thick, 3 ply construction. The laminate face is horizontal grain or solid high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

Eased Edge (R3)
PVC

Reverse Bevel (K9)
PVC on painted top of painted MDF

Standard PVC Edge Colors

JSI supports 22 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (Tier 2 or 3), you will be prompted to choose one these 22 PVC edge colors to be applied to the edge.

AGA	Aged Ash	**FLO**	Florence Walnut
ALB	Alabaster	**GRH**	Graphite
ALL	Ale Light	**HGL**	High Line
BLK	Black	**OAT**	Oatmeal Cookie
BLO	Blonde Echo	**PIN**	Pinnacle Walnut
BOL	Bourbon Light	**SHD**	Shadow
BZW	Brazilwood	**SLG**	Slate Grey
BBL	Bridal Blanco	**STU**	Studio Teak
BGL	Brighton Light	**VIN**	Vintage
CLL	Collectors	**WLH**	Walnut Heights
DWH	Designer White	**WEA**	Weathered Ash

Standard Laminates

JSI Standard Laminate program consists of 22 solid and wood grain patterns, and establish our Tier 1 laminate pricing. Each has a coordinating PVC edge color that is automatically used with the Standard Laminates.

Wood Grain Laminate

AGA	Aged Ash	**GRH**	Graphite
ALL	Ale Light	**HGL**	High Line
BLO	Blonde Echo	**OAT**	Oatmeal Cookie
BOL	Bourbon Light	**PIN**	Pinnacle Walnut
BZW	Brazilwood	**STU**	Studio Teak
BGL	Brighton Light	**VIN**	Vintage
CLL	Collectors	**WLH**	Walnut Heights
FLO	Florence Walnut	**WEA**	Weathered Ash

Solid Laminate

ALB	Alabaster

Nosh Product Information

Veneer Tops

Tops are 1 3/16" thick, 5 ply balanced construction with particle board core. Standard Tier 1 veneer is flat cut, book matched for cherry, maple and walnut veneer. Standard Tier 2 veneer is double cut.

Eased Edge (R3)
Internal Lumber Band

Reverse Bevel (K9)
Veneer Band on Stained MDF

Finish - Stain/Colors

Flat Cuts are Tier 1 Veneer pricing, while Double Cut is Tier 2 Veneer pricing.
Finishes with an asterisk (*) have coordinating laminate tops.

CH1 Cherry *Flat Cut Veneer*

FOS	Fossil	STU	Studio Teak

Nosh Product Information

Solid Surface Tops

Tops are 1 3⁄16″ thick constructed of ½″ thick Solid Surface on top of a 11⁄16″ MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the Solid Surface.

Reverse Bevel Edge (K7)
Solid Surface over painted MDF

Standard Solid Surface

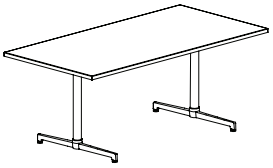

Tier 1 (S1)

ARM	Armadillo
BLP	Black Pearl
PEB	Pebble Pearl
PUR	Pure White

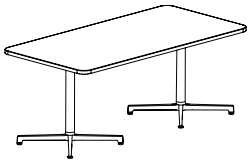

Nosh Product Information

Base Styles

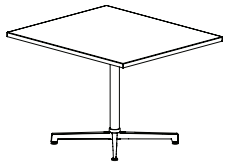

Nosh provides a choice selection of bases in both function and aesthetics to serve a variety of needs. It offers six base styles with: T-base, X-base, X-extended base, X4 base, Round Disc and Square Disc.

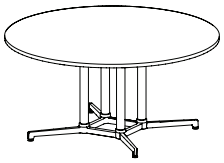

T-Base
- available in 29", 36" and 42"h
- used only with rectangular tops
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot

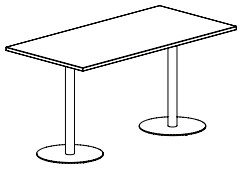

X-Base
- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot
- power access version available with an upcharge

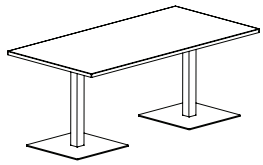

X-Extended Base
- available in 29"h only
- used with rectangular tops
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot
- cannot be used in conjunction with power cutouts

X4 Base
- available in 29", 36" and 42"h
- used only on round, rounded square and squircle tops
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver or polished aluminum foot

Round Disc
- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver foot

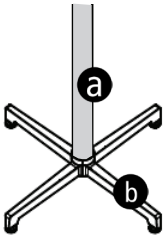

Square Disc
- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish bright white, matte black, pewter, arctic silver, or two-tone aesthetics are achieved when selecting arctic silver foot
- round and square tables cannot be used in conjunction with power cutouts

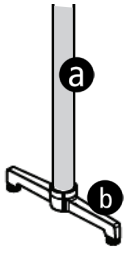

Two - Two Aesthetics.

T and X Base Two-Tone Finishes

a - Column
- Arctic Silver
- Bright White
- Matte Black
- Pewter

b - Base Rail Finish
- Arctic Silver
- Polished Aluminum

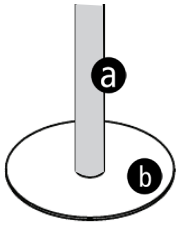

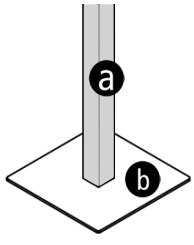

Round and Disc Base Two-Tone Finishes

a - Column
- Bright White
- Matte Black
- Pewter

b - Base Rail Finish
- Arctic Silver

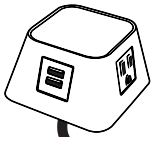

Nosh Product Information

Power/Charging Options

Nosh offers the ability to place power and charging options in the center of most tables. Select your choice of EC23 or EC24, available in black and white.

Moire - EC23
- Three 110 outlets
- Dual USB port with72" power cord
- Black (B) or White (W)

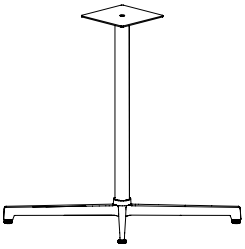

Node - EC24
- One 110 outlet
- Dual USB port with72" power cord
- Black (B) or White (W)

Cut outs are located in the center of each table. See below for representation or location.

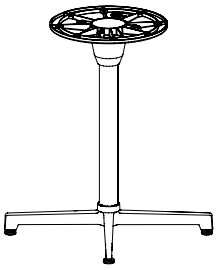

Power Access Base

In round, square, rounded square and squircle tables that use X base, when you select power accessibility; the table is bored for the electrical unit and a power accessible base is used. This provides a drawn mounting bracket and the ability to run the power cord down through the base. See individual product pricing pages for upcharge.

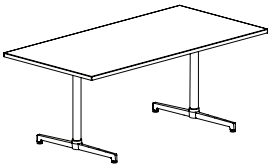

Standard X Base

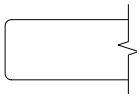

Power Accessible X Base

HSON

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- cut out for power is not available on these tables
- base has anti-rock glides
- width of base foot varies from 17" to 27"

❸a PVC Edge Color

Color:

Standard (T1) laminates have a matching PVC.

- AGA Aged Ash
- ALB Alabaster
- ALL Ale Light
- BLK Black
- BLO Blonde Echo
- BOL Bourbon Light
- BZW Brazilwood
- BBL Bridal Blanco
- BGL Brighton Light
- CLL Collectors
- DWH Designer White
- FLO Florence Walnut
- GRH Graphite
- HGL High Line
- OAT Oatmeal Cookie
- PIN Pinnacle Walnut
- SHD Shadow
- SLG Slate Grey
- STU Studio Teak
- VIN Vintage
- WLH Walnut Heights
- WEA Weathered Ash

PVC color must be selected with Graded-In Laminates (T2) & (T3)

❹ Electrical Cut Out

- N None
- CO_EC23 Cut out for EC23
- CO_EC24 Cut out for EC24

❺ Metal Finish

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cutout to receive electrical component, ordered separately
- when electrical cut out selected, power accessible base is sent - add $95
- base has leveling glides
- width of base foot varies from 26" to 38"

LAMINATE

HSON

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- top has option for cut out to receive electrical component, order separately
- optional vertical wire manager for base, order separately
- base has leveling glides
- width of base foot varies from 22" or 33"

Prep Multi-Purpose Tables Product Information

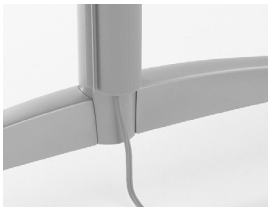

Prep Multi-Purpose Collection has a flexible offering of shapes and sizes. The tops and bases are specified separately.

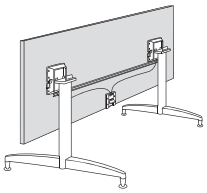

Tops
- 6 top shapes: Rectangular, Square, Round, Half Round, Trapezoid and AV
- Single user paddle release for tilting models
- Power kits available

Base
- Available in T or X styles in standard, counter and bar heights with base rail lengths matched to top size
- Two color options - Black Sandtex (BSX) or Stardust Silver (STS)

Glides or Casters
- Interchangeable in the field
- Casters or glides offer same table heights
- Dual-wheel locking casters
- Color: Black

Vertical Wire Management (AVL20)
Optional vertical wire management helps control and guide cords from the floor to the table top. Available in black or silver and field installed. Sold separately on page 351

Tilting Mechanism
Tables are tilted with a release handle centrally located under the table top. Pull the handle to activate the cable release mechanism and easily raise the top into the tilted position for storage or transport. To return, just tilt the top back to the work position until the mechanism locks.

PREP

Standard Laminates

JSI Standard Laminate program consists of 24 solid and wood grain patterns, and establish our Tier 1 laminate pricing. Each has a coordinating PVC edge color that is automatically used with the Standard Laminates.

Wood Grain Laminate

AGA	Aged Ash	**GRH**	Graphite
ALL	Ale Light	**HGL**	High Line
BLO	Blonde Echo	**OAT**	Oatmeal Cookie
BOL	Bourbon Light	**PIN**	Pinnacle Walnut
BZW	Brazilwood	**STU**	Studio Teak
BGL	Brighton Light	**VIN**	Vintage
CLL	Collectors	**WLH**	Walnut Heights
FLO	Florence Walnut	**WEA**	Weathered Ash

Solid Laminate

Specifications

- Top construction is 1⅛" thick particle board. The laminate face is horizontal grade high pressure laminate (HPL). A backer is bonded to the bottom side to ensure balanced construction.
- Welded powder coated bases are produced in a cantilever configuration to standard height with base rail lengths matched with top sizes.

Common Configurations

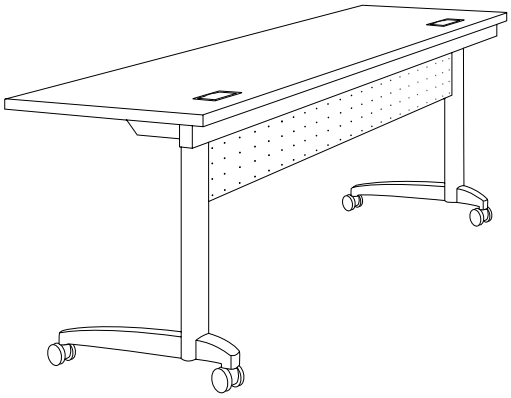

Prep Training Tables Product Information

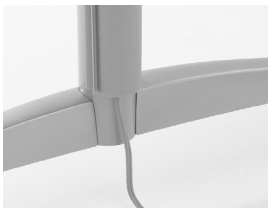

The Prep Training Tables Collection offers rectangular tops with cantilevered tilt bases and fixed metal modesty panels. To help complete your configuration quarter round and wedge linking tops are available.

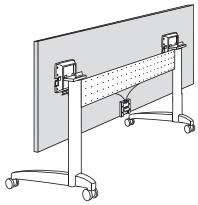

Tops
- Top shapes available in rectangular and linking quarter round or linking wedges
- Eased edge profile
- Power kits available

Cantilever Base
- Provides one hand tilt function for easy nesting storage
- Two color options - Black Sandtex (BSX) or Stardust Silver (STS)

Glides or Casters
- Standard with casters
- Dual-wheel locking
- Color: Black

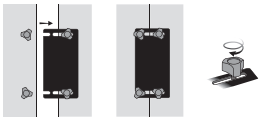

Vertical Wire Management (AVL20)
Optional vertical wire management helps control and guide cords from the floor to the table top. Available in black or silver and field installed. Sold separately on page 351.

Tilting Mechanism
Tables are tilted with a release handle centrally located under the table top. Pull the handle to activate the cable release mechanism and easily raise the top into the tilted position for storage or transport. To return, just tilt the top back to the work position until the mechanism locks.

Leveling Linking Kit
- Easy to install, no tools required when re-configuring tables
- All table tops are pre-bored with inserts to accept field installed linking kit
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11 gauge steel
- Included on Wedge and Quarter Round table tops

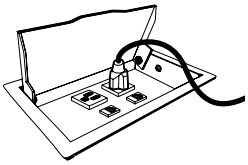

Wedge and Quarter Rounds linking tops are available in ten sizes.
(See page 349) All linking tables include linking kits.

Power Kits

Power kits include power boxes with grommets, connecting cables, wire clamps and safety linking plates. Data ports for internet and network connections are available. Tables can be reconfigured, tilted, nested and stored with power kits installed.

2 - electrical receptacles (1 duplex)
2 - data cut outs with plastic caps
data jacks available
(DJ-45 see page 351)

Prep's electrical package (EP) offers a single and double circuit capability. Data ports for easy internet access and equipment charging are also available.

Included in the power kit:

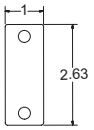

· Power box with grommet
  One box for 42" & 48" rectangular tops, trapezoid, half round and AV
  Two boxes for the 60" & 72" rectangular tops.

· Cables
  One power kit - Two cables are included; one for each end of the power box
  Two power kits - Three cables are included; one for each end of the table and one to connect the two boxes

· Wire Cable Clamps - to secure your wires to the underside of the table top

· Safety linking plate - screws to the underside of the table top to secure the tables from being pulled apart accidentally and damaging electrical cables

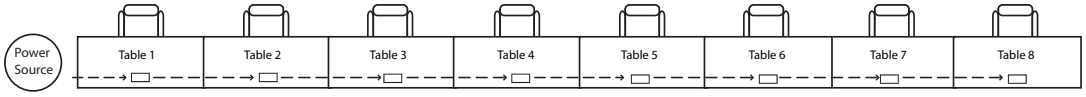

* Note: If tables are frequently going to be re-configured you may want to order the Leveling Linking Kit.

Non-Directional & Non-Sequential Single or Double Circuit Electrical System

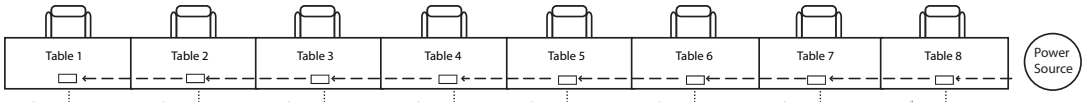

A non-directional, non-sequential electrical package allows for power in virtually any configuration. Simply disconnect each table, change the configuration, and reconnect the tables no matter the order no matter the direction. Power in-feed cables can be attached to whichever end of a configuration is closest to your power source.

Non-Directional

Example 1

Example 2

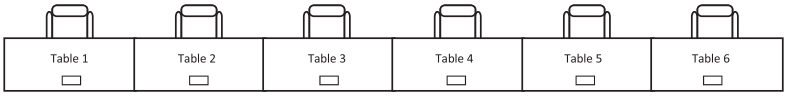

Note: Power in-feed cables can be attached to either end of the table configuration

---

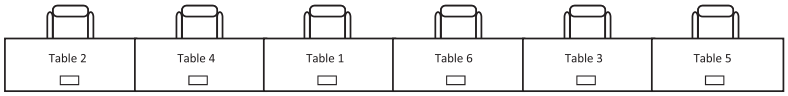

Non-Sequential

Table order is not a concern with the Prep's electrical system.
Never connect more than one power source to a table configuration.

Example 1

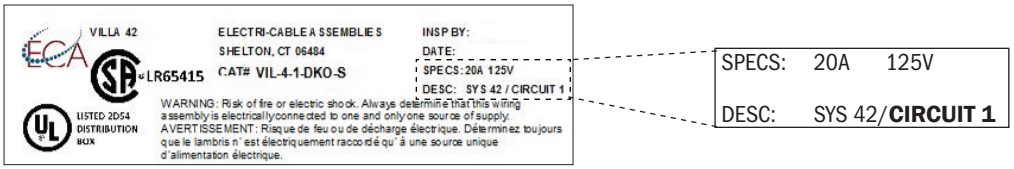

Example 2

Identifying Circuits

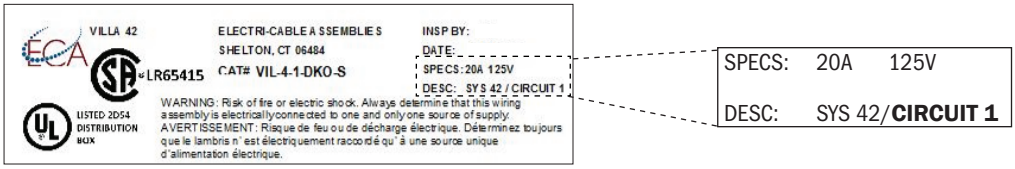

Single Circuit

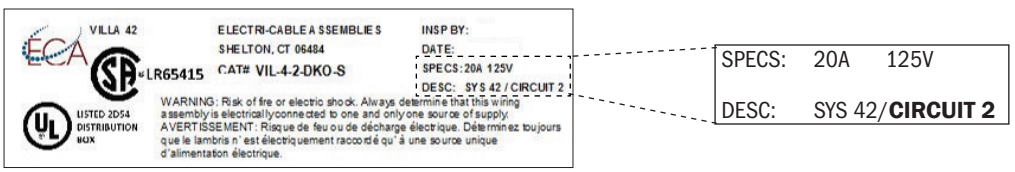

USA/CSA label on power kit under table surface identifies Circuit 1.

Double Circuit

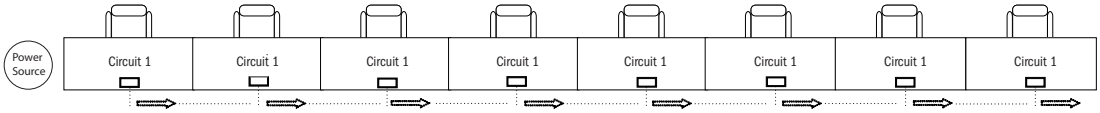

USA/CSA label on power kit under table surface identifies Circuit 1 or Circuit 2.

Single Circuit Guide

- Use for simple, quick connection electrical needs
- Up to 8 power kits can be linked on a single circuit grid
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).

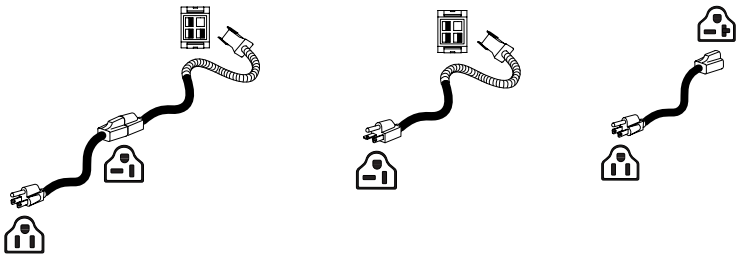

When connecting your powered tables to building power source you have three options:

Option 1: 72"long, 3 prong, 20 amp with 15 amp adapter/110 volt maximum conventional plug (model AP72), see page 292 for ordering information. Many new construction and Canadian facilities will have 20 amp outlets for direct plug in, but power infeed includes 20 amp to 15 amp adapter.

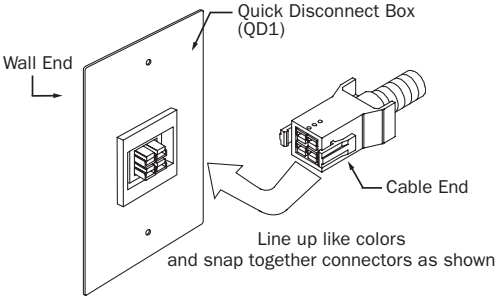

AP72
Includes 20 amp infeed and 15 amp adapter

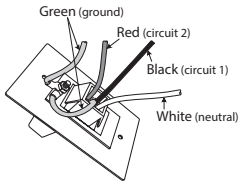

20 amp Infeed

15 amp Adapter

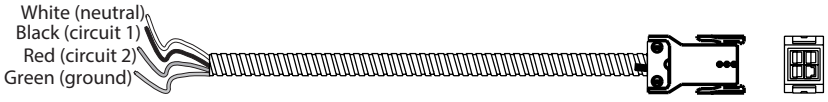

Option 2: Quick disconnect hardwired wall outlet (model QD1). 72" long modular power infeed 20amp/120 volts maximum (model MP72), see page 351 for ordering information. Four wire system with two individual circuits.

Option 3: Hardwired 4-wire power infeed, 72" long, 20 amp/120 volts maximum (model HP72), see page 351 for ordering information. Four wire system with two individual circuits.

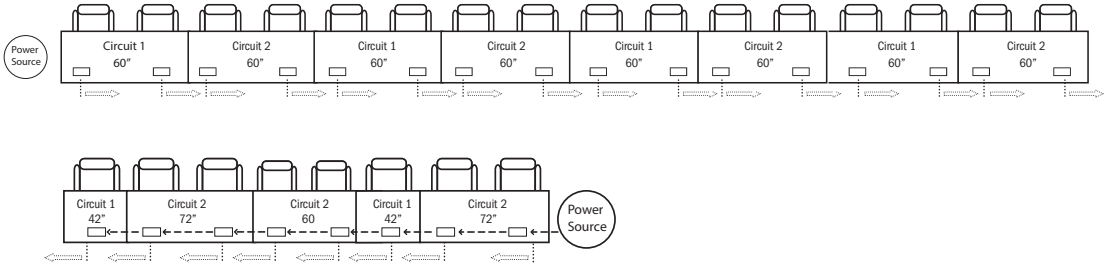

Note: Termination of quick disconnect and hardwire power infeed connection to building power source must be completed by a certified licensed electrical contractor. Building and local code appliance is the responsibility of end user.

WARNING DO NOT ELECTRICALLY CONNECT TO MORE THAN ONE BUILDING POWER SUPPLY SOURCE.

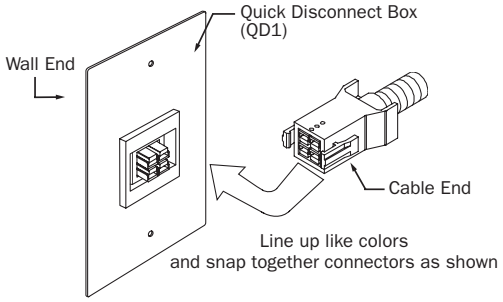

Double Circuit Guide

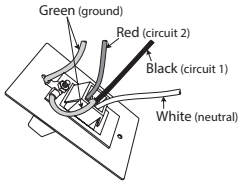

- Double circuit building power source must be wired to support four wire double circuit configurations
- Use for rooms with greater electrical needs
- Up to 16 power kits can be linked on a double circuit grid
- Double circuit hardwire provides 20 amp/120 volt power to each circuit
- Allowing more tables powered from one building power infeed

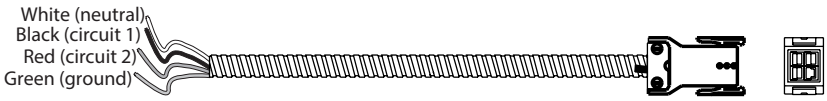

When connecting your powered tables to building power source you have two options:

Option 1: Quick disconnect hardwired wall outlet (model QD1). 72" long modular power infeed, 20amp/120 volt (model MP72), see page 351 for ordering information

Option 2: Hardwired 4-wire power infeed, 72" long, 20 amp/120 volts maximum (model HP72), see page 351 for ordering information. Four wire system with two individual circuits.

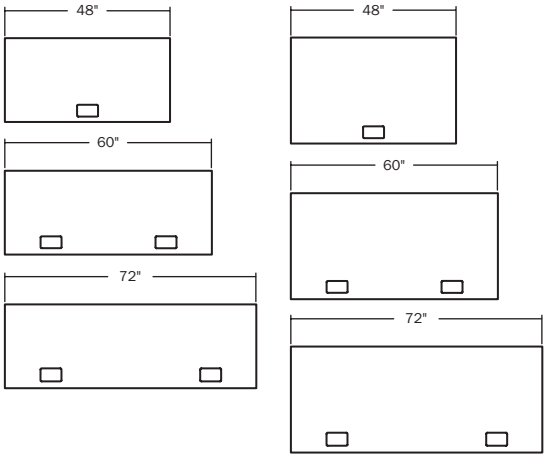

Note: Termination of quick disconnect and hardwire power infeed connection to building power source must be completed by a certified licensed electrical contractor. Building and local code appliance is the responsibility of end user.

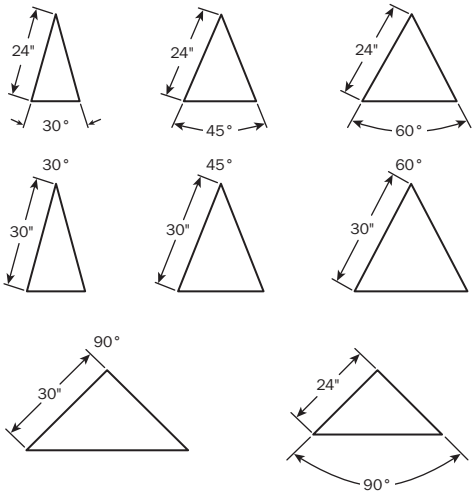

WARNING DO NOT ELECTRICALLY CONNECT TO MORE THAN ONE BUILDING POWER SUPPLY SOURCE.

Top Shapes and Sizes with Corresponding Power Kit Locations

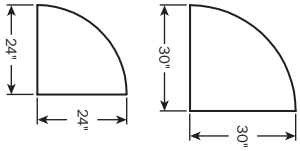

Rectangular

Wedge Linking Top*
(includes leveling linking kit)

Quarter Round Linking Top*
(includes leveling linking kit)

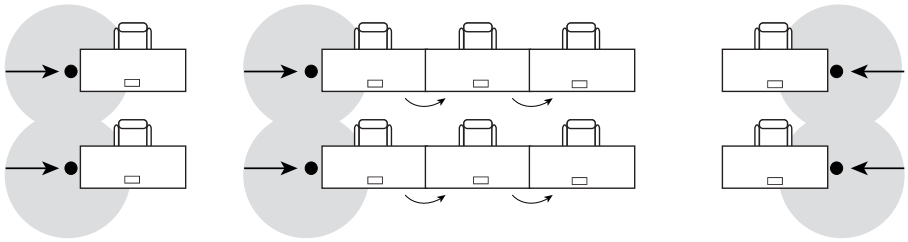

* Note: Wedge and quarter round linking tops require jumper cables (EKJ-12) ordered separately. (U brackets included, field installation required).

How to Specify Prep Training Tables

Follow these easy steps to create an adaptable, mobile learning environment.

1. The first step, initial requirements

A) Determine room configuration which will best fit your needs
B) Determine seating capacity requirements
C) Determine your power and data needs
D) Determine power infeed source
· power infeed source must be within 6' of first powered table

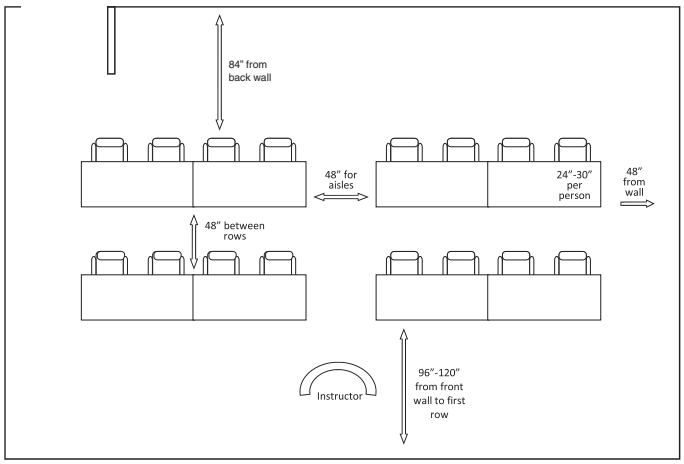

Power
The black center references the power source location.

The shaded sphere has a 42" radius to indicate the length of the power cord at floor level.

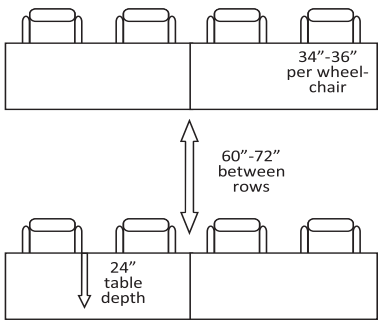

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration. **(See page 296 for seating capacity options.)**

A) Table Placement Guidelines
· 24"– 30" per person
· 48" for aisles
· 48" from side walls
· 96"– 120" for presenter between front wall and first row
· 48" between rows
· 84" from back wall

B) ADA Guidelines
· 34"– 36" per wheelchair table space
· 24" minimum table depth
· 60"– 72" between rows for wheelchairs to be placed back-to-back
· 36" minimum for wheelchair single passage
· 60" minimum for wheelchair double passage
· 60" minimum diameter to turn wheelchair
· 29" height accommodates newer wheelchairs; however, some wheelchairs require 32" height.

Wilsonart Laminate Tier 2

JSI offers an extensive program for laminates beyond our Standard Program. Always reference our website for the most current listing when using a Graded-In Laminate, on page 347 select the color of the PVC edge color.

❸ Top Laminate Color
❹ Edge Color
❺ Other Product Modifications

Specifications

- Top construction is 1⅛″ thick particle board. The laminate face is horizontal grade high pressure laminate (HPL). A backer is bonded to the bottom side to ensure balanced construction.
- Assembled powder coated bases are produced in a cantilever configuration to standard height with base rail lengths matched with top sizes.

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Corner Electrical Jumper Cable						**EJK-12**	**$135**

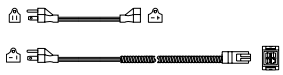

- 12″ corner jumper cable
- use for wedges, 90 degree corners and half round tables

GSA Contract SIN #33721

3 Prong Power Infeed						**AP72**	**$265**

- 72″ plug power infeed
- 20 amps/110 volts max
- 3 prong plug - 15 amp adapter plug
- single circuit use only

GSA Contract SIN #33721

Hardwire Power Infeed						**HP72**	**$215**

- 72″ hardwire power infeed
- 20 amps/120 volts max
- single or two circuit
- electrical contractor responsible for connection to building power source

GSA Contract SIN #33721

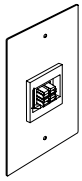

Quick Disconnect Power Infeed						**MP72**	**$198**

- must be used with QD1
- 72″ modular power infeed
- 20 amps/120 volts max
- single or two circuit

GSA Contract SIN #33721

Quick Disconnect Wall Outlet						**QD1**	**$101**

- must be used with MP72
- single or two circuit
- 20 amps/120 volts max
- electrical contractor responsible for connection to building power source

Specifications

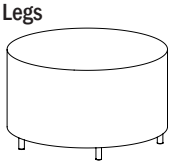

Tops:
- Optional glass or solid surface tops are ½″ thick and sit on cylinder via attached non skid glides
- Glass is back painted white and a tempered satin surface

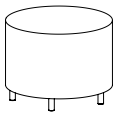

Plinths:
- Plinth base models have tack in button glides.
- Plinth is always black.

Legs:
- Leg models have non adjustable knock in glides.
- Leg models come with 5 legs for all sizes.

Power:
- Power only available on leg models. Cannot be used in conjunction with glass and solid surface tops. (Only with laminate and veneer tops)

Reef Product Information

Reef Veneer

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Reef Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple and walnut veneers are book-matched.

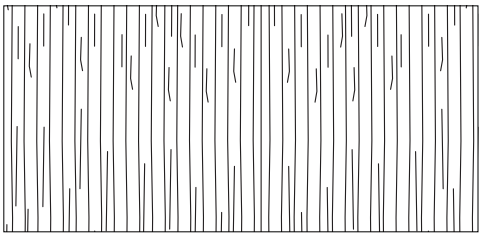

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Reef Veneer is available in flat cut cherry, maple and walnut. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Reef Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Reef Double Cut Veneer.

Worksurface Construction

Worksurfaces are 1 3⁄16" thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. No additional charge for HPL worksurface when using the JSI standard coordinating HPL match to a standard wood finish. Veneer tops feature 3mm thick matching veneer edgebands. HPL tops are constructed with internal solid hardwood lumber edgebands.

Case Construction

Reef Veneer end panels are produced using a 1 3⁄16" thick substrate with veneer surfaces and matching veneer bands on exposed edges. Stretcher panels are 1 3⁄16" thick for layered tables and ¾" thick on panel tables. Stretcher panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. Reef 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksufaces. Reef 20" deep wall dependent tables incorporate rear stretcher and metal support rails for worksuface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1 3⁄16" thick and attach with Modeez connectors and metal brackets with wood screws. Bookcase sections are constructed from ¾" thick veneer panels with matching veneer edgebanding. Narrow bookcase and full bookcase joinery includes wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Reef tables require field assembly.

JSI Quickship Program

Laminates available on the NOW! quickship program include the following: Aged Ash (AGA), Ale Light(ALL), Bourbon Light (BOL), Brighton Light (BGL), Collectors (CLL), Designer White (DWH), Florence Walnut (FLO),Graphite (GRH), Pinnacle Walnut (PIN), Slate Grey (SLG), Studio Teak (STU), Vintage (VIN) and Walnut Heights (WLH).

Reef Veneer species available on the quickship program include Cherry, Maple, Walnut and the following Double Cut veneers: Graphite (GRH), Khaki (KHK) and Studio Teak (STU).

Foot Rails

Optional metal foot rails are constructed with 14-gauge 1 ¾" square tubing with powder coated finish. Rails attach to end panels using ¼-20 machine screws into metal inserts in end panels. Foot rails not available on quickship.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Reef. Please see the chart below. Samples are available upon request. Finishes with asterisk (*) have coordinating laminate tops.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Reef Product Information

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of $332 list per order for any non-standard wood finish.
Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Species Change
For species changes contact customer service for a quote.

Laminate Tops
Work surface only, no additional upcharge if Reef's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Collectors	Mocha
Harvest	Night Owl
Praline	Sienna
	Truffle

Reef Laminate

Reef Laminate features TFL (thermally fused laminate) chassis components. Worksurfaces are available in HPL (high pressure laminate).

TFL - HPL ***Wood Grain Pattern Laminates***

AGA	Aged Ash	GRH	Graphite
ALL	Ale Light	HGL	High Line
BLO	Blonde Echo	OAT	Oatmeal Cookie
BOL	Bourbon Light	PIN	Pinnacle Walnut
BZW	Brazilwood	STU	Studio Teak
BGL	Brighton Light	VIN	Vintage
CLL	Collectors	WLH	Walnut Heights
FLO	Florence Walnut	WEA	Weathered Ash

TFL - HPL ***Solid Laminates***

ALB	Alabaster	SHD	Shadow
BBL	Bridal Blanco	SLG	Slate Grey
DWH	Designer White		

Edges of the worksurface are banded with impact resistant (PVC) on HPL tops. The laminate is offered in 16 wood grain patterns and 5 solid colors. Wood grain laminates feature an embossed grain that adds texture and helps to hide finger prints and light scratches. The solid color laminates are smooth to the touch with a semi-matte finish. All Reef Laminate products are indoor-air certified by GreenGuard.

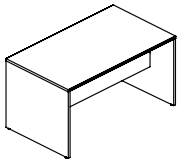

The chart below lists the laminates available on the Reef product.

Worksurfaces
Worksurfaces are manufactured with 3-ply balanced construction. Tops are 1 3⁄16″ thick with coordinating PVC edges. Worksurfaces feature 3mm PVC edges on user sides. Edge detail is flat with eased edge on top and bottom. Worksurface ends are banded with 1mm PVC.

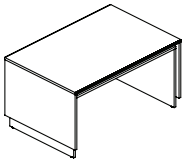

Case Construction
Reef Laminate end panels are produced using 1 3⁄16″ thick substrate with TFL surfaces and matching PVC bands on exposed edges. Stretcher panels are 1 3⁄16″ thick for layered tables and ¾" thick on panel tables. Stretcher Panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. Reef 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksurfaces. Reef 20" deep wall dependent tables incorporate rear stretcher and metal support rails for work surface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1⅛″ thick and attach with Modeez connectors and metal brackets. Bookcase sections are constructed from ¾″ thick TFL panels with 1mm edgebanding. Narrow bookcase and full bookcase assembly joinery include wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Reef tables require field assembly.

Foot Rails
Optional metal foot rails are constructed with 14-gauge 1 ¾″ square tubing with powder coated finish. Rails attach to end panels using ¼-20 machine screws into metal inserts in end panels.

Reef Product Information

Optional Worksurface Power

Optional Worksurface Power (EC26) is available on 48", 42" and 36" deep units. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, see page 382. Length of cord is 10 feet.

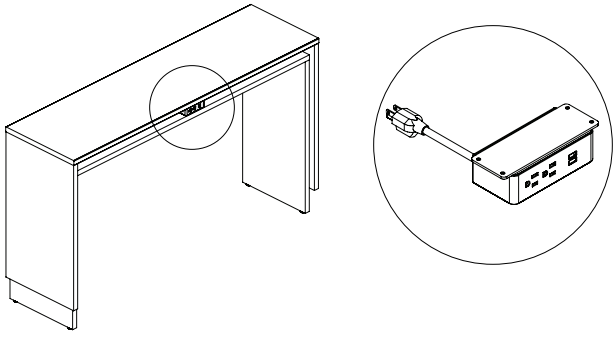

Note: Not available on wall dependent tables or tables with full width bookcases.

Under Surface Power

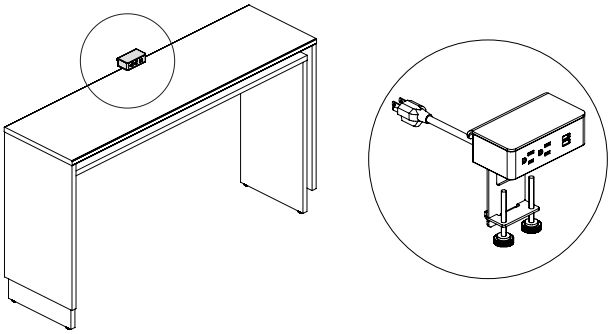

Under Surface Power (EC27) may be ordered for 48", 42", 36" and 20" deep units. The 48", 42" and 36" deep units can accommodate power unit on each side of the table. The 20" deep units can accommodate power units on the non-wall side. The EC27 Under Surface Power Unit(s) must be ordered separately, see page 382. This unit is field installed. Length of cord is 10 feet.

Note: Not available on tables with full width bookcases.

Edge Mount Power

Edge Mount Power (EC28) may be ordered for 20" deep units. This unit is field installed. Ordering information can be found on page 382. Length of power cord is 6 feet.

GSA Contract SIN #33721

- ships KD
- vertical kneespace clearance 35¾″
- EC26 worksurface power available, specify "to accommodate worksurface power" on your purchase order; one EC26 unit must be ordered separately, see page 382
- EC27 undersurface power available, see page 382
- wire manager available, see page 381
- optional coat hooks (four hooks), specify and add $163 list

To Order, Specify:

Veneer

❶ Model Number
❷ Worksurface Wood Species - Cherry (CH1), Maple (MA1), Walnut (WA1) or Double Cut (DC1) (see page 358)
❸ Finish Color (see page 358)
❹ Panels Species & Finish
a.) Same as Worksurface
b.) Paint (see page 358)
❺ Other Product Options

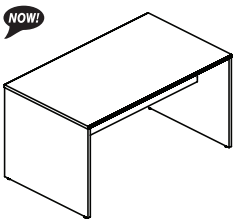

Laminate

❶ Model Number
❷ Worksurface Material (see page 359)
a.) TFL
b.) HPL
❸ Worksurface Laminate Color (see page 359)
❹ Panels Laminate Color
a.) Same as Worksurface
b.) Other Laminate (see page 359)
❺ Other Product Options

When ordering Quickship products, place a "Q" in front of model number.
Example: QRET-3672-42PT

ACCESSORIES

Standard Power and Data Locations for Casegoods:

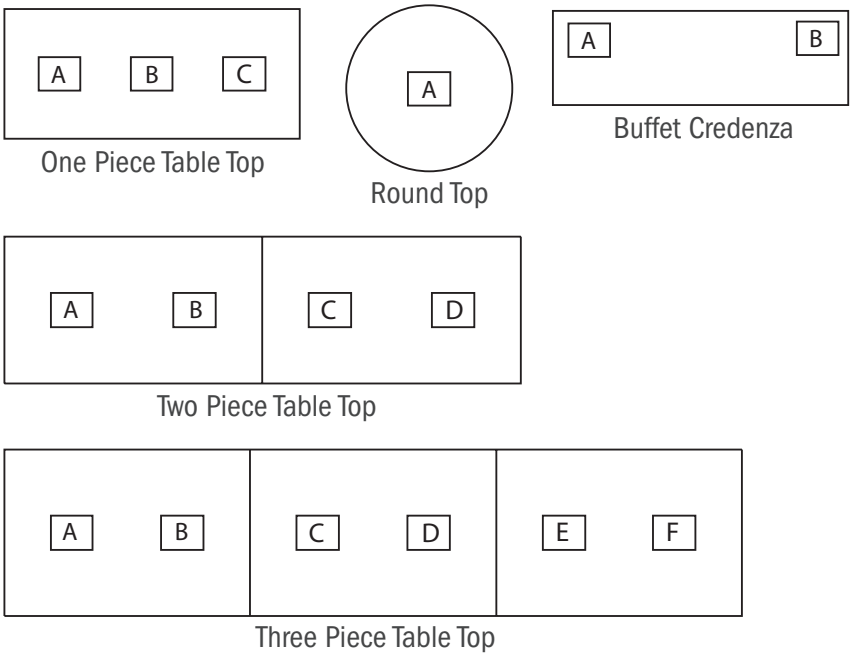

- Specify - Location when ordering on desk, return, computer corner, bridge and credenza - please provide drawing.
- Computer corner units - power/data replaces grommet.
- Standard power and data unit locations are indicated from user side of desk, return, computer corner bridge or credenza.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice

---

Standard Power and Data Locations for Tables and Conference Units:

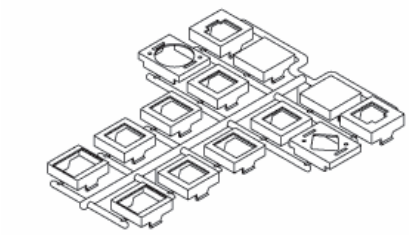

- Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.
- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

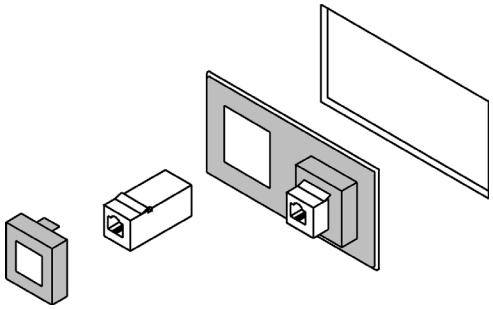

Included with EC9, EC10, EC13, EC15, TCP110 and CC9CNE1-0708.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.
